VETERANS' MEMORIAL

We had the pleasure of attending a meeting of the War Veterans Memorial Committee of Camp Chase Post last Sunday at the post headquarters . . . a solid two-hour period of time was taken up with plans for the drive and complete explanation to us of how the entire program is being handled and when, upon leaving the meeting, we couldn't help but appreciate the time and money being spent in an effort to see that the returning veterans of World War II have a little easier sledding than those of 26 years ago.

Not only the veterans can be benefited by such a building but, if sufficient funds can be gathered to insure the proper facilities, the Hilltop in general should have the kind of a meeting place for all of its organizations which it has long wished for.

IRONIC

While nine Hilltop boys were being awarded Eagle ratings at a scouting Court of Honor Saturday night, three others were being arrested by the police for auto theft . . . quite a difference, isn't it?

GOLD MISSING

Received a call from Otto Schatz, 244 N. Warren-av, who informed us that a gold-leaf arrow and scroll-work piece had been torn from the sign at the corner of S. Harris and Sullivant-av which is used to point out the Bethlehem Lutheran Church nearby . . . Schatz asks that anyone with knowledge of the missing article contact the church or himself . . . yes, do!

ON AND ON

Now, Art Bellar comes up with a gold 15-year pin from the Keystone Steel & Wire Co., which he has served as central Ohio representative for that number of years . . . where are the rest of the stick-to-its?

ARMY MUSCLES

Pvt. Bill Moore, former Record Linotype operator, writes in a letter to a friend that the Army is putting a little weight on him. However, Bill says he figures that it must all be in the bunions, calouses, corns and bruises that he is now sporting.

HOME FROM TEXAS

Sgt. and Mrs. M. R. Owen and their young daughter of 260 S. Harris-av, arrived home from deep in the heart of Texas last night . . . the Mrs. and Miss Owen have been visiting the Sgt. there for the last few weeks.

RIGGS ON SAIPAN

Word was received here this week by the C. C. Riggs, 385 S. Hague-av, that their son, Chief Warrant Officer Walter Riggs of the U. S. Infantry is now statoined on the Island of Saipan . . . Wally has two brothers in service, Harry who is about to graduate from an A.S.T.P. course at O.S.U. and Capt. Roy Riggs in the Quartermaster Corps in England.

WHILE JACKSON BURNS

A representative of the Jackson Furniture Co. on S. High-st, called the Record office last Friday to inform us that they would be unable to complete their advertising contract . . . when asked the reason for such action, he replied, "We are now burning up" . . . A very considerate firm, we would say.

Collision Injures Hilltop Woman

Jennie Davis, 48, 415 S. Richardson-av, was injured while riding in a car driven east in Oak-st by Gertrude Miller, 502 S. Hague-av. The victim suffered possible internal injuries and a probable pelvic fracture when the automobile collided with an automobile driven north on Washington-av by Forest Harris, 462 E. Mound-st, last Friday.

She was reported in fair condition at St. Francis Hospital.

HCC Send Letter To N. Barack

Resolution Asks That Program Be Continued

Concerned over the depleted condition of the treasury in the Columbus Recreation Commission members of the Hilltop Community Council in their meeting held on July 20, drafted a resolution that was sent to N. J. Barack, recreation director, with copies to Mayor James Rhodes and Council President Joseph Jones.

At a meeting held in city hall with representatives of taxi operators and drivers and the council's finance committee, it was decided that the taxi cab business will provide about $35,000 to give the depleted city recreation fund a boost. Operators and drivers met yesterday to draw up a financial program and will report to the finance committee today at 2 p. m.

The resolution called for action on the part of council to replenish funds for use of the recreation commission in carrying out a continued program of recreational activities. At the same time it commended Mr. Barack on the way he has operated the playgrounds on a "very limited budget."

The complete text of the resolution follows:

July 22, 1944
Columbus Recreation Comm.
N. J. Barack, Director
Columbus City Hall
Columbus, Ohio
Dear Sir:

Since it has come to our attention that more money is needed by the Recreation Department, please be advised that the following resolution was approved by the Hilltop Community Council at their business meeting, Thursday evening, July 20:

Whereas, it is the feeling of this group that, operating on a very limited budget, the Recreation Department, under your supervision, has operated the playgrounds of the city in a commendable manner this summer; and

Whereas, the continued operation of the playgrounds, after

Record Readers Asked To Indicate Interest For Band

Following publication of a series of articles dealing with community bands on the Hilltop in past years, the Hilltop Record is giving its readers an opportunity to indicate their interest in the organization of a Hilltop Community Band. On the front page of today's Hilltop Record will be found a coupon to be used by any person who desires to express a feeling on this subject.

If you play a band instrument of any kind and would be interested in joining a community organization, fill out the coupon, stating name, address, phone number and instrument played and mail it to the Hilltop Record, 2465 W. Broad-st. Or if you are not a musician yourself but see merit in an organization for the promotion of music in the community and would be interested in lending your support to such a project, you too are invited to mail in your comments. There will be no obligation on your part in this action since the Hilltop Record is merely interested in seeing if there is sufficient interest in the community to justify starting a band at this time.

Approval Voiced

Already several prominent Hilltoppers have voiced their approval of such an undertaking, pointing out the need for a local band on many occasions during the year for community gatherings and summer concerts. School officials have likewise indicated an interest in the project as a direct follow-up for members of West High School Band after they graduate. It has been pointed out that hundreds of men and women who at one time played in the West band have dropped all musical participation since leaving school largely because their is no band available for them to join.

A community band open to any person, man or woman, beyond high school age would encourage many to continue music as a pleasant hobby and at the same time would be filling a definite need for such an organization in the community.

I wish to express myself as being interested in the organization of a Hilltop Community Band.

General Motors May Build Hilltop Plant

Possible Factory Site Being Tested On Judge Turner Farm

The possibility that the Hilltop may be the site of a large post war factory became stronger during the past week with the admission by Charles E. Wilson, president of General Motors, that his company was in the process of testing ground for an automobile fabrication or assembly plant on the Judge Turner farm just east of Georgesville-rd and south of W. Broad-st.

The exact nature of the factory was not stated but the Detroit industrialist did admit for publication that Columbus was a possible location of their operations after the war. It was learned that five other locations are also being tested for General Motors by the Darin & Armstrong contracting firm.

Earlier reports on activity just west of the city had linked the Fisher Body Corp., a General Motors division, with a new factory location. The 200-acre tract of land owned by Judge Edward C. Turner, state supreme court judge, was placed under option almost three weeks ago.

Delmar G. Starkey, executive secretary of the Columbus Chamber of Commerce, indicated that Columbus would welcome General Motors to Columbus. He pointed out that this area could easily furnish 5000 workers for a new industry here as soon as war contracts, many of which are nearing completion, are completed.

Legion Lists Pledge Names In Fund Drive

Progress in the War Veterans' Memorial Building Fund was being brought to the attention of the Hilltop by publication in this week's Hilltop Record of the list of contributors as of July 14. In a special advertisement appearing on page 5 will be found an alphabetical arrangement of contributors who have made pledges to the project as released by the Camp Chase Post No. 98 American Legion War Veterans Committee, sponsors of the drive.

Pledges up until July 14 had totaled $11,350 with additional amounts being reported daily. It is pointed out by Legion officials that if any names of contributors up until that date does not appear in the listing they are asked to watch periodic listing of names in the Record.

4000 In Service

It is estimated that close to 4000 men and women from this community are already in uniform and it is believed that many families will want to make a pledge in the amount of $10 or more in honor of a relative or friend now serving his country.

Pledges may be handed to any member of the Camp Chase Post American Legion or telephone calls may be made to the Hilltop Record, RA. 1125 or Legion Post, indicating a desire to make a pledge. The Record will see that all prospective contributors are referred to the special committee carrying out the community-wide drive.

Commissions To Be Granted Waste Paper Drive Leaders

A plan to commission leaders in the city playground waste paper drive has been approved by the City Recreation Council, according to Dale Rose, supervisor of the Westgate Park playground.

Commissions according to army ranks will be awarded to the youngsters in proportion to the amount of waste paper that they bring to the parks. Ranks will begin at 2nd Lt. and will advance one rank for each 100 pounds of waste paper brought in. The highest rank, as in the army, will be that of a full general, which will require 1000 pounds of paper.

The 15 highest boys and 15 highest girls at the end of the drive will be awarded a trip to Lockbourne Air Base where they wi have the opportunity to see the large four-motored "Flying Fortresses" and explore their spacious and interesting confines.

Merchants Eliminated From Tourney

The Hilltop Merchants were eliminated from the running of the State Semi-Pro Tournament Wednesday night when they bowed to Lancaster Anchor-Hocking at Westgate Park by a score of 2-1.

The game, a close and interesting fray throughout, was the second loss of the tournament for the Hilltoppers, having been beaten previously by Presto Grill in the play-off of a called tie game.

Don Stewart, Upper Arlington Southpaw, held the Glassmen to two hits, one in the first and one in the ninth, but errors by his team-mates proved too much for this brilliant hurler. The Merchants were going into the ninth with a one to nothing lead when they kicked themselves out of a win. The first Lancaster hitter reached first on an error by "Sug" Haines, Merchant shortstop, then was tossed out at second on a fielder's choice. There followed in that inning another error by Haines, a strike-out, single, stolen base and a wild pitch which plated two runs and sewed up the game for the Fairfield County boys.

The Merchants scored their one run in the last of the eighth when Hosler singled and stole second, then came home on a bingle by Haines.

Wednesday's elimination of the Hilltop team left Lancaster, Model Dairy, Presto Grill and Allen Milks still in the running for the tournament title.

Resume Sunday League Play

A Sunday Afternoon League game is scheduled for Westgate Park this week-end which will feature the Hilltop Merchants and Model Dairy, both teams being tied for the second round league-leadership.

Parents Greeted By Son Upon Return From Holiday

Last Sunday the McDonalds of 46 N. Warren-av, returned early from an outing at Buckeye Lake to find their son Paul just back from overseas, waiting for them.

Paul S1/c with the Armed guards, first went overseas in May, 1943. Having already been aronud the world twice, this 22-year old returned with many souvenirs from the far east, Australia and South America

Among his treasures are shell-beads, and a precious stone. A lovely vase with hand-indentured markings was on the mantel and a midnight black ebony figurine of a native girl had been beautifully and highly polished. An Indian crucifix had been given to Mrs. McDonald's mother, while Mrs. McDonald herself is the proud possessor of a jewell box made from ostrich quills in which there were German marks, Indian money, Cuban banknotes, and some Chinese coins. There were several hand-carved objects from Ceylon; one was a delicately wrought bridge with numerous elephants of varying sizes, each with ivory tusks, crossing it. An officer had given him a box of English cigarettes, which were found, upon sampling, to be firmly packed, but tasteless. Taken from Egypt were three one-ounce bottles of different perfumes.

A brass bowl was another gift highly prized by the delighted and delightful Mrs. McDonald. Another oddity was a leather-woven riding crop which the sailor had gotten in India.

Paul graduated from Boy's Trade School where he was an honor pupil. He was awarded a set of wood-working books by the Malcom Jeffrey Post of the American Legion for making the highest grades in wood-working class. He was employed by the Huttig Sash and Door Co., before he entered the service Nov. 29, 1942.

A brother, Phil, also received his training at Great Lakes, Ill., after which he was transferred to school in St. Louis, Mo. With a rating of Fireman, 1/c, Phil is training with an LST amphibious force at Camp Bradley, Norfolk, Va. He was graduated from Central in June, 1943, and was employed at the Big Bear at the time he enlisted in the Navy, Nov. 23, 1943.

Hilltop Democrats Like Roosevelt-Truman Ticket

EDITOR'S NOTE: The following comments concerning the selection in Chicago last week of the Roosevelt-Truman ticket were solicted by the Hilltop Record as an expression of Democratic party interest and to stimulate thought on the coming presidential election. A similar opportunity was accorded Republicans following the nomination of Dewey and Bricker.

Grover Amrine, 180 Binns-blvd, 11th ward committeeman: "We have a good man at the head of our ticket and Truman as the vice presidential candidate should be a help to the ticket. There is no doubt in my mind that our candidates will be elected right down the line. The 11th ward will go strong for the national ticket."

Mrs. W. K. Merriman, 80 S. Algonquin-av, member of the Franklin County Democratic Committee and president of the Franklin County Democratic Women's Club:

"I think it was a very fine selection of candidates. I believe Truman will make an excellent running mate for President Roosevelt. He should add much to the strength of the ticket."

Oscar F. Dildine, 31 S. Wheatland-av, committman from the 10th ward:

"I think the ticket is much stronger than with Wallace as a candidate. It looks like the ticket that will be successful in the fall campaign. Frank Lausche as candidate for governor is going to do much to offset the popularity of Governor Bricker on the Republican ticket. He (Lausche) will do much to strengthen the Democratic vote in Ohio."

Samuel J. Willis, 2908 Crescent-dr., former committeeman in the 11th ward:

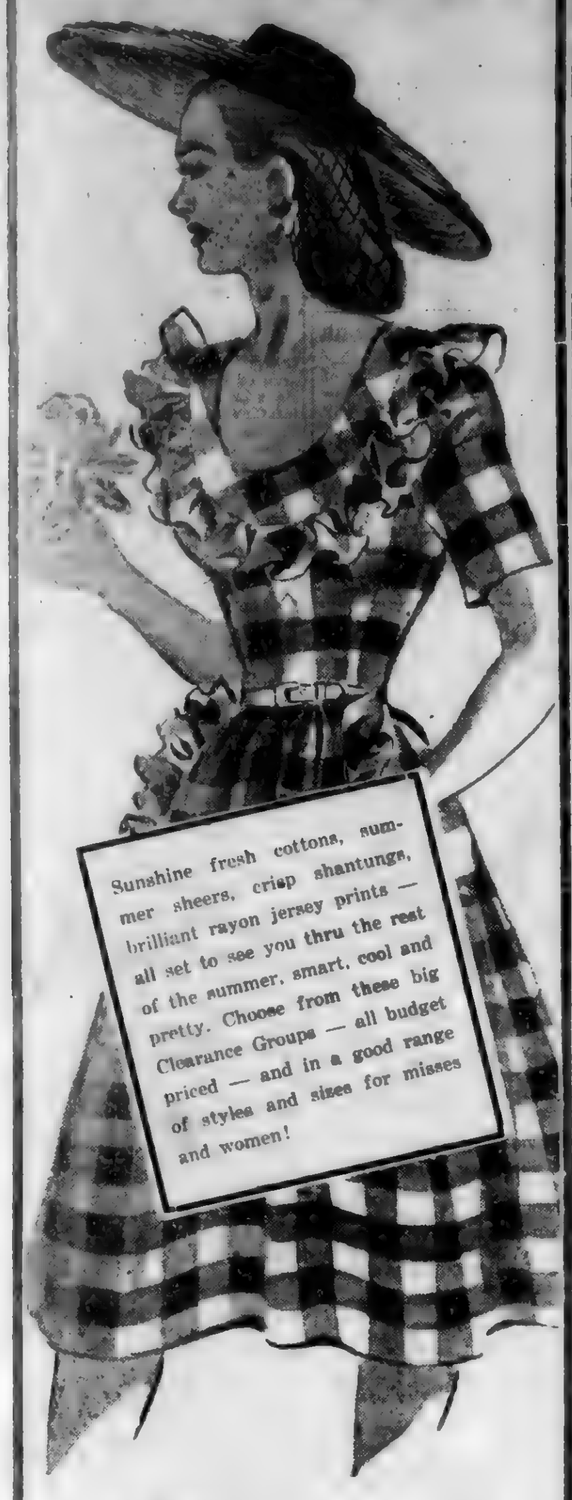
"They selected a good man to take Wallace's place on the ticket. It (the convention) turned out to be a regular old fashioned Democratic convention. They didn't nominate a man for vice-president just because he failed in his race for the higher office.

"There is no question on the man they nominated for president. He was the only logical man to be nominated. I think they will win in November."

Former Auditor Comments

Newton Thatcher, 2966 Crescent-dr, former county auditor:

"I was pleased with the selection of the ticket. From what I heard there seemed to be more enthusiasm than at the Republican convention.



"There is one thing that should be done. People should go out and register themselves for the election this fall. I feel that people should take a greater interest in the election. Regardless of what their politics are they should vote. If too many people fail to qualify themselves to vote we can get to the place where the election is not a true expression of public sentiment. There are several thousand people right on the Hilltop not at present registered.

The Hilltop Record was unable to reach other active party workers for statements. Two of those contacted preferred not to comment.

NONI HOWISON AND A/S W. A. GARBER WED IN UNIVERSITY OF DENVER M. E.

Mr. and Mrs. Robert M. Howison, Sr., 2500 Valleyview-dr, announce the marriage of their daughter, Miss Noni Howison, to A/S William H. Yarber, son of Mr. and Mrs. Howard Yarber, formerly of Middletown, Ohio, now residing in Laurel, Ind.

Having taken place in the University of Denver Methodist Church, Saturday, June 17, at 7:45 p. m., the ceremony was performed before an altar decorated with baskets of white peonies, gladioli, snapdragons and lighted by a seven-branch candelabra. For the double ring ceremony which was performed by Chaplain John W. Lukens of Ft. Logan, Colo, twelve fellow members of the Army Air Force formed a guard of honor as the bride and her attendant came down the aisle to the strains of Lohengrin's Wedding March.

The bride chose for her wedding dress a lovely heaven-blue afternoon frock made with a V-shaped neckline and a side drape skirt, with which she wore white accessories. Her corsage of white gardenias and pastel-colored gladioli buds was fastened at the waist above the drape. Her only jewelry consisted of gold earrings and a pair of wings, gifts of the bridegroom.

As the bride's attendant, Mrs. Jacquelyn Lindstrom of Phoenix, Aris, wore a pastel-colored frock with white accessories. Her corsage was of talisman roses. A/S Shirley A. McDougall of Santa Monica, Cal., was best man for A/S Yarber.

Mrs. Yarber, a graduate of West High School, was formerly employed by the Ohio State Life Insurance Co. She was also active in Red Cross work, assisting at the Columbus Blood Donor Station, and as a Nurses' Aid at White Cross Hospital.

A/S Garber, a graduate of Middletown High School, enlisted in the Army Air Force, January 19, 1943. He has been stationed in Columbus until June of 1943. He served in Alabama for 10 months as an air force sergeant. Upon his return to the states he was sent to the University of Denver, where he graduated the week following his marriage. Now stationed at Mather Field, Cal., he and his bride are residing at 2716 K-st in Sacramento.

Keffer-Nault Exchange Vows In Candlelight Ceremony, American Martyrs Church, Mich.

Mr. and Mrs. Frank C. Keffer, 107 Belvidere-av, announce the marriage of their daughter, Louise Ann, to Pvt. Donald Nault, son of Mr. and Mrs. Joseph Nault of Kingsford, Mich.

Before an altar decorated with bouquets of blue delphinium and peach gladoli and lighted by traditional seven-branch candelabra, vows were exchanged, with the Rev. Father John G. Hughes officiating. The ceremony took place at 8 a. m., Thursday, July 13, at the American Martyrs Church in Kingsford, Mich.

The bride's gown was made with a satin bodice having a sweetheart neckline and leg o' mutton sleeves, while the full net skirt extended into a circular train. The fingertip illusion veil was attached to a crown of seed pearls, and to complete her ensemble the bride carried a bouquet of white roses, sweetpeas and gypsophilla.

In a peach-colored gown made with a satin bodice and floor-length skirt of net, a blue headdress and blue elbow-length gloves, Miss Oneeda Nault, sister of the bridegroom served as maid of honor. She carried a bouquet of Briar-Cliff roses, delphinium and feverfew. Norma Jean Keffer, who was flower girl at her sister's wedding, wore a white net dress with accents of pink.

Mr. Louis Nault served as best man for his brother, and young Michael Nault, nephew of the bridegroom acted as ringbearer.

For the wedding breakfast held at the Nault home following the ceremony, the bridegroom's mother received the guests dressed in a two-piece brown ensemble with white accessories and a shoulder corsage of yellow roses and sweetpeas. The bride's mother was unable to attend the wedding.

After a brief wedding trip Mr. and Mrs. Nault returned to Columbus where they will make their home. On Tuesday evening they were honor guests at a reception given by the bride's parents at their home.

THOUGHT FOR TODAY
By O. H. Croft

There are times when it seems difficult to do something, whether the pleasure will exceed the pain.

Zany thinks he's oh, so cunning
With his rough and reckless funning,
But he causes, with his clowning,
Shootings, broken bones and drowning
It is neither brave nor brainy
To be a joker a la Zany.

Have You Made Your Pledge?

Now is the time to honor your husband, son or daughter in service by pledging your support to the new Veterans' Memorial Building.

As illustrated above, the main auditorium will have on one wall the names of all service men and women in our community who have, or are now serving in the armed forces during the present world conflict. The other wall has been reserved for the names of friends and neighbors of the veterans who, by their support, are making possible the erection of this memorial.

$10.00 Minimum Pledge $10.00

This small pledge will enable all those who are interested in the future of World War II Veterans to help build a fitting memorial to them for their many sacrifices. The facilities in this building depend entirely upon your pledge. Could you place a value upon their services?

Think this over . . . Be ready when you are contacted . . . Better yet, call your Legionaire neighbor or make your pledge at the Hilltop offices of the First Federal Savings & Loan Assn., or Ohio National Bank.

LITTLE THINGS...about the stars

By GEORGE LILLEY

NEW YORK, N. Y. — Smart stars never go high hat. They realize glittering names in radio and show business are made, not born. Take Frank Sinatra. It is said that when he made a trip to California in the midst of the bobby sock craze, his press agents had the sleeves of his coat first removed, then basted in loosely . . . so when his fans grabbed his sleeves, they "tore" off. That makes good "copy" for the papers and helps to make swoon kings.

SINATRA
. . . weak sleeves

Swing King Benny Goodman when he was "coming up" used artificial enthusiasm. Agents say kids got 50 cents to dance to his music in the aisles of theaters . and that got other kids excited and gave them the idea and soon they were dancing in the aisles, too—for nothing! Staid Metropolitan Opera stars . . . or bring in friends to clap for them. They call them claques. But nobody who uses claques admits they exist. Would you?

• • •

Also . about Sinatra. Press agents encourage that unruly curl. Frank doesn't like it. But his agents think it makes him look "so boyish." Frank is 30. Announcers like to make stars look young. The other night an announcer called bandleader Frankie Carle "our young, smiling pianist." Frankie makes no bones about it. Next March 25 he will be 42. Why do announcers do it?

• • •

Few listeners know that "Beulah," colored maid of the Fibber McGee and Molly show, is neither female nor colored. "She's" a husky, six-foot male actor named Marlin Hurt. . . . He's probably the only female impersonator in big time radio unless you count Tommy Riggs, voice of "Betty Lou." Hurt's so good one Negro male listener proposed marriage.

STARS AND STORMS

Lowell Thomas satisfies a touch of wanderlust by opening the bedroom window on stormy nights and imagining he's on a liner at sea. . . . Andre Kostelanetz, a shortwave fan, likes to listen on stormy nights to stations in the Balkans . . . . Gabriel Heatter lists among his fondest remembrances rainy nights in a country tavern in Scotland . . . Bob Ripley sleeps best during blowy autumn nights at a friend's cabin in the Adirondacks.

VERY LITTLE THINGS

Robert Taylor first broadcast as a member of a hillbilly band over KMMJ, Clay Center, Neb. But Hollywood is credited with putting him on the air . . . . The pellets Dinah Shore shyly slips into her mouth during broadcasts are haliver oil pills. She loses two pounds after each program . . . Commentator Earl Godwin is known to his intimates as "Punkinhead" . . . . Tommy Dorsey is a model electric train fan and devotes the entire third floor of his rambling country home at Bernardsville, N.J., to a layout. Bob Allen, his band's $600 a week singer, helps run the trains . . . . Ginny Simms uses flowery circles for dots in signing her name . . . . Blue network tenor Morton Downey's watch chain on both ends is watchless. It carries good luck charms.

Rivoli

Fri. — "Lucky Fellow, Mr. Smith" with Allen Jones, Evelyn Ankers; also "Her Primitive Man" with Louise Allbritton, Robert Paige.

Sat., Sun., Mon. — "Andy Hardy's Blonde Trouble" with Mickey Rooney; also "The Spider Woman" with Basil Rathbone; also Paramount News.

Tues., Wed., Thurs. — "Gung Ho" with Randolph Scott, Alan Curtis.

Loew's Broad

Loew's Broad is now showing "The Eve of St. Mark," from the Maxwell Anderson romance of a soldier and his girl. William Eythe and Anne Baxter are featured, with Michael O'Shea heading the supporting cast. Co-feature is "Louisiana Hayride" with Judy Canova.

Loew's Ohio

Loew's Ohio starting July 27 will show as a single feature one of the most eagerly-awaited films of this or any recent season, "Going My Way." Bing Crosby is starred and Barry Fitzgerald, Rise Stevens and the Robert Mitchell boy choir are featured. Old and new tunes are sung including "Silent Night," "Ave Maria," "Swing on a Star," "The Day After Forever" and the title tune.

American servicemen and women at home and overseas will receive more cranberries with their holiday turkeys this year than they did in 1943, but there'll be a sharp drop in the supply for civilians.

'Teen-Age Boys' Congress Is Formed As 'Pat' McGuire Philosophy Clicks

"Pat" McGuire

"This is one work that has met the boy at his level, trained him and helped him to meet his employer," said "Pat" McGuire, philosopher, humorist, and all-round good fellow to thousands of boys over the country, as he explained his program of help for the teenagers to this writer recently.

McGuire, who conducts the "Temple of Life" program sponsored by the Coffman Optical Co., over WBNS, saw his program develop into a "Teen-Age Boys" Congress which was formed at a meeting in the Southern Hotel last week with approximately 50 boys present. Two Hilltop youngsters were honored with offices in the congress. They are: Walter Stevens, 16, of 823 S. Richardson-av, president's secretary, and Clark Johnson, 17, 332 S. Brinker-av, vice president.

The Hilltop was also represented at the initial meeting of the congress by Carl Forew.y, 569 S. Wheatland-av; Arthur Covan, 951 W. Broad-st; Raymond Mantz, 1873 Rosemont, and Robert Brillhart, 31 N. Huron-av. Associated with McGuire in sponsoring the program are Charles Kent, Gilbert Coffman and Rev. Glendon Herbert of Hilltonia U. B. Church.

Ice Cream Does It

The start of this worthy program was made in April of 1943 when "Pat" came on a group of boys in a minature street brawl and attempted to find the seat of the trouble. In the process of his inquiring he and the boys wandered into a drug store for a dish of ice cream and then the parade was on. Boys from all over town began to call on McGuire with their troubles and their quest for employment which were always considered by him with pains-taking thoroughness and carried through to a successful conclusion.

With the growth of the project it became apparent that a headquarters and hobby shop was needed. This now stands at 209 S. High-st where the boys are taught to build model planes, bird houses and various other items of useful equipment. The boys who are seeking employment are taken by McGuire to one of his host of friends who may have use of a youngsters services and nearly always results in a source for the boys energy and talents. This, "Pat" terms "meeting the boy at his level, training him and helping him to meet his employer" which reflects the character of this man who, when the subject of boys is brought up, gets a gleam of anticipation in his eye that promises to be a help in getting more youngsters started along the right road to happiness.

Restaurant Price Posting Ordered

Hilltop restaurant patrons will soon be able to see and check the ceiling prices of the meals and food items they buy, Mr. Robert M. Draper, chairman of the Price Panel of the War Price and Rationing Board, said today.

In cooperation with national Restaurant Industry Advisory Council, OPA has issued a restaurant ceiling price regulation which will become effective on July 31, 1944, requiring every public eating and drinking establishment to post prominently the prices of 40 basic food items. The items will be selected by the OPA and the District Restaurant Advisory Council. The posters for displaying the prices will be provided by the War Price and Rationing Board. Each proprietor must list the 40 items selected in clearly legible lettering.

Posters must be displayed by Aug. 16, 1944, Mr. Draper said, and three copies of the prices listed on the poster must be filed with the Board by Aug. 23.

Establishments which do not serve all of the 40 selected items must post the prices of those they do sell and add other commonly sold items until the poster is filled, Mr. Draper explained.

The following items are selected by the board for posting:

Orange Juice, Fruit Cup or Cocktail, Dry Cereal with Milk or Cream, Fried Egg, Doughnuts, Toast, Griddle Cakes, Soup, Steak (designate kind), Roast Beef, Hamburger, Veal Cutlet, Pork Chops, Roast Lamb, Baked Ham.

Beef Stew, Liver and Onions or Liver and Bacon, Chicken (designate kind), Jack Salmon Pickerel, Haddock, Vegetable Plate, Spaghetti, with or without meat balls, Baked Beans, Mashed Potatoes, Head Lettuce, Slaw, Ham and Eggs, or Bacon and Eggs.

Vegetable Salad Bowl, Apple Pie, Chocolate Cake, Vanilla Ice Cream, Half Grapefruit, Plain Jello, Boiled Ham Sandwich (no garnish), American Cheese Sandwich, Hamburger Sandwich, Assorted Cold Cuts, Hot Roast Beef Sandwich, Coffee per cup, Milk.

BUC Cracks Down On Violators

Clamping down on persons who try to obtain benefits fraudulently, the Ohio Bureau of Unemployment Compensation has started prosecutions in various parts of the state. Recently, workhouse sentences of 30 days each and fines of $100 each were imposed on three men convicted of defrauding the Bureau. Restitution of the benefits drawn illegally also is being made in full.

"The Bureau is charged with the responsibility of protecting the state's reserve trust fund against fraud," Administrator Charles H. Jones declared. "We must be as diligent in preventing illegal and fraudulent payments as we are in seeing that those justly entitled to benefits receive them. Anyone attempting to obtain benefits unlawfully will be prosecuted and required to make restitution."

Since the first of the year, more than $5500 in benefits obtained illegally by individuals has been recovered for the trust fund. This money represents restitutions made by those who either through misunderstanding of the law or deliberate fraud obtained unemployment compensation to which they were not entitled.

Path of the Red Steamroller

Courtesy THE STANDARD OIL CO. (OHIO)—37

Apparently unstoppable, the Red Army steamroller heads straight for Warsaw, capital of Poland, thence on to Berlin. Map above shows the sweep, contrasted with furthest German advance, attained Dec. 6, 1941. One of the greatest victories of present summer offensive, started June 23rd, was capture of Minsk, historic gateway to Warsaw and Berlin. In radiophoto below, Red tankmen watch as Soviet flag is once more raised over this capital of White Russia. With Luftwaffe desperate for fuel, Red Stormavik bombers, using 100-octane gas lendleased by U. S., helped blast path for the steamroller drive.

Coal Consumers Urged To Stock Up Before Oct. 1

Coal shipments to the Great Lakes are increasing and creating difficulties for dealers in maintaining civilian stock piles, according to J. M. Jackson, president of the J. M. Jackson Fuel Co.

He gives a timely warning that householders who are not heating the advice of The Solid Fuels Administration to store up to three-fourths of their winter's supply before Oct. 1, may have to accept whatever kind and grade of coal is available.

"The lake movements tie up cars and greatly reduce transportation facilities for domestic coal," he declares. In fact, so pressing is the need for cars that orders are being filled directly from the cars so as to release them as quickly as possible for return to the mines.

Barrack Letter—

(Continued from Page 1)

the normal closing time, Sept. 1, is desireable because of conditions brought about by wartime home living problems; and

Whereas, an adequate program, during the fall and winter months, under the supervision of the Recreation Department, is highly desireable for the same reasons cited above; therefore,

Be it resolved, that all efforts by the Columbus City Council, to divert additional monies to the Recreation Department, shall be strongly urged by this body; and

That the Columbus City Council shall be reminded of their duty to the younger citizens of our city, as well as to the parents of these children, particularly during the war emergency; and

That, when these monies are appropriated, the Hilltop Community Council urges that a fair and just portion of these monies shall be used in the Hilltop area.

Respectfully submitted,
Hilltop Community Council,
Robert L. Nash, Secretary
By order of Jerry Spears, Pres.
Copies to Mayor James Rhodes, Council President Jones.

Questionnaire To Be Sent

At the meeting of the Hilltop Community Council it was revealed that a three-page questionaire will be sent out to each church and fraternal organization on the Hilltop in an attempt to get a survey of available recreational facilities in the community. The questionaire was prepared by E. P. Graham and his committee.

It was decided to make the fourth Monday evening of every month the regular meeting night for the Council. At the same time it was announced that the Council will assist in the "back-to-school" movement to be launched this fall in an effort to get high school age boys and girls back into school.

Reunited After 30 Months

Sgt. Walter, Ethelmae and Sgt. Wilbur —Courtesy Columbus Citizen

Sgt. Walter and Wilbur Thompson and sister, Ethelmae, with their parents, were reunited last week after 30 months.

The twin sons of Mr. and Mrs. Clifford Thompson, 68 S. Harris-av, joined the Air Force Jan. 23, 1942, and since, have not been apart more than a few days.

They received 28 days of basic training at Keesler Field, Miss., and then they were sent to the Panama Canal Zone. From there the identically-colored and figured boys were transferred to Galapagos Island to an air field which is there to protect the canal.

Receive Promotions Together

A year ago last April, the boys received their promotions to sergeants. It was then, their commanding officer requested that one should grow a mustache so that he could distinguish between them.

The Thompson twins will report back to Miami, Fla., for reassignment Aug. 1.

Both were graduated from West High School and were active in amateur football and American Legion baseball. At the time of their enlistment, Wilbur was employed by the Timken Roller Bearing while Walter was with the Pennsylvania Railroad.

Their sister is a vocalist with Bernie Cummins' orchestra, now in Las Vegas, Nev. Also a West High graduate, she is singing under the name of Jeanne Bennett.

With Troop Carrier Command Somewhere in France.

To wife, Mrs. Dorothy J. Nelson 397 Terrace-av:

"The trip to the French coast was perfect but when we passed over it, things started to pop. We rode down a corridor line with machine guns, to our landing zone. Green and red tracers were all around our glider and the flares from flak bursts illuminated the sky. We were riding a 'horse' glider loaded with Airborne Troops and supplies. Our formation arrived over the LZ in proper order and we cut loose, diving for a landing. There was intense machine gun fire all around the LZ but we made a good landing, no personnel was injured and our load was in good condition.

"We dug in immediately, stayed there until the next day when we joined an infantry unit. We made our way to the air-borne division headquarters, where we were assigned to various duties which included the guarding of many prisoners captured."

Flt. Of. Donald R. Nelson

The glider pilot and his wife have a son living at the Terrace-av address.

Mr. Ray McVay
217 W. Main-st
Dear Mac:

"Here are a few lines in answer to your nice letter.

"First of all I want to thank you for having my name put on the Honor Roll for the new 'War Veterans' Memorial Hall.' It sure makes a fellow feel proud to be one that is being honored by the people back home.

"I have sweated and prayed plenty in the past but I can see that every one of those tough minutes were the ones that really counted.

"I have things pretty nice now but I still have a job to do.

"I am feeling fine since I haven't had any fever for a long time.

"We have a lot of the latest shows here so that helps to keep me up on the news and passes away our evenings.

"Tell all the old gang I said Hello. Write often."

Sincerely yours,
Pvt. George Hall,
"Pete"

THE CASE OF THE UNCLOTHED GENTLEMAN

Police are continuing the hunt for a male strip-tease artist who has been observed practising his art for the benefit of unwilling Hilltoppers on several occasions in recent weeks.

According to reports, an unknown character has more than once taken it upon himself to walk upon a citizen's porch, peer into the interior to ascertain if a man is in the house and then, upon seeing none, proceed to disrobe himself in a very unconventional manner.

This act has been reported as taking place on N. Chase, N. Powell and S. Hague-av. Although no report has been received since July 12, plain-clothes men from the police department are continuing to be on the look-out.

Detective Chief Leo Phillips says that anyone sighting a suspicious-looking character of this type should contact the law immediately.

FOOTBALL AT 90 DEGREES

With the temperature averaging above 90 degrees it is kinda hard to visualize a cool evening when several hundred rabid fans gather at Magley Field to watch West High's Buckaroos go through their paces, clothed in padded uniforms . . . but that's what comes to mind as Dale Rose issues his call to the buff and brown aspirants for Aug. 21 . . . why wouldn't it be a good idea to manufacture a tackling dummy from the likeness of Adolph to bring out the utmost in the boys, or will the hated one blunder into one of those explosions being planned for him all over Europe and be extinct by the time practice gets well under way?

BAND—YES OR NO?

In the past few weeks an effort has been made to determine the number of Hilltop residents that would be interested in seeing a community band formed here . . . to date there has been very little response, thus we feel that, unless a splurge is made in the very near future, the matter should be dropped as untimely because of too many people having too much to do during the present crisis, and maybe the project can be picked up again after Hitler, Hirohito & Co. are extinguished.

DESTRUCTION IN THE PARK

It is hard to obtain a clear conception of why any person or persons would want to make frequent trips to Glenwood Park during the wee hours of the night just to unhinge swings, teeter-totters and various other equipment, then pile them up into a nice tangle so someone has to go to work to get them back into shape again for the youngsters who enjoy them so much during the day . . . maybe those who are responsible would think twice before doing anything like this again if they could be apprehended and made to put in a few days work cleaning up the park.

HERE AND THERE

Notice Bill Acord and Jack Best touring the night spots while home on furlough from Army service . . . Many Hilltop people and the Record staff in particular were shocked this week to hear of the report of Horace Prince being wounded in France, however, letters received by his wife and parents seem to indicate that his condition is not as serious as the War Department's telegram first indicated.

Comes a letter from a boy in Burma which tells of buying a carton of cigarettes for $9.00 and then, upon opening the cartoon found it to be stamped as donated by a certain club in Columbus . . . shipping costs no doubt.

Ed Busch, Record employee, was a casualty of a roller rink this week . . . seems he zigged when he should have zagged and got his feet tangled up which resulted in a fall . . . we always had trouble dancing without skates.

MISSION CIRCLE MEET

The Mission Circle will hold a meeting Friday evening, Aug. 4, at 8 p. m. at the home of Mr. and Mrs. H. B. Lundberg, 620 Salisbury-rd. Mrs. John McLurg will be the assisting hostess.

Rev. Hawk Resigns As Hillcrest Pastor

Accepts Position in Western College; No Decision Made As To Successor

Rev. Hawk

Rev. C. L. Hawk, pastor of the Hillcrest Baptist Church for the past two years, will resign that position as of the 20th day of August, it was announced this week.

Rev. Hawk, who has served in the capacity of President of the Hilltop Ministerial Association since his election in the Spring of 1943, will accept a position as Director of Public Relations at the Sioux Falls Baptist College at Sioux Falls, S. Dkaota.

This position, made possible by the merging of several small Baptist colleges in a seven-state area in the Northwest section of the country, will entail a program of closer cooperation between the various churches of that area and the college, according to Rev. Hawk.

Pastorate Open

Although several men are being considered for the vacant pulpit, no definite decision had been made in any case, according to officials of the local church. A policy of offering one name at a time to the congregation will be followed rather than a selection from a large group of applicants, they report.

Rev. Hawk, who has resided at 180 Eldon-av with his wife, the former Lenora Laymen of Berne, Ind., and their two children, Bob 15 and Roy 9, came here on Sept. 1, 1942 from Canton, O., where he was pastor of the Maryland-av Baptist Church.

Practice Is Called For Mon., Aug. 21

Fall football practice is scheduled to get under way at Magly Field Monday, Aug. 21, when those who aspire to wear the buff and brown of the West High School Cowboys will report at the field at 6:30 p. m., it was announced by Coach Dale Rose this week.

Practice sessions are to be held Monday, Tuesday, Thursday and Friday evenings during the initial week, then starting the 28th workouts will be held twice a day at 9:00 a. m. and 6 p. m.

Coach Rose stated that all candidates for the team should make their appearance at the field on the 21st, bringing gym shoes, shorts and locks for their lockers.

Two Injured In Traffic Accidents

Two Hilltop persons suffered injuries this past week in traffic accidents.

Arthur W. Jones, 52, 243 N. Warren-av, received cuts and bruises on his forehead when he fell asleep while driving on Rt. 33 at Griggs Dam. He was treated at University Hospital.

Puttie Diedrick, 6, of 339 Wrexham-av, was hit by a car at 2100 Sullivant-av.

VISITING FROM LOGAN

Miss Norma Jean Fickel is visiting for a week with her aunt and uncle, Mr. and Mrs. Jesse Fickel, 111 N. Haldy-av. Miss Fickel arrived in Columbus from her home in Logan, O., Sunday, July 31, and will return Sunday, Aug. 6.

Memorial Fund Has $12,125

Pledges for the Veterans Memorial Building Fund had reached a total of $12,125 through 1208 individual pledges as of last Friday night, it was announced yesterday by Ray T. McVay, publicity chairman of the drive committee.

Of the total amount pledged, $7,493 has been paid into the First Federal Savings & Loan Co. and transferred into the special building fund at the Hilltop Office of the Ohio National Bank.

The "flying squadron" of Camp Chase Post Legionnaires continue to canvass the community each Thursday evening.

The public is urged to make their pledges at the First Federal Office or by calling any member of Camp Chase Post, sponsors of the drive. Those who wish to make a pledge may also call the Hilltop Record, who will relay the message on to a member of the committee.

Eighth Air Force Pilot Receives Promotion To First Lieutenant

Lt. Wayne E. Leathers

Holder of the Air Medal and three Oak Leaf Clusters for "meritorious achievement in serial combat," Wayne E. Leathers, P-47 Thunderbolt fighter pilot, has been promoted to the rank of First Lieutenant.

A member of the Pershing Rifle Military Fraternity at the Ohio State University, Lt. Leathers enlisted on July 6, 1942, and after training at Victoria Field, Tex., and Enid AAF, Enid, Okla., he was commissioned and received his wings at Foster Field, Tex. on Nov. 3, 1943. He arrived at this Eighth Fighter Command Station late in March of this year to join the Fighter Group commanded by Lt. Col. Philip E. Tuley, Jr., of Cape Elizabeth, Me.

On his ninth mission over enemy territory Lt. Leathers destroyed his first enemy aircraft, an FW 190, after a brief chase in the sky over Germany. He is a veteran of many bomber escort missions and has flown his P-47 Thunderbolt on bombing missions for many hours since D-Day, to destroy enemy installations and vehicles with supplies and troops that might be moving toward the front lines.

The son of Mr. and Mrs. Ernest W. Leathers, of 1931 Fairmont-av, Lt. Leathers graduated from Central High School and was employed as an electrician by the Western Electric Co. A younger brother, Noel, 20, is with the Marines in the South Pacific.

Mrs. Dean joined Mr. Dean early this week and they are spending this week with their daughter Martha, Mrs. William P. Meddock of Marble, Ind. Mr. Meddock is pastor at the Prospect Methodist Church.

This is the second year that these evangelists have had charge of the Vacation School, so they will not be strangers to many folk on the Hilltop.

Chubby's Market, Hilltop Merchants Win This Week

Chubby's Market and the Hilltop Merchants both racked up wins in the Hilltop baseball parade this week. Chubby's boys defeated Keller Milks 6-3 on the losers field to further clinch their hold on sixth place in the Sunday Afternoon League. The Merchants, after their schedule game with Model Dairy at Westgate Park Sunday was called off because Models were busy winning the State Semi-Pro Tournament, defeated Linden's Knot-Holers 5-0 at Westgate Park Monday evening.

Rose Supplies Punch

The Marketeers, with Snyder and Barthelmas as the battery, scored two in the first, three in the fourth and one in the ninth, while Keller Milks with Arnett and Yenally working on the batters scored on run in each of the fifth, seventh and ninth innings. Dale Rose, West High's baseball coach, supplied the winning punch for Chubby's with three hits out of four times at bat.

Next Sunday's schedule has the Merchants playing Preste Grill at Westgate Park and Chubby's Market against Curtiss-Wright at Franklin Park, both games to get under-way at 2 p. m. Chubby's Market is making an attempt to schedule a game at Westgate for Friday evening at 6:30, according to Dave Dupler, manager.

A telegram, informing Mr. and Mrs. Frank W. Prince, that their son Homer F., had been seriously wounded in action, was received Monday night, following a letter, dated July 23, received that afternoon by his wife, in which the boy had stated, "I have more iron in my skin than I have in my blood."

The telegram added only that he was wounded July 14 in France.

Pvt. Prince, an employee of the Hilltop Record for six years previous to entering the service, was inducted into the service March, 1943 at Ft. Bliss, Tex. In the letter received by his wife, Pvt. Prince reported "I have had a wide variety of experiences since I wrote last, which culminated in my landing in a hospital. It will take a long time to recuperate, but there's nothing for you to worry about. I'm not suffering any pain, whatever. The medics are efficient—one part of the army that is really efficient."

Equipment Is Damaged At Playground

Various items of equipment in Glenwood Park have been tampered with by night vandals on frequent occasions recently, it was announced this week by Carl Grant, supervisor of the playground.

According to Grant, swings, teeter-totters, trapezes, etc., have been removed from their fastenings and strewn about in a disorderly fashion, also trees have been marked to a point where they are in danger of dieing. This abuse of property has evidently been taking place late at night and has not been discovered until opening time in the morning.

The local fire station has been cooperating in restoring the equipment to its original condition, which takes a considerable amount of time and labor after each foray by the unknown perpetrators.

Police patrol has been requested by the park supervision but, to date, has been inadequate in stopping the practice or apprehending those responsible, Grant says.

Pemberton Is Named To Assist Rose

Named as assistant to Dale Rose in coaching varsity football, Art Pemberton has been designated by the Columbus Board of Education to also assume coaching duties and physical education classes at West Junior High School. He is replacing Orrie Lehman, who has been granted a commission in the Navy.

Pemberton, who graduated from Defiance and later a graduate student of Ohio State University, earned the approval of the Superintendent of Galena Board of Education, where he first taught, by winning sport honors. In his statement, the superintendent said, "Under his leadership the school changed from last to first place in all three sports."

At Sunbury High School, where he was next assigned, he repeatedly won league honors.

Maj. Huston R. Maxwell, 342 S. Harris-av, has been named to the staff of the commanding general of the Eastern Signal Corps Training Center, Ft. Monmouth, N. J. He had been overseas since August, 1942 and was a member of Gen. Eisenhower's ASHQ for the invasions of North Africa, Sicily and Italy.

Dr. Evans Acts On Lake Problem

An attempt is being made to clear up the condition existing at Westgate Park by improving the sewage disposal of the area lying up-water from the lake.

Dr. Evans of the County Board of Health stated that he is notifying all the residents adjacent to this run to cut off all sewage or waste water that does not enter a septic tank or vitrous vault on their own premises.

Signs are placed around the lake to indicate the unsanitary condition as it now exists.

STRANGE (but correct) way to buy a new shirt

1 Because there's a war going on, your Uncle Sam doesn't want you to buy *anything* you can do without. (This gives you more money for War Bonds.)

2 So, before you get new shirts, check to see if you honest-to-goodness need 'em. Also, find out if you can't get some of your old ones mended.

3 If not, see our new Arrow Timbre Tones. They're not only good-looking, but have *perfect*-fitting Arrow collars, *pre-tested* fabrics, and *anchored* buttons, and they're "Sanforized"-labeled, won't shrink even 1%. $2.46. Harmonizing Ties, $1.50. Shorts 75c; Handkerchiefs, 50c.

Pastor Leaves Church

The Rev. Herbert A. Handy, who has served the Highland Ave. Friends Church as pastor for the past five years, will close his pastorate here Sunday, Aug. 6. Mr. Handy will begin his work Sept. 1, as pastor of the First Friends Church, Portsmouth, Va.

Rev. Milton E. Coleman, of Adrian, Mich., will serve as pastor of the Highland Ave. Meeting for the ensuing year, beginning his work Sept. 1.

Miss Jane I. Miller To Wed Sgt. Golden

Mr. and Mrs. M. F. Miller, 2657 Sullivant-av, announce the engagement of their daughter, Jane Irene, to S/Sgt. John A. Golden, son of Mrs. Verda Golden, 44 Woodrow-av. S/Sgt. Golden is in the Army Air Force and is now serving overseas. The wedding will take place soon after his return.

Home Canners To Get More Sugar

Farm wives, housewives and other processors of fruits, fruit juices, preserves, jams, jellies and fruit butters for resale will be allotted enough sugar this year to produce as large a pack as they did in the 1941 canning season, the Office of Price Administration announced recently.

Previously, these home processors were allowed a maximum of 250 pounds of sugar for the present canning season.

Now, however, if the home processor needs more sugar for canning for resale than the 250-pound limit, he can make application to his local War Price and Rationing Board for enough additional sugar to permit him to put up the same size pack as he did in 1941.

The home processor, to get his additional amount, however, must use the sugar to make from fruits and fruit juices only those foods that, in processed form, have a blue point value on the consumer table of point values.

Quality Comes First

Many years ago John Ruskin said: "There is hardly anything in the world that some man cannot make a little worse and sell a little cheaper, and the people who consider price alone are this man's lawful prey."

Our policy is to sell honest service and merchandise at a fair price—and to keep that price within the budget of the average family.

New Ideas for Broilers and Fryers

July is the month for young broiled and frying chickens, because surplus cockerels are marketed as soon as they weigh about two and one-half pounds, dressed. For broiled chicken, allow one chicken for two persons. Split down the back, season with salt and pepper, and start in the broiler skin side down, away from the heat. (Of course you prepare each chicken by washing and wiping it dry, and removing pinfeathers.) Turn the chicken several times as it browns, basting it often with pan drippings or other melted fat. Let it cook evenly, clear to the bone. If you want to, cook the bird partly done in the broiler and finish it slowly in a moderate oven.

FRIED CHICKEN

Disjoint the chicken and cut into the size pieces you want for serving. Wash by letting water run over the pieces. Don't soak. Pat the pieces dry, sprinkle with salt and pepper, and roll in flour. Some people flour chicken for frying by shaking the pieces with the flour in a paper bag. Or dip the pieces in beaten egg and bread crumbs.

Use a thick frying pan and put in enough fat to make the melted fat about half an inch deep. Fry the thickest pieces first—they take the longest. Don't crowd the pieces in the pan. Cover the skillet to prevent spattering of grease.

Cook at moderate heat and turn only when one side is brown. Take the pieces out when the other side is brown, and drain them on absorbent paper. Then put them in a heated pan or crock while you fry the rest of the chicken.

Use some of the fat left in the pan to make gravy, and strain the rest and use it again.

A barbecue sauce goes well with broilers. It is used to baste them while they are cooking.

BARBECUE SAUCE

(For 6 chickens barbecued out of doors)

2 cups tomato catsup
1 cup vinegar
4 tbsp. Worcestershire sauce
1 tbsp. tabasco sauce
2 tbsp. salt
3 tbsp. prepared mustard
Dash of red pepper
Juice of 1 lemon
½ lb. of fat
(chicken fat is fine)

Melt the fat, add the vinegar, then the other ingredients, bring to a boil. Simmer, and keep hot while cooking the chicken.

If you are broiling the chickens in the oven, baste liberally with this sauce. If cooking outdoors over an open fire or grill, dip the chickens in the sauce as they brown slightly, return to the fire, and keep dipping at intervals until the chickens are done. Never allow them to get dry. When done put in a pan to keep warm, and pour the sauce over them.

Divide or multiply the sauce recipe according to the number of chickens you are serving, allowing half or a whole chicken to a person.

TRAINED HANDS GIVE THEM WINGS

This is a Curtiss Helldiver dive bomber getting its wings. Many hands are needed to ready it for action so it can join other Helldivers now blasting the Japs from their island bases.

The U. S. Navy wants more of these bombers right now to carry on the action leading directly to the homeland of Japan itself. Curtiss-Wright needs more trained hands to build them.

Whether or not your hands are skilled in machine production, we can use them. You can start in training and quickly learn a job you can do. You are paid for every hour you spend in training. Before long you can be on a regular job at good pay and with the best working conditions.

Apply now for a skilled job, or enter training school and learn to build Helldivers.

BICYCLE THEFT EPIDEMIC

There seems to be an epidemic of bicycle thefts in progress on the Hilltop. Last week one of the valuable and scarce items was removed from the rear of Todd's Drug Store at 2467 W. Broad-st . . . now comes the report that another bike was lifted from the corner of Broad and Eureka, parked alongside the Fox Market there . . . and this one right in broad day-light . . . and with all the present-day amateur machinists it will be hard to recognize a bike after it has had its face and chassis lifted.

THE OLD GOOD TOUCH

Lt. Clyde Good breezed into town for a couple of days last week . . . just a few hours after his arrival he got his dad's fliver connected with another at a down-town intersection . . . yes, the same old Good technique but of course it was the other person's fault. Clyde, with a companion officer, were on a cross-country navigational flight from a training base in California to New York and back and had stopped off here to take a little rest . . . evidently Clyde thought he was still flying up where there wasn't much traffic to contend with.

WATCH THAT WATCHMAN

We see that Bob Draper and Paul Knospe are again in the news as the Columbus Guard & Watchmen's Service, Inc. elected their officers at an annual meeting Monday evening . . . Draper was named president and Knospe treasurer . . . anyone having an extra nightstick should get in touch with one of the gentlemen.

HOT GOLFING

Beacon Light Golf Course reports a big play over last weekend, Sunday in particular . . . a few of Sunday's low scores include a 78 for Benny Huffman, which he says is his lowest of all time (we are sure it would be plenty low for us); Ken Sansbury had a 76, Whitey Marlowe 80, Tray Brown 81, and Clyde Johnson an 82 . . . this is pretty good shooting for this kind of weather.

HITLESS MERCHANTS COUSINS TO PRESTO

The Hilltop Merchants who, it is said couldn't hit the well known male cow with the equally well known paddle, played cousin to Presto Grill again Sunday afternoon at Westgate Park, bowing 6-0 . . . And Dick Friend pitched a no-hit, no-run game for the Westgate Giants against Grandview.

ARCHERY SHOOTS

Tom Lewis, pres. of the state archery assn., announces that there will be a regional shoot at the OSU golf course Sunday . . . shooting will get underway at 10:00 a. m., with a Double American Clout and Flight Shoot . . . prizes are in order for all events.

HERE AND THERE

Dolores Clark is now in Chicago with Western Union as an operator. She says it is a wonderful building and is enjoying her stay there . . . John Lewis, father of W. T. Lewis, 474 Wilson-rd, is visiting here from Niagara Falls, Canada . . . Clair Wiseman, on leave from service duty, has been taking a busman's holiday flying light [illegible] at the Sullivant-av field . . . Gene Albert, S. Hague, and Lt. Robt. Neeshan, Haldy-av, are others enjoying furloughs on the Hilltop . . .

Rumors have it that Ed Witherspoon, former local resident, will open an electrical appliance sales and repair shop around the Broad-Hague section.

CHUBBY'S DEFEATS CURTISS

"Chubby" Distelhorst watched his team defeat Curtiss-Wright 8-4 Sunday afternoon, then bought the boys some refreshments. Pelky drove in the first and last runs with Hunter doing a swell job on the mound . . . The boys will play a return game with Westerville tonight and will go to Port Columbus to do battle Sunday.

JOINT MEETING

The S. P. I. Class and the Senior Wesleyan Service Guild of Glenwood Methodist Church will have a joint meeting in the church parlor Monday evening, Aug. 14 at 8 o'clock.

Hilltop Man Is Charged With Manslaughter

Manslaughter charges were filed Monday against William A. Swank, Jr., 19, of 338 Ryan-av, in connection with the death last Saturday of David Allen, 22, of 110 Clarendon-av, a discharged veteran of the North African campaign.

According to police officials, Swank and Allen came to blows following an argument at Gay and High-sts a week ago Tuesday morning. The two had just emerged from a beer parlor. In the exchange of blows Allen was knocked to the sidewalk and suffered a fractured skull from which he never recovered.

Swank, who had also been discharged from the army, was free on a $500 bond at the time of his arrest following a grand jury indictment on a burgulary charge.

Allen is survived by his parents, Mr. and Mrs. J. W. Allen; two brothers, Seaman 2/c Joseph Allen, Paul Allen; sister, Rosemary. Funeral services were held Monday evening with burial at McArthur Tuesday.

11th Ward GOP Holds Picnic

The 11th Ward GOP Inc., held their annual picnic at Westgate Park, Thursday evening, Aug. 3, at 6:30 o'clock.

The families attended and furnished their own sandwiches, table service and one covered dish. The club provided the ice cream, cake and lemonade.

The candidates were introduced. Fine music was furnished by the J. Perry Shumaker orchestra.

HBMA Picnic Program Is Announced

The program of events for the Hilltop Business Men's picnic, which is to be held at Westgate Park Wednesday, Aug. 23, were announced this week by C. H. Campbell, secretary of the association.

A casting tournament is scheduled to open festivities at 3 p. m. This unique picnic event will be under the supervision of Dr. E. E. McNamee and Clarence Story.

Four o'clock will see a baseball game between teams made up of members of the association from the Broad-st and Sullivant-av sections. Curt Wilcox and his Broad Streeters are out for revenge on Joe Goodwin's Sullivanteers for the beating they were handed at a meeting of the HBMA out at the Tom Lewis farm on Wilson-rd several weeks ago.

Games and contests for ladies and children, under the supervision of Curt Roberts, C. M. Campbell and Dale Rose will be held at 5 p. m. A basket dinner will be enjoyed by all members, their families and employees at 6 p. m. at the park shelter house, which will be followed by a bingo game in charge of Jos. M. Briggs and H. G. Deems. Refreshments are to be served by Charles Kent and Lou Saunders.

All persons attending were asked to bring a basket lunch and table service. An abundance of lemonade will be served by the committee.

All stores that ordinarily reopen in the evening were asked by Briggs, general chairman of the picnic, to delay their opening until 8 p. m. in order to allow their employees time to enjoy their dinner.

Another Hilltop Minister Departs For New Duties

—Cour. Citizen

Rev. Herbert A. Handy

Rev. Herbert A. Handy, for the last five years pastor of the Highland Ave. Friends Church at 95 S. Highland-av, left Wednesday to take the pastorate of the First Friends Church of Portsmouth, Va.

Rev. Handy, who preached his farewell sermon at the local church last Sunday, formerly lived at 62 N. Burgess-av.

Rev. Milton E. Coleman of Adrian, Mich., is scheduled to succeed Rev. Handy as pastor of the Highland Ave. Church. He will arrive in Columbus Sept. 1 to assume his duties at the church.

The departure of Rev. Handy makes two ministers who have resigned their pastorates here to take up new duties in other cities. Last week it was announced that Rev. C. L. Hawk was to leave the Hillcrest Baptist Church the latter part of this month.

Plans Made For Improved City Parks

Plans for a more adequate system of city parks and an improved program of winter recreation claimed most of the attention of city officials this week as the ground work was laid for these civic improvements.

City taxi operators will pay the city approximately $21,000 "for the use of the streets" during the last four months of 1944, according to an agreement reached between the operators and City Council finance committee. The money collected will be used to carry on the regular program of indoor sports during the coming winter, and for playground improvement in general.

The action of the finance committee will be of direct interest to Hilltoppers in making possible the program of winter activity at Glenwood Shelter House. It came just a few weeks after the Hilltop Community Council had presented a resolution to city officials asking that definite steps be taken to obtain additional funds to continue the recreation program. It had been understood previously that funds for operation of the recreation department had been badly depleted as a result of an expanded program of city park and playground supervision.

At the same time Grover F. Clements, engineer-director of the Franklin County Planning Commission, announced that a survey of existing parks and playgrounds in the city and county would be submitted soon for the purpose of making recommendations for post-war improvements. Records show that the city has only one acre of park land for each 583 persons, whereas the average for 20 cities of similar size is one acre for each 161 persons.

One of the objectives of the planning commission is to spread recreation facilities to serve the entire city equally.

Seven Hilltop families received notice of casualties for recent week's of battle. Infantrymen in France headed the report, while paratroopers were second high in mention.

Ensign George M. Armbruster, Jr., 22, has been reported missing in action according to word from the Navy received by his grandmother, Mrs. C. A. Long, 423 S. Burgess-av. Ensign Armbruster was stationed in the Southwest Pacific, serving as pilot of a Columbus-built Curtiss-Wright Helldiver dive bomber.

He is the son of Mr. and Mrs. George M. Armbruster of Mansfield, and formerly of Columbus. Previous to his enlistment in the Navy in June, 1942, he was enrolled in the chemical engineering department at Ohio State University. He received his wings at Corpus Christi, Tex.

Pfc. Wolfe formerly lived at 291 S. Wayne-av, home of Mrs. Frances Treesnrider. Mrs. Tresenrider was notified July 14 of the death of her son, Richard, in New Guinea.

A U. S. Army telegram was received in Cleveland by Mrs. Harry Wolfe, mother of the injured man, who in turn called the McVay residence at 4106 Alkire-rd, at Grove City.

Two Local Men Plead Guilty To Whiskey Theft

Municipal Judge Wayne Fogle bound Paul Blair, 19, 317 N. Monroe-av, and Percy Johnson, 21, 368 Highland-av, to the grand jury Aug. 3 when they pleaded guilty to burglary and grand larceny.

Police said the men entered the Kit-Kat Grill, 615 Mt. Vernon-av, and took two cases of whiskey valued at $68. Bond was set at $500 each.

Also bound to the grand jury was James H. Martin, 45, 456 Edwards-st, on a charge of receiving and concealing stolen property. Police charged that Martin had received 13 quarts of the whiskey stolen by Blair and Johnson. His bond was also fixed at $500.

Extraordinary Achievement Award Is Made

Tenth AAF headquarters in India announced recently the bestowal upon Lt. Joseph A. Weiland of the Distinguished Flying Cross with an Oak Leaf Cluster and an Oak Leaf Cluster to the Air Medal. The award was made for flights over rugged terrain of Northern Burma, and the "performance of duties in such a manner as to reflect the highest credit upon himself and the U. S. military forces."

The citation is representative of his participation in more than 400 hours of operational flying in the combat zone of the China-Burma-India theatre.

A West High School graduate, Lt. Weiland has been stationed in that war area since January, last year. His parents, Mr. and Mrs. R. A. Weiland, live at 310 S. Eureka-av.

Memorial Fund Stands At $12,625

A total of 1258 pledges to the War Veterans Memorial Fund had resulted in a value of $12,625 through the last tabulation made by the drive committee, it was announced this week by Ray T. McVay, publicity chairman.

It was further reported that $7,793 had been paid into the fund in cash and transferred into the special trust at the Hilltop office of the Ohio Natl. Bank. The squads of Legionnaire solicitors report increased progress in their drive to obtain funds for the memorial building. A minimum of $10.00 per pledge has been set and is payable at the First Federal Savings & Loan Co. at 2369 W. Broad-st.

An appeal was made by Camp Chase Post No. 98 American Legion, sponsors of the drive, for all residents of the community to call Legion headquarters or the Record office to make their pledge. It was explained that the names of all contributors would be published in the Donor Roll which is published periodically in the Hilltop Record, also cards are given to each person making a pledge which can be sent to the service men or women sponsored, explaining that the contributor was backing them in the effort to erect a building for their use after the war.

Various other means, such as carnivals, ball games, etc., are to be used from time to time in order to further supplement the fund, according to McVay.

Birthday Party Held At Private Local Playground

A former vacant lot at S. Oakley and Sullivant-avs, was to have been the scene of a birthday party for little Marilyn Howard of 535 S. Oakley-av Thursday evening. Instead of being a vacant lot now, the space is taken up by three swings, a trapeze bar, three teeter-totters, badminton, horseshoe and croquet courts, sandboxes and a picnic table.

This was all started when a group of ladies living in the Oakley and Sullivant-av section came to the conclusion that a small playground was needed to keep the children off the street. The most logical place was the aforesaid vacant lot. They took their problem to Harry R. Howlls, 535 S. Oakley-av, bus driver, with the request that he construct a playgorund.

After much solicitation, Howells raised $12 and searched the scrap piles and junk yards of the city until he had the materials necessary for the equipment.

With the help of other interested neighbors, he came through with a complete playground that is now being used by children up to 12 years of age and is proving very beneficial to the neighborhood in keeping the children from using the streets as a playground.

Also it provides a place for special entertainment and programs such as the birthday party yesterday.

Nazarene Bible School Reports Fine Attendance

Letters From Hilltop Boy In India Are Interesting

Snapshots Show Gardens, Pools, Etc.

Jack Davis

"Arlington can not begin to compete with the beautiful homes and gardens here," wrote Jack Davis, who is stationed in India with the title as "Personnel Sergeant Major," and the rank of T/Sgt.

Although his work, which includes supervision of court- martialling, takes a great deal of his own personal attention and that of the four clerks under him, and a typist to attend to correspondence, Jack has found time to take many snapshots to send his parents, Mr. and Mrs. J. H. Davis, 28 S. Warren-av. Among these are pictures of street scenes, natives carrying wood on their head, and burning ghats (funeral pyres for cremation). The photograph of a native boy washing his pot and pan in a creek, the Hilltop boy proudly proclaims his "masterpiece."

Following are excerpts from letters written to his parents, concerning Indian life, culture and his own activities:

"Last night some of the fellows and I went riding; it was a swell evening for it. I was very surprised to see how fine the horses are over here. In a hot climate like this, you would expect the horses to be slow and sluggish, but that's far from being the case. Every time I have gone riding I have had a good horse. I took a long ride and came back just at dusk. I never thought I would be riding under banana trees with full bunches of bananas hanging over the path. I just reached up and helped myself. There's some swell places to ride and the scenery is beautiful.

"After our ride we went to a restaurant, had an "honest-to-goodness" ice cream soda—also a banana split. It was a restaurant that caters to American trade. The English seem to like our sodas and splits, too, for they swarm all over the place. One thing about being in a hot climate and getting used to it, it doesn't take much to cool you off. I imagine I'll have to wear an overcoat in July when I get home.

"Paulette Goddard will be here in camp. She is giving a show for the boys; they have been putting her picture on all our Army newspapers the past month. Jackie Coogan is here in the Army. He gave quite a nice speech last night; he is a very likeable chap.

"I have been playing baseball quite a bit lately. Went to the Red Cross and got a haircut and shampoo. Haircut was 16 cents, shampoo eight cents and they do a good job. Had chicken for dinner last night and it was delicious.

Westgate Electric Plans Service Photo Display

The Westgate Electric Co., 2655 W. Broad-st, is planning a special window attraction for September in which they intend to display a picture of several Hilltop service men and women. A receipt will be issued for each picture and they will be handled carefully, according to Mrs. C. J. Rice, proprietress.

It was explained that the success of this display will depend upon the number of pictures brought to the store, thus all who have a son, daughter or husband who is serving in the armed forces are urged to take his or her picture to the company's office. All pictures must be in no later than August 31.

31 Commandos Get Commissions At Westgate Park

Commissions granted to Westgate Park Paper Commandos were announced Tuesday of this week by Dale F. Rose, supervisor of the Commandos. The commissions are granted according to total weight of paper produced.

The list and amount of paper is as follows: Dee Rose, 1130 lbs., General; Ronald Eifert, 500 lbs., Lt. SALVAGE NEWS

The Franklin County Salvage Committee announces the appointment of John C. Dexter as chairman of its sub-committee on salvage of tin cans.

Mr. Dexter has ben for nearly two years with the general salvage branch of the War Production Board, but has recently returned to his own business, John C. Dexter Associates, life insurance agents. He is thoroughly familiar with all phases of war salvage but is particularly interested in the tin program because during his work with W.P.B. he came to realize the vital need for tin in the production of nearly all kinds of war materials.

Because the principal sources of tin are in Japanese hands and will probably be destroyed, we shall need to salvage tin long after the war is over, Mr. Dexter says.

Assisting Mr. Dexter will be Mr. Marion C. Yerke, an officer of Franklin County Association of Township Trustees and Clerks, Mr. R. O. Weible, Secretary of the State Salvage Committee, and Mr. R. W. Latham of the City Service Department.

Mr. Yerke will be in charge of tin can collections in Franklin County, outside of Columbus. Mr. Weible will have charge of collections from public institutions. Mr. Latham will continue his present task of supervising collections in the city.

LITTLE THINGS... about the stars

By GEORGE LILLEY

NEW YORK, N. Y.—On the theory that it adds mystery and glamour, there are a group of stars who bill themselves under a one-word name. For instance, back in her small Wisconsin home-town the name Hilda Sell wasn't very exotic. So Hilda Sell changed it and is now the glamourous radio and supper club singer, Hildegarde.

Hildegarde . . . exotic now

Dunninger, the radio mind reader, prefers to be known only by his last name. His first name is Joseph—and the rumor is his middle name is Cedric! Movie actor Margo was christened Maria Marguerita Guadalupe Bolando y Castilla; she was born in Mexico and is the niece of orchestra leader Xavier Cugat. The first name of the radio commentator who identifies himself only as "Baukhage speaking" is Hjalmar. Singer Yvette was announced by her press agent as French and given a long native tag. But she admits she is Elsa ("Sugar") Silvers and was raised in Brooklyn.

OTHER BIG NAMES

Other celebrities were quick to shorten their names. Bob Hope was born Leslie Towne Hope; Dinah Shore, Frances Rose Shore; Benay Venuta, Benevenuta Rose Crooks; Bandleader Vaughn Monroe, Vaughn Wilton Monroe, and Bing Crosby, of course, Harry Lillis Crosby.

• • •

Relatives: Radio singer Barry Wood and orchestra leader Barney Rapp are brothers. Maestroes Mark Warnow and Raymond Scott are brothers.

• • •

June Hutton, who sings on an evening air show with the Pied Pipers, is bandleader Ina Ray Hutton's sister. Marion Hutton and Betty Hutton are sisters. But there's no relation between the first two and the latter pair. People ask about that.

FOR CRYING OUT LOUD

Radio's No. 1 cry baby is a 24-year-old young lady named Madeleine Pierce. Any baby you hear crying on a network program is nine times out of ten Miss Pierce. Including the serials, which have greatest call for her services, naturally, she's on as high as 30 shows a week. For crying out loud, Miss Pierce, a smart looking sophisticate in real life, takes down a neat $10,000 a year.

Madeleine Pierce . . . crying success

• • •

Like bandleader Artie Shaw who grew disgusted with the jitterbugs who "made" him, Swoon King Frankie Sinatra is fed-up with swooners. Those who squeal and sigh will be barred from his new radio show starting August 16 on CBS.

VERY LITTLE THINGS

Charlie McCarthy's bright red hair is real. There always has been trouble getting the color. Until the war, it was imported from Ireland . . . Tenor Morton Downey, man-about-town, doesn't drink or smoke. But he'll eat six or seven plates of ice cream a day and guzzle eight or nine Coca-Colas . . . Tommy Dorsey yens to be a comedian . . . Canadian maestro Percy Faith, doing a Sunday afternoon broadcast from New York, until recently wore the wildest ties (he's color blind). Now his wife picks 'em . . . Kate Smith, "Song Bird of the South," was born in Washington, D. C. Until a few years ago, she never saw Greenville, Va., announced by press agents as her birth place. But she still gets letters from natives telling how they "remembered her in Greenville when she was a kid!"

Chas. McCarthy . . . the red's real

AMUSMENTS

Jon Hall and Maria Montez starring in "Ali Baba and Forty Thieves" beautiful technicolor production which comes to the Westmont Theatre Sunday, Monday and Tuesday, Aug. 13, 14 and 15. The companion feature is "It Started With Eve" starring Deanna Durbin and Charles Laughton. This twin bill is of exceptional merit.

WMC Appeals For Foundry Labor

In a nation-wide campaign, the War Manpower Commission is seeking to fill the urgent labor needs of the forge and foundry industries.

To meet growing production schedules the forge shops and foundries must have 7,000 additional workers now, 20,000 within the next three or four months, according to Ralph E. Gabele, WMC director for the Columbus area.

"This year the critical needs of our armed forces for weapons made largely of forgings and castings demand that we increase our production of these items by ten per cent or more. We need more men to fill these jobs if these production quotas are to be met.

"A press and radio appeal to men to take these jobs has started. Any man who believe he is qualified for this work should apply at the nearest office of the United States Employment Service. He will receive full information as to where the jobs are, what wages are being paid and what living conditions are in the various communities.

Those who cannot visit the USES in person may apply for these jobs by sending collect telegrams to the Forge and Foundry Division, War Manpower Commission. The telegrams should give the name, age, address and telephone number of the applicant. Western Union offices will accept these telegrams and send them collect." Mr. Gabele added.

BUILDING HELLDIVERS AT CURTISS-WRIGHT IS Serving, too!

The WAVES are doing a grand job for Uncle Sam, as are all the women in uniform. That goes, too, for the women helping build Helldiver dive bombers at Curtiss-Wright. Their slacks are also "fighting" garb.

Curtiss-Wright needs more workers at once to meet production schedules of Helldivers. The quicker more of these mighty offensive weapons get into the hands of U. S. Navy flyers, the quicker the path to Tokyo and victory can be blasted.

If you've never handled tools, you'll find it surprisingly easy to catch on. Just a few weeks, with pay, in the Training School located right at the plant, will give you the experience and efficiency required for a place on the assembly line. Talk it over with a Curtiss-Wright employment interviewer.

LETTERS FROM HILLTOP BOY—
(Continued from Page 1)
"I rode around in a tank this afternoon and had a lot of fun. You should try going over a three-foot bank in a speeding tank—believe me, you bounce.
"We have a game of horseshoe once in a while. Around the swimming pools are flowers and the palm trees really are a beautiful sight to see.
"I saw a good stage show last night at camp, their first in India. They had a sharp band. Many of the members of the band played with famous bands back in the states, but they are soldiers now. It was the best show I had seen in a long time. We have a radio now and the soft, sweet music of Fred Waring is floating through the air. They are playing 'All The Things You Are.'
"You can get milk over here, but it's not considered safe to drink. I guess it's Buffalo milk at that. They serve Buffalo meat once in a while. No wonder the American Indians were such rugged people — eating Buffalo meat day in and day out.
"We have been building board walks in preparation for the Monsoon rainy season so we can keep clear of the mud. A native watching us just laughs and says, 'Board walk no good, Sahib. When rain comes, it's up to your knees.' I am looking forward to it, though, just to see how bad it can be.
"Last week some of the boys and I went to the horse races. They have two beautiful tracks here, much more elaborate than Beulah Park could ever be. The grounds around the track look like flower gardens in bloom; you should see the beautiful red canna plants. The horses race on grass tracks over here, and it is wonderful to see the bright silks of the jockeys against that velvety green background. The number of horses in the field are just about the same as in the states but the weight they carry is plenty different. 'Gentlemen Jacks,' they call them, and they weigh 140 to 160 pounds."

Triangle Trap Over Naziland

Courtesy the Standard Oil Co. (OHIO)—28

Germany and her satellites, comprising European Naziland, are trapped under an aerial triangle of Allied shuttle-bombing runs that spread destruction over far-flung areas the Nazis once thought safe from air attack. Thousands of bombers and fighter planes make the runs between Italy and England; Italy and Russia; and England and Russia. The amount of 100-octane gas they consume can be guessed at by the fact that in one hour, a *Flying Fortress* burns enough fuel to last the average car owner six months. Photo shows Fortresses and fighters, on night missions over Germany leaving vapor trails.

OPA Announces Peach Ceilings

The Columbus District Office of Price Administration announced this week that widespread confusion apparently exists in the peach market as a result of a misunderstanding of F. O. B. ceiling prices for growers.

The district office stated that the correct ceilings for all Central States peaches are $3.66 a bushel and $1.90 a half bushel. Ceilings on southern peaches are $4.00 a bushel and $2.16 a half bushel, which will continue until Aug. 16, when they will drop to the same prices as the Central States products. A mistaken impression had circulated among the trade that the ceilings announced for bushels were for half bushels, OPA said. Wholesalers and retailers are permitted markups over grower prices comparable with those which have been consistent with normal trade practices. At retail, theirs price will not exceed 14 to 16 cents a pound, or a rollback from the last year of at least 25%, except in heavily producing areas for which prices may be much lower.

Local peach dealers have been having considerable difficulty in explaining peach prices to prospective customers, many of whom have insisted that $2.16 a bushel was the retail ceiling price when, as a matter of fact, OPA set the $2.16 as the grower basic price for the ten largest peach growing districts in the nation to which had to be added markups for picking, shipping and handling by distributors, wholesalers and retailers. It so happens that $2.16 was also the price of a half bushel of Georgia the confusion.

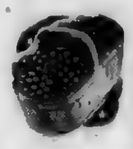
VICTORY RECIPES FOR HOME CANNING

Prepared in cooperation with the U. S. Department of Agriculture.

Mustard Pickle

2 cups celery
4 cups onions
4 green tomatoes
24 small cucumbers
2 large cauliflowers



Let stand over night in brine made of 1 cup salt to 1 gallon of water. Let come to boil. Drain. Add 2 quarts vinegar, 1 pound sugar. Boil and add 1 cup flour, ½ pound mustard and 1 tablespoon tumeric powder.

Cucumber Relish

12 cucumbers
2 quarts small onions
3 red peppers
2 tablespoons salt
1 pound brown sugar
1 quart vinegar
1½ teaspoons white mustard seed
1 teaspoon tumeric

Peel onions and slice cucumbers, onions, red peppers, after removing seeds from peppers; let stand 1 hour well sprinkled with salt. Drain and add brown sugar, mustard seed and tumeric. Cook 45 minutes or until tender. Put in jars and seal hot.

Chili Sauce

24 tomatoes, peeled
4 green peppers
4 large onions
4 cups vinegar (tea cups)
1 cup honey
2 tablespoons salt
1 tablespoon of each—cloves, cinnamon, allspice, mustard and ginger

Cook all ingredients together, boiling slowly for 2 hours.

Grape Butter

Wash and pulp grapes; put pulp into porcelain lined kettle and boil for 10 minutes, mash through strainer, add to skins and boil slowly for 20 minutes. Add ½ cup sugar to each cupful of grape pulp; boil. Some grapes take a little more sugar and longer to cook; some skins boil away and others will not boil soft at all. If skins will not get soft, mash all through strainer.

Vol. XXVIII, No. 17 | The Hilltop, Columbus 4, Ohio, Friday, August 18, 1944 | Total No. 1325

ON & OFF OGDEN

We hear by the grapevine that Dale Rose is the proud father of a 5-room house on Haldy-av, and herein lies a story of coincidences . . . the life of a coach means a lot of moving around and Dale has had his share of it . . . however, he has done practically all of his moving in and out of homes on N. Ogden-av . . . in his short stay on the Hilltop he has lived in an even four houses on this street and has moved each time in August . . . he says, "That's all, brother."

HOME TO STAY

Mr. and Mrs. Carl Holland, she the former Jane Anderson, are again on the Hilltop after spending several months in California . . . Carl, a veteran of South Pacific naval campaigns has received a medical discharge and will probably return to his civilian job with the Central Ohio Paper Co. He has been stationed at a convalescence base in California for several months.

CHINA IN WAR-TIME

S/Sgt. Harold Fay, formerly of 40 S. Burgess-av, arrived in China recently and had dinner at the Grand Hotel Du Commerce at at cost of $1980 . . . of course this is Chinese money which is equivalent to approximately $20 in our money, still a high-priced meal . . . he also reports that one cigarette can be purchased there for $1.50, this in good old American money . . . a GI salary doesn't go too far there.

PARTY FOR 30

Robert Cramer, 1931 W. Broad-St., who is an ass't supt. with the Prudential Insurance Co., held a party a week ago for 30 members of his staff . . . it is said that fried chicken was the main course . . . the occasion was an anniversary celebration.

HERE AND THERE

Mrs. Hazel Bercaw reports making a trip to visit her son at Camp Gruber, Okla., where he is stationed with a cavalry unit. She says it has been pretty hot out there but a breeze keeps things from having that old Ohio stickiness . . . Plymale Smith, wife and baby have been visiting her the past week. He is a sgt. stationed in Michigan . . . and it is rumored Smith, will maybe marry a Navy boy at Norfolk, Va. in the near future. . .

Frank Massey, formerly of S. Ogden-av, is home on furlough from his service at Ft. Meade . . . and a Hilltop man, Elijah Borovica, 223 S. Huron av, has filed suit for divorce against his wife in Yugoslavia . . .it's a good thing that this case doesn't have to go through a Nazi court; they would probably execute both parties in order to simplify things.

BUSINESS MUST BE BAD

The bad state of affairs into which the pipe and plumbing supplies business has fallen is startlingly brought to our attention by Charlie Riggs, native of Binns-blvd . . . Charlie dug up the following classified ad from a down-town paper:

EXPERIENCED man with automatic to sell pipe and plumbing supplies, who is acquainted with plumbing and hardware trades in Columbus and vicinity.

We can remember reading about some of the boys resorting to the use of tommy-guns back in the prohibition days to make their sales.

Boy, 9, Asks $25,000 In Traffic Accident

David W. Gray, 9-year-old son of Guy Gray, 180 Mix-av, through his father sued Theodore Grener, 4601 W. Broad-st, in common pleas court yesterday for $25,000 for injuries he alleged he suffered when struck by a car driven by Grener in Mix-av near his home on Sept. 16, 1942.

Local Baseball Club In National Tourney

Hilltop Merchants Invited To Play In Pittsburgh Elimination

The Hilltop Merchant baseball team has received an invitation to play in the Junior Amateur Baseball Tournament at Pittsburgh on Sept. 2, 3 and 4, it was announced this week by Jim McClintock, youthful manager of the club.

According to McClintock, the entire team will leave here Friday, Sept. 1 by train and will arrive in Pittsburgh on the following day in time to practice at Forbes Field with the St. Louis Cardinals, who are scheduled to play there at that time.

Attention was called to the Merchants because of their play in the State Semi-pro tourney here and, although they were eliminated, it evidently earned them the spot in the Pittsburgh tourney which is a single elimination affair with boys of teen age participating. The Merchants will represent the city of Columbus and will rate a trophy for first or second place and receive a percentage of the gate receipts.

Entrance Fee at $250

The Merchants will play Lancaster Anchor-Hocking Glass at Lancaster Thursday, the gate receipts going to help make up the entrance fee of $250 required to enter the tournament, the balance of which will be contributed by Hilltop merchants and friends of the team, according to McClintock. This fee will include transportation, meals and hotel expenses, it was explained. Parents of several members of the team have indicated their interest in accompanying the boys.

Members of the team who are to make the trip are: Dick Gilmore, Donn Haines, Gene Shade, Pete Hoffman, Carl Hosler, Virgil Crawford, Rennick Parkey, Bob Phelps, Don Stewart, Tom Simpson, Jim Bell, Jack Buckingham, Dick Ison, Floyd Kelly, Al White and Manager McClintock.

Win Slugfest Sunday

The Hilltop club defeated Curtiss-Wright Sunday in a slugfest which finally ended with a score of 13 to 10. This was in direct comparison to their recent play when they haven't been able to beg, borrow or steal but a few scratch hits.

Pete Hoffman connected with two double and Gilmore hit one, while Hosler, Crawford, Parkey and Phelps blasted triples. Di... Gilmore also came through wi... a home-run.

Phelps started on the moun... for the local aggregation, Duff... coming on in the 8th, wi... Parkey behind the plate. Sha... non, Malchan and Nelson toile... for the Curtiss-Wrighters, wil... Smith receiving.

Service Pictures Are Discontinued

Effective immediately, the acceptance of service pictures for the special page in the Record must be discontinued. This is made necessary because of the large number on hand and yet to be used.

When the present surplus has been consumed, a notice will be published to that effect.

$13,000 In Vets' Fund

Of the total amount pledged, $8,000 had been paid into the First Federal Savings & Loan Co. and transferred into the special fund at the Hilltop Office of the Ohio Nail. Bank.

A total of 1300 pledges had been received to date.

New "A" Book Coupons To Be Worth Four Gallons Each

Applications Can Be Made After Sept. 1; Book Cover Is Necessary

Basic "A" Gasoline ration book holders will begin filling out applications in the next few days, rationing officials reported this week with the expected arrival of proper blanks by next week. While it is not expected that rationed drivers will need any great amount of urging to cause them to file applications on time yet the time for applying is limited.

Present "A" gasoline rations expire on Sept. 21. New coupons will be valid the following day. Tire inspection records for passenger cars will be replaced by a new form, known as a mileage rationing record. These forms may be obtained at all ration boards, filling stations and plant transportation committees.

New ration books will be issued between Sept. 1 and 21.

Book Cover Important

All applications for renewal must be accompanied by the book cover of the current "A" book. The applicant who has lost or throw... "A" ... the ... whi... an ... is ... use... ratio... and ... is pe...

The same result is achieved at present by validating eight three-gallon coupons every three months.

Football Practice Monday

Nine Lettermen Form Nucleus For Strong Squad

Many West High School students were looking forward to starting football practice this week as they remembered Coach Dale Rose's call to arms for Monday.

With the hot weather making practice in uniform unlikely for the start, instructions were given for all aspirants to bring gym shoes, shorts and locks to Magly Field for the initial workout at 6:30 Monday evening. As the boys become conditioned, uniforms will be issued and the down-to-earth practice will begin.

MODERN POETRY

Edited By
Esther Weakley

DIAGRAM FOR THE HOUR

War is a dark parenthesis
In the bright paragraph of peace,
Yet man must mumble over and over
Its dread syllables.
He transpaces the old battlefields,
Shouting the ancient shibbileths,
HHis heart shaken with the familiar terrors
That haunt each sleepless night.

And only these may know serenity:
The babe nuzzling his mother's breast,
And those quiet ones who lie
Under graven marbles . . .

War is a dark parenthesis
In the bright paragraph of peace.
Lucille Evans
in BRIGHT MERIDIAN.

THE FABRIC OF THIS DREAM

The fabric of this dream will tear,
So thin and tenuous it is,
Unravel, start to disappear
In morning's lesser mysteries.

A coarser warp, a duller hue
The shuttles of the daylight weave,
Cancel the pattern and subdue
The bright, unstaying thread of love.

And yet in fragments, here and there
The dream presists for all to see;
A strand of color in the air,
A shred of robbin, blowing free.
Daniel C. Rich,
in POETRY.

WEST HIGH

Of all the boys that went to West,
My Bob and Tom I love them best
Just five and seven years ago
They finished school but did not know
That they must work for Uncle Sam
To help preserve our country grand.
I know he'll find them fine and true,
As I have found them these years thru,
And though they're men they seem to me
Just little boys they ought to be.
And in a way I'm glad I can
Do this much for Uncle Sam.
Loan my boys the World to me
Just to keep this country free.
For surely they'll be back again
And times will be the same as when
They lived at home and went to West.
We'll thank the Lord we stood the test.
Those trucks and jeeps Tom will think fine
And Bob will keep the plane in mind
Just memories of those days gone by,
When this is over bye and bye.

"Uncle Sam's Helpers" Are Producing In A Big Way

Present Play, Collect Fats and Waste Paper, Turn Money Into War Stamps

A youth group of nine Hilltop youngsters are capitalizing on summer vacation and their own ingenuity to provide money to invest in war stamps.

The group, first organized three years ago by Geraldine, 13-year old daughter of Mr. and Mrs. E. A. Heyder, 228 N. Terrace-av, originally had social functions only. This year the club, under the name of "Uncle Sam's Helpers" conducts waste paper and fats campaigns and produces plays, the next which is scheduled for an early showing.

The profit is divided, in war stamps, equally among club members. Members are Geraldine and Albert Heyder, Kay Tracey, Jon Kimes, Raymond Harper, Marilyn Story, Howard Merriman and Martha Merriman.

The first vacation event was the Annual Spring Picnic when each member was instructed what particular dish to furnish, being sure of a sufficient amount for all.

During the summer, this neighborhood gang, collected old pop bottles, waste fats and papers. Revenues received from these sources, supplemented by the dues of two cents for each meeting, was used to purchase War Stamps which were divided equally among the club members.

Recently a wiener roast was held at Holton Park and the latest event was the presentation of their play "The Sing-a-Song Man" on Tuesday evening, Aug. 1.

This play which was given in the garage of the Howard Balzars was truly a fine production, capably directed by Geraldine Heyder, who also played the role of Dr. Paddy Whack. No details of stage settings, make-up or properties were omitted. Other parts were as follows: Go-Gettum, Johnny Kimes; Peter Paddle, Howard Balzar; Mrs. Tot, Marilyn Story; Toddie Tot, Kay Tracey; and the Sing-a-Song Man, Albert Heyder. Howard Merriman and Raymond Harper served as stage-hands, with Martha Merriman as ticket-taker.

One of the fine things about the show was the way in which the neighborhood responded. The Balzar back yard was filled with the neighbors' dining room chairs and every seat was taken, with standing room only. Admission fees of five cents brought in a total of two dollars which will purchase more War Stamps.

This up-and-coming neighborhood gang is certainly a pride and joy to our community, and Geraldine Heyder who, the mothers all say, works unceasingly with the young-fry of the neighborhood offering fun and good training, should certainly be complimented for her fine work.

WOMAN ALONE

All night she waited;
The hours retreated like snails in hollow shells.
How many times, dreaming, she saw his look
Or felt his touch.
There was his bed, covered, till he returned.
There was no step to etch the dark,
Only a moth that beat its wings toward light

LEARN YOUR A B V's AT HELLDIVER SCHOOL....

HERE is a simple ABC matter: To make the V in Victory come true in the shortest possible time, our fighting men must get the offensive weapons they need. In the South Pacific this means more Helldiver dive bombers for U. S. Navy flyers. They must have many more . . . at once.

We need more men and women right away to build them. If you're inexperienced, follow the lead of those pictured here and enter the Training School right at the plant. After the first few days of classroom work to acquaint you with Curtiss-Wright and the Helldiver, you are shown how to work with tools and machines. You earn while you learn. In a short time you are on a regular job on the production line.

Don't let the current victories make you believe your personal efforts are not needed in this essential work. Our troops are still a long way from Tokyo. You can shorten the road by working at Curtiss-Wright.

CURTISS-WRIGHT TRAINING SCHOOL NEEDS MORE STUDENTS
Come out now and get started in one of the classes. All instruction is given right at the plant where Helldivers are built. Apply at employment office, 4300 East Fifth Avenue. You must comply with WMC regulations.

G.O.P. Candidates

CHICAGO—Photo shows Gov. John W. Bricker of Ohio as he greeted Gov. Thomas E. Dewey of New York after they had been named as vice presidential and presidential candidates respectively of the G.O.P. They are now planning their campaign which looks toward unseating the Democratic party after 12 years of uninterrupted Washington rule.

Restaurant, Beer Regulations Are Announced

Distribution of the new ceiling price posters on which each eating establishment in Columbus will display its ceiling prices for 40 basic menu and food items was begun last week by the Price Panel of the local War Price and Rationing Board.

Establishments which do not serve all of the 40 selected items must post the April 4-10, 1943 prices of those they do serve, and the April 4-10, 1943 prices of enough other items to fill the poster.

These posters were to have been displayed in each eating establishment by Aug. 16, 1944. Mr. Theo. Webb, chairman, explained that each proprietor must file three copies of the April 4-10, 1943 prices of the items on his poster with the War Price and Rationing Board by Aug. 21, 1944.

In addition to the restaurant pricing order there is an OPA beer order effective Aug. 21, requiring establishments which sell beer for consumption on the premises, to post their prices. They cannot charge more for beer than they charged during the base period of April 4-10, 1943. There are three classifications for establishments selling beer. All are in the lower price group to start, but forms are being provided all permit holders which will enable them to make application for reclassification. Posters will be provided by local War Price and Rationing Boards showing in which group or classification they belong.

Chic and Neat

The horse and the cycle have had and are having their day! Smart young matrons are sparing the gasoline these bright mornings by picking up their groceries on their own bicycles and "seeing the town" from horseback! Even Dame Fashion has fallen in line with this year's rush of work and play by decreeing a hair-do that "can take it"—thanks to Lilly Daché, famous millinery designer, we have the 1944 smooth coif held in place with a colorful visible net.

Loew's Ohio

Loew's Ohio starting this Thursday is showing the spectacular technicolor aquatic musical, "Bathing Beauty" starring Red Skelton and Esther Williams with the bands of Harry James and Xavier Cugat plus scores of beauties who really can and do swim. Co-feature is "U-Boat Prisoner." Starting next Thursday, Aug. 24 Loew's Ohio will show "Double Indemnity" with Fred MacMurray, Barbara Stanwyck and Edward G. Robinson plus "Henry Aldrich's Little Secret." The new season of fall hits opens Aug. 31 with "Dragon Seed" as a single feature.

Loew's Broad

Starting this Thursday Loew's Broad will show "The Hour Before The Dawn" with Franchot Tone and Veronica Lake plus "Take it Big," musical with Jack Haley, Mary Beth Hughes, Harriet Hilliard and Ozzie Nelson and his orchestra. In the new few weeks the Broad will show "The Hitler Gang" and "And The Angels Sing," musical starring Dorothy Lamour.

PARK NEWS

HOLTON

The waste paper drive at Holton Park has been very successful to date, according to Mrs. Helen Gary, park supervisor. With over 8,000 pounds already brought in, the park now boasts three four-star generals, who are: Robert Lininger, 2382 Apple-st, 1286 pounds; Margaret Huston, 291 N. Ogden-av, 1230 pounds, and Mona Sue Gary, 281 N. Burgess-av, with 1150 pounds of waste paper. Also, there have been about 20 other children to receive officers' ratings.

All parents are urged by the park supervisors to encourage their children to take advantage of the park season while it is still in progress. It was announced that the wading pool was about ready to be put into use and it is hoped that this feature will be available to the children before the season is over. If not, it was stated that it would make a very interesting feature for next season.

WESTGATE

The following children have been announced as receiving commissions as Waste Paper Commandos at Westgate Park. The ratings are tabulated as of Tuesday, August 15.

Generals—Tommy Ongaro, 2425 lbs.; Dee Rose, 1260 lbs.; Donald Davis, 1200 lbs; Bill Mexwell, 1022 lbs.

Lt. Cols.—Byron Bell, 543 lbs.; Ronald Eifert, 523 lbs.

Majors—Timmy Martin, 473 lbs; Richard Fagan, 430 lbs; Richard DeShetler, 430 lbs; David Armour, 427 lbs; Joe Ryan, 425 lbs.

Captains—Richard Sweeney, 375 lbs; Dianne Fulton, 335 lbs; David Lockwood, 330 lbs; Jim McDevitt, 300 lbs; John Morison, 300 lbs.

1st. Lts.—Ronald Dailey, 225 lbs; James Garrett, 208 lbs; Mary Kunesh, 200 lbs.

There are 35 boys and girls other than those named that have contributed paper for the armed forces, but their amounts have been less than 200 lbs. In all there have been 54 contributors of paper at Westgate Park.

Tommy Ongaro of 57 Letchworth Ave. is far ahead as the leader, having brought 2425 lbs. of paper to the park all in one day.

SALVAGE NEWS

Twenty-two Columbus youngsters became full, 4-star generals in the first part of August!

When a child brings 100 pounds of waste paper to one of the summer recreation centers he gets a second lieutenant's badge. Another hundred pounds advances him to first lieutenant, and son on. It takes 1,000 pounds to merit the ran of full general. Twenty-two efficient and enthusiastic youngsters promptly soared to that position. Others are getting there every day.

The fifteen girls and fifteen boys who turn in the most paper before August 26 will be luncheon guests of the flyers at Lockbourne Air Base and will inspect hangars and panes.

Help these children in their patriotic work. Save waste paper and give it to them. Proceeds are used for playground equipment.

Call City Recreation Department MAin 2211 for location of centers and collection days.

Little Things About the Stars

By GEORGE LILLEY

NEW YORK, N. Y.—A profitable sideline for capable but not too well known radio singers is ghosting on the screen as the voices of Hollywood film stars. The late Russ Colombo, when unknown, was the first singing voice for many of Hollywood's romantic male figures. Virginia Verrill, until she settled down to marriage in Chicago, was the singing screen voice of Andrea Leeds, Kay Francis and Barbara Stanwyck. Actor Jack Haley in the film "Wake Up and Live" was hailed by critics as Hollywood's singing sensation of the year until someone discovered the voice was actually that of radio baritone Buddy Clark. Latest "ghost" is said to be Andy Russell, coming young fellow heard on NBC programs from Hollywood.

Bing Crosby ... air sick

Unlike Bob Hope, who loves it, Bing Crosby fears air travel. Until a few months ago, he had made only one trip by plane in his life and became deathly sick. He said he never would fly again but now is on a USO tour of the South Pacific—traveling by plane. He expects to grow a beard, like on vacations. He will return to the air Nov. 2.

WHERE'S THE TRICK?

Officials of the Blue network, on which Joseph Dunninger, the "mindreader," appears with his mystic tricks, are as much puzzled by them as anyone. But few believe Dunninger is supernatural, as he would have you believe. They agree there is a trick somewhere . . . but they don't know where. Professional magicians claim Dunninger uses "sticks" (pre talk for "stooge"). But Dunninger says he'll give $10,000 to anyone who can prove he uses "sticks." The program is planned far in advance, with all stunts to be pulled announced a week ahead. Some are trying to figure a clue from there.

GOOD BUSINESS

When recently bandleader Abe Lyman married Rose Blane, who for six years sang with his orchestra, he remarked jokingly: Well, since I pay Rose, I might as well marry her." Maybe there is something in that. Kay Kyser married his vocalist, Georgia Carroll; Xavier Cugat married Carmen Castillo; George Olsen, Ethel Shutta; Ozzie Nelson, Harriet Hilliard, and Skinnay Ennis, Carmine Calhoun—all at the time the gals were working for them!

Vera Vague ... not bad

Vera Vague (Barbara Jo Allen), dizzy doll of the Bob Hope show, chases men for a living on the radio. Off the air, men chase her. She's one of the cutest things in Hollywood. Joan Davis, always typed as man-starved in her characterizations, is fed-up with the role. She'll change to a glamour girl on the radio in the fall.

VERY LITTLE THINGS

Ed (Archie) Gardner used to be a radio producer for a big advertising agency until he decided he could do better than some of the actors and started his own program, "Duffy's Tavern." Off the air he talks the same as on the show . . . Morton Downey is the most superstitious of the singers; his pockets bulge (to the disgust of his tailor) with good luck charms sent him by listeners . . . Jack Benny, worry-wart of the comedians, writes friends he is relaxed for the first time in years. He's on a USO tour of the South Pacific. No. 2 worrier is Fred Allen. The latter has developed such high blood pressure being funny, his doctor has advised him to retire from the business. Benny will be back Oct. 8.

Letters From Service Men

Saturday, Aug. 5, 1944
Alaska

Dear Miss Springer:

I have received several copies of The Hilltop Record since I have been stationed here in Alaska and I have enjoyed reading about old friends and people that I knew, very much.

My main reason for writing this letter, more or less, is to ask a favor.

In one of the past editions of the Columbus Dispatch I read of the death of a very well known Hilltop boy whose name was Earl Wilson. Although I've received all the latest "Records" I havn't seen anything of his "passing" printed in any of them. He had many, many friends on the Hilltop and I know you wouldn't want to slight him. You could make his family and many friends very happy by printing an article on his past. His family would probably be very grateful to you for remembering him in your paper and would no doubt be glad to supply you with any information that you might need.

Before closing I'd like to say that I and all the other "Home Town" boys who are overseas are very grateful to you and the others of the "Record staff" for printing The Hilltop Record. It's really swell to be able to read about the "folks at home" and what all the "gang" are doing.

Thanks,

I remain,
Wm. E. Martin.

(EDITOR'S NOTE: The article concerning the death of Earl Wilson appeared in the July 14th issue of The Hilltop Record and is being forwarded to MM 3/c Martin.)

Somewhere in France
July 23, 1944

To Mr. and Mrs. Frank W. Prince
2525 Westwood-dr.

Dear Folks:

"I suppose you noticed the hospital part of my return address and tore into the envelope to learn whether I'm still intact. Well, I am intact and am here as a result of an injury which is causing me no pain and will require only time and medical care for complete recovery. I can't disclose the details but it resulted when some shrapnel and I tried to occupy the same space at the same time. Now don't speculate on my actual physical state, thinking I've tried to soft-pedal it, because I've told the whole truth, with neither omission nor elaboration.

"I shall doubtless be on the 'inactive' list for several weeks, which might conceivably be a blessing in disguise.

"The hospital staff here are very competent—and one could hardly ask for a more favorable enviornment. When I get back on the Record (happy day, that), I'm going to make sure that the medics get at least one plug, based on my own personal experience. The medical corps receives so little credit for the humanitarian work it is doing so well. The medics in the States seem to have their share of gold-bricks and incompetents, but such is not the case over here, either on or behind the front lines.

"I'm mighty anxious to hear from the 'home front' again and hope your letters will soon catch up with me. But most of all, I'm hoping to catch up with the home front in the flesh. Perhaps its wishful thinking but I expect this European mess to come to an end before many weeks.

"Has June been down recently? She seemed to have had a grand time during her last visit. Says she thinks Rev. Shellhaas is a wonderful preacher. That seems to be the concensus of opinion of all who have heard him. I met a man from the North Side recently who said he and his family had started regular attendance at his church after hearing him once, although they live 13 miles away."

With love,
H. Frank Prince

Somewhere in Panama

Dear Rev. Hawk:

I haven't forgotten you and the congregation of the Hillcrest Baptist Church.

First of all I wish to thank you for the articles and news of the church. I really appreciate your thoughtfulness. It is really gratifying to realize you have others beside your own family thinking about you now and then. Again thanks a million!

I am happy to hear you enjoyed my bulletin which I sent home to the folks of "The Chapel in the Woods." I only wish you could have enjoyed seeing this scenic little chapel nestled in the dense vegetation, it was really beautiful. One thing I found true in my attendance to that little church, was the fact the chaplain did not have to beg fellows to attend. They realized that they were soon to be leaving for the unknown and combat zones, wherever they might be. It was really a touching sight and one I shall never forget.

In the course of my journeys somewhere in Panama, I have come across several of historical cathedrals built many years ago by the Spanish in their quest for gold and power. Panama is really scenic and historical, and quite different than I imagined before my arrival in this tropical paradise. The cities and villages are very modern and could compare with several in the states, and rationing is unheard of here. One finds an abundance of shoes, clocks, steak, and so forth. The only item or shall I say species that is not in abundance is the fair sex. Ha! Ha!

Sincerely,
Arthur Bellar, Jr.

Jap vs. Allied Strategy in China

Courtesy The STANDARD OIL CO. (OHIO)—89

While Allied forces in the Pacific advance slowly, but inexorably, toward their announced goal of seizing seaport bases on China's coast, Japan gambles frantically to thwart this move by dominating the strategic Hankow-Hong Kong railroad, cutting China in half, forestalling or delaying use by Allies of air bases in part of China nearest Japan. General Chennault has already had to abandon bases and our main East China air base, at Kweilin, is endangered. Meanwhile the battle of production forges ahead on the home front. Photo below shows W. T. Holliday, president of Standard Oil Company (Ohio) dedicating the new 100-octane aviation gasoline plant at Cleveland to "ten young men of an unknown bomber crew."

SURPRISE PACKAGE

C. E. Campbell, Secy. of the HBMA and a Broad-Hague druggist, was the recipient of a surprise package from the Hawaiian Islands this week . . . upon opening a well wrapped package sent form his son, Pfc. Fletcher H. Campbell, there he came face to face with a grinning skull . . . of course it was a nice clean skull, but nonetheless Charley was kinda surprised. The jaws were wired together with pipe cleaners but otherwise the skull was just as the Island citizen had dropped it. C. M. says that it is the custom of the Hawaiian people to bury their warriors right where they expire . . . evidently young Campbell had come across the hunk of anatomy on a beach where it had been washed up after a considerable length of time.

FOX'S AND CATS

Harold Fox has added something new to the scenery at his grocery at Eureka and Broad . . . the store is now well populated by a cat and her five little five-week-old offsprings which are definitely not bottle babies . . . the story goes that Harold told Mrs. Walter R. Lutz, 70 S. Terrace-av. that he needed a cat to guard against rats which were invading his place of business. Mrs. Lutz agreed to furnish him with a cat but by the time it was delivered it was "a cats" and the collection has proved to be quite an attraction . . . Harold says the mother cat takes time out from looking after her family to eliminate the rats, having killed a large specimen recently and then brought it out in the open to be disposed of . . . he didn't say whether she could cook or not.

HERE AND THERE

Winifred (Tommy) Carpenter is in Baltimore this week visiting her sister, Edna . . . Frank Neff, manager of Gregg's Market on Sullivant-av, is in University Hospital recovering from an operation performed last week . . . Miss Ruth Rayburn of Buckeye Lake, formerly of the Hilltop, is visiting this week with her sister and brother-in-law, Mr. and Mrs. W. Wilson . . .

Ray F. McVay, Jr., is reported to be in action with the Ninth Air Force in France . . . Jack Wolfe is back at the front with his outfit in Italy after spending a time in a hospital in that theatre . . . In a letter to Dale Rose, Lt. (j. g.) Orrie D. Lehman, USNR, former Junior High coach here, reports that he has finished his Navy indoctrination course and would visit here for a short time before reporting to Harvard for a communications course.

VALUE OF SUGGESTIONS

The value of suggestions in small or large businesses was shown this week when it was announced that Mrs. Miriam Bennet, 664 S. Richardson-av, and an employee of the Curtiss-Wright Corp., was given an award by the War Production Board for saving money by speeding up the production of Helldiver parts . . . this is a typical example of the plans set up in most all factories to encourage suggestions by employees for improvment of production and methods of operation. There is a lot of money spent this way each year but facts have proven that this is a very worthwhile item of each factory budget.

PICNIC IN THE PARK

The bingo game at the shelter house in Westgate Park Wednesday evening was played by more than one shivering citizen . . . as the sun went down so went the temperature bringing out the coats and giving the picnic an atmosphere of a football game . . . which reminds us that football games will be here soon, as 95 report for practice at West High and 57 at Ohio State.

Attend Convention

Representing Camp Chase Post No. 96 American Legion at the State Convention held in Columbus this week were Arthur Beller, Chester Wagner, Michael Austin and Horace J. Swain, Commander of the local post.

Coach Rose stated that it's too early to make any predictions or selections in regards to the personnel of the first or second teams but from all indications there will be spirited competition for each of the eleven starting births. Another week of conditioning and fundamentals should bring many of the boys to the front.

Brown President Of State Shorthand Assn.

Ralph O. Brown, 280 Binns-blvd, of the Reporting Firm of Armstrong & Okey, and an official shorthand reporter of the Common Pleas Court of Franklin County, was elected president of the Ohio State Shorthand Reporters Association at its annual meeting in Akron, on Saturday.

Pilot Killed In France

Mrs. George Smith, 149 N. Burgess-av, has been notified that her son, 1st Lt. George J. Smith, 24, was killed in action Aug. 6 in France.

Co-pilot of a B-26 Marauder, Lt. Smith had completed 65 bombing missions since going overseas in Sept. 1943. Before entering the service, he was an employee of the Ohio Farm Bureau.

He is also survived by two sisters, Mrs. Leo E. Stenger, Lancaster, and Mrs. Otto Emmelhainz, Hilliard; three brothers, Bryan Smith, 1328 Haines-av, Bernard, serving with the army in Italy and Lt. Charles Smith, with the Navy stationed at Kingsville, Tex.

Playgrounds To Stay Open; Waste Paper Drive Ends

City playgrounds are scheduled to stay open indefinitely, it was announced this week after a decision by the city recreation department.

Originally planned to close at the end of the vacation period, it was decided that the value of the program being conducted at the various parks warranted a limited operation of the recreational facilities during the after-school periods each day and Saturday.

Drive Closes

With the closing of the park-operated waste paper drives this week, it was revealed by Dale Rose, Westgate supervisor, that the park had received a total of more than 15,000 pounds of paper since the opening of the popular activity.

Children of the Hilltop were urged to refrain from bringing in any more paper as it cannot be disposed of after this week through this source.

$13,000 In War Vet Pledge Fund

A total of $13,000 had been pledged to the War Veterans Memorial Fund at the end of last week, it was announced chairman of the drive. This chairman of th edrive. This figure represented a total of 1336 pledges to date.

McVay stated that numerous people that were contacted were under the impression that a service man had to be sponsored with a pledge to the fund in order to have his name appear on the honor roll on the proposed building. He explained that this was not the case. All service men known to have served in World War II from the Hilltop would be included, but urged the public to make their pledge and sponsor a boy or girl in order to insure both names finding a place on the walls of the building.

Two Runs By Local Fireman This Week

Fewer runs than week's previously scheduled were made by the local engine house this past week.

Friday a run was made to 58 S. Eureka-av, after an alarm had been turned in regarding burning sulphur candles.

Wednesday an emergency squad rushed to Broad-st and Glenwood-av, where Caroline Miller, 50, 104 N. Hague-av, was suffering from illness.

Men, Women And Children

"And a good time was had by all" . . . could very well be the complete story of the Hilltop Business Men's Association, family and employee picnic held at Westgate Park Wednesday afternoon and evening . . . yet a more detailed account of festivities should be in order . . .

The more or less featured event of the affair was the ball game between the Broad-st and Sullivant-av teams which lasted the regulation three innings . . . regulated to fit the program timing and possibly the stamina of the participants . . . anyway the Sullivanteers came out on the long end of a score of 20-15.

Contests Are Interesting

A card race for children seven and under was won by Janet Harvey . . . Charles Wright captured the ankle race for boys eight to ten years of age . . . the girls between the ages of eight and ten entered into a shoe race with Joyce Roberts coming out in the lead . . . Scottie Roese Dies Of Wounds in France

Well Known Hilltop Boy Was In Action In Normandy Since D-Day

S/ Sgt. Scott L. Roese, 28, died in France July 30th as a result of wounds received in battle, according to a War Department telegram received here Monday by his mother, Mrs. Lincoln Roese, 204 S. Harris-av.

Sgt. Roese was among the first American troops to hit the Normandy beachheads on D-Day, and according to his letters, had experienced 45 days of bitter fighting prior to the time of his death. In letters to his mother and friends here, he had vividly described the horror of the bloody battles on the beaches and plains of Normandy, and had sent home several souvenirs, including German propaganda letters which had been dropped to American troops on the battlefield by enemy planes.

A member of the old Ohio National Guard, Sgt. Roese entered active service in October of 1941 when the guard was mobilized and absorbed into the regular army, and took his basic training at Camp Shelby, Miss. Later he was stationed with an infantry company at Curasas Island in the Dutch West Indies.

Returning to the states, he volunteered as a paratrooper from which he was later transferred back of the infantry. He was sent overseas in December of 1943 where he was stationed in southern England prior to D-Day.

Roese was well known on the Hilltop where he attended West High School and later sang with Hugh Monoco's orchestra in the Ionion Room of the Deshler-Wallick.

Besides his mother, Scott is survived by two brothers, Ray, staff singer at WBNS, and Robert, also in service, and four sisters, Anna, Ida, Betty, and Rebecca. His father, Lincoln, preceded him in death by approximately three months, although he had never been informed of the fact.

While stationed in England, Sgt. Roese sang with an OSU band on several occasions and also sang at various English churches.

IN TRIBUTE

AN EDITORIAL

The death of Wyatt L. Millikin this past week came as a shock to his many friends and a loss to the community in which he lived.

Mr. Millikin represented the Hilltop in City Council during four different terms, served as city treasurer and was at one time a candidate for mayor. During all these years of public service he kept the interests and welfare of the Hilltop in mind, at the same time taking an active part in the business life of this area.

As a councilman he was instrumental in bringing many improvements to the Hilltop. Outstanding in his list of accomplishments was improved surfacing of West Broad Street from Hospital Hill to the city limits; installation of larger storm sewers on Hilltop streets; expansion aand improvement of Westgate and other Hilltop parks; and an increased number of traffic lights on West Broad Street.

Although retired from public life Mr. Millikin will be missed on the Hilltop as a public official, as a business man and as a neighbor and friend.

Miss Juanita Wynes, Mr. Richard Bricker Wed Recently In Zion Lutheran Church

Before an altar decorated with palms, ferns, and lighted by six-branch candelabra, was performed the ceremony when Miss Juanita Wynes, daughter of Mrs. C. F. Wynes, 1930 Genessee-av, became the bride of Mr. Richard A. Bricker, 598 S. Terrace-av. With the Rev. Otto F. Small buttons extended from the middle of the neck to the waist where the dress extended into a ful circular skirt. She carried a bouquet of bridal roses, stephanotis, and carnations. Her only jewelry was a chain with a gold cress, a gift of the bridegroom.

Best man for the bridegroom was Mr. Robert Schumacher. Mr. Harold Bulk and Mr. Don Ziegfield served as ushers.

The bride's mother wore a dress of light blue crepe with white accessories and a corsage of white roses and carnations.

Hilltoppers Have Offered Services For Non-Sectarian School Affair

The members of the St. Euphrasia's Auxiliary, an organization of Columbus citizens interested in the work being done at the Home of the Good Shepherd on Sandusky and Broad-sts, are planning a garden party to be held on the grounds of the home Wednesday, Aug. 30 from 3 p. m. to mid-night.

The proceeds of the party are to be used to equip a Homemaking Apartment, a Beauty Parlor and a Science Laboratory for the high school students of St. Euphrasia's school. This school is one of the units that comprises the Home of the Good Shepherd and is a non-sectarian residential school for girls requiring special training and supervision that they may become desirable and useful citizens.

The order of religious women who conduct the Good Shepherd Home have given this special service to Columbus since 1869. From then until the present time over 7,000 children both problem and dependent have been rehabilitated, educated and protected by the Sisters.

While the quota contributed by the Community Chest partially helps to defray expenses, it does not meet all overhead involved in supplying equipment for the various units and in establishing new branches of vocational training for the students. For this reason the Auxiliary is conducting the garden party.

Mrs. Michael DeAngelo, who is in charge of the affair promises much of interest at this social. A $1,000 War Bond heads the prize list and there will be booths displaying beautifully embroidered linens and practical home adornments. Games and other prizes will be on the list and refreshments will be served. Special prizes will be given at 4-6-8 and 10 p. m. The public is urged to attend.

Anyone interested in the rehabilitation, educational and protection of young girls is invited to become associated members of St. Euphrasia's Auxiliary by contacting Mrs. DeAngelo of 1971 Summit-st.

To date the following residents of the Hilltop community have offered their services:

Mr. J. A. Foustle (publicity), Mrs. W. Yeagley, Mrs. David Tarpy, Mrs. Wm. McNary, Mrs. Margaret Gelpi, Mrs. J. E. Graham, Mrs. F. Cuhlman, Mr. and Mrs. Richard DeShetler, Mr. and Mrs. Melvin Burkhart, Mrs. John Stack, Mrs. Leo Falter,

Mrs. Earl Reau, Mrs. Louis Wagner, Mrs. L. E. Kruzenski, Mrs. Walter Beigler, Mrs. Louis Wagner, Mrs. J. Pteack, Mrs. Raymond Disney, Mrs. John Green, Mrs. Paul Davis, Mrs. S. DeShetler, Mr. Frank Schneider, all members of West Side Knights of Columbus, Eagles, Foresters.

In case of rain, the party will be held the first clear night.

Westmont Invites Record Readers To Join Birthday Club

The management of the Westmont Theatre this week extended to the readers of the Hilltop Record an invitation to join the Birthday Club. All they have to have is your name and address and the date of your birthday. And, also, the name and birthday of each member of your family. On each anniversary of your birthday, you will receive birthday greetings and a complimentary ticket to be used at your pleasure to attend a performance at the Westmont Theatre.

For sometime now the Westmont Theatre has had their Birthday Club in operation, and have many members but not nearly as many as we would like to have. It is their ambition to have everyone who is a reader of the Hilltop Record and their families, belong to the club.

There is no obligation, but is purely a wish that friends and customers shall be the guest of the theatre each year on their birthday. Cut out the coupon above and mail or bring it to the Westmont Theatre box office in order to be immediately enrolled in the Birthday Club.

Alternative Coal Lot of Late Orders

Dealer shipments for domestic coal are becoming more difficult to obtain and the continuing diversion of carriers to hauling industrial and lake supplies will complicate the coal situation for householders as fall approaches, was the opinion of The J. M. Jackson Fuel Co., in answer to a query on the consumer coal problem.

According to Mr. Jackson, coal users are running a risk of having to accept some alternative coal other than their usual preference if they postpone ordering too late in the fall. 'Pocahontas and the better known grades of West Virginia and Kentucky prepared coals are especially scarce items," he said, and added that, "the best assurance of getting the coal desired is to place an order immediately with the dealer so that he can fill it when such coal is available to him."

Broadway Shoe Store To Display Service Goods

The Broadway Shoe Store, 2390 W. Broad-st, has announced this week that it will have on display in its show window a group of war products of the U. S. Rubber Co. from Saturday, Aug. 27, through Thursday, Aug. 31.

The various rubber service products are being displayed in an effort to show the reason for the inability to supply Ked gym shoes and Keds play shoes which, among various other shoe items, require rubber soles in their manufacture.

Those items to be displayed are: five-man Navy life raft, rubber seaman's suit, Army raincoat, Navy and Army flying boots, canvas and rubber jungle boots Navy style rubbers with safety soles and various other items of equipment.

Vol. XXVIII, No. 19 | The Hilltop, Columbus 4, Ohio, Friday, September 1, 1944 | Total No. 1327

AND THEN CAME FALL

With a low temperature when you go to work in the morning, nights that are made for sleeping (but in some cases not used for that) husky boys in brown and buff uniforms trodding the green turf over at West High, and even the precinct voting booth down on Terrace all slicked up with a new coat of silver paint . . . then to Hilltoppers, Fall is just around the corner.

HERE AND THERE

See that Lt. (jg) Frank Richey, who brought West High football fans to their feet with his dazzling runs and bullet-like passes back in 1936 and '37 A. D., was back in town this week and showing his interest in sports by taking in the State Softball Tourney at Hospital Field . . . also reported in town was Lt. (jg) Suzie Cleveland, looking mighty fine in a white WAVE uniform . . .

Dave Dupler, manager of Chubby Mkt. ball club had a very strange sounding voice when he called in to the Record office last week. He finally explained that he was sitting atop a telephone pole in the North End and talking over a headset. He sounded like a featured player in one of those ghost operas . . . and speaking of shows, who could beat "The Story of Dr. Wassel" shown at the Rivoli this week for entertainment. We thought it was one of the most soul-stirring storys that has ever been filmed.

West High's new assistant coach, Arthur "Mac" Pemberton was to have moved into a recently purchased home on S. Brinker this week . . . and a boy was seen riding a bicycle through Westgate with a large windshield which completely dwarfed the boy and bike. Maybe he is starting now to guard against those cold wintry blasts due to sweep down Broad-st. this winter . . . and there was the young Miss on the Record staff who dropped into Seillers to purchase a smock for use in keeping her clothes clean when working around ink, and was directed to the maternity clothing dept. She got so excited that she came back without the article . . . Frank Neff is reported to be improving in University Hospital from a recent operation.

MEET AT PEARL HARBOR

Hazel Calland Boehm is in Cleveland as a buyer for Higby's where she has worked for over a year . . . and her brother, Harold, is working in the Pearl Harbor Navy yard where he reports he has met many Hilltop people, most recent of whom have been Bob Day and wife.

IN ANOTHER INVASION

In a letter to Mr. and Mrs. Dave Cornwell, their son Bob reports that he took part in the Southern France invasion, going in with the first wave after landing in Normandy with the second wave of the D-Day invasion there . . . Bob says he has been stationed on his boat continuously since 10 days before the invasion and has not yet had much time to look around on the captured beacheads.

West Eleven Beginning To Take Form

West High School Cowboy football practice shifted into high gear this week with sessinos being held twice daily and dividing of the aspirants into an A and a B squad in order to work running and passing plays with the large squad.

The B squad now practices once a day at 9:00 a. m. with the A squad working out at 9:00 and 6:00 p. m. This, according to Coach Dale Rose, was made necessary in order for all of the boys to have uniforms.

Although no positions have been cinched at this early date, the following boys, because of their experience, seem to have the inside track on a varsity berth:

Ends—Jack Buckingham, Jack Moore, Bob Miles, Donn Haines, and Austin Hutt.

Tackles—Dick Lane, Carl Hosler, Bill Eckle and Bob Cassell.

Guards — Sam Estell, Rennick Parkey, Virgil Crawford, Charles McKee, and Frank Deyo.

Centers — Harold Buchanan, Bill Thomas and Dick Gubsch.

Quarterbacks—Dick Slager and Donn Haines.

Fullbacks—Dick Ison, Francis Sapp.

Halfbacks — Bob Minton, Lee Dienst, Walter Dean, Paul Anderson, Dick Carey, Bill Smith, Bruno Masdea.

The coaching staff of Rose and Arhtur Pemberton report that all of the boys are working hard and the above listed positions will undoubtedly change as men are shifted and others show more promise through experience.

Parkey and Crawford are being used alternatively between guard and halfback which, with the fast-stepping Smith and Masdea added to six other experienced men at half and the veteran Dick Ison at fullback will give the Cowboys a world of talent on their T-formation plays.

Sailor Vet Comes Home; Reports of 17 Months Abroad

Bob Rose, Y 1/c

Bob Rose, Y 1/c, who was overseas for 17 months, returned recently to his home at 2195 Springmont-av, for a 32-day leave.

The son of Mr. and Mrs. Cecil Rose, he entered service in December, 1942 and was graduated from West that same year "en absentia." Following his training at Norfolk, Va., for advanced base units, he was shipped overseas.

Rose, a veteran of Oran, North Africa and Algeria, reports that the stucco and adobe homes are beautiful but that the other buildings are usually narrow, as are the streets. Arabs, themselves, are colorful, but dirty.

At Bizerte, Tunisia, there was nothing, for it was there that German resistance was blasted and fighting had leveled buildings and homes to the ground.

Bob was along when Sicily was invaded, landing at Licata, and Porto Empedocle, a port along the southern coast of Sicily. He was at Palermo until December, 1943 when he was sent by air to London where his duty was on the staff of Rear Admiral A. G. Kirk, who was head in command of Naval Task Force in the invasion of Normandy. Aboard a cruiser, Yoeman Rose accompanied troops in the D-Day invasion, and was returned to England after 28 days of severe fighting.

He arrived in Scotland August 1 where he made arrangements to come to the States. His ship, the Queen Mary, docked at New York Harbor on August 12. Rose will return for duty September 16.

Hovermale, general secretary of home missions and church erection, will be the speaker at the morning service. Plans for the remainder of the day have not been completed as yet.

A debt eradication program was undertaken in the fall of $11,000 representing the last inowed approximately $25,000 on its building. In June 1943 the debt had been reduced to $11,000. Final payment was made on Aug. 21, of this year.

A special committee composed of Ralph Brown, chairman, Ray Anderson, Mrs. Hazel Schofield and Mrs. Edna Campbell, has been named to make arrangements for the Sept. 17 celebration.

Rev. Clayton Lutz, pastor of the church, and Mr. Anderson, lay delegate for the congregation, have been attending the 44th Annual Southeast Ohio Conference at Westerville this week.

The families of two boys formerly reported missing in action by the war department have been notified that both have been made prisoners of war by the Germans.

Mr. and Mrs. Wm. Wolfe, 174 S. Eureka-av, whose son was previously announced missing since July 12, again received word from the War Department, explaining that Sgt. Edwin Perry Wolfe had been made prisoner of war by the Germans.

He was graduated from West High School and Findlay College. Following his entrance into service, February 1943, he went to Camp Swift, Tex., and was sent overseas last October.

He was serving with the 63rd Infantry in France at the time he was taken prisoner.

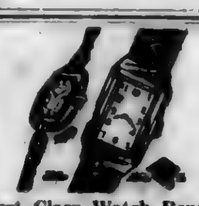
SALVAGE NEWS

Collection of kitchen fats in July was 6,500 pounds less than in June, in Franklin County. The County salvaged 62,613 pounds in July, smallest amount since last January.



This points to the danger of over-confidence as we approach the final stages of the war. Suppose the soldiers landing on a Pacific island said: "Guess I just won't bother to fight any more—the war's almost over"!

Every military man knows you can't let up till victory is finally won. We still need explosives (production of certain sizes of shells is behind schedule). Explosives are made from glycerine, and glycerine is made from fats.

Save every bit of your kitchen fats. Melt and strain into a wide-mouthed container (not glass). When you have a pound or more, take it to your meat market. You will receive 4 cents per pound and two red ration points.

Use these fats all you can first. It is just the waste fat that is wanted—fat you would otherwise throw away.

Pictured above are scenes of waste paper collection at Glenwood Park which were indicative of the interest shown by school children all over Columbus. In the lower picture, Robert Crispin, son of Mr. and Mrs. M. B. Crispin of 655 Hilltonia-av, is standing atop part of 8,826-pound total which brought him second place in the city race.

The Recreation-sponsored waste paper drive closed last week with a total of over a quarter-million pounds of paper being cleared through all of the city playgrounds. Of this total, the three Hilltop parks, Westgate, Glenwood and Holton, delivered approximately 60,000 pounds to the collection companies.

Proceeds derived from the sale of the paper will be turnback into improvements for the various playgrounds, with each park being allotted the amount of money derived from its own credited collection, according to Nick Barrack, city recreation director.

The 15 top-ranking boys and 15 highest girls were to have made a trip to Lockbourne Thursday as guests of the air base officials. Hilltoppers included in this group, besides young Crispin, were: Robert Leininger, 2382 Applest. with 3308 pounds delivered to Holton Park; Alice Janet Weiler, 533 Woodbury-st, and Mary Fox of 845 S. Wayne-av, with 6002 and 3500 pounds re-spectively delivered to Glenwood; also Margaret Huston, 291 N. Ogden-av, with 2725 pounds, and Mona Sue Gary, 281 N. Burgess-av, with 2512 pounds, both collected at Holton Park. Westgate did not have any individually high enough to rate the trip, but was up with the other two parks in total poundage. The number one girl and boy will each be given a special prize, it was announced by Barrack.

Free shows for children bringing in 10 pounds or more will be held this afternoon at 2:00 at the Rivoli, Ritz and Westmont. This will close the most successful waste paper drive in Columbus to date.

Old—But Modern Methods

Funeral Service is perhaps the oldest profession in the world. But unlike some professions which date back into antiquity, it has kept pace with the advance of civilization.
The mortuary of today is as modern and spotlessly neat as a hospital, as scientifically accurate as a chemical laboratory. Modern equipment—modern methods, each a step forward to More perfect service. Visit our home—it is always open for inspection.

Richard Baker Writes of a Service Man's Life In South Pacific

Pvt. Richard Baker.

From New Guinea comes letters from Pvt. Richard Baker, son of Mr. and Mrs. W. M. Baker, 133 S. Brinker-av, telling a fascinating story to civilians at home, but which to the boys stationed there, became life in "just some other place."

At first, even the widely publicized habit of driving on the left in British islands seemed a bit strange, but soon church on Sunday's, Red Cross shows every day, a library with "quite a collection" and movies every night made American Yanks feel at home.

Things somewhat harder to become accustomed to are tents "like an Arab camp" and darkness at 7 p. m.

The natives, popularly called "fuzzy wuzzies" by American servicemen, are one of the country's sights, for they bleach their hair which turns it red and makes it bushier. "They are a very handy people, and do a go d job building framework for our canvas houses," Dick adds.

The first letter was written while he was still "somewhere on the Pacific."

July 7, 1944

Dear Dad:

I don't know what to write so I'll just tell you what I am doing. I'm in rather a lazy position on a top bunk of my stateroom. Don't think that we are having a free time of it, because we aren't but this room was originally on the order of that. I am decked in a sloppy suit of fatigues and topped off with a sailor hat. The only things to do are sleeping, occasional reading and water gazing. We've had to work in the galley every other day. It's not a good job, but we have extra good eats and have more to do than lay around. Have had a good time other than a bad case of indigestion caused by too much food and not too wise eating. I like the Pacific, but am getting tired of being a sailor.

Excerpts from two other letters follow:

July 18, 1944
New Guinea

We came ashore in "Ducks." The first view of New Guinea was quite a sight and along the shore was fairly nice, but soon enough it shed all change to just "some other place."

July 30, 1944

Dear Mother:

This water over here is a bit strange and you know how you can't seem to get enough but the more you drink the worse you feel. I don't like the coffee they make here and they seldom have fruit juice beverages. Down where I work, once in a while they have the best tea with ice. I really fill up on it. That's the trouble with the water here; it's never cold.

It's so close to home today. Must be the Sunday. As I lay in bed this morning I felt just like I was home in bed. The airplanes here sound just like the transports at home (in fact that's what they are here) and they seem to make me think of home more.

Local Man Promoted

Reed W. Varner, son of Mr. and Mrs. Chas. Varner of 163 Eldon-av, who is serving with the Navy Air Corps somewhere in the Pacific has been promoted to Lt. (jg).

He is a graduate of West High and of the School of Forestry of the University of Michigan where he also received his Master's Degree in Forest Pathology.

STARTING THE JAPS' FINISH AT HELLDIVER TRAINING SCHOOL

What the ambitious, patriotic men and women in this picture are learning in the Curtiss-Wright Training School is a definite part of the "lesson" U. S. Navy flyers in their Helldiver dive bombers teach the Japs in the Pacific.

Why don't you learn to help build dive bombers? Your services are urgently needed to help end the war quicker. The Training School is right at the plant and you earn while you learn. After only a few weeks you are ready for a well-paid job on the production line. This is a time for action. Get in a personal rap at the Jap! Talk to a Curtiss-Wright interviewer at once!

Vol. XXVIII, No. 20 | The Hilltop, Columbus 4, Ohio, Friday, September 8, 1944 | Total No. 1328

THE PITTSBURGH INCIDENT

The Hilltop Merchants baseball club started for Pittsburgh last Saturday a. m. with high hopes a-plenty of copping the National Junior Amateur Tournament there, but, alas, the boys hit a stump on the road to fame and were knocked off to the tune of 11-1 by the home town boys of the smoky city . . . Jim McClintock, youthful manager of the squad, has a very detailed and lengthy explanation of the entire incident, excerpts of which are:

The game was played high on a windy hill, in fact so high that fly balls were lost in the clouds; the right field fence was so close you could spit over it but a hit in that direction was held to a double, and last but not least, the diamond and outfield sloped so badly the catchers couldn't see to throw to second base and the shortstop had to throw at a 30 degree angle to get the ball to first base.

Jim also insists that the street-car tracks were all taken up and put away each night then relaid in the morning . . . whee-e-e-e . . .

BUSY MAN

Rev. M. H. Schramm, 69 N. Hague-av, is now lecturing around the state after spending many years in India as a missionary with the American Lutheran Church. He first went to that country in 1924 and since that time has spent most of his life there except for periodic furloughs back to the states. The Rev. is also teaching at Capital University in his spare time . . . quite a busy man.

HERE AND THERE

Grace Pinsenschaum, 120 N. Chase-av, who taught for the last few years at Hamilton-twp. school, is now teaching in a school near Canton . . . Jack Seymour and Bob Maxwell took an un-premeditated trip to Cincinnati where they spent the Labor Day week-end just drifting around the city . . . now that's our idea of rough-in' it" . . .

Again the Hilltop came up first when Maycel DeRubertus, 644 S. Harris-av, was the first of the taxi operators to pay the new $100-per-cab license hike which will go to help replenish the city recreation fund . . . although the dough was not due in the exchequer until Sept. 21, Mr. DeRubertus, who probably thought he had better get some of that Sept. 21 activity off his mind, came through far in advance . . .

"Butch" Grenell is reported to be visiting his parents, Mr. and Mrs. Walter Grenell of 219 Powhatan-av, while enjoying a furlough . . . a visitor to the Record office this week was Don Mathews, who was also home on a short furlough . . .

Mrs. D. H. Elliott of 2614 W. Broad-st. is reported to be seriously ill in Mt. Carmel Hospital.

RATION BOARD ON VACATION

Theodore Webb and John Barton, chairman and chief clerk, respectively, at the local ration board, are enjoying a fishing trip in Michigan this week. The boys are reported to be dipping their silk in Mullet Lake, and oh yes, there is an eye-witness to the fact that they went by train . . . we know would be a good idea to run that help-wanted ad.

BOWLING LEAD-OFF

Parks Coal Co. led off the bowling season with a win over Gracie's Tavern (with a keg of refreshment at stake . . . outstanding rolling was done by Tony Thomas of Parks Coals who came up with a 180.

LIFE BEGINS AT FORTY

Jack Shank had another one of those birthdays Tuesday . . . he says, "I certainly hate to get in my forties" . . . but look what followed in the week: A wedding anniversary on Thursday, then he read of his nephew being among those evacuated into Italy after being listed as missing for eight weeks . . . Why should Shank kick about age advancement?

Memorial Fund Drive Is Resumed

After a short lay-off in the drive to solicit pledges for the Veterans Memorial Building, the flying squadrons of Legionnaires were again at work Thursday evening in an attempt to boost the total fund well above the present $13,890, according to the Camp Chase Post committee, sponsors of the drive.

It was announced that $8,948 had been paid into the Hilltop Office of the Ohio National Bank, leaving approximately 4700 dollars yet to be paid on the 1383 pledges made to date.

Drive committee members stated that the campaign might possibly be extended over the previously intended closing time in order to provide the most adequate memorial possible for the returning veterans.

A partial list of contributors to the fund appears on page three of this issue of the Record and will be repeated periodically as the total amount of the pledges increases.

"A" Book Deadline Sept. 15

Early Application Is Necessary

Residents of the Hilltop were urged this week to acquire "A" book gasoline ration forms, fill them out and return to the Local War Price and Rationing Board in order to have their new "A" ration by the time the old coupons expire on Sept. 21.

The following information is forwarded by the board in order to help in expediting early possession of the books:

1. You may secure an application at any gasoline station on the West Side.

2. Fill out the application. Do not write in space within heavy lines. Be sure to sign the application.

3. Address your envelope to War Price and Ration Board No. 10, West Broad and Sandusky Streets. Place large letter "A" on the envelope. (Reason for this is that the regular Ration Board mail will not be interfered with.)

4. Place in the envelope: (a) the filled out application form; (b) the stub of your present "A" book; (c) your tire inspection record. If you have lost your tire inspection record send in your application without it.

5. If you have lost the stub of the "A" book you must send in your registration card that you received when you bought your license tags. The Board will return the registration card after making proper notations on it.

6. Send in your application at once. Certainly not later than September 15, because you will need your new "A" ration book after September 21.

7. Your "A" book will be mailed to you with a Mileage Rationing Record. You will need this record when applying for supplemental gasoline rations, so do not lose it.

Application forms for the new "A" ration coupons are also available at the Hilltop Record office at 2455 W. Broad-st.

Cowboys Gird For Opener

Team Is Reduced To 50 Players

The Cowboys of West High School began concentrating on defense planning this week in preparation for their opening game with Springfield's always strong squad on Sept. 15.

Appearing to be good bets for starting positions are: Jack Buckingham, left tackle; Dick Layne, left end; Sam Estell, left guard; Harold Buchanan, center; Virgil Crawford, right guard; Carl Hosler, right tackle; Donn Haines, right end; Dick Slager, quarterback; Dick Ison, fullback; Rennick Parkey, a converted guard, at left half, with a toss-up existing between Paul Anderson, Walter Dean, Francis Sapp and Bill Smith for the right half spot.

With an assortment of backfield talent, the Cowboy coaches were more concerned about the problem of line replacements where some of the more promising substitutes are Dick Gubach at center, and Bob Miles, Ed Moore and Jack Moore, who are pushing the first stringers for a starting berth.

Game uniforms were to be fitted for the varsity Thursday evening, with the reserves going through a stiff work-out on the field.

Ream, aviation machinists mate (8c), son of Mrs. George F. Ream, 30 S. Eureka-av, at 8:30 o'clock Wednesday morning, August 30. Miss Boyd was given in marriage by her father, Mr. Harry O. Boyd, 361 W. Hubbard-av.

In St. Francis of Assisi Church the double ring ceremony was performed by the Rev. Father Francis Reynolds. A program of wedding music was given by Miss Ann Volt, organist, and Miss Jane Marie Cavello, soloist.

For her wedding, the bride chose a white satin wedding gown fashioned with long pointed sleeves, sweetheart neckline and a full skirt extending into a train. Her fingertip veil of illusion was gathered to a band of orange blossoms. White roses and asters formed her bridal bouquet. A single strand of pearls, gift of the bridegroom, was her only jewelry.

Miss Clara Boyd served as her sister's maid of honor dressed in an aqua-colored gown having a lace bodice with short sleeves and a sweetheart neckline and a full skirt of net material. She carried an arm bouquet of yellow roses. The bridesmaids' gowns were identical to that worn by the maid of honor, Miss Miriam wearing yellow and Miss Julia Moretti wearing pink.

Pfc. George Boyd, brother of the bride, served as best man for the bridegroom. The ushers were Tech. Sgt. Paul Morrow and Private James Longenbaker.

For her son's wedding Mrs. Ream chose a blue dress with brown accesories and a corsage of mixed pink flowers. Mrs. Boyd attended her daughter's wedding and was hostess at a reception for 125 guests which was given in her home during the afternoon. She wore a blue ensemble with a corsage of mixed pink flowers fastened to the shoulder.

The bride is a graduate of St. Mary's High School and the bridegroom is a graduate of Holy Rosary High School. Before entering the armed services he was associated with the Pennsylvania Railroad Co. Mr. and Mrs. Ream left Thursday evening for Norfolk, W. Va., to make their home while Mr. Ream is stationed there.

Hilltoppers Urged To Start Christmas Service Shopping

"Save strong and box material and start to plan shopping," Postmaster General Frank C. Walker advises Americans in announcing the rules for mailing of Christmas gifts for Army and Navy personnel overseas.

"This year the Christmas mailing period for both Army and Navy overseas forces is the same as September 15 to October 15. After October 15 no gift parcel may be mailed to a soldier without the presentation of a written request from him.

The great demand upon shipping and the need for giving preference to arms, munitions, medicine and food is the prime reason for the early mailing date. Moreover, gift parcels must travel great distances to reach Army and Navy personnel who are located at remote points, and frequently the transfer of large numbers to new stations necessitates forwarding of the packages and additional time is required.

"The response that our people made last year during the overseas mailing period demonstrated that they will cooperate in any measure designed for the welfare of our armed forces personnel," Mr. Walker said. "It is not easy to concentrate on Christmas gifts in the midst of warm weather here at home but our people recognized the need, and because they want the men and women who are absent from their homes to know that they are not forgotten at Christmas they took pains to assure prompt delivery of Christmas gifts.

"I know that our people will observe the overseas mailing schedule once more this year but I do wish to stress this fact: More care must be taken in wrapping and packing parcels securely and addressing them clearly and correctly.

"It is not a pleasant thing to visit a postal concentration center and see the numbers of Christmas parcels which will never reach servicemen and servicewomen. Post office personnel have orders to do everything they can to effect delivery of such gifts, because we know how important they are for the happiness of the armed forces. Too frequently, nothing can be done.

"I am sorry that anyone ever mentioned that the size of a shoe box is the approximate limit for packages intended for gift mailing overseas. Unhappily many people became convinced that a shoe box is the best possible container. We must be mindful that these gifts must travel far, with shipping space crowded. If the gifts are to be protected in transit they must be packed in boxes made of metal, wood, solid fiberboard, or strong double-faced corragated fiberboard, reinforced with strong gummed paper tape or tied with strong twine. If both tape and strong twine are used, so much the better. If the outer wrapper is crushed—and this is likely to happen—the loss of contents may be prevented if fiberboard boxes are wrapped in heavy paper.

"We were unable to deliver many parcels which families and friends sent to men and women overseas last year because they were crushed in transit and the gift and the outside wrapper became separated. We would have been able to make delivery if the address had been shown on the inside wrapper. We advise that everyone write the address of the sender and addressee inside the package as well as outside.

"Christmas gifts mean much to our people overseas. Because strong twine, heavy paper and boxes and fiberboard will prove of real help in making delivery of gifts possible I urge those at home to begin saving these materials now. As time goes on they are going to become even more scarce than they are now."

Among the more important rules for Christmas mailings to the armed forces overseas are the following:

The parcel must not exceed five pounds, and must not be more than 15 inches in length or 36 inches in length and girth combined. It should be marked "Christmas parcel" so that it may be given special attention to assure its arrival before December 25.

Not more than one parcel may be mailed in any one week to the same member of the armed forces by or in behalf of the same mailer.

When combination packages are made up of such items as miscellaneous toilet articles, hard candies, soaps, etc., the contents should be tightly packed so that they will not become loosened in transit and damage the contents or the cover. Hard candies, nuts, caramels (including those "covered with chocolate), cookies, fruit cake, and chocolate bars individually wrapped in waxed paper should be enclosed in inner boxes of wood, metal, or cardboard.

Perishable goods, such as fruit and vegetables that may spoil, are prohibited. Intoxicants, inflammable materials such as matches or lighter fluids, poisons, and anything that may damage other mail also are prohibited. Gifts enclosed in glass should be substantially packed to avoid breakage. Sharp instruments, such as razors and knives, must have their edges and points protected so that they cannot cut through the coverings and injure postal personnel or damage other packages.

Relatives and friends who know that the personnel in the armed services to whom they plan to send gifts are at far distant points should begin to mail their packages on the opening day—September 15—of the mailing period. Last year late mailings, causing concentration of great numbers of packages in the final days of the mailing period, threatened to defeat the program. It is stressed that success can be assured, with the limited personnel and facilities available, only if the public gives full cooperation through prompt mailings of the overseas gift parcels from the opening of the mailing period.

Church To Burn Mortgage On Sept. 17

All-day Services Planned at Burgess

An outstanding day in the life and history of the Burgess Avenue United Brethren Church is planned for Sunday, Sept 17, when a mortgage, representing the final indebtedness of the congregation, will be burned.

This special occasion climaxes two years of an intensive financial drive, conducted by officers and members of the church, that started when a total indebtedness of approximately $25,000 still existed.

Dr. U. P. Hovermale, secretary of the Home Mission Church Erection Society, will deliver the sermon at the 10:30 service while Rev. Edwin E. Burtner, past minister of the church, will be the speaker at the evening service A pot-luck dinner open to all members and friends of the church will be held in the church basement at noon. The afternoon will be given over to an all musical program with short talks by several church workers.

Quartet To Sing

A men's quartet from Franklin United Brethren Church, former pastorate of Rev. C. F. Lutz, will appear on the evening program. Special musical features for the afternoon program have not been announced. The adult choir will sing in the morning service.

A committee on arrangements for the day is composed of Ralph Brown, Ray Anderson, Mrs. Hazel Schofield and Mrs. Edna Campbell. Mrs. Lillian Anderson will supervise the luncheon.

The church is anxious to invite all members and friends of Burgess Avenue to attend as many of the services as possible that day. This issue of The Messenger has been prepared to serve as that invitation and it is hoped that the building will be filled to overflowing for each of the three services and for the fellowship dinner to be held during the noon hour.

CALLING MEN AND WOMEN TO THE TRAINING SCHOOL

Don't let inexperience keep you from the highly essential work of supplying more Helldiver dive bombers to the U. S. Navy flyers in the Pacific.—

The Training School is right at the Curtiss-Wright plant, and almost at once you begin working with tools and machinery. Your pay starts the minute your training starts. After only a few weeks you are ready for a job in the plant, helping speed Helldivers off the production lines. Pay is good, working conditions most modern.

As the school bell calls children to class, make it a liberty bell that calls you to Curtiss-Wright to insure an earlier and lasting liberty for the world.

MAKE APPLICATION at the Employment Office, 4300 E. Fifth Avenue. You must comply with W.M.C. regulations.

General Graduates From Ohio State

Brigadier General Francis H. Griswold, 30-year old chief of the Eighth Fighter Command overseas, was included in the summer graduating class at Ohio State University.

General Griswold left Ohio State to join the Army in 1928, a few credits short of graduation. Since then he has completed many military programs — more than enough, the university faculty decided, to make up the 10 credit hours of science needed to meet graduation requirements. He has been awarded the bachelor of science degree in business administration.

Veteran Marine Writes Of Experiences in Marrianas

Verl Stout Consistant Correspondent Through Two Major Campaigns

A week after they had received a V-Mail from their son, Pfc. Verl Stout, saying he had no stationery, Mr. and Mrs. Dewey Stout, 90 N. Wayne-av, were sent another letter from their Marine son—this one written on Japanese paper.

First letter to have been recently received from Verl, who is with the 2nd Marine Division in the Marianas, was dated July 19. Excerpts from this, and three later letters, follow:

July 20, 1944

Dear Mother and Dad:

"Just received your letter of the 8th. It only takes air mail 9 to 13 days to get here; I think that's pretty good time for the distance it has to travel.

I bet Dad did have a good time up at Lake Erie. When this war is over, I sure would like to go up into Canada again, the same place where I was the last time, only stay longer.

The picture that was in the Record was swell, only you little overdid the write-up as I was never in Australit or New Guinea.

In the past two and half months I have spent five dollars and I still have three cents left. I have had those three pennies a long time.

Say, remember the buckeye I found when I was home on furlough? I still have it—where I go, it goes, too."

July 19, 1944

Dear Mother and Dad:

"Hope you don't mind the V-Mail. But I haven't much to say. I have been getting mail every day and they sure make me feel good.

We were eating out of a can for about three weeks, but the chow is pretty good now. I sure could go for a quart of milk. The last good milk I had was last October in N. Z.

Must close now.

Love,
Verl

On July 30 he wrote:

Dear Mother and Dad:

"Yesterday I received your letter dated the 18th. I am now on the island of Tinian, also here in the Marianas. I am feeling all right, a little tired, tho.

Sorry to hear about Earl Wilson; he was a swell kid.

Yes, I see John once in a while but not very often. If I have some luck I hope to be home the first part of next year, but don't count on it too much. Don't have any stationery with me at present, but will write you a letter as soon as I get the other part of my pack."

August 6, 1944
Sunday morning
(Japanese Stationery)

Dear Mother and Dad:

"The main reason I have not been writing much is I'm out of stationery. I am still on Tinian; it's much nicer than Saipan, I think. Sure is swell farming land, rich black soil, the best I have ever seen. Lots of rain and it really pours. There seems to be a breeze blowing here all the time.

There is a radio program from Japan—the "Zero Hour," trying to make us homesick, I guess, by playing records and they are really swell. It does more good than harm.

Went to church this morning. It's the first they have held on this island.

One of the new fellows, who just joined us is from Columbus and used to work at Godman's, knows Doane (Morgan) and Dad. His name is Buckley and lives on Yale-av."

Th elast letter, written on Japanese stationery, was enclosed in a hand-made, brown envelope.

To Mr. and Mrs. O. P. Nuetzel, 2930 Clime-rd.

Aug. 16, 1944
France, 3 A. M.

My Dearest Family:

It is now the middle of the night and I am dashing a few letters by kerosene light in the ward tent. Am on night duty from 7 P. M. to 7 A. M., and believe me it is dark especially with blackout at all times.

Got our first mail in nearly three weeks yesterday. I got 42 letters and see, I don't know when I will ever get them all answered. Also received the third box from you, very grand. Thanks a lot and also a box from Dorothy at the Economy. It certainly was nice of her.

We are still very busy and I guess it shall be that way until this mess is over. When I think of how the nurses' back home gripe because they have to work overtime, I wish they could be here. I have not heard one complaint from anyone for working eighteen to twenty hours and it's sure a pleasure to be in an organization where all of the nurses are happy, no matter how hard we work.

Doesn't seem as if it's been four months this week that I was last home. Gee, a lot has happened since then and I hope I can remember it all.

Did a family-size washing today in my helmet which is really a sight. I have to laugh every time I do it. Those modern conveniences we have are really nifty—Ha! Ha!

Played the organ for the first time over here last Sunday out in the open field. It was very impressive. These boys know what it means to pray and could doubly thank God for being able to be at this service. I talked four of my Psycho patients into going and held my breath all during the service for fear they would break into one of their wilder moments—but everything went off fine.

Will close for now, am well and happy.

All my love and kisses,
Your Roaming Daughter

Vol. XXVIII, No. 21 | The Hilltop, Columbus 4, Ohio, Friday, September 15, 1944 | Total No. 1329

SQUIRREL-DAY

At the break of day this morning the invasion of the woods was on in full force with hunters all over southern and central Ohio taking up arms and ammunition to make an attempt to bag a few of the wily bushy tails . . . the Hilltop had its share of hunters as license and ammunition sales have been high, according to reports . . . the shortage of ammunition dictates that you first buy your license, then you are eligible for one box each of shot-gun and rifle ammunition . . . providing of course, that the said ammunition is available . . . there will certainly have to be some dead-eye dicks this fall.

COWBOYS NO PUSHOVER

Springfield is in the good or bad spot of being the favorites when West's Cowboys make their opening appearance of the '44 season there . . . although some enterprising sports writers have pictured a sad event for the Cowboys, Coach Dale Rose will only say that "We are not going just for the ride" . . . and by the way, both Dale and Coach Morgan Jones of Springfield are starting their second seasons at the respective schools . . .

From recent appearances in practice scrimmage sessions, the Hilltop boys seem to be rounding into shape and look as though they will develop into a speedy and aggressive outfit . . . we would say that Springfield will have to be pretty much on their toes to stop the shifty Rose backs as they romp from their T-formation . . . but who can tell what will happen in an opening game with two unknown factors involved . . .

HERE AND THERE

Ed House is now a senior grade lieutenant in Uncle Sam's Navy and is stationed in Washington, D. C., with a home in Arlington, Va. Ed has been traveling around the country setting up educational courses for the Navy and relates many interesting experiences to local correspondents . . .

Shirley Springer, former Record employee, is enjoying a hostel trip with other Ohio Staters. They cover from 40 to 50 miles a day on bicycles, spend the night at a pre-arranged hostel and then start the pedaling again the next morning. They are scheduled to return here Monday . . . We would have to spend another week in bed to recuperate from a jaunt like that . . .

Nelson Eppert, of the U. S. Navy, is home on a 30-day furlough from Pacific action, and Bob Parks of the U. S. Parachutists is home . . . also enjoying a visit home are Don Oman, veteran of Naval action in the Pacific; WAVE Harriet Logan, 107 S. Ogden, and Bob Trout, son of the West Jr. and Senior teacher, who has been attending a Naval medical course at Philadelphia. Bob tells of his experiences in riding the Philly transportation system during the recent strike.

Pvt. Bill Moore is enjoying a visit from his wife at Ft. Leonard Wood, Mo. 'Tis said that Bill will accompany her back here for a short furlough. . . . Mrs. Dick Denter, 135 S. Ogden-av, is visiting her husband in Texas for a month . . . Pvt. Tom Stinson leaves very shortly for Army service . . .

WESTGATE DISPLAY

That display of service pictures out at Westgate Pharmacy is really a thing of beauty and has attracted much interest from passers-by and customers of the store . . . the display, which is to run through this month, is contributed by families and relatives of the men and women shown, and is arranged very neatly and artistically.

PURCHASES STORE

Glenn Shook, 720 S. Front-st, has purchased a confectionery at 2278 W. Broad-st, which he is redecorating. He will carry a general line of groceries, confections and will have a complete line of magazines and newspapers.

Cowboys To Open At Springfield

Tonight's Game To Start At 8:00; West Defeats Grove City in Scrimmage

The Cowboy football squad of West High School was ready to make the trip to Springfield this evening to do battle with Coach Morgan Jones' stalwarts in an effort to avenge last year's defeat.

Although the squad, as a whole, seemed to be in good physical condition, Coaches Dale Rose and Art Pemberton were more than a little concerned over the loss of veteran end Jack Buckingham who is laid up with an injured hand.

The Buckaroos will invade Springfield always well-filled stadium at 8:00 p. m. with the probable starting line-up of Bob Miles or Jack Moore filling in for the injured Buckingham at left end, with Donn Haines at the other flank; Dick Lane and Carl Hosler at the tackle positions; Sam Estell and Virgil Crawford at guard, with Harold Buchanan holding down the center spot to complete the line.

Backfield positions will be filled by Dick Slager at quarter, Rennick Parkey at one half with Walter Dean, Paul Anderson and Don Jenks vieing for the other halfback spot. Fullback duties will be held down by the veteran Dick Ison and Bill Smith, speedy 160-pound sophomore.

Well-Balanced Attack

West's coaches have been employing the T-formation with a single-wing attack tossed in at varying times to create a diversion. The T has shown considerable merit to-date with Quarterback Dick Slager feeding the ball to the speedy and hard-driving backfield. Parkey has shown promise of developing into a high-scoring halfback with long runs in recent practice sessions. The kicking department comes under the direction of Slager and Jenks with Ison providing that bruising punch when yardage is needed through the line.

The Cowboys traveled to Grove City last Thursday where they held a scrimmage game with the neighboring squad, coming out on top with a 19-0 score. Paul Anderson scored two touchdowns, Walter Dean added another with Dick Ison kicking one extra point.

Bexley's inexperienced squad came to Magley Field Tuesday evening for a practice session with the local squad. Although no game was played, the boys experienced actual game conditions with both teams carrying the ball for long periods at a time. The West backs sifted through gaping holes in the Bexley line for longs runs, but the Eastern squad was unable to make much headway against the fast-charging Cowboy line.

It seemed that transportation for the team had been provided with many Hilltoppers indicating that they would make the trip to help start the season off with a bang.

Applications For 'A' Books Are 50% Short

Today's Deadline Not Heeded

With today's deadline for renewal of "A" gasoline ration books at hand, the local ration board reported that approximately 5000 applications had been received as compared to the total of 12000 registrants in this section of the city.

Those who fail to place their applications in the hands of the board today will definitely not get their new coupons by the time their old ones are exhausted on Sept. 22, according to officials of the board. This may mean a curtailment of driving that otherwise could be prevented.

It is probable that some people have been under the impression that registration would be held at the schools as was the case in early ration periods. The board explained that this was not the case. It is essential that all applications be made by obtaining blanks, filling in the necessary information and returning them to the board personally or by mail with the envelope plainly marked as an "A" application.

Blanks may be obtained at all gasoline stations, at the Hilltop Record office or at the ration board at Sandusky and Broad-st.

New Appliance Store Opens

E. G. (Ed) Witherspoon, 172 Lechner-av, is announcing the opening of "Better Home Center" Monday, September 18.

The store, which is located at 2775-77 W. Broad-st, will feature household appliances. A special attraction will be the Hobby Shop for airplane model constructors. Other lines which will be carried are Nu-Enamel, toys, games, furniture, antiques, and numerous other articles.

Witherspoon, who attended West Broad-st, and West High Schools, has returned with his wife, Rosalie and fifteen year-old daughter, Barbara Jean, to Columbus following an absence of six years. During that period they have resided in Greensboro, N. C., Washington, D. C., Philadelphia and York, Pa., and Cleveland. The past 14 months, Witherspoon spent at Beaumont, Tex., on a government assignment in connection with the construction of the "Big Inch" pipeline.

Witherspoon extends an invitation to all residents of the Hilltop community to acquaint themselves with his merchandise and service.

Ed is the son of Rev. W. T. Witherspoon, prominent resident of Westgate.

Normandy Casualty

Scott L. Roese

Pictured above is S/Sgt. Scott (Scottie) L. Roese, 28, who died from wounds in France July 30. The prominent Hilltop boy was among the first troops to participate in the Normandy invasion, and had been in France for 45 days prior to his death.

Sgt. Roese attended West High School and was featured singer with Hugh Monoco's orchestra. First a member of the Ohio National Guard, he later volunteered for active service. He had been overseas since December, 1943.

Local Fire Dept. Has Light Week

Runs made from the local engine house at Wheatland-av. and Broad-st. appeared to be on the decrease today as the week drew to a close with one fire run and a single emergency call recorded.

Friday evening the emergency squad rushed to Mound-st and Wayne-av. to give treatment to Jean Grissinger, 19, 404 S. Eureka-av, who had been injured in an automobile accident.

Tuesday the alarm was given that there was a grass fire at Broad-st. and Westmoor-av. It was reported that there was no loss.

Driver Is Held In Hilltop Accident

Geylen J. Enders, 39, of 1563 Briarwood-av, was charged last Friday with failure to stop after an acicdent at the corner of Broad-st. and Powell-av, in which George Harmon received head and knee injuries and a possible leg fracture.

Harmon was struck when the automobile ran up over the curb and failed to stop.

Eddie Arn Envisions Use Of "Duck" For Sporting Trips

Pictured above, left to right are: Harold "Bud" Fyrer, an instructor at Sullivant-av Airport; Robert Ewald, Eddie Arn, Donald Turvey, and Richard Barnhart, now a resident of Marion, O., and connected with the National Research Council of the War Training Service Division, University of Tennessee.

Hilltop Record Reporter Enjoys Ride In Versatile Amphibious Ship

By Shalmir Springer

Does your post-war planning envision flying from Columbus in early morning, arriving in Northern Michigan or Canada before lunch, fishing for several hours and then returning to Columbus for a fish fry? Or diving from the nose front deck into a cool lake up in the Northern woods?

Such are the ideas of Eddie Arn, who intends to capitalize upon the "Duck's" possibilities once government restrictions on flying are lifted. "The plane is complete with an inflatable boat, which would serve purposes for fishing," Arn, owner and manager of the Sullivant-av Airport, explains.

The "Duck", the first amphibian in this area, is a Sikorsky S-39 model which formerly belonged to Hugh Sharp, Jr., commander of an eastern patrol base, but which was originally designed for a New York millionaire's yacht.

The history of the novel, and spectacularly-painted, plane which has drawn much comment from Hilltop and other Columbus residents, pertains to this locality for it saved the life of one Hilltop man during the summer of 1943.

Henry Cross, who once operated a filling station at Brinker-av and Broad-st, and Charles Shelfus, another resident of the West Side, and both whom had commissions as lieutenants in the C. A. P., were flying a safety patrol ship on the Eastern Coast at the time they were forced down at sea. The sister patrol shop reported back to base and Commander Sharp, with a co-pilot named Edwards, flew out in the amphibious and effected a rescue for Cross, who had been thrown clear of the paine and who was floating, unconscious, on the water. Shelfus, however, had been killed. Later, both Sharp and Edwards were awarded air medals for this act by President Roosevelt.

After buying the "Duck" Sept. 29, 1943, Arn brought it to Sullivant-av airport ,where several local war training instructors have taken sea-plane ratings on it. Those who were given water training up on O'Shaugnessy Reservior are Harold Fryer, Robert Johns, Donald Turvey, Robert Ewald, William Gunn, Richard Barnhart, Edward Collier, McGraw of Toledo, and Shroeder of Evansville, Ind. Their flight tests were given them by Civil Aeronautics Administration Inspector, Henry M. Hamilton.

Arn, who has the rating of first lieutenant in the C. A. P., has flown numerous courier service missions with the amphibian, which has a wing span of 52 feet and an overall length of 32 feet and two inches.

At present, the "Duck" is also being used for freight of passengers, to transport executive personnel for defense factories, and to carry others who have priority to travel by air.

Recently, however, this reporter was taken up for a ride. Arn piloted the plane which seats five, and on the way to Buckeye Lake, I saw for the first time how West High looked from the air.

Soon Arn radioed in our position (at that time three and one-half miles east of Columbus), and altitude while I listened in over the co-pilot's head gear. We landed twice at the Lake; once, in front of the park and the second time near the southeastern shore. The landing of the amphibian is similar to the duck's; hence, the nickname. First we skimmed the surface of the lake, then gradually the ship settled further into the water. The disc tail serves as a rudder, to propell the direction of the plane while it is floating.

We flew over the island belonging to Wolfe, owner of the Journal. For the first time I saw Buckeye Lake in its entirety, the length is approximately eight miles. As we flew west into a head wind, we could see the spire of the AIU building in the distance.

After returning from the flight, this reporter is convinced that Arn's post-war plans are not "far-fetched."

Columbus Still Being Considered For GM Plant

With the dropping of Cincinnati and Indianapolis as prospective sites for the much discussed General Motors plant, this area of Columbus was still in the running this week as a possible site for the plant.

A Detroit contracting firm has completed testing of a section of the Judge Turner farm which lies on the Georgesville-rd. between W. Broad st. and Sullivant-av. The prospective plant would provide employment for 3000 people, according to reports from General Motors officials.

It was further revealed this week that the city and county planning commissions are working together on a plan to develop sewers and utilities to cope with the needs of prospective industries.

According to reports, the reason for the dropping of the two previously considered cities for a plant site was because of the number of objections raised by residents. As far as is is known theer has been no objections to a possible location here.

Monthly Meeting Held By HBMA

Tree-Planting Program To Be Sponsored By Association

The Hilltop Business Men's Association met in regular monthly session Tuesday evening at Schmelzer's Restaurant with a comparatively small crowd being present to hear Lt. Chas. M. Berry of the Columbus Police Juvenile Bureau and Ray S. Dietz, superintendent of city parks and forestry, as the featured speakers.

The association went on record as approving the city administration's request for a $5500 allotment from the forthcoming War Chest fund to be used for rat control, smoke abatement and the Junior Police program. Under this plan, $25000 will be allotted to each of the rat control and smoke abatement programs with $5000 going to further the support of the Junior Police program.

Lt. Berry explained the machinery of the police department's juvenile bureau and quoted various statistics on arrests, convictions and plans of the bureau toward a solution of the juvenile delinquency problem. He explained the usefulness of the Junior Police and the value of recreational and vocational attention towards the younger group of Columbus residents.

Glenwood Improvement

Mr. Dietz, a former Hilltopper, revealed the city's plans for improving parks and replacing dead trees along with a comprehensive planning program for a tree-planting campaign by the city in cooperation with property owners who are interested in getting the longest possible life out of their trees. He explained that approximately 80% of the trees in Columbus had outlived their usefulness and would have to be cut down and replaced if the city was to keep its neat appearance and useful shade.

Mr. Dietz announced plans of the city to clean-up about five acres of land in Glenwood park and underplant the trees there with appropriate shrubbery, thus forming a "culture area" and the gradual development of a bird study program in the park. He issued an invitation to the association to appoint an advisory committee to take part in the development of the program there.

According to Dietz, the city could not possibly shoulder the cost of replacing the dead trees, thus he urged the assembled group to get behind a concerted effort to replace and plant bare ground in the Hilltop's residential areas.

Reports on Westgate

County Commissioner George Matson made a report on the progress to clean up Westgate Park lake which had been originally instituted by the association. Mr. Matson stated that considerable investigation had been made, with tests for sewage showing negative results. However, the tests did indicate that dishwater and field drainage had been discovered in the ditch which feeds the park lake. It was explained that the investigation had been dropped temporarily for want of a solution short of draining the lake. The belief was expressed that the problem would be solved with the advent of storm and sanitary sewers in connection with the General Motors plant west of here, if the plant became a reality.

No action was taken on a request to the association to endeavor to block the application of the Standard Machinery Co. for a re-zoning of lot 33-40 located just east of the viaduct on W. Broad-st to permit a manufacturing business to be located there.

Booster prizes were drawn by Curt Wilcox, Curt Roberts, Ray Dietz, Dr. S. T. Fox, Tom Lewis, and J. Agee. The prizes were donated by the Hilltop Bakery, Kent's Market, Hilltop Bank, Hilltop Riding Academy, Hilltop Plumbing Co., Yost Florist and The Hilltop Record. Edgar G. Planck and Curt Wilcox were in charge of this part of the program.

A committee was appointed to arrange for the annual Hallowe'en dance and party. The application of Philip V. Stout, attorney, of 2532 W. Broad-st, was favorably voted upon. Others were received.

The program is being carried out by the schools to further supplement the previous waste paper drives at playgrounds, theatres, etc. which have all combined to produce a tremendous amount of paper for the war effort.

A request was made for all contributors to have their papers bundled for proper handling and placed at curb or on porches in case of inclement weather.

A THOUGHT

For who can create a grain of earth
God gave for the life He made—
For who can create a breath of spring
God gave for the life which He saved;
For who can make his thought to be known
Among the seeds that already are sown?

TO A READER

I write the words but when you read, the image
That clarifies their meaning is your own.
To your own memory they pay their homage;
Yours are their color and their singing tone.

The clay my fingers shape, for you may harden
Into a form in which I have no part.
I pluck a rose fresh-blooming in my garden
But you may find its roots deep in your heart.

Ruby T. Scott, in FLORIDA MAGAZINE OF VERSE.

NOT THIS CUP

The heart that must be broken prays
For any fate that may befall
Save those disasters and affrays
Propinquity makes personal.

How dear the wound; the night how brief,
Mantled in willow shift alone,
To exorcise another's grief,
The darling sorrow not its own!

But ravages of private war
Press deeper with a deadlier dart;
Such leave an everlasting scar
On the sweet homeland of the heart.

Leila Jones, in POETRY CHAP-BOOK.

RECOMPENSE

He calls them weeds: the red-cheeked fragrant clover;
The slight, up-standing blue-eyed grass; the vine
That drapes its blossom-studded frailness over
Pale ghosts of garden flowers. The worried line
Is etched a little deeper on his brow.
They must come out, these weeds! His purging hand
Makes no waste motion. With complacence, now,
He turns his back upon the sobered land;
Feels no regret for sweetness that has fled;
Nor ever wonders what will grow instead.

Verna Hills, in WINGS.

SUMMER SHOWER

If, in old age my ears should strain
For long-lost music of the rain;
Or if my eyes should only see
The rainbows drawn by memory;
Take these, oh Lord, but leave the power
To smell the freshness of a shower

I opened my casement and heard

Might not change the design or the Ultimate, then.

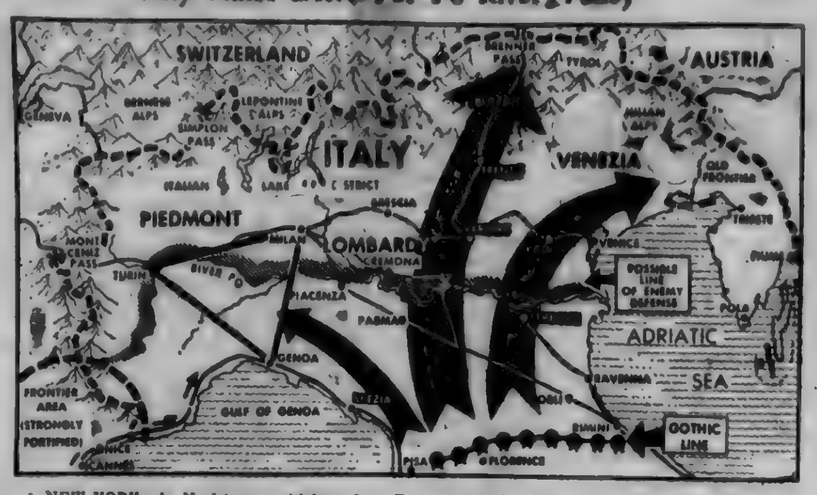
Blue Tokens to Be Discontinued On September 17



District Director John H. Summers of the Columbus OPA District, today urged housewives to get out all of their one-point blue tokens and spend them, for their use is being discontinued effective Oct. 1.

Beginning Sept. 17, retailers will no longer give blue tokens to consumers for ration change. From Sept. 17 through Sept. 30, shoppers will be able to spend their blue tokens only in groups of ten. Fewer than ten tokens cannot be used.

Use of red and blue tokens having one-point value, and ration stamps having uniform value of ten points was started last Feb. 27. Before then, grocers and housewives had to handle stamps of four denominations.

"I urge every housewife to use her blue tokens promptly so that she will not lose ration buying power by having tokens left on her hands after Sept. 30," Summers said.

Why Allies Drive For Po River Valley

NEW YORK—As Nazi troops withdraw from Florence and the Gothic Line is crumbling, Allied military observers speculatively eye the Po River Valley on their maps. The valley, say military observers, should present an ideal battleground for the more heavily equipped Allied forces. Armored Columns can manoever with facility in this rolling country and many of the problems resultant from the mountainous terrain can be dispensed with. The taking of rail centers, Milan and Mantua, would throttle Nazi supplies to the front.

Capture of Milan would sever the manufacture of tanks, military cars and other equipment under construction there, and open the way for drives on Genoa and Turin, two key points which complete the Nazi-held industrial triangle. Large arrows depict possible direction of Allied drives.

Capital University To Open 94th Year With Week's Program

With the 94th school year at Capital Univeristy scheduled to get under way Monday, members of the freshman class are preparing to arrive on the campus Sunday, to begin their week-long orientation program.

The fall semester will officially open with the convocation service to be held in Christ Lutheran Church, across the street from the gates to the campus, on Tuesday at 10 a. m. Dr. Otto Mees, president of the University, will speak to the students, faculty, and their friends on "Each Teach."

Carl F. Holland, A. O. M. 1/c, received a medical discharge from the Navy in August. Carl was hospitalized in New Caledonia and New Zealand in the South Pacific and later in Santa Cruz, Calif., before his discharge. He resumed his old position with the Central Ohio Paper Co. the first of September.

SALVAGE NEWS

With the war going well for our side, there is every reason for redoubling our salvage efforts which are contributing so mightily to victory. Here's a look ahead on plans in prospect for the collection of paper:

School Campaign: The first of the school campaigns for collecting paper will begin Wednesday, September 20, and will end Friday, September 29.

Downtown Building Campaign: The Columbus Advertising Club is perfecting plans to collect "dormant" paper in files and records in offices of downtown buildings. The campaign is tentatively scheduled for the first two weeks in October.

City-Wide Curb Collection: Plans are being developed for a city-wide curb collection of paper similar to the curb collection last March. The date tentatively planned is Sunday, November 12.

These plans emphasize the need for continuing to save paper and channel it into the war effort. Even when the war is over, there will be a great need for conserving many materials such as paper and tin, because it will be many months before conditions return to approaching pre-war normalcy. Peace-time conservation will be necessary for quite some time after hostilities cease.

THEY'RE LEARNING TO BUILD HELLDIVER DIVE BOMBERS AT THE TRAINING SCHOOL

They'll Still Have A Part In Victory

The urgent need for Helldiver dive bombers will continue even after the defeat of Germany. Japan shows no evidence of giving up until we blast them from all their island bases and reach Tokyo. That's where the Helldiver has been showing its power—living up to its name: "The Fist of the Fleet."

So don't feel it's "too late" to put your full weight into the war by taking an essential job at Curtiss-Wright. There's still time and an urgent need to work for final victory.

Curtiss-Wright needs more trained men and women to put more of these planes in action. If you are without experience, a few weeks at the Training School will qualify you for a regular job on the Helldiver production line. You are paid for every hour of your training.

Apply at the plant now. See a Curtiss-Wright employment interviewer and make a start that will give you more personal enjoyment and satisfaction in the enemy's finish. You must comply with W. M. C. regulations.

Commendation of Commanding General Received by 36th Infantry

The following letter and commendation was received by Mrs. Grace Lamb of New Rome, mother of Joe Lamb now serving somewhere in Italy.—Ed Note.

Dear mother and Dad,

Haven't much to say except that I am well and OK. Am enclosing a letter that was given to each one of us by General Walker. If you can, have it put in the Grove City paper and let some of those people know what we have been doing over here. I don't think I ever told you before we were at Anzio when the big push started, so you see I have seen quite a lot of this country. Had quite a talk with Ace O'Harra the other day, he is still OK and feeling fine. Is still driving a jeep. Haven't heard from Howard for a few days, he is probably plenty busy. Will close for this time and hope I get a letter from you tonight.

Joe Lamb.

P. S. Don't get the letter lost from Gen. Walker and put it away for me.

(The letter follows:)
Headquarters 36th Infantry Division
APO No. 36, U. S. Army
16 June 1944

Men of the 36th Infantry (Texas) Division:

It is with great pride that I congratulate you on your magnificient achievements in battle to date.

Nine months ago you landed on the hostile beaches of Paestum. The vanguard of your country's Army, to crash the gate of Hitler's European Fortress. In that, your first action of the war, fighting courageously against well trained enemy forces of long combat experience, you established the first American beachhead on the European Continent, the first to be established anywhere by Americans against German opposition.

For this achievement alone, you have a right to feel justly proud.

Later on, while subject to hardships that have never been exceeded by any troops anywhere, you drove the enemy from his well-organized stoutly defended positions in the hill masses of Camina and Summucro; from Mt. Maggiore, Mt. Lungo, Mt. Rotundo and San Pietro. You punished him severely. His losses in men and material were great. Throughout this period of bitter winter weather, under the most adverse conditions of climate and terrain, you maintained a cheerfulness and enthusiasm far superior to that of your enemy.

Then came your gallant effort on the Rapido. Let us bow our heads in reverence to the fallen comrades who crossed that bitterly contested stream and put up a great, if losing, fight—as great from the standpoint of sheer gallantry and determination as any recorded in the annals of our Armed Forces.

At Cassino and Castellone Ridge you were severely tested. You suffered losses, but you captured vital high ground from the strongly entrenched enemy, and held it throughout a month of hard fighting.

After a well-deserved rest you were ordered to attack again—at a critical time near Velletri, to break the stronghold of the enemy defenses east of Rome. History will record forever your outstanding success. In a week of brilliant maneuvers and relentless assaults on one position after another, Velletri, Rocca Di Papa, and beyond, you killed and captured well over three thousand of the enemy; routed him from his strong, well organized positions and drove him across the Tiber in disorder.

Your brilliant performance on that famous battlefield was a major contribution in the capture of the first European capital to be recovered from Nazi occupation. For your magnificient accomplishment here, General Marshall sent a personal message of congratulations to you and to me. The German army is still reeling from your blows. The relentless pressure of your attacks will substantially shorten the duration of the war. Your victorious march through the streets of the cities of your enemy cannot be long delayed!

Coast Guardsman Serves On Escort

Eugene Rader, S 2/c

Eugene Rader, S 2/c with the Coast Guards, is making his sixth mission overseas since November. Serving on a destroyer in the Atlantic, he is with an escort for convoys.

Seaman Rader was home during August visiting his parents, Mr. and Mrs. Lloyd Rader, 49 S. Terrace-av. He attended West High School and before entering the service, August 26, 1943, he was employed at the Government Depot.

A brother, Charles Rader, S 2/c, has been a cook in the S. Pacific for 14 months. He was a student at West High School and formerly a dispatcher for the Pennsylvania Railroad. Charles says "there is much to tell Glenn (an older brother who served in World War I) and I am looking forward to the time I can hand my older brother his orders." Glenn is an engineer for the Pennsylvania Railroad.

Ardle Is Given Citation of Merit

Pfc. Delbert W. Ardle, serving with the Military Police in England, recently received a Citation of Merit, his parents, Mr. and Mrs. Wm. M. Ardle, 210 S. Terrace-av, have learned.

The citation reads, in part: "in recognition of conspicuously meritorious and outstanding performance of military duty for extraordinary diligence and outstanding attention to duty in escorting large numbers of convoys in Sub-Area X, Marshalling Area C."

A graduate of Central High School, he entered service three years April and went overseas in December, 1943.

Battle Veteran, Smith Advanced

A member of the personnel classification staff at headquarters of the air force which has battled Jap airpower from Guadalcanal to Truk and currently hammers at the last outposts guarding the Philippines, Sgt. Whitt has been overseas since last November.

The West High School graduate and former Curtiss-Wright warplane plant assembler who entered the AAF in March last year is authorized to wear the Asiatic-Pacific Campaign ribbon with two battle stars, each symbolizing a major 13th AAF offensive in the Pacific. He is also the possessor of the Good Conduct Medal.

Little Things About the Stars

By GEORGE LILLEY

NEW YORK, N. Y.—Ed (Archie) Gardner, proprietor of radio's famed "Duffy's Tavern," is believed bald by visitors to his rehearsals and broadcast because he always wears a hat. He has a nice crop still his own. Walter Winchell broadcasts with a hat but says it is out of an old newspaper habit rather than his receding hair line. Bing Crosby wears a hat or toupee. When he returns to the air November 2, Crosby insists he'll have no studio audience, partly because he is tired of listening to remarks of viewers about his loose attire.

Frank Morgan ... lost fight

• • •

Jack Benny, Andre Kostelanetz, Frank Morgan, Joe E. Brown and Eddie Cantor, the latter returning on NBC September 27, always wear glasses before the mikes—and will fight then if anyone tries to take their pictures.

GHOST LEADERS

A number of big-time dance band maestros have "stand-ins"—fellows who handle most of the music detail and work behind the scenes. A talented young musician, Teddy Dale, invariably rehearses the Paul Whiteman Orchestra. Robert Shaw directs most of the detail of the big Fred Waring radio program Thursday nights on the Blue network until the curtain rises. Another capable unknown, Buzz Adlon, is the musical "brains" for Horace Heidt.

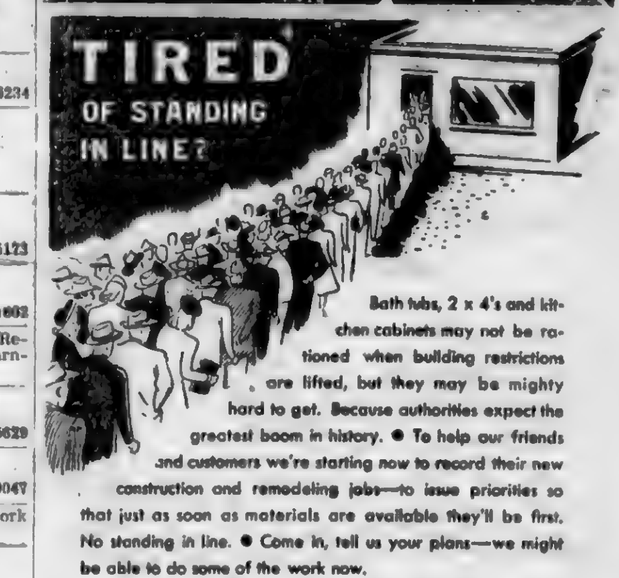
• • •

Because it is good promotion for his Sunday night NBC broadcast, Edgar Bergen is publicly seeking a name for the new hell-rake spinster character he, for the moment, calls his "bachelor girl." Among names he has to start with: Maida Wood, Prunella Pratt, Catherine Aspirin, Effie Klinker. He rather likes the last one. Walt Disney artists designed the dummy after hearing recordings of the voice Bergen planned for her.

NEW FIELDS

After some 50 Hollywood movies, Louis Calhern, ace character actor, has tossed up celluloid work for a big radio job. He'll be permanent master-of-ceremonies on "Music America Loves Best," elaborate air production featuring recording stars, Sunday afternoons on NBC. Eric Blore, the screen's perfect butler, also has his first regular air work. On the Thursday night NBC Frank Morgan show, he'll be—the butler. Out of character Blore sings and is becoming somewhat of a lyric writer.

Louis Calhern ... stars stars



VERY LITTLE THING

Drummer Poly McClintock has been with Fred Waring 26 years. They were born in Tyrone, Pa., next door to each other. Dick Jones, 17, the third Henry Aldrich (Ezra Stone and Norman Tokar were drafted) Sunday nights on CBS, played Fredric March as a boy in the film, "The Adventures of Mark Twain" ... Bing Crosby personally takes the collection in a church he built in Hollywood—just to see that the pew sitters chip in properly ... Ted Malone's real name is Frank Alden Russell. He changed it when he began reciting poetry on the radio. Thought the work "too sissy."

Effie Klinker ... no husband

• • •

Even though they don't play with their bands, leaders must demonstrate some ability on an instrument to get their union cards. Waring passed playing a banjo, Paul Whiteman a violin, Cab Calloway the drums.

Bath tubs, 2 x 4's and kitchen cabinets may not be rationed when building restrictions are lifted, but they may be mighty hard to get. Because authorities expect the greatest boom in history. • To help our friends and customers we're starting now to record their new construction and remodeling jobs—to issue priorities so that just as soon as materials are available they'll be first. No standing in line. • Come in, tell us your plans—we might be able to do some of the work now.

One-Dish Meals Are Boon to Women Busy with War Work

The national war effort demands that woman learn to cut time in the kitchen to aid defense work. Learning the tricks of doing two days' shopping in advance, preparing simple one-dish meals and skillfully camouflaging leftover dishes are important points brought out in this column.

"Country Style" Spareribs

4 pounds spareribs
4 medium sweet potatoes
4 medium apples
Salt and pepper

Boil potatoes until partially cooked. Core and slice apples without removing peelings. Alternate layers of potatoes, apples and meat in baking dish, seasoning each layer. Add enough water to cover bottom of dish. Cook in a moderate oven (350 degrees F.) for 1½ hours.

Left-over Ham with Mustard Dressing

1½ cups diced cold ham
2 tablespoons chopped sweet pickle or sweet pickle relish
½ cup diced orange
½ cup pineapple cubes
¼ cup chopped nut meats
½ cup mustard dressing
½ cup finely rolled cracker crumbs

Combine diced ham, pickle, orange, pineapple and nut meats. Heat mustard dressing over hot water in top part of double boiler (make dressing by adding 2 tablespoons mustard to each cup of mayonnaise). Add ham mixture to dressing and cook for five minutes. Place in individual custard cups or casserole, top with cracker crumbs, and place in broiling unit 4 to 5 inches below flame; broil until crumbs are browned. Serve hot.

Roast Veal Breast, Stuffed

Select piece of veal breast and have butcher make opening on underside and stuff with any favorite bread dressing. Sew up ends, dredge with salt, pepper, ginger and flour; place in hot oven in roasting pan with 2 tablespoons beef or poultry fat, an onion cut fine and little boiling water. Turn and baste roast often until brown and tender.

GAME NOTES

There were a lot of happy Cowboy fans last Friday night at the Springfield Stadium. The concensus of opinion prior to the game was that West had very little chance of getting past that one . . . but when Parkey, Slager & Co. got going behind a surprisingly efficient line, then Church was out and the congregation was shaking hands at the door . . . However, it is still rather hard to determine whether the Cowboys are that strong or Springfield was a little on the weak side as Coach Jones stated that only one man on the team had experience prior to the game . . . but tonight's game at Marion should go far toward determining the future success of the team . . .

The team was transported by a group of private cars driven by Clyde Moore, Tom Boardman, C. P. Mitchell, Harry Zulauf, Mr. Orr, Sam Estell, Coach Rose and others . . . One car driven by Joe Moore stopped on the highway to avoid hitting a dog crossing the road, receiving a jar from the car behind them, and in the collision their trunk was dented so bad that it was difficult to open it in order to get the football equipment out . . . Another car had come along just in time to see a collision and were detained as witnesses, thus causing much consternation . . . and Rev. C. P. Mitchell had a little trouble with a flat tire on the road . . . no wonder everybody felt that their luck was bad that day . . . but it sure didn't affect the outcome of the game.

NEW MINISTER

Rev. R. G. Bealer and family have arrived here from Johnstown, Pa., to take over the pastorate of the St. John Evangelical Church on S. Warren-av. which was recently vacated by Rev. W. E. Seesholtz. Rev. Bealer will conduct his first service Sunday.

HERE AND THERE

Lt. Sam Morrison and wife, Margery, formerly of N. Hague-av, were back in town this week on a leave from a southern army camp. They had been visiting his family in Adams County for the first part of his leave . . . Mrs. Ralph Louden will soon journey to California where she will visit Mr. and Mrs. Howard Powell in Los Angeles . . .

Joe Wolfe, the Hilltop's gift to the wrestling game, has been on a trip through Canadian wrestling centers and has returned to participate in matches at Haft's Acre where he has enjoyed quite some success. Last night he hooked up with the popular Frankie Taliber in a tag team match . . . Dick Friend, Jack Thrush and Mark Stephens, Jr., have done and excellent job of pitching to lead the Westgate Giants to 15 wins out of 20 games in junior baseball circles this summer . . .

ANOTHER TYPOGRAPHICAL ERROR

Comes a story from Clyde Moore, he of the Journal column, of a recent evening when he and Mrs. Moore were reading proof on a bit of Occident copy written by son Jack . . . during the process they came across the phrase that "West has one of the crappiest teams in years . . . upon asking the Cowboy end about this slander on the part of his teammates, Jack promptly came through with the explanation that the typist always dropped her a's in the worst possible places . . . these typographical erors provide more interest in some instances than all the news you could write.

TIRE INSPECTION RECORDS

The old tire inspection records are still causing a headache . . . as Hilltoppers received their new "A" ration coupons this week, the local board reported an avalanche of calls by people wanting their tire inspection records returned . . . all the board can say is "no can do, you should use your new 'Mileage Record Chart' which was provided to substitute for the old record." This new chart will have to be presented when renewal date rolls around again.

Re-zoning Issue To Be Heard By City Council Monday Night

Standard Machinery Company Seeks W. Broad Factory Site

One of the much discussed topics on the Hilltop this week was the request for re-zoning of a tract of land at 3340 W. Broad-st from a C-1 business to a B-1 first industrial district. A public hearing is to be held in the City Hall council chambers Monday night at 7:30 for the purpose of discussing the request of George Barok, 79 S. Algonquin-av, owner of the Standard Machinery Company located at 3115 W. Broad-st.

The hearing will be held before the service committee at which time many Hilltoppers representing both sides of the controversy are expected to be present.

According to Mr. Barok, his company faces the possibility of having to vacate its present location by October 17. A similar request to re-zone the district including 3109 and 3115 W. Broad-st had been turned down by City Council in July. At that time a 90-day extension to remain in the present location was given by council. That extension expired October 17.

Plans $20,000 Building

The request to re-zone 3349 W. Broad-st, a tract of ground including four tenths of an acre just east of the viaduct on the north side of Broad-st, was made by Mr. Barok with the expectation of constructing a modern factory building to be used in the post war period. Plans for a factory and office building with 80 foot of frontage on West Broad-st, and 160 feet in depth have already been drawn. The building would cost in the vicinity of $20,000, Barok told the Hilltop Record.

According to Barok the firm is actively engaged in filling war contracts for Curtiss-Wright in connection with the manufacture of the Helldiver. Work is also being done for the Blaw-Knox Corp., Jaeger Machine Works and the Jeffrey Manufacturing Co., Barok said.

Started in 1942

The company first started in the manufacturing business in 1942 when contracts for the manufacture of small machine parts were let by the General Motor Corporation. Machinery was set up in a garage at the rear of 3115 W. Broad-st. As business increased additional space was added until at the present time from 36 to 50 persons are employed.

Barok states that he is already in possession of large contracts for post war work for General Motors and several other large concerns.

The Hilltop Business Men's Association in a meeting last week failed to take action on a suggestion to block the re-zoning application.

"Waste Paper Day" Tuesday At All Hilltop Schools

All Hilltop schools will stage their current paper drive next Tuesday, Sept. 26. Dr. H H. Reighley, principal of West Senior and West Junior High Schools, has appointed Mr. C. F. Bateman, shop instructor, to head up the drive for the Powell Avenue schools.

Cooperation of the public with the school children, who will call at their doors next week, has been asked. "If you need twine and someone to tie up the papers and magazines West Junior High School, and both will be provided," Mr. nt your home, call RA. 4030, Bateman stated this morning.

The loan of trucks, cars, or trailers, for hauling in the paper is desperately needed. Even trucks that can be spared for an hour or two will be most welcome. Anyone who will assist to this extent is asked to get in touch with Mr Bateman at West Senior or Junior during the day, or at KI 4317, in the evening or over this week-end.

This drive furnishes Hilltoppers with two opportunities to do good: "waste paper may be supplied to vastly needy war purposes; and financial help for West's school program will be provided, too.

Cowboys Ramble To Win At Springfield

Superb Line Play Paves Way For Parkey and Slager; At Marion Tonight

The West High School Cowboys started off the season last Friday night with a 38-6 win over a favored Springfield High team on the Wildcat's home field to take sweet revenge for the 20-2 shellacking received at the hands of Coach Morgan Jones' boys last year.

With the game no more than two minutes old, Halfback Rennick Parkey took a T-formation lateral from Dick Slager, swept right end, picked up splendid downfield blocking from linemen and raced 41 yards to pay dirt to put the Hilltoppers ahead, from which they were never headed. Fullback Dick Ison missed the extra point.

Early in the second quarter, after repeated stabs at the center of the Springfield line by Ison and Slager failed to produce yardage, Parkey was again on the receiving end of Slager's lateral to score the second touchdown from inside the five-yard line. Ison this time connected for the extra point to put the Cowboys ahead 13-0.

After Springfield's single-wing attack had proven to be impotent because of a hard-charging West forward wall, the local squad again struck like lightning when Quarterback Slager pitched a strike to Jack Moore who outraced the Springfield safety-man for a third score. Acting Captain Ison again came through with the extra point, and only then did the local followers take time out to breathe easy and begin to count the game as in the bag.

Wildcats Roar

The Wildcats threw a real scare into the Hilltoppers when, a few plays after the opening of the second half, Springfield's Chaney pitched a long one to the speedy Corbin who set sail for the end zone with the only Wildcat score of the game. Every person in the packed stadium realized the potential striking power in the speed of Coach Jones' pony backfield which helped to keep an interest in the game until the last play was over.

Again in the third quarter the Cowboys opened up with an assortment of passes, end sweeps and line jabs which advanced the ball to the Springfield 15-yard line where Parkey again slipped off tackle to score his third and final touchdown.

In the fourth quarter, the boys began to smell victory and even the incoming substitutes took on that air of a team that knows it is top man and is going to get the most out of it. Dick Slager, the clever ball-handling quarterback, took up where Parkey left off, and behind a line that was literally sweeping the Wildcat line off their feet, punched the Springfield forward wall for two touchdowns on runs of 18 and 10 yards to complete the scoring.

Contrasting Statistics

Springfield was at no time a threat, gaining only a total of 99 yards with 64 of the total coming on the lone scoring pass. However, they were always a team to watch because of the blinding speed of the backfield, which the West forward wall uncovered and pulled down before they could get completely under way. By contrast, Coach Rose's T-formation kept the Springfield defense off-stride throughout the game and gained 199 yards by rushing and another 113 by passing to completely overshadow the Wildcat offense. West also amassed a total of 9 first downs to Springfield's 4, 2 of which were gained by West penalties.

Chief reason for the local success was considered to be the great work of the center of the line made up of Virgil Crawford and Sam Estell at guards, Dick Lane and Carl Hosler at tackles and Harold Buchanan at center. These boys, along with Donn Haines and Jack Moore, who took over for the injured Buckingham at end, made up a stonewall defense and provided excellent downfield blocking for the rambling backs.

Besides Parkey, Slager and Ison in the backfield, Paul Anderson did a good job both offensively and defensively. Among the substitute backs, Halfback Don Jenks, who was particularly good on end sweeps, Bill Smith, speedy sophomore fullback, and Bruno Masdea all stood out as good future prospects. Other backs who saw service in the fray were Francis Sapp, Walter Doan, Paul Layman, Dick Carey and Lee Dienst.

Substituting and doing a good job for the starting line were Bill

Here It Is Kiddies . . .

The Traveling Zoo, the newest and certainly one of the most novel forms of entertainment for youngsters, will tour the West Side playgrounds next week. The Zoo will appear at Westgate Park Wednesday, Sept. 27, at 4 p. m., at Glenwood Park Thursday, Sept. 28, at 3:45 p. m., and at Holton on Thursday at 6:15 p. m.

Sponsored by the Columbus Recreation Department, the Zooligans and The Eagle's Nest, The Traveling Zoo has fourteen cages housing some 20 animals. It presents an answer to at least one transportation problem. Today, when travel is limited, the Zoo brings to the children of Columbus and vicinity an opportunity to enjoy and study the Zoo animals at close range.

There are several kinds of monkeys, baboons, fox, raccoons, and even a whistling parrot (if he is in the mood to whistle!) There is also recorded circus music played by a real circus band.

County War Chest Goal Is Announced as $1,487,000

Officials of the Community War Chest of Franklin County have announced a goal of $1,487,000 for the third annual campaign to be held Oct. 18 - Nov. 3. Some 4000 volunteer workers, serving under the leadership of Robert K. Levy, campaign chairman, will assist in raising funds for the 88 agencies benefitting from the drive.

"The War Chest trustees have set the goal the same as last year's, which is the very minimum amount on which our agencies can operate without lowering their high standard of service," Albert M. Miller, president, said. "The agencies have done a remarkable job this year in the face of increased needs and by continuing to practice the strictest economy expect to continue to give the public these services which are so important to the community's welfare. It is hoped, however, that the goal will be over subscribed, as the coming year is certain to bring new demands on the resources of our organizations."

Three new local agencies have been added to the 1945 Community War Chest. They are the Veterans Information Center, which will function as a referral center for veterans and their dependants; Goodwill Industries, which rehabilitates handicapped, aged, and dependant persons through industrial training and employment; and Fletcher Hospital Committeee, which provides toilet kits for wounded veterans at Fletcher General Hospital, Cambridge, Ohio.

Included in the 88 agencies are the 22 of the National War Fund and the 54 of the Community Fund. The dozen remaining are National Non-War Fund and local agencies.

The 54 Community Fund agencies, to which $725,000 has been allotted, are:

American Legion, Big Sisters Association, Boy Scouts, Camp Fire Girls, Camp St. Joseph, Camp Wheeler, Cancer Clinic, Charity Guild, Convent of Good Shepherd, Council of Social Agencies, District Nurses, Family and Children's Bureau, Florence Crittenton Home, Friends Rescue Home, Gardens, Girl Scouts, Gladden Community House, Godman Guild Association.

Goodale Day Nursery, Doctors Hospital, Grant Hospital, Mercy Hospital, Mt. Hilltop Lutheran Church Council Holds Special Meeting

At a special meeting of the Church Council of Hilltop Lutheran Church last Sunday afternoon, Mr. Burleigh L. Emrich, chairman of the planning committee, presented plans for remodeling a portion of the church at once.

The plan was promptly approved by the council. It was also voted to call a special congregational meeting Sunday, Oct. 8, at 8 p. m., at which time several items of business will be presented for approval of the congregation, one of which will be the enlarging of the church council from nine men to twelve men.

It was pointed out that the addition of three more men to the council will greatly improve the administration of church affairs, as several of the present councilmen are handling double duties.

Rev. Carvath P. Mitchell, pastor, is president of the council.

Vol. VIII, No. 23 | The Hilltop, Columbus 4, Ohio, Friday, September 29, 1944 | Total No. 1331

Don W. Craig, RDM 3/c, is the proud father of a 6½-pound girl, but the main fly in the ointment is the fact that Don is traveling around so much these days that he cannot be found to notify him of the blessed event . . . the little newcomer, Pamela Sue by name, made her appearance at Grant Hospital last week and since then has kept Grandmother Mrs. W. C. Martin of 201 Eldon-av. in quite a stew. She and other members of the immediate family have been firing letters to various bases all over French Africa, where Don is on a sort of roving assignment with the U. S. Navy, in hope that one of the bearers of good tidings would reach him before the state of excitement wears off.

The mother is the former May Burns who was very well known here on the Hilltop when she was with Westgate Electric Shop . . . she is now at the home of her mother, Mrs. O. C. Burns of Millersport. The couple also have a son, Donnie, Jr., now 21 months old.

HERE AND THERE

Dr. C. O. Cramer has been at home for the past several days on leave from a convalescent hospital in Cleveland . . . Mrs. Edgar House, wife of Lt. House, USNR, has been a Hilltop visitor during the past week . . .

Virginia Provens, daughter of Mr. and Mrs. H. C. Provens of 58 N. Burgess-av, was the first girl to continue educational training at OSU under provisions of the "G. I. Bill of Rights" when she re-entered the school this week after receiving a medical discharge from the WAVES . . .

First Lt. Robt. E. Braithwaite, son of Mr. and Mrs. E. J. Braithwaite of 160 S. Richardson-av, was recently presented with the Distinguished Flying Cross for his achievements during combat over Europe. The Lt. has 350 hours of combat flying, amounting to 32,000 miles . . .

HILLTOPPERS STICK TOGETHER

David Haines, ARM 3/c, after completing aircrew training at Naval Air Station at Deland, Fla., has been returned there as an instructor and will work in the Aircrew Recognition Department under Lt. (jg) C. C. Hartley. Councilman Francis Kearns of Columbus, a Lt. (jg), was recently at DeLand for two weeks training in communications . . . looks like the town is rather appealing to Columbus people.

CORRECTION

It was incorrectly reported in this column last week that Joe Moore was the driver of a car which figured in a slight collision on the way to the Springfield game. That particular car was driven by another member of the convoy . . . but the bad part of it was that Joe's car happened to have a slight dent in the trunk which looked kinda suspicious to his dad . . . sorry, Jo Jo.

OH HECK

And there's the story being circulated around the Hilltop which describes the plight of the Paratrooper making his first jump . . . was told by his instructor that in case his chute didn't open he should pull the ripcord of his emergency chute, and then a truck would be waiting to pick him up when he hit the ground . . . upon jumping, sure enough, his first chute failed to open, then he followed instructions and pulled his second chute which also failed to work; then he got disgusted and said, "Oh heck, now I guess that darned truck won't be down there either."

SILVER DOLLARS

Lee Koontz, be of the "Swoonatra" profile, was displaying a stack of ten silver dollars Wednesday, and upon inquiry as to their use proudly stated that it was his tenth wedding anniversary and his wife was to be the recipient of the hard stuff . . . it seems that Lee intends to add a silver dollar for each year of married life, and brother, that liable to be an expensive habit before he's through with it.

Re-zoning Is Refused By City Council

City Council in session Monday night turned down the request of George Barok, 79 S. Algonquin-av, for the re-zoning of 3340 W. Broad-st, from a C-1 business to a B-1 first industrial. Meanwhile Mr. Barok, owner of the Standard Machinery Company, 3115 W. Broad-st, announced plans for moving his business to 95 N. Glenwood-av.

A group of Hilltoppers were present at the hearing held by the service committee of Council preceding the regular council meeting. Barok did not appear before the committee to defend his request but owners of the property involved asked that the re-zoning be allowed to go through. Arthur Wolerman, 387 Demorest-rd, represented the Broadview-Westgate Civic Association in opposition to the measure as did legal counsel for a group of property owners in that vicinity.

Barok, who had been ordered to vacate his present business location by October 17, began moving his machinery and equipment to the Glenwood Avenue address this week. Council had permitted him to remain at the West Broad Street location until that date following refusal to re-zone the present location of the Standard Machinery Company last July.

The new site is 45 by 90 feet providing 4000 square feet of factory space. An addition 45 to 60 feet will be built in the near future. Office quarters will also be provided on the second floor, Barok said. The building is on the railroad and provides facilities for a siding.

At the same time it was announced that A. C. McCance will operate a garage at 3115 W. Broad-st, as soon as the building is vacated.

Rivoli Theatre Robbed Of $50

The Rivoli Theatre at 2359 W. Broad-st, was relieved of approximately $50 Wednesday at 9:00 p. m. when a sportily-dressed gunman appeared at the cashier's window and said, "This is a holdup! Give me all your bills."

Miss Agnes Snyder, cashier, of 137 S. Wheatland-av, handed the man, who was pointing a revolver at her, a small stack of bills and he turned and ran east in Broad-st.

The robber was still un-identified at press time. According to employees of the theatre, the gunman had picked a bad time to pull off his stunt as it was the last showing of the picture and on an ordinarily low-attendance night.

Memorial Comm. Revises Campaign

The War Veterans Memorial Drive Commitee announced this week that the Thursday night "flying squadrons" were to be discontinued as a means of soliciting pledges for the proposed building.

According to Ray F. McVay, publicity chairman of the committee, new plans are being formulated and will be put into practice at a later date. The names and telephone numbers of the committee are published in this issue of the Record with an appeal to residents of the Hilltop to call them in order to have a member of the committee call for their pledges.

Also in this issue of the Record a coupon will be found which will enable those wishing to contact a member of the drive committee to do so by clipping and mailing the coupon to the Record office, which will then be forwarded to the committee.

Band Parents Club Has Glass Collection

The West High Band Parents Club is sponsoring a glass collection at the Standard Oil Station at Powell and Broad-st, Saturday.

All residents of the Hilltop who have glass which they would like to dispose of are asked to bring it to the station before 3:00 p. m., as the last truck will leave the station at that time.

VISIT HERE

Mrs. Kenneth C. Merrick and her son, Mickey, are visiting her parents, Mr. and Mrs. A. A. Naltner, 192 S. Richardson-av, for a month and will return to join her husband, Lt. K. C. Merrick, at Harlingen, Tex., in October.

Joan Duncan Wins War Bond And Season Pass To Theatre

A few weeks ago Joan Duncan, age 8, who lives at 334 Whitethorne-av, with her parents, Mr. and Mrs. M. G. Duncan, and brother, Erwin, was in the Rivoli Theatre and first learned about the drive for waste paper sponsored by local theatres.

At first she started to collect paper as most Hilltop children did with no thought of really trying for a big prize. Soon she became enthused with the idea and before long she had organized her family and friends into a team to really do a big job.

As a result of her efforts on the day of the collection she surprised everyone by delivering to the Rivoli Theatre the largest single collection of this particular drive in the city. Her total at the final weighing was 4275 pounds.

Easy Winner

Easily the winner although she was not aware of this until the final announcement was made she was more than ever surprised to learn that she had been declared the winner for the entire city.

Joan felt that the limit had been reached when Mayor Rhodes presented the $50 bond to her last week but her loyalty was rewarded further this week when George Pekras, owner of the Rivoli Theatre, presented her with a season pass to the Rivoli.

Said Mr. Pekras in making the presentation:

"Joan did a fine job and I am glad to add this extra award to her war bond and I hope she enjoys every show she sees."

Joan was surprised and expressed her thanks to all of the Hilltop people who helped her in any way by collecting or donating scrap paper.

West Paper Drive Nets 70,080 Lbs.

Strange Assortment Of Vehicles Assembled To Bring In Scrap

A horse and wagon, pony and cart, and a baby carriage were pressed into service Tuesday by students of West Junior and Senior High School in one of the most successful waste paper collection drives ever held in the city. By evening 73,080 pounds of the precious stuff that goes into the manufacture and packaging of essential war items was collected by an enthusiastic group of high school youths who worked over time to do the job.

The latest check showed the total to be well over 10,000 pounds more than Indianola Junior High, the nearest competitor, in the city-wide campaign. The work was supervised by C. F. Bateman and was under the general direction of Dr. H. H. Reighley, principal of the school.

Pony and Cart Used

Don Knisley, 513 S. Powell-av, a student in senior high, scoured the Hilltop with his pony and cart gathering up stacks of paper collected by his colleagues. Another group of workers supplied cargo for a horse and wagon chauffered by Robert Powell, 3730 Plainview-dr, a 9B student.

Handicapped by lack of four-footed horsepower, Stanley Dietchle, 2516 Eakin-rd, a student in senior high, brought out an abandoned baby carriage and hauled stacks of paper to the collection point.

A group of business firms and individuals drove or contributed their trucks to haul the paper to its destination. Among the contibutors were Jones Lumber Company, Westgate Electric, Hauntz Market, McGurer Garage, Noble Allen, Earl Reed, Vellie M. Davidson, and Davis and Herbert Market.

The group of workers were busy until 9 o'clock that night loading up the last truck load cleaning up the debris from the streets and sidewalks at the collection point.

Frank Christ, Jr., has been named grand knight of the council. Other officers are Don Howard, deputy grand knight; Joe Reis, chancellor; Frank Strapp, recording secretary; Al J. DeMers, treasurer; Robert Finneran, advocate; Joe Gregory, warden; John Collins, inside guard; Joe Lytle, outside guard; Earl Patton, convention delegate; J. H. Eckenrode, R. J. DeShelter and Dr. T. M. Hughes, trustees; Mr. Collins, grand knight alternate, and Harley Sapp, convention alternate.

Casualty List Is Increased

Liberator Gunner Listed As Killed

At least six families of the Hilltop had been notified this week that members of their families had been listed as casualties as the fighting in both the European and Pacific theatres became more fierce in its intensity.

A tail gunner on a B-24 Liberator has been killed in action over Europe July 13, his mother, Mrs. Hattie Scott, 1508 Thomas-av, has been advised.

Sgt. William Mallory, who entered the service in August, 1942, received his basic training at Bowes Field, Ida, and was sent overseas in May, 1944.

A brother, Pvt. Robert L. Mallory, is a veteran of 26 months overseas service and is now stationed at the Sand Hill Reconditioning Center, West Asheville, N. C.

Besides his mother and brother, Robert, there survive the 21-year old gunner, two sisters, Mrs. Helen Dencer, Canton, and Miss Marjorie Mallory, at home; three other brothers, Howard and Karl Mallory of Lancaster and Theodore Mallory, Columbus.

Reported Prisoner

After being reported missing in action since Aug. 3, S/Sgt. Richard Anthony was made prisoner of the Germans when his plane was shot down while on a mission over France.

The twenty-one year old son of Mr. and Mrs. H. L. Anthony was graduated from West High School and was a former employee of Curtiss-Wright. He entered service in November, 1942, while attending Ohio State University and was sent overseas last March.

At the time he was reported missing, he had completed 25 missions as a turret gunner on an 8th AAF B-17 Flying Fortress based in England, and had been awarded the Air Medal.

Two brothers, Pvt. Robert E. and Cpl. Harry L. Anthony, are in foreign service.

Missing in Action

Pfc. Thomas Richard Evans, 25, an infantryman with General Patton's Third Army, has been missing since August 29. Word was received Tuesday by his father, Clarence W. Evans, 35 S. Terrace-st.

Pfc. Evans was a graduate of West High School and a former employe of the Pennsylvania Railroad. He entered service in March 1941 and has been overseas since November 1943.

Sgt. Robert L. Hartman, 25-year old infantryman, has been missing in France since Aug. 31, his parents, Mr. and Mrs. Ralph Hartman, 420 S. Harris-av, have been notified.

Sgt. Hartman, who entered the service in November, 1940, was stationed in Iceland in 1942 and was later transferred to England. He was graduated from West High School and before leaving for service was employed by the Godman Shoe Co.

His brother, S/Sgt. Raymond Hartman, 27, is also serving in France.

Two more families learned recently that their sons had been casualties.

One, whose wife resides on Thomas-av, has been reported missing in action while the other, who had been wounded, has been re-assigned to duty.

Pvt. Thomas Eberly, 31, husband of Mrs. Catherine Bowsher Eberly, 899 Thomas-av, is missing in action. The infantryman is the son of Mrs. Gertrude Pletcher, 1106 Oak-st.

Returns to Duty

A North High School graduate who was wounded on Saipan June 24, has reported back for duty, according to word received by his mother, Mrs. Minta Ginnicks, 436 Columbian-av. Her son, who is 30 years old, is Pvt. Amos Ginnicks.

Sunday League To Decide Winner

Proceeds from the game are to go to the Linden-McKinley Memorial Stadium Fund, according to J. R. Oyer, school teacher.

Pictured above is the quartet which will lead West High School's 70-piece band, under the direction of Miss Mary K. Richter. Left to right are Bill Hagans, 599 S. Burgess-av, drum major and president of the band; Jimmy Wood, 775 Chestershier-rd, twirler; Dorothy Roederer, 452 Belvidere-av, drum majorette; and Phyllis Ward, 2725 W. Broad-st, a twirler. They will appear in the opening football game, Tonight against South High. School.

Teen-Canteen Dances Are Planned Here

The Teen-Canteen dances, held so successfully last spring at the West High School Gym, are being planned again for the fall, it was announced this week.

At the meeting of the Hilltop Community Council held Monday evening at the American Legion Hall, presided over by its president, Jerry Spears, Sr., a group of the younger members of the Council, headed by Dick Ison and Kay Erf, presented a plan of operation for the fall and winter season.

Miss Erf and Mr. Ison, with the two Senior members of the Canteen Committee, Mrs. Leo Uridel and Mr. Otto Best, are forming a committee of at least twelve Senior High students who will assume complete charge.

The committee's first dance will probably be a Hallowe'en Dance held the latter part of October or early in November.

Navy Dads Request Names For Gifts

At a meeting of the Hilltop chapter of the Navy Dads organization held Sunday evening, a decision was made to send a gift or card to all boys in service with the Navy, Merine Corps or Coast Guard who entered service from the Hilltop.

A request was made by the organization for names and addresses of these service men, which can be mailed to Navy Dads, P. O. Box 843, Hilltop Station, Col 4, O.

Cowboys' Late Rally Ties Marion 7-7

Slager - to - Haines Pass Scores In Last Moment; South Is Next

With Lady Luck completely deserting them and playing time fast running out, a courageous West High eleven exploded with startling speed last Friday night to come from behind in the last two minutes of play to even the score at seven-all against a strong and speedy Marion Harding team.

After 46 minutes of tough-luck football which saw Marion score seven points on a fluke blocked pass, the Cowboys took over the pigskin when Dick Slager intercepted a Harding pass on his own 40-yard line. With the Presidents expecting a long desperation pass, they were crossed up when Donn "Sug" Haines cut across in back of the Marion line, received Slager's bullet pass and set sail for the promised land in one of the neatest 50-yard runs of the season.

Carl Hosler, who played a bang-up game at tackle, dropped back to kick the extra point and the plucky Hilltoppers had pulled the fat from the fire as the stadium had started to empty.

Score On Blocked Pass

Marion was constantly knocking at the door during the entire game because of the alarming number of fumbles in the West backfield, but the Cowboy line stood like a brick wall against the battering of Capt. Elvin Beach, Marion's 180-pound fullback, and the speedy scampering of Halfback Paul Porter. Marion scored their touchdown mid-way in the third quarter when End Norman Dillinger got through the West line to block an attempted pass by Slager, the ball bouncing into the hands of Bill Strobel, President tackle, who raced the remaining 40 yards to the West goal line. Jack Colgrove booted the extra point.

Again, as in the Springfield game, the West backs scampered through holes in their opponents line and skirted the ends for long yardage, but this time they couldn't hold onto the ball when they reached the vicinity of the goal line. However, the boys came back to pour on the coal after each misfortune and were never beaten at any time in the game.

Coach Rose used only four substitutions during the entire game, sending Jenks and Dean to the halfback spots for Parkey and Anderson, with Buckingham finally getting into the game at end after an early season injury. Dick Gubsch, who was in for one play in the Springfield fray before he was removed with an in-

Hilltop Churches Join In Observing World Communion

Hundreds of Hilltoppers representing more than a dozen Christian denominations will join with churchgoers throughout the nation and the world Sunday morning when special Communion Services will be conducted. Pledge cards handed out in the congregation last Sunday indicate that an unusually large number will take part in the sacred rites.

The seriousness of military engagements on the European continent and in the Pacific is expected to add to the solemnity of the occasion, as relatives and friends of men and women in service say special prayers for the safe keeping of those in uniform.

A quick check of church announcements for this week indicates that most of the local churches will join in the world-wide observance of Holy Communion. Interest in many churches is expected to match that of Easter services when most congregations reach their peak in attendance.

West P.-T. A. Group Hears Airman

A meeting of the West Junior-Senior P-T. A. was held at the school cafeteria Tuesday evening with Sgt. Kiss from the Lockbourne Air Base describing some of his experiences on 25 missions over Europe.

At the close of the meeting it developed that Harold Washburn, senior high teacher, had shipped on the same vessel with Sgt. Kiss as merchant marines in the period preceding the war.

Group singing was participated in by those attending.

SALVAGE NEWS

NOW, Mrs. Columbus, it's your turn to sit back and watch while Friend Husband does his bit by the war salvage effort. In the past it's been mainly your job—flattening tin cans, saving kitchen fat, and stacking newspapers. But the worm has turned!

From next Monday, October 2, through October 20, all waste paper in downtown office buildings that is not actually in use will be drafted for war service. Under auspices of the Columbus Advertising Club, a concentrated effort will be made to get scrap paper out of files, drawers, and stockrooms in Columbus' 65 office buildings.

Remind Hubby of this important task, Mrs. Columbus. Tell him to sign the pledge of cooperation when he's asked to and then to follow through by getting his paper ready on the day of the collection in his building. And tell him, too, not to worry about those confidential records; special arrangements will be made to salvage them.

The need is urgent! Turn in your paper and help wrap up the enemy in a hurry!

WPB Releases Certain Lumber Restrictions

Relaxed restrictions on certain types of lumber have now been worked out to make it available for civilian consumers without the necessity of securing a WPB preference rating from the Federal Housing Administration, District Director A. L. Guckert of the FHA said today.

A new WPB order permits all lumber dealers to sell to "all other consumers" for maintenance and repair purposes up to one-third of their stock on hand as of September 1 between now and December 31, without the necessity of purchasers applying to FHA for a WPB priority.

Only in the event the consumer is unable to obtain the lumber he needs should application be made to the FHA for a preference rating which—under WPB regulations—it can issue only for emergency repairs.

In general, emergency ratings are justified only when a house is rendered unfit for continued occupancy through damage by fire, flood, tornado, earthquake, storm or a similar catastrophe.

The sale by dealers of one-third of their inventory during the current quarter is in addition to the 5,000 to 8,000 feet per quarter that each is allowed. The re-priorities will go a long way in relieving the situation that existed.

The West band will make its season debut decked out in new uniforms.

Two other City League teams will tangle Friday when East plays host to Aquinas in the afternoon, while North and Central entertain Lima South and Dayton Roosevelt under the lights.

HAND-SHAKING COACHES

Cowboy fans who witnessed the Marion battle are wondering why Coaches Rose and Pemberton didn't stick to their policy of shaking hands when a touchdown was scored as they did at the Springfield game . . . probably that last minute dazzler was too much for even that bit of expression. When asked the reason for the Springfield show of greeting between the two mentors, Dale says, "What else could I do? Kiss him?"

While Ohio was enduring one of the worst droughts in years, Lt. Chester. R. Hill, Jr., was enjoying the novel experience of eating during one of the drenching rains in France. He drained the water off his beans three times before he finished them, and the "dew" obligingly refilled his coffee cup each time he took a drink.

YOUR ANSWER

There's no better "letter" from home to our fighting men in the Pacific than for them to see an ever-increasing number of Curtiss Helldiver dive bombers take the air, manned by U. S. Navy flyers. They are vitally needed to blast the Japs from their island strongholds and from the Nip mainland as well.

It is far, far from being too late for you to get into the fight . . . because it is far, far from the complete end of the war. Get on the production line and push Helldivers along. If inexperienced, a few weeks at the Training School right at the plant will give you the "know how." You're paid while you learn. Why not come out for a friendly interview as soon as possible?

News Call for The Yanks

By Shalmir Springer

Hello, There!

Word comes from James LeRoy Wiler, S1 c in the Pacific, that he hasn't made port for eight months. He wrote his parents, Mr. and Mrs. R. L. Wiler, 28 N. Burgess av, that he "has been playing around in the Jap's backyard."

On his recent birthday, Mr. Wiler, 28 N. Burgess-av, received a hand-made birthday greeting from his sailor son, which showed a sailor on board ship, with his father in Columbus, in the background of which there is the AIU building. They are clasping hands over the Pacific. In the same mail, there was the following letter:

Hello, Dad:

Well, I know this isn't much of a card, but since we can't buy cards out here on this drink, I just have to get by on what I can make.

I sure wish I could take in a ball game with you like we used to do on your birthday, but have a little work to be done out here yet. Next year will be different I hope and we can take in a game then.

I was surprised to hear you at last got a vacation. Boy, I bet you really had a time then. I could go for a few days vacation myself. Just a port would do. You know, Dad, I haven't seen an American "gal" for almost ten months. I haven't seen any kind of "gal" for seven months.

I'll say once again, "Happy Birthday!"

Jimmie

Subscription Drive By West High Students To Start Monday

Plans were completed with officials of West High School this week for the inauguration of the third annual Hilltop Record subscription drive next Monday. The drive will be conducted by students of West Junior and Senior High School.

Eighty students have been signed up to take part in the solicitation that is expected to reach every home on the Hilltop. Both new and renewal subscriptions will be taken. As in the past the school will get a generous commission out of every subscription obtained by the students. The money will go into the debt reduction fund to help retire outstanding bonds against the stadium, erected in 1937.

In 1942 when the first subscription drive was conducted the school realized approximately $750. Last year with a much smaller staff of workers $500 was taken in. With a much larger group of solicitors this year's drive is expected to far exceed either of the past two years.

To Work In Own Territory

Students will be assigned streets in their own neighborhood or streets of their own choice in so far as is possible to do so, Harry L. Zulauf, one of the faculty supervisors, said. Each student will carry an official subscription receipt book together with an identification card signed by an official of West High School. The card will also be signed by the student solicitor as an added safeguard against the possibility of misrepresentation. Prospective subscribers are asked to pay money only when the official receipt is given.

To stimulate interest in the campaign a $25 war bond will be given by the school to the student selling the largest number of new subscriptions. A second prize of $5 in cash will go to the seller of the second highest number of new subscriptions and $2.50 to the person with the third highest total.

Rates Unchanged

Subscription rates will be the same as in the past—$1.50 per year within Franklin County and $2.00 per year outside of the county. New subscriptions will be effective for one year from the date of the receipt. Renewals will become effective upon expiration of the present subscription.

Myron Seifert, a member of the senior faculty in charge of the West High Occident, will help supervise the drive. It is expected that the entire canvass will be made within a few weeks time.

Remark of the Week

"Our first aim must be to increase our national income by putting to work all of the productive resources of our country — industry, labor and agriculture."—Thomas E. Dewey.

TOUR SERVICE HOSPITALS

Lee Koontz, George Hardy and daughter Jackie with Donna Beckwith are consistent performers with Moose shows making appearances at various service men's hospitals . . . the group has made several trips to Fletcher General Hospital at Cambridge, also to Norton Field Naval Hospital and the Veterans Hospital at Chillicothe plus a recent visit to Lockbourne Air Base . . . this kind of generous alloting of talent doesn't hurt things a bit.

HERE AND THERE

Although he is in the Medical Corps in the army, "Toad" Inman is reported to be strictly on KP when he gets home on a furlough as witness his recent chore of making "pigs in blankets". His wife, the former Jeanette Dalgarn, says she likes his meals but oh, what a mess . . .

Howard Dillinger was recently the recipient of a $100 War Bond from the Tellings Ice Cream Co. for his Sullivant-av victory garden which was judged the best of the lot among employees of the company . . .

Mrs. George K. Hardy, 94 Wisconsin-av, is now a patient at the Franklin County sanitarium. . .

Virgil Brotton was asked his occupation for his driver's license and surprisingly answered "housewife." However, it is reported that he made the correction before it was typed on the license.

Shalmir Springer, a very much overworked frosh at OSU was very much concerned one day this week when she read of a student of that institution of learning who succumbed to a heart attack.

THICK APPETIZER

Comes a report that Chet Witherspoon had quite an unusual appetite one morning at a local restaurant . . . while waiting on an order of hot cakes, he was served a small maple syrup glass for use on his cakes, but promptly drank the syrup . . . then, to cap off the incident, he remarked: "That's the thickest grape juice I ever drank . . . ouch!

VETERAN SAILOR HOME

Bob Cornwell, veteran of two invasion landings in the European theatre of action, is home on a 30-day furlough and is really taking in the town . . . Bob was with naval landing ship units who put the doughboys ashore on enemy beaches of the Western French and Southern French territories.

LOST POTATOES

We understand that Ray Anderson planted a row of potatoes back in the Spring and now with the tops gone, has forgotten the location of the underground vegetable . . . Ray is faced with the possibility of digging up his entire Victory Garden or losing his former labor . . . oh well, they probably didn't do so good any-Ray.

BASKETBALL GAMES

A letter was received this week from Richard Jacobs, manager of the Aeronautical Products, Inc. of Washington Court House, in which the requests names and addresses of prospective basketball teams on and near the Hilltop who might be interested in booking games with the company's sponsored team this winter.

If anyone is interested in a program of this sort, we would suggest that they contact the Record and their names will be forwarded to Mr. Jacobs.

GOP Club To Meet Oct. 12

With a presidential election little more than a month away political activity on the Hilltop began to be more the topic of conversation. Lacking in interest thus far because of the small number of Hilltoppers who are candidates on the two tickets the campaign will be more or less officially opened next Thursday night, Oct. 12, when the G. O. P. Club meets at the home of Mr. and Mrs. Harry Hopwood, 2970 Parkside-dr.

Weather permitting, this gathering will be an outdoor affair with a wiener roast planned. Reports of membership captains are to be made. The losing side in the membership contest is expected to provide the eats at some later meeting. Membership blanks may be obtained from Mrs. George Matson, 87 N. Warren-av.

A special appeal was being made to Republican voters on the Hilltop to get themselves properly registered if they have not already done so. All Hilltop voting places will be open for registration of voters on Monday, Oct. 9. The hours are from 10 a. m. to 2 p. m. and from 4 p. m. to 9 p. m.

Register -- Then Vote

An Editorial

It should not be necessary to urge any American citizen to exercise his privilege of voting for the candidate of his choice in the November election but figures indicate that all too few of them will do so unless many more registrations are completed between now and Monday, Oct. 9, the deadline for registering. Every voting place on the Hilltop will be open Monday between the hours of 10 a. m. to 2 p. m. and from 4 p. m. to 9 p. m.

It is not a commendable fact that persons should have to be urged to qualify themselves for a taking part in such an important election as the one soon to be held. But since these special facilities for registering are available to all there should be little excuse for not voting this year.

The issues at stake are of such magnitude that every voter should be concerned as to the outcome. The results of this election may go far toward determining the future peace (or lack of peace) in the world for years to come and in the solution of tremendously important and very real problems here at home.

Ou soldiers around the world are fighting for the preservation of a free ballot. Americans here at home should exercise that right at ballot on November 7.

Legion Has Option On West Broad Site

Veterans' Memorial Building May Be Near Present Home

There was a strong indication this week that the Veterans' Memorial Hall will be erected on West Broad Street in the neighborhood of the present headquarters. This was indicated by the fact that an option had been taken on a piece of property with Broad Street frontage in the vicinity of Brinker Avenue.

While the exact lot or lots was not revealed, a spokesman for the Camp Chase Post No. 98 American Legion, sponsors of the Memorial Hall drive, said that the location under option was "close to the present location."

Meanwhile plans were announced for the presentation of an old time vaudeville and radio review to be held at the West High Auditorium on November 16. A full two hour show including 10 professional radio and vaudeville acts will be presented.

Arthur J. Bellar, chairman of the ways and means committee, is in charge of arrangements. All tickets to the performance will sell at 65c, including tax.

COWBOYS BEAT SOUTH IN FIRST LEAGUE GAME

Linden-McKinley To Provide Opposition In First Home Game This Afternoon

With their long running plays and passing attack almost completely throttled by an alert South High secondary, West's Cowboys shifted their attention to the middle of the line and powered their way to victory over the Bulldogs in Mehaffey stadium last Friday night before a sell-out crowd.

West's first scoring drive started with a break when Carl Hosler kicked-off to South's 25-yard line, the ball being fumbled and recovered by Buckingham on the 30. Slager picked up five yards around right end, then Parkey skirted the opposite end for four more with Dick Ison making it a first down on the 12. Ison and Bud Dean each got three through the center and Slager made it another first down on the Bulldog four, then Ison powered to the three and, on the next play, Dean crashed over left tackle for the score.. Hosler split the uprights to give the Cowboys a 7-point lead before the game was four minutes old.

The Hiltoppers seemed to be on the way to another quick score when Hosler's second kick was fumbled and recovered by West on the South 30. Parkey lost two on an attempted reverse, then picked up five yards around right end. Slager dropped back and attempted to pass to Donn Haines which was intercepted by Charlie Boyd on his own 19-yard line who then romped down the sideline for 81 yards and a touchdown. Powell booted the extra point to even the score at 7-all.

Fumble Again Starts Drive

After a see-saw battle through the remainder of the first half, the Cowboys scored again about midway in the third period. Halfback Don Jenks recovered a South fumble on the Bulldog 43-yard line and the drive was on. Slager rambled for seven yards and Parkey made it a first down on the 30. A Parkey to Slager lateral picked up one and then Slager tossed a pass to Jenks who was downed on the 8. Jenks picked up 2 and then was stopped

Local Men Open Confectionery, Sandwich Shop

Marvin Martin, formerly of 551 S. Wayne-av, has purchased a two-store room at 2669-71 Sullivant-av, which will be developed into a confectionery and delicatessen on one side, and a sandwich shop on the other, it was announced this week.

Wm. L. (Bill) Stokes, 451 S. Wayne-av, has announced that he will install a complete and modern shop in one room of the building purchased by Martin, and will name it The Chief. The shop will specialize in sandwiches but will also carry a full breakfast menu.

Stokes was released from the Navy Seabees in July of '43. He was a Chief Petty Officer. He has a son in service at Camp Edwards, New Jersey.

Opening of the two new business establishments will be held as soon as final arrangements can be made, according to Martin and Stokes.

The West band was out in their new uniforms and went through fricky marching formations that brought rounds of applause from the large crowd. It was the first appearance for the musical aggregation this season, and marked the recent uniform drive by the Band Parents Club as a complete success.

New Owner For Althen Beauty Salon

Miss Martha Epps, from Missouri, who has been working at the Hotel Fort Hayes Beauty Salon in Columbus the past few months, has bought the Althen Beauty Salon, located in the Althen Apartment Bldg., 2255 West Broad, and took charge of the shop Monday, Oct. 2nd. She bought the shop from Mrs. Myrtle Davis, who has owned and operated it for more than two years.

Before coming to Columbus, Miss Epps owned and managed her own beauty shop for twelve years, so she is not new in the profession. Personally, she specializes in permanent waving, haircutting and tinting, having had much special training in each line from artists from New York, Chicago and Long Beach, Calif. Miss Epps is very enthusiastic about her method of hair cutting and shaping; she was taught by Reno from Long Beach, and it is known as the Reno Method. She cuts the hair while it is still wet, and uses a measuring comb, just like a little yard stick, and she goes by patterns using numbers for the different styles. In this way, the customer gets exactly what she wants, it can be a very long bob and still be shaped to perfection. For instance, Greer Garson's hair-do in her picture "Mrs. Miniver" was a 5-3 . . L . . 12, and was cut by the same artist who taught Miss Epps the Reno Method of hairshaping. A card is given each customer with the numbers of her new cut listed. In this way, she can come back at any future time and get the exact hair cut if she brings her card.

This method of cutting and shaping is perfect for your new permanent wave; it gives you exactly what you want, a lovely fluff of curs, or a long glamourous bob, or even a beautiful tailored cut, and it's perfect for that natural wavey hair. It shapes the hair just right for those waves and curls to be at their best. If you have a little girl whose hair is inclined to curl, this curly cut method will work wonders in making it curl its very most natural way . . . try it!

Miss Epps has had a grand success in permanent waving, especially problem hair. She is very enthusiastic about "Cold waving, having had a lot of experience in that line, and special instructions at different times, but all types of Permanent waves will be given in the shop, as well as every phase of Beauty and Culture. The shop will be conducted in the same friendly, efficient manner it has been for the past two years, and with most of the same operators. Mrs. Davis will work a few days each week, and Mrs. Marie Ward, who has been with the shop for some time, will remain also. Miss Epps' sister, Lexa Hiler, from the Epps Beauty Shop in West Plains, Mo., will be added to the list of operators about Oct. 15th. (Adv.)

Stadium Debt To Be Paid Off This Fall

Bonds Are Being Redeemed At West High School Now

The final indebtedness on the West High Stadium will be paid off this fall. That statement was made this week by Dr. H. H. Reighley, principal of the school since 1937, the year that the stadium was built.

At present there are bonds outstanding in the amount of $2200. During this year, there will be sufficient funds to pay off the entire indebtedness. Bonds will be paid off and redeemed at any time if brought to the school secretary.

To the many Hilltoppers who bought a share in the stadium in order to make it possible for this community to have an up-to-date athletic field, this will come as welcome news. While some of the bonds have been retired each year since the original levy was issued the final payments are now being made to bond holders at any time they are presented to Room 235 at the school. Redemptions are being paid in full by H. L. Zulauf, school treasurer.

Cost $40,000

Built at a cost of approximately $40,000 the stadium was dedicated on Oct. 15, 1937, almost seven years ago. Elaborate dedication ceremonies were held on that day when the newly constructed edifice together with the regraded playing field was named Magly Field in honor of Otto H. Magly who had recently resigned as principal of West High after having served 29 years in that capacity. The Harold Wise coached Cowboys added to the celebration by defeating East by a score of 20 to 6.

The movement to build the stadium got under way in 1936 when approval was granted by W.P.A. to invest approximately $30,000 in the project. Before the contract could be started however, the sum of $8,000 had to be raised in some manner to match the government's share. The West High Athletic Association went to work and with the aid of many public spirited residents and business men a program was undertaken to sell bonds in the amount of $10 to several hundred alumni and friends of the school.

Prominent in the organization of that movement was Ray G. Hauntz, deceased, at that time a member of the Columbus Board of Education. His part in making possible the stadium was largely responsible for his selection that year as "Hilltop Man of the Year," a citation made annually in the community by Camp Chase Post American Legion.

Work Started in 1937

Work on the stadium got under way early in 1937 but it was not until the football season was already under way that the new plant was used for the first time. A shortage of funds at one time halted the work temporarily. Lack of money prevented completion of the interior of the stadium in time for use by the teams that fall. Dedication of Magly Field came only a few weeks after South High School completed its modern athletic field thus West became the last school in the city to have a modern athletic plant.

The stadium as it now stands is 305 feet in length and seats approximately 3200 persons. By moving the steel bleachers in position several hundred more persons can be accomodated.

Since the bonds were issued numerous organizations have worked toward paying off the stadium debt. Early in 1939 the school was organized to collect cancelled sales tax receipts and soon every boy and girl was bringing in stamps. This one plan alone has netted approximately $800 per year.

MILK WEED PODS

Hilltop schools have been valuable in helping to promote any worthy war-time project which has been attempted . . . paper drives, glass and metal scrap, in fact just anything that comes along, the schools are always ready to pitch in and really make it a success . . .

The latest contribution to the war effort seems rather strange to some, that is the recent discovery that plain old milk weed pods is an excellent substitute for kapok which goes to make up the bouyant material in life jackets and other life-saving equipment . . . and again, the schols are right there with the where-with-all. Clarence Bateman reports startling results out at West Jr. as the students have collected 84 large bags of the material.

The sacked pods are shipped to a plant in Michigan, said to be the only milkweed processing plant in the world, where they are made into the filler material for the equipment.

ANOTHER EAGLE

We note that Robert L. Weaver, son of Mr. and Mrs S. R. Weaver, of 228 N. Harris-av, has graduated from the long and strenuous air cadet course and has been commissioned a 2nd Lt. in Uncle Sam's mighty air force . . . and these young eagles really earn their commissions before they're through this training.

SMALL WORLD

A Columbus scribe, in his travels through New Guinea, came across a fellow townsman's name in a little hut in wilds of that desolate country it was that of William Strickland, 2nd Lieut., 2059 Sullivant-av . . . yes, Hilltoppers can be found all over the world these days, even on a foot locker in New Guinea.

HERE AND THERE

Jean Young, popular Hilltopper now serving in the WAVES, left yesterday after a seven-day leave to return to training at Purdue University in Lafayette, Ind. . . . Lt. Wayne Leathers, formerly of 1931 Fairmont-av, and now serving with the Eighth Air Force over Europe, has written home after a lengthy silence informing his mother that he is now safe in France . . . Cpl. Charles Ogg was home this week on a 30-day furlough after seeing army service in the South Pacific . . .

The Post Office has announced that sub postal stations will close at 1 p. m. Saturday, the last day for overseas mail to service men . . . however, the main office will accept packages until 7 p. m.

PROMINENT IN FLOWER SHOW

The Rosebud Floral Co., 351 N. Burgess-av, has a small type of chrysanthemum, white with yellow center, which stands out predominantly among other new varieties at the collection for the flower show on the south side of city hall which will be held Saturday, Sunday and Monday . . . there is said to be only a few of this type of flower in existence and is not as yet on the retail market.

Local Plumber Is Electrocuted On Job

Electrocuted by a defective cord while he was repairing a hot water heater Lee A. Brown, 54, 121 S. Harris-av, was found dead in the basement of a Bexley home last Thursday. Funeral services were held Monday morning at St. Aloysius Church.

A plumber by trade Mr. Brown had been employed by the Roberts Plumbing Company for the past 40 years.

He was the brother of Mrs. Agnes Brown Cain, 2146 W. Broad-st, the Columbus city clerk. He is also survived by his wife, Mrs. Mae G. Brown; a son, Apprentice Seaman John James Brown, now in V-12 training at Oberlin College following service in the South Seas area; a daughter, Mrs. Frank Richard Nairn, Gatesville, Tex., and another sister, Mrs. Hetty Brown Vance of the Broad-st address.

Brown was on the City Board of Examiners of Plumbers and was a member of St. Aloysius Church.

Undefeated West To Face Central Tonite

Crawford, Slager, Jenks And Parkey Standouts In 21-6 Win Over Linden

West High's undefeated Buckaroos will be out after their second City League win tonight when they move into Central's field to do battle under the lights with the Pirates who will be attempting to bounce back with a win after a 31-0 lacing from North's high-powered Polar Bears last Friday.

Coach Dale Rose's stalwarts looked like a good bet to retain their share in the league lead with North, as they have been working hard this week to iron out the flaws that were prevalent in Friday's game with Linden-McKinley. However, it was revealed that they would be without the services of Carl Hosler, veteran right tackle, who has been in bed all week with the flu. Hosler, in addition to being a formidable part of the defensive and offensive operation of the West line, is also the possessor of an educated toe which comes in handy for that extra point after touchdown.

Rose has anounced that Bob Minton will take over Hosler's duties, and that Bill Eckle and Bob Cassell will also see service in that position. Although Minton has not had much experience, he has ben developing fast and should fill Hosler's shoes in all but the place-kicking department.

Long Runs Score

The Cowboys again reverted to their habit of scoring from way and at unexpected times as they downed Linden-McKinley last Friday. On the second play of the game Dick Slager took the ball on his own 20-yard line, faded back to fake a pass, then scampered through the entire McKinley team for the first six points in one of the most beautiful plays of the season which featured precision downfield blocking on the part of his team-mates.

Again in the second quarter, Don Jenks took a McKinley punt on his own 42 and outraced the Presidents to score. This run, too, was made possible by good blocking. Renick Parkey put the game on ice in the third period when

BANDIT GETS $45

While clerking in his father's drug store last Thursday night Richard Koontz, 16, son of Councilman Henry A. Koontz, was robbed of $45. The bandit threatened young Koontz with a gun after he had made a purchase.

The robbery occurred at the Koontz Pharmacy, 2461 Sullivant-av, while Councilman Koontz was busy in the prescription department at the rear of the store.

West Pupils Start Drive

Approximately 75 pupils of West Junior and Senior High School started the third annual Hilltop Record subscription drive this week. Early reports indicate a good response to the school undertaking.

As in other years a generous share of each subscription will go to the school to help pay off the stadium debt and support other school activities. Both new and renewal subscriptions will be signed up by the school salesmen who will call on virtually every home on the Hilltop.

The students will be competing against one another for one of five prizes being offered. The school will award a $25 war bond to the person compiling the highest total of sales. Five dollars worth of war stamps will go to the second highest. The Hilltop Record will give $10 to the person selling the most new subscriptions. A second prize of $5 and a third prize of $2.50 will be given in cash to the next highest on new subscriptions.

Subscription rates are $1.50 per year within Franklin County and $2.00 outside of the county.

BAND'S ALL DRESSED UP

WEST HIGH MUSICIANS DON NEW UNIFORMS

Three years of effort have resulted in purchase of new uniforms for the 75-piece West High School band. The drive was initiated by the Band Parents' Club and variety shows, dances, theatre parties, glass collections, dances and contributions from members of the Hilltop Business Men's Association made possible the $7500 purchase. Shown here are four members of the band trying on the uniforms, left to right: Norma Beney, Tom Dale, Jim Scott and Shirley Ries.—Journal Photo.

GM Factory West Of Here Still In Doubt

Although information of a definite nature was much in the minority this week, the possibility that General Motors will locate a plant on the Judge Turner farm west of the Hilltop remained bright. Tests and surveys were completed by the Jennings-Lawrence Co. several days ago and indications point to favorable findings from the standpoint of it being a suitable factory site.

The Fisher Body Co., which has an option on 200 acres of the 1400 acre farm of Supreme Court Judge Edward C. Turner, at W. Broad-st and Georgesville-rd, is a subsidiary of General Motors.

It has been rumored that a plant will be built to handle light steel construction, most likely auto bodies. Possibly 4000 persons would be employed.

Some observers do not expect General Motors to announce a decision until after the presidential election has been held on Nov. 7.

Flower Show To Open Saturday

Celebrating the beautification of the city hall grounds with approximately $7500 worth of hardy chrysanthemums, Columbus city officials are sponsoring the city's first flower show in the municipal building Saturday, Sunday and Monday (Oct. 14, 15, and 16).

All Columbus florists, a number of out-of-town wholesale florists, garden clubs, the Audubon Society and the municipal zoo will join with the city in the show.

In anouncing the plans, Mayor James A. Rhodes said:

"This is a step in our program to beautify the capital city of our state. We are hoping to make this an annual event."

4000 Chrysanthemums

About 200 varieties are among the 4000 chrysanthemum bushes planted on the city hall terraces. A fall flower, they will be in full bloom for the show. Also among the 'mums are several new varieties,—propagated by Columbus florists and which have not yet been placed on the retail market, Ray Dietz, Superintendent of the City Division of Parks and Forestry, announced.

Inside the city hall will be displays by florists, colorful birds from the city's zoo and a display of winter feeding of birds by the Audubon Society. American Airlines are flying flowers in from Mexico for display in the show.

City officials will hold open house from 7 to 10 p. m. Monday, when council will hold its regular meeting.

Mayor Rhodes estimated that more than 50,000 persons will attend the show.

BROWNIE TROOP No. 104

Brownie Troop No. 104, John Burroughs School, will be entertained at a wiener roast Saturday, October 14, 2 p. m., at the home of Mrs. Harry Hopwood, 2970 Parkside-rd.

In case of rain, it will be held the following Saturday, October 21.

Lt. F. Westall, Previously Missing, Reported Killed

Richard Evans Returns To Duty

Names of two men who had been previously listed as missing in action were reported again by the War Department.

2nd Lt. Frank E. Westall, who has been missing in action off the coast of France since Aug. 15, has now been officially declared killed in action, his parents, Mr. and Mrs. Frank Westall, 1900 Sullivant-av, were advised this past week.

Later he became a semi-professional football player and in October, 1940, he entered service with the 37th Division, upon transferral to the Air Force he received pilot's training and was commisioned in January, 1944. Lt. Westall went to England in mid-June where he was based as a Muntang fighter pilot.

4718 Register In Wards 10 and 11

Hilltop Registration Runs Higher Than Rest Of City

There was considerable speculation on the Hilltop this week as to which party would profit most from Monday's last minute registration of voters when almost 5000 residents treked to the 47 polling places in this community to make themselves eligible to participate in the November 7 election.

According to unofficial count, 2158 persons had registered in the 10th Ward while 2560 registrations were tallied in the normally Republican 11th Ward. This made an average of 160 per precinct which was considerably higher than the city-wide average of approximately 80 per precinct for a total of 46,590 registrations for the day. It was the last day registrations were accepted for the fall election.

The absence of strongly contested issue in the two local wards together with the comparatively small number of candidates from the Hilltop makes the outcome on November 7 doubtful. Perhaps the strongest votegetter on either ticket from the Hilltop will be unopposed for his office. That is Judge Cecil J. Randall, a Republican, who is running for re-election to the court of common pleas. He is expected to receive a strong complimentary vote in both the 10th and 11th Wards.

Matson Lead Expected

George Matson, Republican candidate for re-election as county commissioner, is expected to pile up a substantial vote in both wards. In the 1940 election when the 10th Ward was in the Democratic column he polled almost 300 more votes than his nearest Democratic rival and led his running mate, C. P. Lauderbaugh, by over 100. In his own 11th Ward he lead the local ticket with a total of 4543 votes to 2904 for the nearest Democratic opponent.

The above figures are based on the Hilltop Record's published unofficial count and may be subject to a slight margin of error.

One significant fact stands out in any prediction on the way the two wards will go this fall. The Democrats do not have a single candidate from the Hilltop in the forthcoming race and they are without an elected official from the Hilltop at the Court House.

This fact in itself would indicate that the 11th Ward will go more strongly Republican this year than ever and that the 10th Ward, a borderline area, is apt to get into the Republican column on November 7.

If pre-election registration is any criterion of how many persons will go to the polls on election day it is likely that 8000 or more votes will be cast in the 10th Ward and possibly more than 8000 in the 11th.

Special Music At HBMA Meeting

Members of the Hilltop Business Men's Association who attended Tuesday night's meeting were afforded an unusual musical treat when four members of the Independent Players presented a 20 minute program of duets from popular Sigmund Romberg operettas. Featured on the program were Mildred Germanson and Robert Cocherille singing the lyrics to accompanyment of Albert Germanson, violinist, and Louise Miller Yost, pianist. The Independent Players will present "The New Moon" at the Hartman Theatre in the near future.

Safety Director Charles C. Cole gave an interesting talk on the operation of the safety department from the standpoint of public relations. Kenneth Kline, representing the Community Fund, gave a short talk on plans for this year's drive.

New Member

Dr. John N. Cross was elected into membership of the organization.

The association voted to turn out in a body to attend the homecoming game between West and Arlington on November 10. An attempt will be made to reserve a block of seats for business men who plan to attend.

Samples of a large 3½ by 5½-foot American flags printed on paper were submitted for inspection of the group as appropriate decoration for store windows on V Day. So much enthusiasm was demonstrated over the flags that a committee was set up to solicit all Hilltop business places to see how many of the flags might be used. A large order for flags will be placed as soon as the exact number is obtained.

KEEP *Your Furs* CLEAN

This is the most important rule if you are determined to take the proper care of your furs. All furs naturally accumulate dirt and grease and must be cleaned regularly. However don't make the mistake of getting your furs "dry cleaned." Thus none of the natural oils will be removed from the skins and the skins will not become ugly in texture and brittle. I am proud to announce I have my own fur cleaning drum now and the scientific

SAWDUST METHOD

is the ONLY right way to clean your furs. Why not get the best for your money.

REPAIRS ARE IMPORTANT

Bring your furs to us just as soon as you notice any wear or tear. The stitch in time will lessen the repair cost and lengthen the life of your furs.

Your Community War Chest Dollars *Fight* For a Greater Victory

They fight on three fronts . . .

WITH OUR FIGHTING MEN

They bring to our boys in camps and overseas a heart-cheering bit of home in the form of U.S.O. camp shows . . . comfortable, easy-chaired U.S.O. Clubs and Service Units. They bring relief from deadly boredom to our boys in enemy prison camps . . . through gifts of books, games, musical instruments, craft materials, athletic equipment. They provide shore clubs and rest homes for our valiant merchant seamen.

ON OUR HOME FRONT

They pitch in to help strengthen the very foundation of our community, of our democracy. The home. The family. They do it by supporting family services . . . hospital and clinical facilities . . . visiting nurses . . . day nurseries . . . foster homes. Through the youth agencies combatting juvenile delinquency. Through help for the aged and infirm.

WITH OUR ALLIES

They bring blessed food to put strength back into long-suffering, half-starved bodies. Medicines to give them strength to stand on their own feet, make their own way. They bring clothing and seed for their war-torn fields. And, most important of all, your War Chest dollars bring them hope . . . faith in humanity, in decency. They bring what is needed to plant the seeds of lasting peace instead of another war.

he skirted left and from the two-yard line after a sustained drive of 50 yards. Hosler had a field day by kicking all three extra points.

Crawford Shines

Virgil Crawford, Cowboy right guard, was the defensive star of the game with his lightning slashes into the McKinley backfield which caught the runners before they could get up steam. Layne, Estell and Hosler played their usual stellar roles in the middle of the line with Haines, Buckingham and Moore turning in the end runs in good fashion.

Although Central has failed to register a win in four starts, they will undoubtedly be keyed for this game in an attempt to hit the win column.

KEEP ON GIVING HIM HELLDIVERS.
The more he gets, the less he'll be able to take. But getting to the Jap with more Curtiss Helldiver dive bombers means getting more of them to our Navy flyers. So more must come off the production lines. More men and women must take jobs at Curtiss-Wright.
This is a call for YOU, if you are not now doing essential work of the most urgent kind. Don't think the war's all over but the shouting. Look at the map—it's still a long, long way to Tokyo, and Hirohito's hirelings are tough babies.
If plant work is new to you, if you don't feel at home with tools and machines, you're still wanted. A few weeks at the Training School right at the plant will convert you into a grand producer. Earn while you learn. Do the right thing by our fighting men. Do it right . . . at Curtiss-Wright.

Hilltop Father Sends Back Poem

The following poem was written by S/Sgt. Robert R. Dildine, husband of Mrs. Martha Dildine. It was written "somewhere in France" and reflects the thoughts of home entertained by many of the men overseas.

Sgt. and Mrs. Dildine have two children, a son 21 months of age and a daughter three months of age whom he has never seen.

"Let's Be Thankful"

When the skies are dark, and full of rain,
You feel that there's plenty to lose, and nothing to gain.
The whole place is gloomy, and you feel pretty bad,
You start thinking back to the good times you had.
You think about here, and you think about there—
Then lots of sweet music comes over the air.
It brings back sweet memories of "Me and my pal"—
But it's awfully hard on a fellow's morale.
I remember last year, just around Christmas,
I was in Carolina, with my baby and Mrs.
I know I can be thankful, in a lot of ways;
But it's like I said, rough, on this kind of days.
The clouds start to lift, and the skies get real bright,
Then you start to think, "Everything's alright."
There is only one thot that is no fun;
"The war isn't over, and you're not quite done."
The day will soon come when all can be still,
And I can sit at home, and do as I will.
So I have nothing to lose—plenty to gain,
Even though the skies are full of rain.
Soon I can be happy, and enjoy the days
With my wife and babies, in our own little ways.
Then I can thank God the fighting is thru,
The skies can be rainy, cloudy or blue.
I can relax at home, and take a rest,
With my wife and our babies, in our little Love Nest.

"Dude" Grubbs Writes Home

Among recent letters received by Mr. and Mrs. Forest Grubbs, 131 N. Hague-av, from their son, "Dude" Grubs, who is prisoner of war in Germany were two which indicated what life in a prison camp is, and the things a prisoner values most.

The ons, actually written on a "postkarte", was headed Kriegsgefangenenlager.

Datum June 26, '44

Dear Mom and Dad: Received 76 letters and 18 pictures one of Marie and one of Tink and his wife. My baseball team has won the major league, four games ahead with two to play. We won 18 and lost two so far. Got to see the picture "Orchestra Wives" yesterday. It sure took me home. Heard the great news. Everything o.k. here.

Love always, Dude.

The other written previous to the one above, was dated June 7.

Dear Mom and Dad: Received 15 letters last week; that makes 67 so far. Sure happy to receive a picture of you and Marie with the baby. How is my little one? Sure would like to see her. Got a letter from Tink; glad to hear he's doing so well. I'm sweating out my March to May parcel. Received three so far and 18 cartons of cigarettes. Send me some Hershey's chocolate, razor blades, soups, beans and any other kind of concentrated foods.

Tell Dad I said a happy birthday. Hear that the Cardinals and Yankees are leading their leads respectively. My baseball team won 11 straight; then we hit a slump and lost two that we should have won. We are now tied for the lead.

The weather is very warm now and our garden has started producing already. We received tomato plants today. So far I've got 17 pictures. I look at them every day. Pictures are the most prized possession of all POW's.

Tell Barbara and Marie I love them both very much.

All my love,
Always, Dude.

These Tempting Dessert Show To Conserve [illegible] Supply

Sugar shortage or not, we can still have our cakes. There's no shortage of honey and cakes made with this natural sweet are very good. Although white sugar is called for, a smaller amount is required. Honey cakes keep moist and fresh longer than usual. Honey is especially good in spice and fruit cakes, and steamed, cake-like desserts.

Other ways of saving on the sugar supply is by serving fresh fruits for desserts, as they carry their own sugar. Dried fruits also are a source for natural sugar. Puddings made with raisins or dates need less sugar for sweetening. Also cookies and cakes made with molasses, sorghum and maple syrup are delicious and nutritious and help save on sugar.

Honey Cake
(Two 8 inch layers)

1/3 cup margarine
½ cup sugar
2 eggs well beaten
½ cup milk
1¾ cups sifted flour
½ teaspoon salt
2 teaspoons baking powder
½ teaspoon ginger
1 teaspoon cinnamon
¼ teaspoon cloves

Cream margarine with honey and sugar until very light. Add eggs and beat thoroughly. Sift flour with other dry ingredients and add in alternate portions with milk, beating well after each addition. Pour batter into two well greased pans and bake at 350 degrees for half an hour.

Orange Cake
(Two 9 inch layers)

2 cups sifted cake flour
2½ teaspoons baking powder
¾ teaspoon salt
½ cup margarine
2 teaspoons grated orange rind
½ cup sugar
2/3 cup honey
2 egg yolks
½ cup orange juice
2 egg whites, stiffly beaten

Sift flour, measure and resift with baking powder and salt. Cream margarine thoroughly and beat in orange rind, sugar, and honey until very light. Add egg yolks one at a time, beating thoroughly after each. Add sifted flour mixture alternately with orange juice, a small amount at a time, beating batter smooth after each addition. Fold in stiffly beaten egg whites. Pour into greased layer pans and bake half an hour at 350 degrees.

Apple Pie

16 graham crackers
¼ cup sugar
½ cup melted butter
3 cups apple sauce
½ teaspoon each nutmeg and cinnamon
2 tablespoons butter
Marshmallows

Roll crackers until fine. Combine with sugar and butter. Press crumb mixture into pie pan, covering bottom and sides well. Chill. Pour in apple sauce, into which has been stirred sugar, nutmeg and cinnamon. Dot with butter. Cover with marshmallows cut in halves. Brown lightly in a moderate oven.

J. Perry Shumaker, Republican Candidate for County Engineer, was born in Xenia, Ohio, on May 9, 1890.

He attended the public schools in Xenia and, after completing High School, attended Antioch College at Yellow Springs, Ohio, and Purdue University at Lafayette, Indiana. He then became City Engineer for Xenia, Ohio, and at that time was the youngest City Engineer in the state. In 1921 he was appointed Division Engineer for the State Highway Department, and a year later was made chief engineer of construction. In 1923 he became associated, as engineer, with the Crescent Cement Company. From 1928 until 1939 he was associated with various consulting engineering firms. In 1939 he became assistant division engineer in the State Highway Department, and in January, 1940, he became Division Engineer for Division Six, which position he is now holding.

Mr. Shumaker has been a resident of Franklin County for the past twenty-two years, and has been actively engaged in all civic undertakings, and has always taken an active part in all Republican campaigns.

For the past seven years, Mr. Shumaker has been living in the north end of Columbus. Attorneys Support Pickering for Treasurer

There has recently been organized a committee of practicing attorneys who are sponsoring the candidacy of Harold D. Pickering for County Treasurer.

These attorneys have a sincere feeling, from personal contact with Mr. Pickering in his capacity as appointment clerk in the Probate Court, that he is the best qualified candidate for Treasurer of Franklin County.

The committee, consisting of a large number of lawyers, has elected the following officers and plans to actively support Mr. Pickering:

Noel L. Greenlee, president; Boyd F. Doty, vice-president; Daniel E. Bevis, treasurer; J. Weller Igo, secretary.

Directors are Carl H. Benbow, Fritzie C. Kessler and Max Gumble.

Pfc. Clifford Rector likes the warm weather in France much better than the dampness of Great Britain. He was in the hospital for five months in England with an injured knee before rejoining his company, and if he has a choice he'll take "La Belle France."

Collections in August dropped again. Only 51,583 pounds were turned in, as against 62,615 pounds for July; 69,142 for June, and 78,635 pounds at the high point last March. (September figures are not yet available.)

Please don't let up. Fats are a most important part of salvage for war. Your waste kitchen fats are needed to make explosives and certain medicines. Let's boost the October figures and keep it up. The war is still being fought.

Vol. XXVIII, No. 25 | The Hilltop, Columbus 9, Ohio, Friday, October 20, 1944 | Total No. 1334

Comes word from Mrs. Dewey Stout to the effect that she received a package from her son, Pfc. Verl Stout, USMC, from Saipan, in which he sent her a varied collection of Japanese souvenirs and equipment collected from Guadalcanal, Tarawa, New Guinea and Saipan . . .

Included in the package were a Jap watch, pen, naval blanket and a huge flower vase which measured 30 inches high and about 12 inches wide with a dragon painted on its side . . . Mrs. Stout is contemplating placing the collection on exhibition at some Hilltop place of business.

HURRICANE EVASION

With an approaching hurricane threatening the Florida peninsula, the Army Air Corps started sending its four-engine bombers to Central Ohio fields, but all naval equipment known to appear around town was Lt. (jg) C. C. Hartley who stopped over for a few days leave on his way from DeLand to Norfolk; and former Council Lt. (jg) Francis Kearns who was on his way to the Pacific Coast for reassignment.

SALARY RALLY

Is the designation given to the week of Oct. 22-28 by the Letter Carriers, and you may expect to find your carrier ringing your doorbell some evening next week.

Their objective will be to seek support for a $400.00 salary increase as embodied in the Mead-O'Brien Companion bills, S 1882 and H. R. 47715.

More than 14,000 carriers are serving in the armed forces yet the remainder are performing yoemanlike service in handling the mail expeditiously in spite of record-breaking mail volume.

This group has had no increase in salary since 1925. They believe the time has come when their claim for a just and equitable revision should be given consideration by Congress, and they wish to impress the representatives from this district that the public is in favor of such legislation.

They believe and they hope to prove that the public agrees that they deserve a wage scale at least equal to the acknowledged subsistence level.

Undefeated West To Play Aquinas Today

Face Tough Game After Easy Time At Central; Slowed By Injuries

The "Battlin' Buckaroos" of West High School will be out after their third win in City League play today as they face a tough Aquinas eleven at Magley Field, the game being scheduled to get underway at 3:15 p. m.

Coach Dale Rose's boys looked greatly improved last Friday as they romped over a defensively tough but offensively weak Central High eleven to the tune of 21-0. However, they have a tougher nut to crack in Aquinas, who has shown marked improvement since dropping a listless 6-0 game with East after being beaten by Zanesville and Springfield Central Catholic in their first two games of the season.

Last week saw Coach Frank Zadworney's stalwarts defeat a classy Canton Lehman team by a score of 32-0 after dropping a close 20-14 game to South the week before. Comparing these scores, West is placed in a position of one touchdown better, although football games seldom work out this way.

Cowboys Slowed Up

According to Coach Rose, last week's fray with the Pirates has slowed up several of the Cowboys who received bruises and sprains to a degree which caused them to miss practice periods during the week. Donn Haines, speedy end who scored on a 55-yard dash after taking a Slager pass last week, was absent from practice Wednesday because of a back injury. Jack Buckingham and Renick Parkey were suffering from ankle injuries, although Parkey was able to practice all week. Dick Slager, who got off on a 74-yard touchdown jaunt, only to have it called back for a clipping penalty, also was troubled with a knee injury.

Parkey added two more touchdowns to his mounting total, going over from the two-yard line early in the first quarter, then later skirting right end for ten and a six-pointer. He also clipped off a beautiful 75-yard run for a touchdown, only to have it called back because of another clipping penalty.

Hosler Kicks 'Em

Carl Hosler, regular tackle who had been sick all week, went in to kick all three extra points, and also played a short time on the offense.

The Cowboy reserves took over in the fourth period and continued to gain ground with Bruno Masdea, Lee Dienst, Bud Dean and Bill Smith sparking the attack.

North and South play in the other featured game of the City League with the East at Central game being played last night under the lights.

Republicans Plan Combined Rally

Republicans in the 10th and 11th wards will get together for a combined rally on November 1, just six days before the election. The rally will be held at the West Broad Street School with a full schedule of speakers and entertainment planned.

Details of the event will be made public in next week's edition of the Hilltop Record. George Sinclair, Republican committeeman for the 11th Ward, and Henry Koontz, councilman and 10th Ward committeeman, are working together on the rally.

300 Subscriptions Are Sold During First Week Of Drive

Approximately 300 subscriptions had been turned in to the Hilltop Record by Tuesday evening of this week in the third annual subscription drive being conducted by the students of West Junior and Senior High School. This set an average of 50 per day since the campaign got under way last week.

John Fry took the lead as high salesman for the first week's work with a total of 33 new and renewal subscriptions. Not far behind was Shirley Kaufman with 26. Jean Mathews was in third place with 20.

Pupils are vieing with one another for the $35 war bond offered by the school for the greatest number of sales. A second prize of $5.00 in war stamps, also given by the school, and three cash prizes offered by the Hilltop Record are additional incentives to stimulate competition among the salesmen.

Subscription rates are $1.50 per year within Franklin County and $2.00 outside of the county. The campaign will be continued for several weeks or until such time as a complete canvass of the Hilltop has been made by the pupils. A generous commission for each new or renewal subscription goes to the school to assist in retiring stadium bonds.

MORE HELLDIVERS TO CARRY THEM...

Pronounce the name of that Jap base any way you want, but for the Nips it spelled disaster a few short weeks ago when Curtiss Helldiver dive bombers gave it a terrific pasting. The U. S. More such raids require more Helldivers. That means more men and women to come to Curtiss-Wright at once and help build them. Inexperience is no handicap. One of the most important offices to be filled at the election on November 7, 1944 is that of Probate Judge. This is due to the fact that every voter is now or will some time in the future have some contact with the Probate Court, whether it be with reference to a marriage, an estate, an adoption, a guardianship, or any of the other numerous matters which are taken care of by the Judge. It is a matter of common knowledge that Judge McClelland has made the Probate Court of Franklin County one of the outstanding Probate Courts of Ohio. He is recognized as one of the able jurists of Ohio. In addition thereto, he has a capable, industrious and courteous office force. The Probate Court of Franklin County is in fact a "people's court", one in which the humblest citizen receives the same courteous and efficient service as any other person who comes before the Court.

News of Rome

By Maxine Brackett

Now that the Rolling Branch of the Red Cross is starting to work again the group of women from Rome will renew the habit of going in every Thursday. More workers are always welcome, so if you aren't busy on Thursdays make it a point to go to the West Broad School and help wrap and fold some bandages for our boys over there.

The newly formed Young People's Class of the Methodist Church held a business and social get-to-gether at the home of Mr. and Mrs. Ed [illegible], Scioto Vista-av, on Thursday evening, Oct. 19. Games were played and a lunch was served which made the evening complete for all present. Rev. and Mrs. Currie are leading the group temporarily.

Sgt. David Woehrle is spending a 12 day furlough with his parents, Mr. and Mrs. D. J. Woehrle, Buena Vista-av.

The Rome Study Club is sponsoring a Lending Library which will be in the Meyer's Bros. Garage. Anyone who has any books to donate to this very worthy cause may leave them with Mrs. Ralph Clements at the Knotty Pine Confectionery.

The Ladies' Society of the Methodist Church met in the church basement Oct. 18. Before the meeting the women sewed on clothing for war relief.

S 2 c Hugh Cox was recently transferred to a Naval Air Base in Florida. His work is uncertain for the present but he thinks it will be in the mechanical line.

Local Scouts Will Have Camp Site Near Hilltop

Out on Clime Road within easy walking distance of the Hilltop and readily accessible to all parts of Columbus the Boy Scouts of the Southwest District are preparing a camping site that promises to be an ideal recreation spot. As a result of recent negotiations a 60 acre tract of land most of which is heavily wooded has been turned over to the scouts of this area for their use at any time throughout the year.

The land, belonging to L. C. Clime, 4031 Clime-rd, is being made available to the scouts for use without charge. In addition to having a good growth of assorted trees the natural lay of the land provides an appropriate spot for holding court of honor and other scout ceremonies. Plans are already under way for the construction of a large lodge for indoor gatherings and for other camp properties.

Through an arrangement with the city many of the dead elm trees in Columbus will be hauled out there to be used in building seats to surround the council fire, and for any other use they might be to the scouts.

Enthused Over Camp

Scout workers on the Hilltop and throughout Columbus are enthused over the many possibilities that this site provided to local scouting. With gasoline rationing it is almost impossible for Columbus troops to go very far away from the city for overnight or extended camping. It will be the first time a desirable location has been available to the Hilltop.

While he has no direct interest in scouting, Mr. Clime said that he was making this land available because he believes the Boy Scouts of America is a fine organization and because he is interested in the Hilltop community. Fred Gaugget is responsible for laying the ground work that lead to obtaining the camping site.

SALVAGE NEWS

During September Columbus housewives turned in 110,500 pounds of prepared tin cans. That was the smallest amount for any month this year.

Don't stop now! G.I. Joe doesn't stop fighting just before victory. That's when he really gets in there and fights. Nor should any housewife relax her fine efforts in salvage just because our armies are winning battles.

We need tin to make every sort of war machine.

We need waste paper to make cartons for shipping war supplies, and for 1,600 other uses. We need waste kitchen fats for making explosives and medicines.

Keep on saving tin cans!

Keep on saving waste paper!

Keep on saving kitchen fats!

Veteran Of "Fox Hole Circuit" To Speak At War Chest Report Meeting

A first-hand report on the work of entertaining soldiers in the battle zones will be brought to Community War Chest campaigners at the second report meeting of the current drive Monday, Oct. 23. The speaker, a representative from USO-Camp Shows, will be Miss Harriette Henning, who has personally played on the so-called fox hole circuit.

The War Chest campaign in Franklin County got under way Wednesday, Oct. 18 and first reports were to be made Friday, Oct. 20. Recording the progress of the campaign at Broad and High-sts. is a hugh thermometer on a 30-foot pylon, on the top of which revolves a large chest. Atop the chest sits Chesty, the little fellow who for more than a week preceding the campaign warned everyone via airwaves, billboards, and newspapers that he was coming to town, or in other words, that the drive was about to start.

All reports are made at noon at the Southern Hotel, as in former years. Programs at the meetings and the total amount contributed are to be carried over loud speakers at Broad and High. The goal is $1,487,000 for the support of 88 agencies in 1945. This includes the National War Fund's campaign in Franklin County.

There will be three report meetings this coming week. Dr. Garse Little, pastor of Broad-st. Presbyterian Church, will speak Wednesday, Oct. 25, on the various types of service here at home supported by the War Chest. The Women's Division, of which Mrs. Rolland M. Edmonds is chairman, will make its report on Friday, Oct. 27.

Report meetings will also be held Monday, Oct. 30, and Wednesday, Nov. 1. The Victory Dinner is planned for Friday evening, Nov. 3.

War Chest Agency Maintains "Convoy" With Stilwell's Army

Serving with the forces of Gen. Joseph W. Stilwell and the Chinese Army, according to word received at Community War Chest headquarters, 150 N. High-st, is the China Convoy, a fleet of 100 trucks and three mobile medical units. These units were contributed and are maintained by the American Friends Service Committee, one of the 88 agencies benefiting from the annual Community War Chest drive, Oct. 18 - Nov. 3, for $1,487,000.

In carrying out its missions, the China Convoy is facing numerous difficulties, among them lack of gasoline and necessary parts for replacements on trucks, the report stated, but has continued to perform its tasks by converting some of the trucks into charcoal burners.

Harvest Home To Be Observed

Harvest Home day will be observed by Friends Rescue Home, 245 N. Powell-av, on Thursday, Nov. 2, it was announced this week. This unique service is annually observed by the Rescue Home, a participating agency of the Community War Chest.

The program will start at 10 a. m. with a prayer and praise service and reception of new pastors and newcomers to the community. A short memory service will follow in honor of Evangeline Reams, the founder of the institution.

Luncheon will be served at noon and at 2 o'clock Rev. Milton E. Coleman, the new pastor of Highland Avenue Friends Church, will be the speaker. Mrs. Coleman will direct the singing for this service.

An offering in cash and donations of canned goods and vegetables will be accepted at the conclusion of the service.

BAND PARENTS CLUB TO MEET AT SCHOOL TODAY

The West High Band Parents Club will hold its October meeting at the school today. All parents are asked to attend as important business concerning care of new uniforms will be discussed.

Former Instructor Returns To West Jr. From Army

Reports Interesting Experiences In Service

"I came back for something more to do," said Mr. Roy Marine, a former teacher here at West Jr., who has been in the U. S. Army as an instructor for the past two years.

Mr. Marine first came to West in 1929. He taught here for 13 years and then volunteered his services to the Army. He spent 20 months as an instructor in R. O. T. C. courses at Indiana University, Bloomington, Ind., and then was shipped to Gary, Ind., to teach various subjects in the Gary Public Schools for two months. Finally, he was sent to the Fifth Unit Service Command at Camp Atterbury, Indiana, to teach illiterate soldiers there to read and write. He spent two months there.

When this school term rolled around we were pleased to find that Mr Marine had returned to West Jr. He now teaches math and has Reg. Room 125.

G. W. Matson Candidate For Re-Election as Commissioner

George W. Matson, 67 N. Warren Ave., a resident of the Hilltop for a great many years, is a candidate to succeed himself as a member of the Franklin County Board of Commissioners.

In the interests of good government a group of Hilltop citizens was this week working to further Matson's candidacy. They report that during the four years he has been in office the county has operated in the black. At present the commissioners are in the midst of elaborate plans for returning veterans.

At the insistence of his many friends Matson became a candidate for County Commissioner in 1940 and won. As County Commissioner he has interested himself particularly in the maintenance and upkeep of the county buildings, in which many millions of dollars are invested, such as the Court House, Detention Home, Jail, Engineers Building, Infirmary, Tuberculosis Hospital, Children's Home, etc. Initial savings already instituted by Mr. Matson in the way of maintenance and installations have totalled thousands of dollars. The Department of Building Regulation which the county must enforce has largely been set up by him because of his prior service and experience with the City of Columbus as building inspector.

George W. Matson

He is a member of the Knights of Pythias, Westgate Lodge of Masons of which he is a past master, the Scottish Rite, Aladdin Shrine, and the Achbar Grotto. He is also a charter member of the Hilltop Business Men's Association and a member of Hoge Memorial Presbyterian Church.

He is married and has two sons, David and George. The family resides at 87 N. Warren Ave.

MEET THE CANDIDATES

Clerk Of Courts Has Many Duties

Few people realize the scope of the position of Clerk of Courts. It compasses not only the criminal and civil division of the Common Pleas Court, but also the Court of Domestic Relations, Juverile Court and Court of Appeals of Franklin County.

The Clerk of Courts also has the duty of recording all transfers of title to motor vehicles, recording notary, public commissions issued for the county, as well as issuing hunting and fishing licenses.

Early Training

J. Arthur Yoder was born in Stark County in the village then called Louisville. He was educated in the public schools of that village, until he had finished the grades, after which he was enrolled in the McKinley High School at Canton. Graduating from high school, he enrolled at Mt. Union College, Alliance, where he was a "3 letter" man, and in 1920 was given honorable mention as All Ohio fullback. That was the year Mt. Union won the Ohio Conference football championship.

After leaving college, he accepted a position as salesman for the Ward Baking Company in Columbus, and later became sales manager for the Blue Valley Creamery Company. He then decided to go into business for himself, and opened Yoder's Market on the corner of Fern and Denune Avenues.

He has been connected for years with the Kiwanis Club, Linden Business Men's Association and many others, including fraternal groups.

He coached the Linden football team which won the championship in the years 1932-33. He also backed and coached Yoder's Red and White recreation ball team which won a championship in 1934 and 1935. He has sponsored many bowling teams throughout the city of Columbus and is engaged in many other activities.

His Record

He has saved the taxpayers more than $100,000. He has not only cleaned up the 12 years back work that he inherited when he took office, but has also kept his present work up to date. He has revolutionized the filing system in all the divisions of the courts for which he was highly praised by the abstractors and attorneys.

He has passed upon thousands of dollars of bonds and the county has not lost a single cent on forfeitures. He has cleaned up and cast out the professional bond racket.

Not one stolen automobile has recevied a title of ownership in this county. During his administration he has handled many thousands of dollars and his cash books are in complete balance, as reported by the state auditor's examiners.

Mr. Yoder is married and has two children. He resides at 1610 Manchester Avenue.

FOR REPRESENTATIVE TO STATE LEGISLATURE

J. Ashburn born in Virginia, received education in the public schools of Virginia, Mount Union College, Ohio, Hillsdale College, Michigan, and Virginia Theological Seminary and College.

Taught at Virginia Theological Seminary and College, called as pastor of Oakley Avenue Baptist Church, has served for twenty-seven years. Began with a membership of thirty which has grown to five hundred. Has been treasurer of the Ohio Baptist General Association for nineteen years, moderator of the Eastern Union Baptist Association for fourteen years. Served as president of the Hilltop Ministers Association. Is a member of the Selective Service Board Number Eleven. Has a wife and three children. Wife is a college graduate and a former school teacher. All of the children graduated at West High, all attended Ohio State University. Daughter graduated, one son is a Sgt. in the U. S. Army, other son a senior in a Divinity school in Virginia.

Treasurer of the Ohio Baptist State Sunday School Convention comprising three hundred and fifty schools.

Reedy McDonald Raised In Columbus

Reedy W. McDonald, Democratic candidate for county commissioner, is a native Franklin Countian, having grown up in a factory section of the South Side. He received a common school education at the Third and Fourth Street schools and later completed a business and acounting course in college.

He has served the county both in business and in public life but has never held an elective office. He is waging his campaign on the premise that the board of county commissioners should not consist of men from the same political party.

McDonald is a member of the St. John's Evangelical and Reformed Church, Columbus Lodge No. 30, F. and A. M., Scioto Consistory Scottish Rite, Aladdin Temple Shrine, Cedar Camp W.O.W., and South Side Civic Association.

His mother, Mrs. Johanna McDonald, a sister, Laura A. Frank, and a nephew, Richard Frank, reside at 38 S. Burgess-av.

Swastika Is Now Relic Of Simmons

Reginald Simmons, 506 So. Ogden Avenue, custodian here, recently received an interesting implement from his son, Cpl. Morgan Simmons, who is stationed in Italy.

The combination knife, fork, spoon, and can opener is made of shiny steel. It is very compact; the knife, fork and spoon are neatly fitted together and the can opener, bottle opener combination slides over their handles; engraved on each of these handles is a swastika. Mr. Simmons presumes that the implement was taken from the body of a German soldier.

Cpl. Simmons is with General Clark's Army and has been overseas for three years. He was sent to Ireland and then to England, where he was assigned to the force that invaded Africa.

Mr. Simmons prizes his son's gift very highly. It is kept in his trophy case along with several other gifts sent him from overseas.

Cpl. Simmons is expected to be home within the next few months, and his father is anxiously waiting for the time when he will see his son again.

NAVY CANARY

Jean Young Y 3/c, daughter of Mr. and Mrs. J. A. Young of 74 N. Harris-av, is helping to celebrate Navy Day, Friday, in a big way. Friday she sings at Navy Mothers Club tea a special song written for the occasion. This is followed by two broadcasts over different radio stations and a program at the U. S. O. tea. Tuesday she sang in a Lafayette High School presumably on a recruiting drive.

For Cadet graduation, Nov. 2, Yoeman Young sings an obligato to the Navy Hymn and Anchors Aweight with a double male quartet background.

She is stationed at Purdue University at Lafayette, Ind.

"WE'LL PLAY FOUR QUARTERS"

West's trouncing of Aquinas last week brings to mind a little story which we heard some time ago . . . Dale Rose and Frank Zadworney, Aquinas coach were guests on "Irish" Kreiger's 15-minute program which was aired over a local station each week of the '43 season and featured interviews with the various high school coaches . . . on this particular night, the well-known official started out with Zadworney by asking him about the caliber and chances of his team for success in the city league that year.

Well, when Frank got through kicking that around and Kreiger finally got the conversation swung over to Rose and his West team, a studio man was holding up a little card which announced that something like 90 seconds remained to be filled . . . so Rose comes up with "Well, I guess we'll just play four quarters in each game."

POPULAR PROGRAM

The popular radio program, "The Breakfast Club" will make its appearance in Columbus Sat., Nov. 4, and will be aired over WCOL . . . Herb Deems was in Chicago, from whence the program originates, this week and was to have taken in the show, but those listening to the unique prattle of Don McNeil and helpers heard nothing of the Hilltopper. C. H. Campbell, secy. of the HBMA, had forwarded a letter to the program to be used as a plug for the Hilltop.

15 YEAR POLICY

Martha Lane, 428 Larcomb-av, today will be honored with a party by her office staff and agents of the Prudential Insurance Co. at their 39 W. Broad-st office . . . she will receive the Old Guard Award in view of her asociation for the past 15 years with the company.

HERE AND THERE

A/S Ted Coburn came home last week on an eight-day furlough and will leave Sunday to return to Louisville, Ky. . . . A/S Dick Cummins just finished boot training at Great Lakes and will finish his furlough here today . . .

Pfc. Salvatore F. Belmonte, stationed at Buckingham Field, Fort Meyers, Fla., as an aerial engineer, visited this week at the home of his wife's parents, Mr. and Mrs. Carl A. Hackman, 295 S. Eureka-av. . . .

In last Friday's issue of the Record, it was printed that Mrs. D. W. Bibler was the major in division four of the local War Chest Drive. This should have been Mrs. D. W. Dewey of 421 S. Hague . . . and Tom Wolfe was reported on the service picture page as a corporal when it should have been staff sergeant . . . ouch!

NO WORRIES

The group of Hilltop citizens, friends and ill who had a pasteboard and a delapidated costume, that gathered at the HBMA Hallowe'en dance held at Jefferson Gardens in West Jefferson Tuesday night certainly felt no pain as they let their hair down, raised their cider glasses and forgot their worries while dancing to the glorified-static of Al Baumbush and his band.

Various performances were given as consequence for improper clothing and Leo Phillips and Lee Koontz came through with songs . . . figured to be one of the most successful of the annual affairs the committee is certainly to be congratulated.

Winning Cowboys Ready For Homecoming With Arlington

A winning West High football squad will go into battle next Friday with an Arlington squad that, to date, has yet to taste defeat and which will be gunning for a win over the Hilltoppers in this gala occasion which will feature the presentation of the queen, Norma Benoy, and her court and which will be followed up with a dance in the West High gym at 9:00 p. m.

With a light but strong line that is opening gaping holes in its opponent's line and a group of fast backs that are equally dangerous on any part of the field, Coach Dale Rose and his assistant Mac Pemberton have built a squad that is figured by many to promise the powerful North Polar Bears a run for their money in a championship fray at Magley Field on Nov. 17.

Alumni President George Hardy has announced that holders of alumni membership cards will be admitted free to the game except for federal tax, and that alumni tickets will be placed on sale at the gate.

Members of the Alumni association will dance from 9:00 to 12:00 to the music of Will Marot and his orchestra in the school gym that evening. The public is invited to attend at .50 per person.

According to Hardy, entertainment is being arranged for dance intermissions, and the queen and her court will be introduced at the dance. Also, the Cowboy coaches will be introduced, who will in turn introduce members of the squad.

The Cowboys showed their ability to come back in last Friday's game with Aquinas as they moved into high gear in the second half to score three touchdowns after being held scoreless in the first half. Dick Slager, versatile quarterback, played a brilliant brand of ball as he passed and ran the Irish ragged. However, the entire squad seemed to take on new life after the intermission and really made it a ball game.

A popular feature of the games this year has been the colorful programs which have been sponsored by the Student Council and edited by the journalism class. The homecoming programs will be sponsored by the Hi-Y.

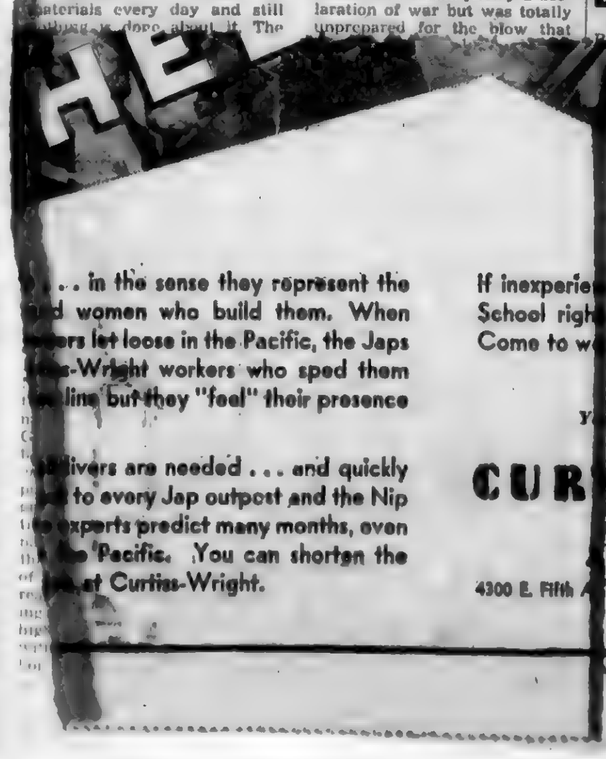
Change Is Necessary And Long Over-Due

An Editorial

Once more the time is near at hand when the electorate of this country is faced with the problem of selecting a chief executive to guide the destiny of the American people for another four years. This by any standard of measurement is beyond a doubt one of the most important elections ever held in the history of our country. The choice of the voters in November 7 may not only decide the pattern for our national economy in the post war era but will undoubtedly go far in determining the armistice terms of World War II and the terms of peace that are to follow.

To properly analyze the issues involved in this campaign is not an easy task but yet it is one that should be done with clear thinking and an open mind. In a time of national crisis there is danger of permitting sentiment to influence an otherwise sound appraisal of the facts. This we must not permit. We believe that a change in our national administration is necessary and long over due. We believe our stand is adequately substantiated by the following facts:

1. Lack of national unity.



Administration bungling has lead to an unnecessary state of disunity in the rank and file of the American people. Washington bearucrats in their quest for power have been enproiled in a constant quarrel that has not been settled by administrative action at times when action has been needed. Conflicting reports emanating from supposedly high authorities in the capital have left the American people hopelessly confused on such vital issues as (1) draft policies, (2) the manpower situtions, (3) rationing, (4) price fixing, (5) wage fixing, and even (6) the progress in our prosecution of the war, to name only a few. Such conditions have lead to unnecessary waves of despondency and over optimism that have alternately worked to the disunity and slowing down of the "home front."

2. Needless waste in the prosecution of the war.

While we are all aware of the fact that "all war is waste" yet anyone who has worked for or in conjuction with government agencies has been amazed at the appaling waste of money and the time that could be eliminated by business-like administration. Such conditions might have been partially excused in the early days of the war because of the urgency of getting into production that lead to the hiring of incompetent administration. Today — almost three years after Pearl Harbor—those conditions continue to exist and the government continues to pay unreasonable prices for its material of war. Individual attempts on the part of industry to bring down costs via the "incentive wage plan" has met with only half hearted interest and has been entangled in a hopeless maize of governmental red tape. No longer needed agencies of government continue to flourish long after there is any need for them.

3. Governmental laxity toward labor.

In spite of attempts of President Roosevelt to minumize the importance of strikes, as they have affected production, no one will be able to convince the man in the foxhole that strikes could not have been outlawed for the duration. What argument can be logically used to defend the administrative coddling of labor and labor leaders other than the fact that Roosevelt is counting on the labor vote to put him back in office. The fact remains that the administration has shied away from anything like a firm stand when it comes to dealing with the strike conditions. Strikes still occur at the rate of thousands of man hours lost in production of critical war materials every day and still nothing is done about it. The record indicates that one man and only one man had the full facts concerning the grave danger in which our fleet had been for several months. That man was President Roosevelt, who had refused to permit the fleet to leave the confines of Parl Harbor, in spite of naval officials constant reminder of the existing danger of Japanese attacks and the impotency of that fleet in that concentrated area. Unquestionably the administration was waiting for an incident that would justify a declaration of war but was totally unprepared for the blow that

Eleven persons were injured when an Upper Arlington bus crashed into a gasoline truck and struck an underpass abuttment at Dennison-av and Maple-st about 1 p. m. Friday, Oct. 20. Twenty-three persons were on the bus at the time.

Harry Perkins, 93 S. Terrace-av, a student driver, being instructed by Mr. William Potts, 1823 E. Main-st, driver for the bus company, states that the accident was due to defective brakes on the bus.

The gasoline truck, he told police, had stopped in Dennison-av at the south end of the Pennsylvania Railroad underpass, to make a left hand turn into Maple-st, when the bus crashed into its rear bumper and careened into the abuttment. Both truck and bus were traveling south in Dennison-av.

On Sunday, November 12, the Salvage Commitee will stage another of the city-wide curb pickups like the one which was so successful last March 26.

Start saving your paper now—newspapers, magazines, and—above all—wastebasket paper. The latter is very valuable for war salvage purposes.

On the day of the pickup several hundred trucks, manned by volunteers, will drive up and down the streets of Columbus and its suburbs picking up bundles of waste paper placed on the curbs. Here's your chance to get rid of the paper you've been accumulating and, at the same time, to help speed the day of Victory.

Remember. Paper, so vital to the war effort, is still critically short. Turn yours in to help wrap up the enemy.

Watch the newspapers for further details about the big one-day drive.

Firemen's Minstrel Being Held at Hartman Thu 29th

Imposing Group Of Entertainers Act

All of the color and fanfare that has marked minstrelsy down through the years, has been injected into the annual Fireman's Minstrel which is being presented in the Hartman Theatre yesterday, today, Saturday and Sunday, Oct. 26, 27, 28 and 29.

This annual extravaganza is staged each year by the Firemen's Benevolent Association to raise funds for the care of widows and orphans of former members and civic organizations and individuals alike are pitching in to help the fire laddies.

A brilliant galaxy of singers, dancers, comedians, and in fact all of the features of a minstrel show will be seen and heard.

Such grand singers as John O. Coston, robust colored baritone, Don Fought and Vaughn Seeds are being heard in such songs as "Road To Mandalay," "King For A Day," and "Stout Hearted Men."

The startlingly beautiful Stella Becker Ballet heads the dancers with such well known teams as Benadum & Gasbarro and "Mickey & Danny" Rinehart doing tap specialties.

Those veterans of the burnt cork, Harold, Gail and Billy Everett head the blackface group with Freddy Hawkes, Fred Washburn, Dick Reidling and Eddie Hart adding to the hilarity while "bones" specialists Al Kearns and Eddie Shelton will literally tickle your toes.

Other features include the Hippo Chorus, Firefighters Quaret, Firemen's Drill Team, etc.

Under the general direction of Ben Cowall, show director Johnny Hardgrove and musical director Adam Gilger have produced a colorful minstrel. Plenty of good tickets are still available for all shows including the Oct. 28 and 29 matinees and may be secured at No. 3 Enginehouse, 135 S. Third-st. AD. 9809.

WAVE Faith Palmer Marries Soldier At California Naval Base

On Sunday, Sept. 24, at 2:30 p. m., the St. Petersburg Chapel at Mare Island, California, was the scene of a beautiful wedding, when Faith Palmer, WAVE, Pharmacist Mate 2/c, daughter of Mrs. Almo Palmer, 2594 Sullivant-av, became the bride of Sgt. Robert James Linbocker, Jr., USNC, son of Mr. and Mrs. James Linbocker, of Oklahoma City.

The double ring ceremony was performed by Chaplain Sweet, USNR.

The bride wore a beautiful gown of white slipper satin with fitted bodice and long tight sleeves, terminating in points over the hands. The full skirt fell in a circular train. A dainty cameo necklace was worn above the sweetheart neckline. Her finger tip veil of illusion fell from a halo of pearled orange blossoms and she caried a bouquet of white carnations and gardenias.

After a small reception immediately following the ceremony, the bridal couple left for a short wedding trip in the northern mountains of California.

The bride is a graduate of West High School and Franklin University.

At the present time, both are stationed at Mare Island, California.

Mrs. Palmer, mother of the bride, spent two weeks in California, before returning home.

Planes are people . . . in the sense they represent the toil of the men and women who build them. When Helldiver dive bombers let loose in the Pacific, the Japs don't see the Curtiss-Wright workers who sped them along the production line but they "feel" their presence . . . and how!

More and more Helldivers are needed . . . and quickly . . . to carry the attack to every Jap outpost and the Nip mainland itself. The experts predict many months, even years of fighting in the Pacific. You can shorten the period by taking a job at Curtiss-Wright.

If inexperienced, you can quickly learn in the Training School right at the plant. You earn while you learn. Come to work now . . . the need is great, urgent!

HE IS JUST AWAY

Submitted by Mrs. Herbert A. Lewis in memory of her husband.

I cannot say, and I will not say,
That he is dead, he is just away!
With a cheery smile and a wave of the hand,
He has wandered into an unknown land.

Think of him going on as dear
In the love of there, as the love of here.
Think of him still as the same, I say.
He is not dead: he is just away.

THOUGHT FOR TODAY

By O. B. Cran

October, pangs of your passing
Bring to mind,
Balmy sunshine, falling leaves and
You were so kind,
I remember, by your uplifting grace
You brought me to the place
Of hearts desire and ties that bind.
Now as you take your leave
You bid me go to a place
Of ice and snow,
Should I be gone when again
You pass this way,
Memory hold for us a tryst
Forever and a day.

MEET THE CANDIDATES

H. D. Pickering Makes Initial Bid For Office

Harold D. Pickering, of Reynoldsburg, life long resident of Franklin County, is a candidate for the position of Franklin County Treasurer at the General Election on November 7th.

Mr. Pickering, or "Pick" as he is known to his many friends has always taken an intense interest in activities designed for the betterment of his home community of Reynoldsburg, where he was born and reared, as well as the entire county.

As chief Appointment and Will Clerk for the past 12 years in the office of Probate Judge C. P. McClelland, the candidate for treasurer has come in contact with thousands of Franklin County residents, and through the performances of his duties has acquired a wide knowledge of the county's financial transactions.

For a period of some 15 years he successfully operated his own grocery business in Reynoldsburg, and later was associated with Paul's Food Shoppe in Bexley, giving him adequate qualifications in the handling of finances, and valuable experience to completely meet the thousand and one problems of the taxpayers.

Married and the father of two sons, Master Sergeant Harold Pickering, Jr., veteran of two years service in the Southwest Pacific war theater with the U. S. Army Air Corps, and James Pickering, an employe of the Ralston Steel Car Co., the candidate attended Reynoldsburg High School, and as a youngster and a man has taken an active interest in athletics. For a number of years he played semi-pro baseball through Central Ohio.

A member of the Methodist Church, Mr. Pickering is affiliated with the Scottish Rite Masons, Alladdin Temple Shrine, F. A. M. at Reynolds and the Fraternal Order of Eagles. He is also a member of the Agonis and Old Timers Clubs.

Although this is Mr. Pickering's first venture into a race for county office, he has served extensively in eight yeas on the Village Board of Education, four years on the Village Council and two years on the Board of Public Affairs.

Former Judge Is Candidate For State General Assembly

Charles T. Warner is one of the 12 candidates for Representative to the General Assembly at the coming election Nov. 7. He began the practice of law in Columbus in 1900 which has continued uninterrupted until the present except for the time he was in the public service.

His first public office was, when, without being an applicant, he was appointed Municipal Civil Service Commissioner for Columbus and later he was appointed to the Board of Education of Columbus to fill a vacancy.

He was elected to the Common Pleas Bench of Franklin County on a Non Partisan Judicial ballot and served 6 years in that office with ability and distinct credit. Later and without solicitation therefor he was appointed by the Governor of Ohio as State Superintendent of Insurance where he served for four years.

Columbus Man, In Veterinarians Office, Checks Meat, Dairy Products

Making out health certificates so that pet dogs may be admitted into overseas ports is hardly typical in the affairs of the McCook Army Air Field, Nebraska, Veterinarian's office, but it is one of them.

The vet staff, of which Cpl. Charles T. Monette of Columbus is a member, spends most of its time checking and rechecking the quality of meat and dairy products to be consumed on the post.

When a shipment of milk arrives, a bottle is selected at random and sent to the Seventh Service Command laboratories for the Schearer Phospates Field Test, which determines whether the sample has been subjected to the proper degree of pasteurization.

The base veterinarian office keeps in constant touch with local health boards to make sure there is neither typhoid nor rabies in the vicinity.

They also make recommendations to the field quartermaster regarding the grade, weight and price of foodstuffs arriving here.

When a shipment of meat products arrives Cpl. Monette advises the quartermaster as to its quality and as to how long it may be kept. All frozen meat must be thawed out before being turned over to the general mess. In the case of frozen beef, the thawing process takes forty-eight hours. All eggs are candled by the department.

In addition to this work, the department maintains an animal clinic for pets on the base and the sentry dogs.

Cpl. Monette attended the Camp Grant Veterinarian school where he learned to be an expert at the inspection of meats and foods.

SONG OF A MILLER'S DAUGHTER

My room is small
And dark and cold,
And I must spin
This straw to gold.

The straw lies in
A tumbled heap,
And I must spin
Before I sleep.

Whose gold the sun
Has once shone on
Must spin at night
Or die at dawn.

Third Year French - - - Spanish Studies Here - - -

Complying with the government request for more modern language courses in high schools in order to facilitate international cooperation in the post-war period, West is offering third year classes in French and Spanish for the first time this semester under the direction of Miss Leona Glenn.

Miss Glenn told reporters that the classes will study conversation, composition, and literature, as well as gramatical structures. The French class expects to read ten to fifteen books in French by the end of the year, while the Spanish students hope to acquire a wider knowledge of Spanish and Latin-American Literature.

Those taking third year Spanish are: Doris Johnson, Harriett Eckelberry, Dorothy Candler, Marilyn Cardos, Joann Rose, Dona Somers, Mary Snyder, Norna James, Howard Young, Jerry Karshner, Ray Pendel, and Marvin Byron. And those taking third year French are: Lorna Grant, Nola Ferris, Marilyn Jones, Wilda Swain, Dorthy Spohn, Bill Reardon, Roy Torr, and Jack Rader.

If you are interested in going to college, now is a good time for you to get your credit hours. University placement tests are given for those desiring them and West students have done well in them. Some have gotten as high as one fourth over the minimum of ten hours.

Miss Glenn urges all those, who are interested, to continue with three and even four years of high school languages.

Miss Glenn Sees Strikes And Bombs

Arriving in Mexico City by train, Miss Leona Glenn, West High's French and Spanish teacher, went to school during the summer.

She had three classes a day in Mexican literature, Mexican culture, composition and conversation.

The government teaches Spanish, French and Portuguese in order to promote better understanding with the respective countries. In the school they had some of the foremost scholars of Mexico. Head of the School of Philosophy is Dr. Julio Jemenez Rueda.

During Miss Glenn's nine weeks' stay in Mexico, several strikes broke out among the university students. There were street fights and even bombs, which resulted in the death of one student.

On the 14th of July, she saw a parade celebrating the anniversary of the Fall of Bastille, complete with fireworks shaped like animals.

Near Mexco City she saw the famous floating gardens of Xochimilco, and attended one of the exciting bull fights which are held every Sunday.

The buildings in Mexico are made of red stone and elaborately carved with iron grill work. There are patios or enclosed gardens in all the buildings—each one more beautiful than the last. Most of the streets are very modern boulevards lined with beautiful flowers and trees.

The city of Cuernavaca is more of a resort with modern hotels. The marketing center is Tulca, where enormous baskets of fruits are offered for sale.

In Pueblo she saw the beautiful churches with gold altars, and carved designs, and in the Desert of Lions, a lovely old deserted convent located high in the pine-covered mountains.

Danger From Fire Still Real Hazard

By Capt. John E. Jordan

For all of the efforts made to reduce the number of fires in the nation and for all of the plans carried out to emphasize in the public mind the suddeness with which life-taking and property damaging fires occur, the danger from fire still is one of the major accident hazards of life.

This article is dedicated to the observance of National Fire Prevention Week—October 8 to 14. It's purpose is to impress upon the minds of people everywhere the importance of ridding their attics, basements and storage closets of accumulated rubbish, to point out the danger of a defective furnace or stove, to bring home again the lesson that matches are not the proper playthings for children, and to impress upon everyone that cleanliness and orderliness are the first steps of fire prevention in the home.

Most fires can be avoided. They arise almost entirely from carelessness. People know better than to put hot ashes in wood or paper containers; they know beter than to look for gas leaks with lighted matches; they know better than to clean with naptha or gasoline; they know better than to throw lighted cigarettes into waste paper baskets; they know better than to smoke in bed; they know better than to use oversize fuses, or to put pennies behind fuses—yet these are largely the cause of most of the nation's fires.

Fires can be quick and destructive. It sweeps more swiftly than the wind, and its strike is often more deadly than a serpents. In its path life and property are often devastatingly damaged. Yet, knowing all of these facts—we continue, through carelessness—to allow 800,000 fires to occur in the nation every year at a cost of 10,000 lives and a property damage of over $500,000,000.00.

Engineers Are Needed By State Highway Dept.

Engineers and draftsmen are badly needed to aid in the planning of Ohio's post-war highway program. State Highway Director H. G. Sours revealed today that he was negotiating with Maj. General Phillip Fleming, head of the Federal Works Agency, for the loan of highway engineers and designers now in the armed forces.

"We went in no way to detract from the war effort, but there are engineer officers now in the United States without important assignments who are vitally needed by state highway departments," Sours declared.

"These men could even be assigned to us on furlough, so that the war department could call them back at an instant's notice if needed."

The main need, he explained, is for design engineers and not for the construction engineers and field men who will probably be used for the rehabilitation of war-torn Europe.

"The $27,840,000 in completed plans now ready represents only a small part of the proposed program," Sours said. "The department has not only been handicapped by the acute shortage of engineers and draftsmen, but definite plans on many projects have been held up until new traffic and engineering surveys can determine the effect of war-time job shifts of population and industry.

"Thousands of jobs for construction workers, engineers, and draftsmen make the program a partial answer to the problem of post-war unemployment. Home industry would also feel the benefits of the program for Ohio is the leading state in the manufacture of construction machinery and ranks high in the production of paving material."

3-Line Want Ad Brings Many Calls

The following Want Ad was placed in a recent issue of the Record and brought seven calls by 10:30 a. m. on Friday, the day of publication.

ELECTRIC Mixer, ten speeds, practically new, RA. 0577.

Certainly, it is a scarce item, but it was sold long before the seventh call and the lady reports that calls were still coming in this week . . . and that is a mighty fine way to dispose of unwanted equipment.

— Letters — To the Editor

To the Record:

Why can't we have an exhibition on the Hilltop of souvenirs sent to us by our sons?

I have received from my son, Cpl. Howard Ingles, now on Guadalcanal, a grass skirt, a native sleeping mat, two native war clubs, a wooden comb, native necklace of tiny colored beads, native money, photographs of natives, a beautiful collection of shells, nickel ore from New Caledonia, radio tubes from a Jap plane shot down in the Russell Islands, while Howard was stationed there, and a collection of coins from the many islands he has been on.

For the past year he has been at a fixed station on Guadalcanal. He is a radio operator. I have photographs of a family in New Zealand that went all out to be nice to him when he was stationed there. I have corresponded with this family for more than two years and their letters are very interesting.

XXVIII, No. 27 — The Hilltop, Columbus 4, Ohio, Friday, November 3, 1944 — Total No. 1336

BANK VISITORS

With Curt Wilcox having his personnel (lack of personnel) troubles at the Hilltop Bank, just as every other business is now, he has really had it rubbed in the past two weeks as three of his former employees, now in the Navy, came back to haunt him . . . Chief Petty Officer Jim Hastings, Pharmacist Mate David Rhinehart and Yoeman First Class Jeff Goudy came in from their overseas duties and looked over the old layout.

We can well imagine how Curt would have liked to entice the boys behind the cages for a few days . . .

HERE AND THERE

Herb Deems and Paul Wichterman, both on business trips to Chicago last week met in a crowded railroad station there and came home together. Paul says that Herb was worried about getting to Columbus in time to take in the State-Minnesota game. He hasn't missed one of State's home games in the last 30 years, which should be a record . . .

In his first two weeks training at Great Lakes Naval Base, 'tis reported that Bill Patterson called home five times . . . Pfc. Jack Snyder, son of Mr. and Mrs. P. J. Snyder, spent last week-end home on a three-day pass . . .

Fred "Blackie" Blackburn underwent an eye operation Wednesday a. m. at White Cross Hospital and is doing nicely . . . Cadet Carol M. Gamso, West High graduate of '43 and now in the U. S. Cadet Nurse Corps in training at Toledo Hospital, underwent a foot operation last week and is expected to go under the knife again this week . . .

A two-service Sunday program will be started at the Hilltop Lutheran Church this Sunday. One service will start at 7:45 and another at 10:30 with Sunday School coming in between at 9:15 . . . Hilltoppers hearing the interview with Coach Dale Rose and Barney Francis of Arlington which was aired over WHKC on "Irish" Kreiger's program Monday night, kinda got the impression that the Arlington coach was a little bit on the cocky side; as well he might be with his string of successive wins. However, Friday evening about 5:30 will tell the tale. And we, for one, will string along with the cow-punchers; and not just for sentimental reasons, either.

"TELL IT TO THE MARINES"

Will be presented tonight at Glenwood Methodist Church. The play is under the direction of Mrs. Dennes Leach, assisted by Miss Annis Turner, and is being sponsored by the Women's Society of Christian Service. A home talent orchestra under the direction of Mrs. Mary Riddle Walton will furnish the music.

LUCKY GUY

There was quite a bit of electioneering going on over at West High stadium Monday night when members of the football squad got together to elect a captain just prior to the homecoming game . . . of course the fact that the winner got the job of kissing the queen at the game today had no bearing on the case . . . anyway, Sam Estell, the fire-eating guard, got the job, and we expect he could collect all kinds of dough if he wanted to be inconvenienced at that particular time . . . maybe even time-and-a-half.

Hilltop Drive More Than $1000 Oversubscribed

The Hilltop has gone "over the top" again.

The local committee responsible fpr conducting the Community War Chest in the residential sections of the Hilltop has reported that they are more than $1000 over their quota. By Monday night the total stood at $3592 with several reports yet to be turned in. The goal has been set at $2508 for this area.

Mrs. Philip Johnson, 59 S. Ogden-av, who served as colonel for this area, was overjoyed at the cooperation given by her workers.

"It was the fine cooperation of the workers that made possible our good showing," she told the Hilltop Record.

The drive closed officially last Friday but reports were still coming in from some of the workers this week. Indications were that at least $1200 more than the goal would be reported before a final tabulation is made.

Pvt. Keffer Is War Prisoner

Pvt. Bernard John Keffer, 20-year-old paratrooper reported "missing in action" early in August, is now known to be a prisoner of the Germans, it was learned this week. A telegram to the soldier's parents, Mr. and Mrs. Frank C. Keffer, 167 Belvidere-av, told of his latest whereabouts.

Pvt. Keffer attended West High School and had been employed by the Atlas-Butler Furnace Co. prior to his induction. He had been stationed in the British Isles since last December.

Lt. Westerman Back To States For Further Training

Lt. G. L. Westerman has just recently returned from the South Pacific. He was with the First Marine Bombing Squadron, also known as the "Flying Nightmares." They flew the B-25 Mitchell Bombers. Lt. Westerman is a navigator-bombardier and came back for further training having served overseas about nine months.

He is a former West High football player and also a "hot trumpet blower" in West High's Band. He also played in several well known dance bands before entering the service.

He will take his flight training at Ottumna, Iowa, and finish at Pensacola, Florida. His home address is 212 N. Warren-av.

Norma Benoy to Reign As Queen While Cowboys Battle Arlington

Today at 3:15 will see a critical game of the 1944 football season for the West High Cowboys as they face an unbeaten and untied Arlington squad in the annual homecoming game at Magley Field.

Added attractions will be the presentation of the queen and her court, a parade by the Student Council and the ever-present and entertaining school band, plus a half-time performance by Leo Koontz in his clown act.

With both teams sporting an unbeaten record, the game is one of those naturals for homecoming day. Arlington has won all seven of its games by overwhelming scores while the Cowboys have had a few close ones and have been tied once. However, Arlington has not had quite the opposition that West has. Thus, the outcome is anybody's guess and both coaches have been pointing for this game as the highlight of the season thus far.

Two High-geared Teams

Coach Barney Francis of Arlington has a potent backfield with "Curly" Morrison as a line-smashing fullback and Sampson and Stewart at the halves. Stewart, who throws them left-handed, is touted as one of the best passers in the state. It has been reported that he will not see service Friday because of injuries, but Coach Dale Rose has been preparing a defense which will include the southpaw.

To match this display of backfield power, West has a speedy and talented backfield of Rennick Parkey and Don Jenks at halves who can both carry the mail, plunging Dick Ison at full and the clever ball-handler, brilliant passer and speedy runner in Quarterback Dick Slager. As a strong factor, West has a line made up of Jack Moore and Donn Haines at ends, Carl Hosler and Dick Layne at tackles, Sam Estell and Virgil Crawford at guards with Harold Buchanan at center. Tackle to tackle, these boys have been practically invincible this season, with Haines and Moore always a touchdown threat with their speed and Slager's passing ability.

Varied Offense

The assembled crowd can undoubtedly look for several new plays by both teams as each has been well scouted during the season. The Cowboys have been notorious as slow starters in the last few games, but coming up fast in the second half as they did last week to down East by a 26-0 score after being held to a 6-0 first half. However, they will be expected to shoot the works from the beginning against a team of Arlington's caliber.

Alumni Association membership tickets will be sold at the front gate, it was announced this week by George Hardy, president of the association.

C. H. Campbell this week issued a notice to all members of the Hilltop Business Men's Association that a special section will be reserved for them and urged the members to go in a body.

Student Council Parade

Another feature will be provided by the Student Council in a parade to be held this afternoon. Forming at West Broad Street School at 2:45 the parade will feature Norma Benoy, queen,

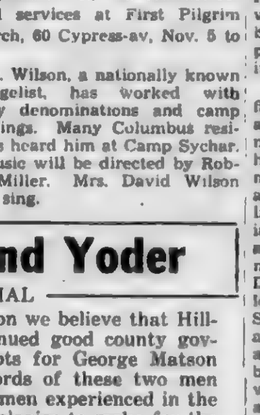
For Matson and Yoder

AN EDITORIAL



Regardless of party affiliation we believe that Hilltoppers will be voting for continued good county government if they cast their ballots for George Matson and J. Arthur Yoder. The records of these two men speak for themselves. Both are men experienced in the offices they seek and have no apologies to make for the way in which they have conducted their offices in the past.

Matson, a Republican, is well known to most Hilltoppers. He resides at 87 N. Warren-av, and is seeking his second term to the office of county commissioner. His sound business-like judgement applied to the problems of Franklin County has resulted in a saving of untold amounts to the taxpayers. Few men elected to that office give as much of their time as George. If the business of his office requires his full time for a period of days he devotes just that amount of time to it.

Heavy Vote Seen In Wards 10 and 11

Hilltop Has Five Candidates; Democrats Without Entry

A heavy vote is being predicted in the Hilltop 10th and 11th wards as voters go to the polls next Tuesday to elect federal, state and county officials.

Locally the election has not created an unusual amount of interest due possibly to a comparatively small number of candidates on the ballot. Five local men seeking office are affiliated with the Republican party but the Democrats do not have a candidate in either of the two wards comprising the Hilltop.

On the non-partisan ballot Judge Cecil J. Randall, one of the county's most popular vote-getters, is unopposed for re-election to common pleas court. A heavy complimentary vote will more than likely be given him.

Pearl W. Spence, 559 Columbian-av, a Republican, is opposing J. Arthur Yoder for the office of clerk of courts. He is an assistant to Arthur J. Blosser in the municipal court. For many years a party worker, Spence was committeeman for the First Ward for six years, was secretary of the Franklin County Republican central and executive committees and has served as secretary of the Buckeye Republican Club.

Seeks Re-election

Seeking re-election to the board of county commissioners is George W. Matson, a Republican residing at 87 N. Warren-av. He has devoted much time during the past four years to the office he now holds and should poll a strong vote throughout the county.

Joseph C. Nailor, Hilltop attorney, is expected to rank high on the list of six to be elected to the general assembly. He has been serving in that office and has demonstrated his ability as a campaigner.

A newcomer to politics is the Rev. Jacob Ashburn, pastor of the Oakley Avenue Baptist Church, who is seeking election to the general assembly. Rev. Ashburn has served his pastorate for almost a quarter of a century and is widely known throughout the city.

Hilltop Council Studies Reports

The October meeting of the Hilltop Community Council was held at Camp Chase Post headquarters Tuesday night with E. B. Graham presiding.

A study was made of returned questionaires from churches and other community groups relative to recreational facilities available for young people of the Hilltop. Eleven such queries have been returned to-date.

One local church has followed the suggestion of the Council that greater use be made of recreational facilities by conducting a "game" night for supervised play.

H. M. Williams submitted a report outlining suggestions for juvenile protection in the community. The report points out that delinquency is not necessarily a war problem but only becomes more obvious during war times.

Lt. Mohn Missing In Action Believed Prisoner Of War

Lt. Lee Mohn, son of Mr. and Mrs. Will C. Mohn, 33 S. Hague-av, is reported 'missing in action' over Germany, a War Department telegram informed the family Tuesday. That the 20-year-old bombardier is a prisoner of the Germans seemed a good possibility in view of a letter received by the family on Monday.

The letter was written by a navigator who was a member of Mohn's crew but was assigned to another plane on that particular flight. The navigator told of seeing the action in which Lt. Mohn's plane was involved and expressed confidence that "he made it".

Lt. Mohn had written to his parents on September 29, the day before his eventful flight, telling them that he had eight more missions before he would be coming home. He holds the air medal with two oak leaf clusters. He entered the service more than two years ago shortly after graduating from West High School. He trained at Randolph Field and was graduated from Deming Field in New Mexico. He had gone overseas last March as a flight officer. His commission as second lieutenant had been effective only two weeks before his last flight.

A brother, Robert, is a petty officer second class and is stationed at Charleston Air Base in Rhode Island.

Crego Operates A & G Market

A local man, B. A. Crego, of 915 S. Hague-av, this week announced the operation of the A & G. Super Market which is located at 118 Moundist.

The store, which was formerly owned by the late A. Guthiel, has been remodeled and is now operated by Mr. Crego and a partner, F. H. Brinker, as a modern self-serve market.

Crego was formerly with the Hauntz Market here and was also a salesman with the Fels-Naptha Soap Co. Mr. Brinker was formerly with the A & P chain.

Salvage Drive To Be On November 12

Residents of the Hilltop were urged this week by the Franklin County Salvage Committee to start saving newspapers, magazines and wastebasket paper for another one-day "Curb Service" salvage paper collection to be held on a city-wide basis Sunday, Nov. 12.

Objective of the one-day blitz, similar in all details to the one-day collection last March 26, will be 1000 tons of paper, vitally needed to alleviate current paper shortages.

Mills which fabricate paper used in the manufacture of some 700,000 items for the Army and Navy have but two weeks' supply of raw materials currently, Preston Davis, chairman of the county salvage committee, reports.

"To meet our one-day goal of 1000 tons of paper, every housewife and every home must start now, to save newspapers," Mr. Davis said, advising housewives to empty waste paper baskets into cartons and large paper sacks and then store the paper until the day of the collection.

As in the first one-day collection last spring, approximately 2000 volunteer workers and 400 trucks will take part in the drive, gathering the paper from curbs on every street in the city.

Lt. David Hart Dies At Front

Lt. David Lee Hart, 23, was killed in action somewhere in Holland on October 2, according to a War Department message received by his parents Sunday. Lt. Hart was assigned to the glider troops of the field artillery and had been overseas since last January.

He is survived by his parents, Mr. and Mrs. Ralph Hart, 700 Racine-av; two brothers, Lt. Samuel D. Hart, a ferry pilot for the Marines, and Wesley, at home, and one sister, Patricia.

Lt. Hart had been in the service for over a year and a half, having trained at Ft. Sill, Oklahoma, Ft. Bragg, North Carolina, and Camp Rucker, Alabama. He was a graduate of West High School and attended Ohio State University for almost four years.

He has returned to Fletcher General Hospital at Cambridge, of which he is a patient, after a 14-day furlough.

St. Resurfacing Completed Here

Resurfacing of the old pavement on West Broad from Hague Avenue west to the ramp under the Big Four Railroad was completed this week. The work was carried on without re-routing of traffic or interruption of bus service on the part of the Columbus and Southern Ohio Electric Co.

Work was done by the State Highway Department with the City of Columbus furnishing one-half of the necessary funds. J. Perry Shumaker, state highway engineer, was in charge of the work.

The Golden Triangle Club, Inc., announced this week they have moved into their new club rooms at 2381 Sullivant-av.

GIVE ME HEALTH AND A DAY

★ "Give me health and a day and I will make the pomp of emperors ridiculous" was Ralph Waldo Emerson's terse but eloquent opinion of the value of health. The vibrant, glowing health of which he speaks is seldom an accident of birth. Its price is constant vigilance, with proper regard for rest, fresh air, exercise, and diet.

At the first sign of illness see your family physician. He is your skillful and never-failing ally in the preservation of health. If, in his judgment, medication is needed, bring your prescription to us.

YOU CAN HELP BUILD MORE PLANES TO MAKE BIGGER AND BETTER NEWS

And now comes the Allied invasion of the Philippines, as the attack against Japan is pressed harder and more relentlessly. Air Power is playing a big role.

You can help speed the day of victory in the Pacific by taking a job right now at Curtiss-Wright so our U. S. Navy flyers can get the additional Helldiver dive bombers they need.

Inexperience is no bar. A few weeks (with pay) in the Training School right at the plant will fit you for a job on the production line. Help make the headlines! When you say, "I'm now working at Curtiss-Wright," you're passing out the kind of news to give the Japs the blues.

Apply at Employment Office, 4300 E. 5th Ave. You must comply with W. M. C. Regulations.

Slade Points To Work Done

Allan Slade, candidate for county engineer, is basing his campaign for reelection on his record compiled in the past eight years.

"I am proud of the record that I have made. The streets, roads and bridges built under my supervision, speak for themselves," Slade stated. During that time 190 miles of roads have been constructed, including Hamilton Road, James Road, East Fifth Avenue, Hilliard and Rome Road, Northwest Boulevard, Shook Road, South Front Street Relocation, Valleyview Drive and Olentangy River Road. The department has rebuilt or extended 167 bridges and culverts, including West Fifth Avenue Bridge, Livingston Avenue Bridge, North Broadway Bridge and East Fifth Avenue Bridge.

If returned to office by the voters of Franklin County, I will carry out my duties as I have in the past. I stand on my record," Slade concluded.

John M. Vorys Is Candidate

John M. Vorys, Republican candidate for re-election to Congress, has represented Franklin County since 1939. During that time he has been a member of the Foreign Affairs Committee, dealing with important war-time policies.

His record shows that he spoke and voted for a Japanese embargo on scrap iron; voted for stock pile of strategic materials in 1939; a two-ocean navy in 1940 over the president's opposition.

He lives at 1578 E. Long-st, and had been a practicing attorney for a number of years.

Seek Re-election

Ralph J. Bartlett

Seeking re-election to the office of prosecuting attorney is Ralph J. Bartlett, a Democrat. During his stay in office he points to the following achievements:

tion suit he prevented the state from withholding sales tax returns amounting to more than $5,400,000, which was divided between the city and Franklin County. As a result of this suit the court reduced the charge for maintenance of county patients in state institutions for several years past from $5.50 to $3.27 per patient per week, a savings of over $448,000 to the county.

Recovered through the courts over $40,000 in tax refunds paid from the county treasury several years ago under a statute since declared unconstitutional by the supreme court.

His office successfully defended suits seeking to prevent the county from collecting all future assessments on real estate sold at tax sale, which saved the taxpayers over $2,000,000. He also secured an order from the supreme court restoring to the tax duplicates of this county the properties of the Federal Housing Authority valued at $3,000,000 and as a result the county stands to collect $142,243 back taxes on these properties.

C. P. McClelland Is Candidate

Cloys P. McClelland is a candidate to succeed himself in the office of probate judge. He was first appointed to that office by Gov. George White in 1931. He has since been elected to that office two different times. He was unopposed in the 1940 election.

He claims to have made his office self sustaining through the use of up-to-date office techniques; to have stopped illegal guardianships; to have stopped the certificate racket; and fostered progressive legislation for the mentally incompetent.

IN PLAY

Hayward H. Johnson

One of the most thrilling pleas ever heard in court will be presented at the Glenwood Methodist Church, 64 Highland-av, Sunday night. A young man, charged by the state with running over a mother and little boy while under the influence of liquor, will be placed on trial when 36 local citizens of this city present the widely heralded "murder trial" entitled, "The Criminal?" The trial will begin promptly at 7:30 p. m.

The drama tells the story of a young man, influenced by wet repeal propaganda and trapped by the modern liquor sales system. The prisoner pleading for what he values more than life, the judge torn between pity and duty, the attorneys battling brilliantly for a life at stake, the defendant's sweetheart, the flapper, the police officer and the coroner on the witness stand, the jury spellbound by the unfolding drama are among the gripping incidents of this tremendously impressive and effective temperance play.

The cast follows: Judge, Leo Phillips; prosecutor, H. C. Keefer; defense attorney, Clayton Stickel; sheriff, L. E. Hamilton; clerk, M. L. Clays; bailiff, F. E. Henderson; policeman, John Phillips; flapper, Miss Nancy Pierce; sweetheart, Miss Janelle Walker; prisoner, Noble Allen; coroner, Dr. W. D. Burnard; the absent witness, Robert Kimes; the father, Hayward H. Johnson, Portland, Ore.

The jury: C. V. Williams, E. M. Gildersleeve, Denver E. Jones, C. W. Walton, Evan Alban, J. Q. Hartsough, Carl W. Rucker, A. S. Brown, T. J. Frasure, H. C. Weller, H. G. Hamilton, Dennen Leach, C. W. Speckman.

Admission is free. A collection will be taken. The public is cordially invited to attend this unusual "Trial By Jury."

There's always something new in a "Dr. Gillespie" adventure and "Three Men in White" opening at the Westmont Theatre Friday, Nov. 3, is no exception. This time it's beautiful Ava Gardner, a new discovery, and funny man "Rags" Ragland in old hand at laughs, across the regular cast of this series. Lionel Barrymore, Van Johnson, Keye Luke, Marilyn Maxwell and others provide another exciting Gillespie story in which Johnson and Luke compete for the honor of becoming Dr. Gillespie's right-hand man. You'll agree that "Three Men In White" is the best in this favorite series when you see it at the Westmont Theatre. The companion feature is "Gung Ho" starring Randolph Scott and Marjorie MacDonald.

Randall Urges Re-election Of King

"It has been my privilege to be associated with Judge John R. King as a fellow member of the Common Pleas Court for about fourteen years. I have found him to be an able, conscientious and courageous judge, who administers justice without respect to persons.

"His record of honorable and outstanding public service, first as Legislator, then as Prosecuting Attorney and as a Judge, is the best guarantee that his future service on the bench will be of a like high order. He should be re-elected to a new term."

190 Clinton Hts. Ave.

One of the most important offices to be filled at the election on November 7, 1944 is that of Probate Judge. This is due to the fact that every voter is now or will some time in the future have some contact with the Probate Court, whether it be with reference to a marriage, an estate, an adoption, a guardianship, or any of the other numerous matters which are taken care of by the Judge. It is a matter of common knowledge that Judge McClelland has made the Probate Court of Franklin County one of the outstanding Probate Courts of Ohio. He is recognized as one of the able jurists of Ohio. In addition thereto, he has a capable, industrious and courteous office force. The Probate Court of Franklin County is in fact a "people's court", one in which the humblest citizen receives the same courteous and efficient service as any other person who comes before the Court.

For the best interests of the people of Franklin County, you are urged to cast your vote for

Pearl W. Spence Is Hilltopper

Pearl W. Spence, G.O.P. candidate for clerk of courts, has resided on the Hilltop for 12 years, owns his home, and resides at 560 Columbian-av.

Mr. Spence was born in Meigs County, in the village of Syracuse. He was educated in the public schools of that village, after which he took a business course and came to Columbus in 1899. Later he became associated with the Wolfe Bros. Shoe Company, where he was assistant sales manager for a period of seven years, after which he became a traveling shoe salesman.

He was appointed deputy city auditor in 1911, by H. Clayton Cain, served in that capacity until he was appointed a deputy county treasurer in 1923. In 1924 he was appointed chief deputy clerk of the municipal court, a position he now holds as first assistant to Arthur J. Blosser, clerk.

He has been responsible for making the civil division of the municipal court one of the most outstanding courts in Ohio, and has been highly complimented by the State Bureau of Accounting for his record.

Mr. Spence has had 20 years' experience in court procedure. Many attorneys of the local Bar Association have given him their personal endorsement.

He was a Committeeman of the First Ward for six years, was secretary of the Franklin County Republican Central and Executive Committees for [illegible] period, served two years as secretary of the Buckeye Club, and has been active in Republican politics.

Tingle's always mystifying tales by S. S. "Dr. Gillespie" adventure and "Three Men in White" opening at the Westmont Theatre Friday, Nov. 3, is no exception. This time it's beautiful Ava Gardner, a new discovery, and funny man "Rags" Ragland an old hand at laughs, joins the regular cast of this series. Lionel Barrymore, Van Johnson, Kepe Luke, Marilyn Maxwell and others provide another exciting Gillespie story in which Johnson and Luke compete for the honor of becoming Dr. Gillespie's right-hand man. You'll agree that "Three Men In White" is the best in this favorite series when you see it at the Westmont Theatre. The companion feature is "Gung Ho" starring Randolph Scott and Marjorie MacDonald.

Letters from Soldier Describe Life In England

Several letters have been received by their son, Harold, by Mr. and Mrs. Walter W. Weatherman, 386 S. Terrace-av, since he was shipped over. His wife, who resides at 680 Woodrow-av, has been notified of his recent promotion to sergeant.

Excerpts from two of his letters follow:

Dear Folks:

No doubt, by this time, you are aware that I have crossed the "blooming pond." Quite an experience, under present conditions, and I wouldn't have missed it for anything.

I expect that I will gradually acclimate myself, over here, but so many things are different, that I'm not so sure. For instance, the sun does not go down until 9:30, and total darkness comes around around midnight. But I won't go into details here. This note will let you know my new address, and the fact that everything is o. k., so far.

Will try to write you an interesting letter, after I get settled, but of course, there are many things "verboten."

Best wishes to all,
Harold

Somewhere in England
Friday, July 28, 1944

Dear Mother and Dad:

"Mail is a scarce item over here. I'll go a week with none, and then get a bunch of it, at once.

I promised to tell you something of England, but it must be seen through civilian eyes. I've been to town on pass, a couple of times, and naturally, found it both interesting and educational. I've talked to several civilians, so far, and really enjoyed it. They feel that the war will soon be over here, and of course that is our prime interest, being so close. Just how close, the people in the States don't realize. The cities and industrial centers, have suffered plenty, and show it.

But the country-side, itself, seems as peaceful as that at home. The farm cottages are quite picturesque, all of brick or stone, many of them still with thatched roofs. The yards are very neat, all of them with their rose garden, in full bloom right now. Why they insist on having the stables so close to the house, often under one big roof, is beyond me. Maybe the cow-dung here smells sweeter than that at home.

I haven't seen a stalk of corn, yet, and very little other grain. Potatoes and spinach fields are plentiful, though. One sees no dandelions taking the land by storm, but in their place is an orange poppy, as profuse as our dandelions.

The roads are very narrow and winding. Our drivers, at first, found them rather tough to negotiate. The size of our vehicles, and driving on the left side of the road was a problem, but not too great for a "Yank" to cope with.

And speaking of Yanks, about the first question an Englishman asks is whether you are a "Yank" or a "Rebel." It seems strange to us, as the Civil War is practically forgotten.

One hears no complaints about rationing, probably because it has been in effect so long. Many things are impossible to get at all, and practically everything takes tokens, even if they have the price of the item.

As you walk down the street the kids run by and ask, "Any gum, chum?" or maybe you'll hear, "Any candy, Andy?" or "Any soap, dope?" It is a game with them and no longer is funny. The poorer clas of kids can be quite a nuisance, sometimes really hard to brush off.

I hope everything is going well with all of you. So take it easy, and keep your fingers crossed. Maybe I'll get to take in the next family reunion.

Affectionately,
Harold

ARMISTICE DAY PARTY

The annual Armistice Day party will again be held at Camp Chase Post 98, American legion tomorrow . . . Festivities will get under way at noon and are open to all legionnaires and their friends . . . and the best part is that everything is free. Included in the program is a complete roast chicken dinner which will be served from 6:00 to 8 p. m.

Those on the entertainment committee for the occasion are Jack Richardson, Jay Bowser, Clarence Lytle, Joe Leazenbee, Denver Stout, Harold Gorley, Glen Laird and Larry Scales.

WINNING TEAM

According to reports, Mrs. W. A. Stokes, 451 S. Wayne-av, was major of the leading team in the county War Chest Drive recently concluded . . . her team came through with a 286.5% of their quota.

SCENE OF THE WEEK

A lady taxi-driver standing beside her cab on Broad-st . . . all decked out in one of the best-looking fur coats seen in a long time . . . pardon us while we remove a spot from our morning trousers . . . .

ROSE ON THE RAMPAGE

Dale Rose was right on the ball (and also the officials) in that Arlington game when he thought the officials were kicking the rules around . . . West tried a short kick off, which is anybodys ball as long as the ball travels ten yards . . . This one didn't, so the rules state it should be kicked over. The official put the ball down and waved (what everyone believed to be a first down for Arlington) and the vistors started lining up in an offensive position . . . Right then Rose went into action, doing the 35 yards to the scene in less than a ten-second rate; then after much palavering, the referee decides to kick over . . . but West was penalized for the act . . . However, as one of the officials said, better to lose 15 yards than the ball.

Fry Leads In Subscription Contest Here

At the end of three weeks solicitation, John Fry was well out in first place in the Hilltop Record subscription drive being conducted by the pupils of West Junior and Senior High School. His efforts had accounted for 67 new and renewal subscriptions.

Three young ladies occupied the next positions in the drive that will continue until the entire Hilltop has been canvassed. In second place was Marilyn Swearengin with 38. Third place was being held by Alberta Seeley with 26 subscriptions and in fourth place Marlene Bundy with 24.

Several valuable prizes are being offered by the school and the Hilltop Record for those who sell the most subscriptions. A $25 war bond is being offered by the school for the greatest number of sales. A second prize of $5.00 in war stamps is also being given.

The Hilltop Record is offering cash prizes of $10, $5 and $2.50 for the three highest totals of new subscriptions.

Subscription rates have not been changed from previous years. The rate for local subscribers is $1.50 per year anywhere in Franklin County. Outside of the county the rate is $2.00.

Cowboys To Battle Polar Bears for Title

Travel To Louisville After Exciting Win Over Arlington

After a rousing 32-20 defeat of a favored Upper Arlington team at Magley Field last Friday, the high-riding West High Cowboys entrained for Louisville, Ky., this morning for an encounter with Male High before taking on the powerful North High Polar Bears on the 17th.

By stopping Arlington in one of the best high school games ever witnessed by the Hilltop, the Cowboys effected a natural classic for the city championship battle with North. With both teams undefeated and with color galore, school officials have considered playing the game at Ohio Stadium, in order to obtain more seating capacity. However, after taking a ballot of the squad members, it was decided to abide by their wishes and play at the Hilltop field, although the university stadium would undoubtedly have meant a tremendous increase in attendance.

It was announced this week by H. L. Zulauf, business manager, that adult tickets would be placed on sale Tuesday in the school lobby and would continue to be sold there until Friday.

A squad of 29 players, Coaches Dale Rose and Mac Pemberton, Dr. H. H. Reighley, H. L. Zulauf, Clarence Bateman, Robert Nash and Mascot Dee Rose boarded a Pennsylvania train at 5:40 a. m. today which will arrive in Louisville at 12:30 p. m. Reservations have been made at Hotel Seelbach there where the team will remain until time to report at the field. The return trip will be started at 7:36 a. m. Saturday, which will see the squad back in Columbus at 3:35 p. m.

Parents Travel

Several parents of players were reported to be making plans for the trip. Mrs. Forman W. Slager, mother of Quarterback Dick Slager; Mrs. Buchanan, mother of the Cowboy center; Mrs. Hosler, Mrs. Minton and Mrs. Clyde Moore, along with Mr. and Mrs. Ison had all planned to take the same train with the team. Mrs. Dale Rose made an early trip to Cincinnati where she was to meet members of her family and continue on to Louisville.

Coach Rose reported yesterday that Sam Estell and Virgil Crawford, stellar guards, had bruises which would undoubtedly slow them up, but they would probably start. He further stated that he expected to substitute freely to save his regulars for the all-important North fray, as Male is a heavier team and is considered to be strong in inter-state circles, as indicated by their record of one loss in two seasons of football.

Legion Show To Be Held Thurs. Night

Next Thursday night at West High School Hilltop residents will have the opportunity to enjoy another old time vaudeville show presented under Legion auspices. Bowing to demands for a repeat performance similiar to the show presented last spring, Camp Chase Post has assembled an array of professionals which they claim will surpass that show.

Assembled under the leadership of Marty Joyce, old time showman, who will act as master of ceremonies, the two hour show will be packed with talent of every description. Every act on the bill will be new except for the well known Hilltopper Lee Koontz, and Mel Marcus, the "bath tub genius." These two men have been included in the new show due to the number of requests.

Mac Tooill and his orchestra will again appear on stage to furnish music for the various acts to be presented. Another headline act has been secured in the person of Jean Mason, outstanding acrobatic and toe dancer. Miss Mason has been featured in some of the better hotels of the west coast and has toured the theatre circuit of the middle west with her act. No bigger than a minute, she packs a load of dynamite in each of her talented feet, and is sure to dance her way into your favor.

Arthur J. Bellar, show chairman, states that proceeds from the show will be placed in the building fund to be used to build the War Veterans Memorial Building which is being sponsored by Camp Chase Post.

The show will begin at 8:00 p. m. and all seats are priced at 65c, including tax.

Scouters To Meet At Legion Post

The Southwest District Committee, Boy Scouts of America, will meet at Camp Chase Post, Friday, Nov. 10, at 8:00 p. m. to plan for the annual meeting.

Gilman Bolin, the new Field Executive for the Southwest, will be present.

Pvt. Carroll Huber Recently Home

Pvt. Carroll Huber

Pvt. Carroll Huber, son of Mr and Mrs. Fay Green, 693 S. Wayne-av, was recently home on an eight day furlough, after being gone twenty months. He left October 17 to report to Camp Barkeley, Texas, where he is in the Medical Corps. He entered the service in February, 1943, and was formerly employed as a sign painter by Mr. Bangman.

Pvt. Huber took his basic training at Camp Gruber, Oklahoma. From there, he went to the state of Washington and was stationed there for over a year. In July he came to Camp Barkeley, Texas, and is now waiting for an assignment.

A graduate of West High School, he was a reporter on the Occident Staff and also elected as an air warden. He is a member of the Burgess Ave. U. B. Church.

His parents receive word that he has been enjoying the Record very much and always interested to know about his friends. Pvt. Huber likes the Army and as he says, there is plenty to eat and the food is the best he has ever had.

HBMA Meeting To Have Picture

The November meeting of the Hilltop Business Men's Association will be held at Schmelzers Restaurant Tuesday night at 6:45 o'clock. The main feature of the evening will be conservation picture, "The Making of a Shooter."

All members with sons are invited to bring them to see this picture since it is to be of especial interest to sportsmen and prospective hunters. A business meeting will be held.

DECORATED WITH MEDAL

Sgt. Warren E. Koons, of 278 S. Terrace-av, won high honors for flying supplies to China. He was given the Distinguished Flying Cross for his work during 300 hours of flying time over the Assam-China run.

Volunteers Will Collect Waste Paper Sunday

County salvage officials this week issued a final appeal to residents of the Hilltop to cooperate in the one-day curb pickup of waste paper which will be held next Sunday.

Properly prepared waste paper should be set on the curb by 8:30 a. m. Sunday to be picked up by the corps of volunteer workers who will man 400 trucks that day. Every street within the corporate limits of Columbus and its incorporated suburbs will be covered.

Areas outside the corporate limits of Columbus and suburbs will be included in the county drive which will be conducted by trustees of the various townships during the week following the one-day pickup.

Paper remains the number one critical material of the war, salvage officials point out, and it is desperately needed by the armed forces for the manufacture and packaging of more than 700,000 different items used by our fighting men.

Improperly prepared paper cannot be picked up in Sundays drive. Newspapers should be tied in flat bundles 12 inches high, magazines should be bundled in 18-inch stacks, cartons should be flattened and tied together, and wastebasket paper which is urgently needed — should be packed in cartons or heavy sacks.

Brothers Are Reported Missing In Pacific Action

Two brothers, one a Hilltop resident and the other whose home was at London, were reported missing in action in the Pacific. S 1/c Lester S. (Sam) Tumblison, 27, 226 N. Wayne-av, and his brother S 1/c Harold E., 18, were inducted together and had been serving together for almost a year when the news of their loss was reported.

When Sam was to be drafted in January, 1944, Harold at that time two weeks less than 18, enlisted so that he could be with his brother. Together through boot training at Great Lakes, the Navy permitted them to stay together. They had gone to sea last June.

Mrs. Lester Tumlison and their four children reside at the Wayne Avenue address. He was formerly employed at the Army Service Forces Depot. The boys' father lives at London.

Wounded in Action

Reported wounded in action the past week was Pvt. Robert Wagner, 20, the son of Mr. and Mrs. Louis C. Wagner, 3113 Parkside-rd. Pvt. Wagner is a graduate of West High School. He was wounded while serving with an artillery unit in France on Sept. 24. He is is a hospital in England.

Also reported wounded in action is Pfc. Clyde M. Fauth, 24, of 199 S. Wheatland-av. He was serving in France at the time of the injury.

Lockbourne Flyer Guest Speaker At Father-Son Banquet

The speaker for the annual Father-Son dinner which is to be held at Hoge Memorial Presbyterian Church on Friday, November 17, at 6:30 p. m. is to be Technical Sergeant Ernest Kiss of Lockbourne Air Base.

Sergeant Kiss was a radio operator and gunner on a Flying Fortress and is credited with 25 missions over Europe. He wears the Distinguished Flying Cross and the Air Medal with Three Oak Leaf Clusters. He will tell of some of his experiences in the air.

A magician has been secured to provide another part of the program which should appeal to the sons as well as the fathers.

Holders of season tickets who are planning on bringing their sons or any other person who would like to attend this meeting should make their reservations not later than Wednesday. Tickets may be purchased at Shank and Saunders real estate office, 2459 W. Broad St., or reservations may be made by calling RAndonph 9494.

Ministerial Association Is Re-organized

The Hilltop Ministerial Association met Monday evening at the Burgess Ave. United Brethren Church and reorganized for the year.

Rev. M. E. Nelson, pastor of the Wheatland Ave. Methodist Church, was elected president. Rev. Enoch Smith, pastor of the Burgess Ave. Church of Christ, was chosen vice president. The secretary-treasurer was not chosen, thus Clayton F. Lutz, of the Burgess Ave. United Brethren Church, will continue in this office until the next meeting.

The third Monday of each month, at 10:00 a. m., was designated as the time of regular meeting.

At this meeting plans were made for the union Thanksgiving service, which will be held at the Westgate Evangelical Church, Thursday morning, November 23, beginning at nine o'clock. The message will be given by the Rev. W. Howard School, pastor of the Hillcrest Baptist Church, with Rev. Lutz, Dutt, and Smith as the program committee.

Pvt. George Strickland, is now training at Ft. Bragg, N. C. He is in the Infantry and has been in the service for one year.

Four Hilltoppers Are Elected To State And County Offices

Four Hilltoppers were elected to county and state offices Tuesday in an election that brought out the largest vote in the history of the 10th and 11th Wards. Three of the successful candidates were incumbents while one newcomer to politics was elected to the general assembly.

A fifth Hilltop candidate, Pearl W. Spence, 10th Ward Republican, was defeated in his race for Clerk of Courts, being beaten by J. Arthur Yoder, Democrat incumbent. Spence too, was a newcomer to county politics.

ELECTED

Matson

Nailor

Ashburn

Randall

Yoder

Most outstanding factor in the election locally was the unexpectedly large turnout in the 11th Ward where 9774 ballots were tallied in the presidential race. This represented a substantial increase over any previous vote. In spite of the fact that four new precincts had been created this year to speed the counting of the ballots poll workers labored until as late as 4:30 Wednesday morning before the final results were posted.

The precinct tabulation carried by the Hilltop Record today is unofficial and represents incomplete returns for the 10th and 11th Wards. It was compiled by a staff of Record employees who worked throughout the night to show how Hilltoppers expressed themselves at the polls. Because of space limitations it was necessary to omit the results of the race for Representative to the General Assembly in which two Hilltoppers were successful candidates. This tabulation is the only precinct count of its kind published by a Franklin County newspaper.

Matson Elected

Piling up a lead of more than 1400 votes in his own 11th Ward, George Matson, Republican, was re-elected to the office of county commissioner. Running slightly behind C. P. Lauderbaugh, another Republican incumbent, he piled up a total of 94,066 votes in the county. With five precincts unaccounted for he polled 4445 votes in his home ward. The 10th Ward likewise supported him although it went into the Democratic column on the presidential issue. Matson was endorsed by the Hilltop Record.

Unopposed as a candidate for re-election to a common pleas judgeship, Cecil J. Randall received a complimentary vote of 117,197 in the county.

Joseph C. Nailor, incumbent Republican in the general assembly, ran second in the county wtih a total of 94,448 votes. He was one of six republicans elected to that office.

A newcomer to county politics as a candidate, Rev. Jacob Ashburn, pastor of Oakley Avenue Baptist Church, was one of the successful candidates in the race for representative to the general assembly. Running in fifth place he polled 86,697 votes.

J. Arthur Yoder, Democratic incumbent, carried the 11th Ward in his race for re-election to the office of clerk of courts. He likewise carried the 10th Ward but tabulated results picked up by the Record were inconclusive.

New Supervisor At Sunshine

The City Recreation Department this week announced the appointment of Mrs. W. A. Butterfield, 775 E. Wober-rd, as supervisor of Sunshine Recreation Center, Sullivant and Sandusky.

Mrs. Butterfield has been with the department for over a year and was formerly connected with the Linden center. The center is open every day from 2:00 til 10:00 p. m. and from 9:00 to 12 noon on Saturdays.

Receives Trophies

Mr. and Mrs. R. J. Jester, 303 N. Warren-av, received an interesting box from their son, Pfc. John Jester, serving with the 2nd Marine Division, somewhere in the South Pacific.

The box contained two Jap rifles, a bayonet, a Jap flag, 3 ft. by 4 ft., school books and an ammunition carrier. Also included were post cards and a photograph album, containing about 40 photos. These articles were captured on Saipan.

Private Jester is a graduate of West High. He entered the service in June, 1943, and was sent overseas the following December, where he took part in the invasion of Saipan.

"Since You Went Away" To Show At Westmont

On a canvas almost as broad as all America itself, David O. Selznick has captured all the joy, tears, beauty and human warmth of American life on the home front in his long-awaited panoramic film "Since You Went Away" coming to the Westmont Theatre Wednesday, Nov. 15, for a four day engagement.

Starring in the heart-warming film are seven of Hollywood's greatest players: Claudette Colbert, Joseph Cotten, Jennifer Jones, Shirley Temple, Monty Woolley, Lionel Barymore and Robert Walker.

"Since You Went Away" is the story of the Hilton family who together face the everyday problems of the American family whose man of the house has gone to war. But "Since You Went Away" is more than merely the story of a single household. It is, in fact, the story of every American home in time of war. It is the picturization of all the virtues (and some of the vices) of the people who make up the greatest nation on earth.

"Since You Went Away" opens at the Westmont Wednesday, Nov. 15, for a four day run. Two complete shows daily, beginning at 6:00 p. m. and 9:25 p. m. No advance in admission. The management of the theatre urges you to see this picture at the start of each performance for the most effective enjoyment of "Since You Went Away."

Loew's Ohio

Loew's Ohio this week is showing as a single feature the Technicolor musical spectacle, "Irish Eyes Are Smiling," starring Dick Haymes, June Haver and Monte Woolley. This is the tuneful musical story of Ernest R. Ball, composer-singer who is the author of such all-time hits as "Mother Machree", "Let the Rest of the World Go By" and "I'll Forget You."

Loew's Broad

Loew's Broad this week is showing the Preston Sturgess comedy-drama, "The Great Moment" with Joel McCrea and Betty Field. McCrea plays Dr. Morton, Boston dentist who discovers the user of ether as an anaesthetic. The Broad's co-feature this week is "Dangerous Journey," story of a trek into Burma.

WHAT IS A PHARMACIST?

★ The function of the pharmacist is distinct and set apart from that of the physician. As pharmacists, we are trained and skilled in the art of compounding and dispensing medicine. We are not qualified to diagnose your ills nor to prescribe the proper medication. Waste and suffering commonly result from experimenting with various forms of self-medication.

Go to your physician first. After a careful examination he will tell you whether or not medicine will help. If he gives you a prescription, bring it to us for expert compounding. You will find our facilities and service adequate to every need.

SENIOR TACKLE

There took place at West High field last evening a solemn ceremony that seems quite a small and simple thing when described in print but, to those who have participated in or witnessed this ceremony, it holds a world of meaning and is something that is always remembered . . . that is the traditional "Senior Tackle" which takes place when, at the last practice before the last game, all freshmen, sophomore and junior football players line up on each side of the tackling dummy while the seniors, one at a time, very solemnly plant a hard tackle on the dummy for the last time.

After a successful season, such as the present, it becomes more difficult for these boys to make that last run and plunge into the much-used dummy but, with various expressions, they hit it and walk from the field with memories of many a practice session behind them.

No matter how today's game turns out, the Cowboys have really had themselves a season . . . and we would like to pass on our best wishes, good luck and thanks for a season of good, clean football which also held many a thrill and surprise for its spectators.

ON LEYTE

News was received this week by Mr. and Mrs. C. H. Campbell, 91 S. Westmoor, that their son, Pfc. Fletcher Campbell was in action on Leyte island in the Philippines . . . Pfc. Campbell, who is in an infantry company, wrote his parents that he "did pretty well for myself" after landing with McArthur's troops from New Guinea.

It wasn't long ago that young Campbell sent his father, a Hilltop druggist, a package from Honolulu containing a skull which he had found on a beach in the islands.

As far as is known, Campbell is the first Hilltop boy reported to be in action on Leyte.

COWBOYS IN KY.

When the West High footballers started that trip to Louisville, it was discovered that 16 out of 30 were taking a train ride for the first time . . . but Bob Nash, Jr. High teacher, is a veteran who has made a hobby of collecting railroad time-tables . . . those are the kind of guys that usually miss trains . . . Mac Pemberton tried his best to get into the wrong train at Cincy. Evidently he wanted to take that one that goes behind the other by about ten minutes . . . one mother missed both these trains and had to take an accommodation tour on which she saw every little jerk-water town in the blue-grass state . . .

Dale Rose and Mac Pemberton were assigned to a room at the hotel there and looked up to find themselves right across the hall from the Democratic headquarters . . . first thing you knew they had moved five floors away . . . said the other room wasn't ready . . . Dr. Reighley, Rose, Pemberton and Nash started a bridge game at Cincinnati but failed to finish a rubber before they reached Columbus.

VIA RADIO TOKYO

Mrs. May Taylor, 181 Lechneray, recently received a telegram from the War Dept. to the effect that her son, Pvt. Richard Taylor, a Japanese prisoner of war, had broadcast the following message over the Tokyo radio:

Dear Mother: Everything okay. I am getting along fine. Tell friends hello. Hope to hear from you soon. Love, Bud.

Since receiving the War Dept. message, Mrs. Taylor has had letters from California and Idaho from people that had heard the broadcast.

Before the War, Richard was stationed at Nichols Field just outside of Manila, then was at Military Prison Camp No. 1, but now is in Japan.

Banquet Is Planned For West Players

Gauthier Is Selected As Speaker At Affair Sponsored By HBMA

Plans were made to honor the West High School football squad with a banquet when the Hilltop Business Men's Association held their regular meeting Tuesday evening at Schmelzer's Restaurant. It was announced that Coach Geo. Gauthier of Ohio Wesleyan University would be the principal speaker at the affair which will be held at the school cafeteria on Dec. 5.

Rescinding a previous motion to discontinue the one-time annual occasion for the duration, the association decided to honor the Cowboys for their splendid play of the season by inviting the squad, parents, members of the organization and their wives with attendance of the general public being limited only by the seating capacity of the cafeteria.

Christmas Party and Dance

Motion was passed for the association to hold its next regular monthly meeting in the form of a Christmas party and dance on Dec. 14. Members and their wives are to gather in Schmelzer's Restaurant on that date for the business session and dinner, and then adjourn to the Camp Chase Post club room next door for the dance.

Al Baumbusch and his orchestra was selected to provide the music and the following committee was appointed to make detailed arrangements for the affair:

Joe Goodwin, chr., Noble Allen, Herb Deems, C. B. Story, Ed Planck, Mark Seiller, C. H. Campbell and Joe Briggs. A turkey dinner will be served.

Interesting Film Shown

Another feature of the meeting was the showing of an Ohio Conservation Department film, "The Making of a Shooter" by Drs. James T. Angus and E. E. McNamee. The film was ideally appropriate because of the presence of several sons of the members and the opening of hunting season today.

Report of the nominating committee for association officers was heard, with the election scheduled for the Dec. 14 meeting. A report by Entertainment Committee Chairman W. T. Lewis on the Hallowe'en Dance at West Jefferson last month was heard.

Secretary C. H. Campbell read a letter from the City Traffic Commission in the form of a reply to a request of the association for a traffic light at the corner of Highland-av and Broad-st. According to the letter, the commission had conferred with Chester Cook of the O. D. T. on the matter and had decided in the negative.

Request To Be Pressed

After much discussion of the matter, the safety committee was instructed to meet with Mr. Cook in an attempt to aquire the installation of a school light there or the removal of the traffic light at Oakley and Broad to the Highland-av corner. It was pointed out by the members present that two elementary schools are located in this area and school-boy patrols are unable to cope with the four-lane traffic in a safe manner.

Curt Roberts and Edgar G. Planck ended their term as booster prize committee by passing out gifts to Lew Saunders, Joe Goodwin, Jos. M. Briggs, Ens. Jones, David Bates, Noble L. Allen and Fred Raeder.

Don't Employ State Wards Police Advise

Hilltop residents who reside in the neighborhood of the State Hospital were reminded by the police department that employment of patients of that institution or encouragement to them to leave the grounds constitutes a violation of state laws. Violator of this law are liable for a fine.

Police Officer Bernard Shoaf told the Hilltop Record that their department is making an effort to break up a practice of long standing whereby patients are encouraged to come to Hilltop homes to do odd jobs or run errands. This is not only a violation of state statutes but is in direct contridiction to rules of the hospital. It is understood that hospital officials have long recognized the undesirability of this practice and have done what they could to discourage it. However, the lure of spending money, smokes, or other considerations offered by outsiders has made enforcement of that rule almost impossible.

As a result of two complaints involving alleged morals violations in recent weeks, city police officers have been instructed to pick up any inmates found off of the hospital grounds and return them to officials of the institution. Inmates are penalized for violation of this rule in whatever way seems to be most effective.

The section of the state law covering this violation reads in part, "Whoever shall harbor a ward of the state . . ." This is said to include patients of the State Hospital.

Shoaf pointed out that if residents will only cooperate with police officers and hospital officials in refraining from hiring inmates the practice can be quickly broken up to the satisfaction of all concerned.

Tibbals Buys 51 Hilltop Lots

A flurry of real estate activity on the Hilltop was reported last week when it became known that Todd Tibbals, well-known architect and residential builder, had acquired a block of 51 lots in the Heed and Holton Broadview Addition. The lots are located in the area bounded by Roys and Huron, Broad and Sullivant Avenues.

Mr. Tibbals purchased the lots from O. H. Roth, an attorney. The stamps attached to the deeds indicated the transaction involved $25,500.

The new owner plans to build popular priced dwellings on the lots in the immediate post-war period.

To Select Site For Vet Hall

An important meeting of Camp Chase Post No. 98 American Legion is scheduled at headquarters tonight when it is expected that a decision will be reached on the location of the proposed Veterans' Memorial Hall. The corner of Westmoor and Broad Street has been mentioned as a possible site.

Mike Austin, the newly elected commander, will preside at the meeting.

Slade Carries 11th Ward Check Shows

Attention is called to an error in the tabulation of the vote for county engineer in the 11th Ward, as reported by the Hilltop Record last week. A recheck showed that Allan Slade, Democratic incumbent, had carried that ward by a vote of 4,024 to 3,601 for his Republican opponent, J. Perry Shumaker.

The Record's precinct survey had listed Shumaker as carrying the ward by a count of 5,002 to 4,024. A recheck of the 22 precincts reported in the 11th Ward showed this to be an error in addition.

Hilltop Chorus To Have Dinner

Members of the Hilltop Chorus and their wives will get together for a chicken dinner and a brief business session on Tuesday, Nov. 28. The dinner will be served at Schmelzer's Restaurant, 3178 W. Broad-st, at 7 p. m.

Since the choral group has not been active during the past two seasons, except for a part in the Hilltop Minstrels, it was decided by the committee that it is not too early to do a little post-war planning.

The male chorus has presented many concerts and participated in several competitive sings during recent years under the direction of W. Hayden Jones and then later by Prof. Dale Gillilan, instructor of music at Ohio State University. During those years they won top honors or participated in the prize money on numerous occasions.

C. H. Campbell, secretary of the organization, asked that reservations be made not later than Saturday, Nov. 25.

CLUB TO MEET

Townsend Club No. 31 will meet Friday, Nov. 17, at 7:30 p. m at the I. O. O. F. Hall, 34 West Goodale-st.

Westgate Methodist Plans New Church By War Bonds

Congregation Starts Drive Monday With "Buy-a-Bond—Build-a-Church"

On Sunday morning, Dec. 7, 1941, a group of people had gathered in the music room of West High School to lay plans for the organization of a new church in the Westgate section of the Hilltop. As a vote on the matter was being taken, news of the Japanese attack was being flashed to the world, and as all of America pitched in to accomplish the job ahead, so did this little group pitch in to lay the foundation for the Westgate Methodist Church.

Site Purchased

With the announcement this week of the beginning of a drive to build the proposed new church, as shown above, three years of remarkable progress had been accomplished by Rev. James F. Lorenz and his fast-growing membership.

Westgate Methodist Church now has paid in full for a building site "between Brinker and Algonquin on Wicklow-rd," and has set upon the idea of further carrying their growth along with the successful prosecution of the war.

With the Sixth War Loan Drive starting Monday, the church has made arrangements for helping finance the proposed building by selling W[illegible] Bonds to Hilltop homes [illegible] business places. The bo[illegible] will be made out in the n[illegible] of the church rather than [illegible] individual's name who p[illegible] chases them. In this way [illegible] Westgate congregation [illegible] Hilltoppers may kill two [illegible] with one stone by fulf[illegible] their obligations to their c[illegible] try and also making po[illegible] the building of a fine [illegible] church which will mate[illegible] benefit the community as a whole.

Bond Application Taken

Using as their slogan, "Buy a Bond and Build a Church," three teams, captained by Floyd S. Hill, Mrs. Wilson Hall and Sidney V. Everett, will start Monday to canvass the Hilltop with Sixth War Loan Bond applications which will be filled out by interested individuals in the name of the church and made payable at the Hilltop Office of the Ohio National Bank. Each captain will be supplemented by five lieutenants, all under the leadership of Rev. Lorenz, the pastor.

The Westgate Methodist Church, with a present membership of 500, has not only developed all of the usual various organizations, but also has for nearly a year sponsored a "Good News" radio program heard over WHKC every Saturday morning at 7:45.

Cooper Active

"Genial Jim" Cooper was the first Sunday School superintendent, and Mrs. Cooper was the first organist for the church, which now has completed purchase of a new Ham-

West Pupils 'Duck' In W[illegible]

Those Selling [illegible] More To Get Picture[illegible]

The once popular query "[illegible] wanna buy a duck?" made famous by the late radio-comic, Joe Penner, might well be the password of West Senior and Junior High students during the next few weeks. For a "duck" is just what the pupils of the Hilltop school "wanna" and in all likelihood will buy.

In this instance its an amphibious duck, the kind that has proven so invaluable to our fighting men wherever landing parties attempt to establish a beachhead on enemy held soil. It's all a part of the school's participation in the Sixth War Loan Drive which opened here this week and is expected to continue through December 15. The price of the "amphib duck" is $8,000 and that is exactly the amount that the pupils have set out to sell in war bonds. In order to stimulate interest in the campaign a "duck" was stationed at the school grounds Wednesday.

James Fero, 12-B student at West High School, came through with a sale of $5000 in War Bonds Wednesday, when an amphibious duck made its appearance at the school to start the drive.

Fero, who lives at 21 N. Burgess-av, is the son of Mr. and Mrs. Darcy Fero. Complete compilation for the day's sales had not been made at press time.

Pupils To Get Pictures

The purchase of $100 or more or bonds entitles the pupil to have his individual picture taken with the "duck." Buying less than $100 worth of bonds entitle the pupil to be in a group picture with the "duck." Pupils selling bonds to parents, neighbors, or friends in the above amounts were entitled to have pictures taken the same as if they bought the bonds themselves. Application blanks may be gotten from home room teachers.

If pupils do not have the money ready then but have signed for bonds on the application blanks, they could have a picture taken. Each pupil will receive a picture as a gift after his money has been paid for a bond. Additional pictures may be purchased for 10c apiece.

Miss Lola Forbes will be in the Junior High School office any morning before school and during registration peroids to receive money for the bonds. Harry Zulauf will be in Room 235 to make arrangements for the purchase of Senior High bonds.

During the fifth period on Wednesday any Junior High School pupil who presents his or her signed application to George Wing could have his or her picture taken. During the eighth period Wednesday, Senior High School pupils who presented their signed applications to Mr. Wing could have their pictures taken.

SURPRISES BURGLAR

Discovered in the act of stealing a tray of narcotics from the second floor of St. Anthony's Hospital a few days ago, a burglar left his loot and fled down a fire escape when Nurse Mary Astel, 44 S. Ogden-av, appeared on the scene.

Miss Astel had noticed smoke at the end of the corridor and went to investigate when the thief was surprised and frightened away.

Service Planned

The union Thanksgiving service, sponsored annually by the Hilltop Ministerial Association, will be held on the morning of November 23 at 9 o'clock at the Westgate Evangelical Church on South Powell Avenue. The Rev. Howard W. Shoaf, pastor of the Hillcrest Baptist Church, will be the speaker.

City Championship At Stake As West Meets North Today

Cowboys Are Defeated At Louisville; Today's Crowd Estimated At 5000

The City League championship will be the prize this afternoon when a smart and fast-stepping West High School football team meets a big and powerful North High eleven at Magley Field with hostilities scheduled to get under way at 3:00 o'clock.

School officials have increased the seating capacity of the field by the addition of temporary bleachers stationed on the east side of the playing field. The additional bleachers were installed this week by Tony Aquila and his OSU stadium ground-keepers after the school rented them from the university. With the anticipated attendance estimated at over 5000, the extra seating arrangement is a blessing. The stadium itself has a limit of 3400. However, those last-minute arrivals are expected to be greeted with standing room only signs, as the stadium, baseball stands and added bleachers will undoubtedly fill up fast.

Today's game has been designated as "Dad's Day for the local boys. Fathers of the players will be seated on chairs in back of the players' bench where they can get a first hand impression of their sons in the heat of battle.

North has bowled over everything in its path, including Grandview, Newark, Lima South, Central, East, Aquinas, Linden McKinley and Upper Arlington. West was also undefeated until they were beaten by a big and fast Louisville Male High team last Friday night. Prior to that time they had beaten Springfield, South, Central, East, Aquinas, Linden-McKinley and Upper Arlington, while tieing Marion Harding.

Beating At Louisville

The Cowboys took a physical beating from a much heavier Louisville Male team there last Friday night, losing 27-7. However, Coach Dale Rose reported late this week that the entire suad was in good physical condition and, as an example of their mental attitude, he quoted one boy as saying, "Well, we can't be hit any harder than we were at Louisville."

Playing the game on a muddy field, the West speedsters just couldn't get underway with their running and passing attack, which is worked off a T-formation with tricky ball-handling. The result was too many fumbles for a power-house squad like Male to pass up.

Slager-Haines Again

West scored one in the first quarter on a long pass from Slager to Haines, which was good for 50 yards, with Haines going over from the 30. This action came after Male had capitalized on a West fumble deep in its own territory, scoring on power plays of tackle. Carl Hosler made it 7-6 in the Hilltoppers' favor for the first half.

However, the Cowboys lead wouldn't hold up as the Colonels turned on the power in the second half to score three more touchdowns with the extra points added to each.

Brothers Meet In Hospital

Two Hilltop brothers were reunited in a hospital in England a few days ago after one was wounded in action and the other was suffering from pneumonia. Sgt. James Hathaway, 20, son of Mr. and Mrs. R. E. Hathaway, 378 S. Burgess-av, was wounded near Brest, France, on Sept. 17 and returned to England to recover. He soon learned that his older brother, Pvt. John E. Hathaway, 26, was confined to another hospital suffering from pneumonia. The reunion was arranged by the Red Cross.

A third brother S 2/c Robert S. Hathaway, 18, has just been assigned to Fort Pierce, Fla., for training after spending "boot" leave here. James has been awarded the Purple Heart.

Meanwhile two other Hilltop men have been reported as wounded during recent engagements.

Sgt. Harold L. Pennington, whose wife, Thelma, lives at 403 S. Eureka-av, was slightly wounded Oct. 30 in Germany. Assigned to an infantry unit, he has been in the service more than three years. Also reported as wounded in action is Pvt. Eugene F. Ray of 246 Clarendon-av.

Teen Canteeners To Have Dance

The opening Teen-Canteen dance of the fall season will be held in the West High gym Wednesday, Nov. 22, at 8:30. The music of Don Crawford and his band, voted one of the most popular of last season's bands, will set the pace for dancing.

Admission will be 50c, plus [illegible]eral tax. Mrs. Leo Uridil is [illegible]harge of arrangements.

[illegible]rs. Uridil pointed out that [illegible] turnout at this first dance [illegible] decide the future operation [illegible]e dances to be scheduled for [illegible]eason.

[illegible]C.'s Will Have [illegible]nce Saturday

Entertainment Chairman [illegible]n Schwan announces that a good orchestra has been engaged and also that refreshments will be served. This is included in the price of the ticket which sells at $1.50 per couple.

Plans are being made by this committee for a pre-holiday dance in the ball-room of the Chittenden Hotel on Saturday, December 2, music to be furnished by Keplars Orchestra with a vocalist.

Grand Knight Frank Christ wishes to thank Miss Keith Lovewell and her pupils of the Keith School of Dancing for the entertainment they furnished at the Candidates Dance.

To Hold Initiation

The initiation of new members into the Council has been set for Sunday, December 3, by Membership Chairman Elwood P. McGonigle, 140 S. Eureka-av. Mr. McGonigle will be assisted in the arrangement of plans by Harry Heterschied, Frank Kabitshi, Charles Kauderer and Frank Strapp. All eligible men wishing to affiliate themselves with the Council are invited to contact any of these members or any officer of the Council.

THE DOCTOR CAN WAIT

★ How often have you heard it said, "I've paid all my bills except the doctor's. He can wait"?

When we have recovered, the fearful urgency of that night call is easily forgotten. In answer to our frantic call, what if the doctor had said, "Oh, it's nothing serious. Wait until morning and come down to the office." The chances are we would agree to pay double if he would come at once.

Health is not an item for trade and barter. In fact, the only wealth is health. Consider your doctor bill as your best investment in the continued enjoyment of life. As pharmacists, we stand ready to fill your prescriptions promptly and accurately.

SALVAGE NEWS

Last Sunday's big waste paper collection gathered some 800,000 pounds of paper in Columbus and suburbs. This was less than expected, probably due to the fact that most households had already cleaned paper out of cellars and attics.

This paper has already gone to mills to make shipping cartons and many other items to supply our armies overseas.

The Committee thanks the householders who bundled paper and put it at the curb; the owners of 330 donated trucks; the volunteer drivers of those trucks; the Truck Drivers Union No. 413 which cooperated; about 1,000 volunteer workers, largely high school students and Boy Scouts, and the American Red Cross, which served lunch to all workers.

It was a wonderful demonstration of community teamwork.

DEPENDABILITY

ONE quarter of all Holland is beneath the level of the sea . . . protected from the inrushing waters by 1500 miles of dykes. It is the dependability of the dyke that has made that land habitable.

It is the unswerving dependability of our organization that has won for us public confidence. Each ceremony is a tribute of memorial dignity.

Seek Gifts For 1500 Patient Of Columbus State Hospita

An opportunity to help bring Christmas to the hundreds of patients at the Columbus State Hospital is again available to every family on the Hilltop. The cost can be as little or as great as each individual sees fit. The reward is in knowing that each one of the 1500 unfortunate persons housed in the Hilltop's largest building has been remembered in some small way that goes far toward bringing a smile to hundreds of faces on Christmas morning.

The gifts need not be expensive at all. Candy bars, combs, handkerchiefs, writing pads, pencils, tobacco, soap, shaving [illegible] and other miscellaneous [illegible] are greatly enjoyed by [illegible] costume jewelry, cosmetics, candy bars, writing materials, combs, etc., will delight the women.

Gifts may be brought to the Hospital or left at the Hilltop Record office, 2463 W. Broad st. The sooner the gifts are brought in the easier will be the task of providing the Christmas arrangements. The work of remembering the patients at Christmas time is no small part of the duties of the workers at the Hospital but many hours go into its preparation each year.

Mrs. Bateman, wife of the superintendent, Dr. J. F. Bateman, personally directs the work of gathering in and preparing the gifts. CALL [illegible] miles or more) that we may save gas and tires

We have never seen a group of more dejected boys than were gathered together in the dressing room at West High stadium last Friday after North ...ed through with a win over the hard-fighting Cowboys . . . those boys really wanted to win . . . and they would have if lady luck had just cracked her sour face a little.

Even though they lost that all-important game, they are still a very good football team, and one that would make any school and community proud of them . . . and Coach Dale Rose and Mac Pemberton can take their bows for their part in providing a season that was full of thrills.

When next September rolls around there will be a lot of sparkling football talent gone from the Cowboy team . . . Captain Sam Estell, Virgil Crawford, Donn Haines, Rennick Parkey, Dick Ison, Dick Layne and others of the speedy westerners have played their last game and will be sorely missed . . . but, guys like Dick Slager, Carl Hosler, Jack Buckingham, Bruno Masdea and Lee Dienst will be back to form a nucleus for the 1945 edition.

DOMINATE ALL-CITY

The Cowboys and North's Polar Bears dominated the Citizen-coaches All-City ballot, with West on top with six on the first team and four on the second . . . attention has been drawn all season to the standout play of West's guards, Estell and Crawford, and both of them were named. In addition, Donn Haines, Harold Buchanan, Dick Slager and Rennick Parkey were named on the first string, with Jack Moore, Dick Layne, Carl Hosler and Dick Ison being selected for the second team. Buckingham and Don Jenks were given honorable mention.

HIGH-STEPPIN' BAND

West's flashy marching band, under the direction of Miss Mary Catherine Richter, has been worth its weight in gold during the season . . . after being outfitted in brand new uniforms through a concerted effort by the Band Parent's Club, this lively school organization seemed to come to life, and gained a reputation as the best band in the city.

HERE AND THERE

It seemed like the First, Third and Ninth Armies had taken up shot-guns and taken off for the fields when hunting season officially opened Friday at 11:00. By the time we got in a few hours on Saturday, all the game had learned to dig fox-holes and some of them had gone completely underground . . . in one field near Fostoria, 13 men and three dogs were combing one field of about three acres . . . and two others were standing at the end waiting for them to drive them out!

And Clarence Story started out after pheasant Saturday afternoon but ended up sitting beside some farmer's radio listening to the State-Illinois football game . . .

BELGIUM REPORTING

From somewhere in Belgium comes word of Bob Cavanaugh and Homer Prince, both former Record employees . . . Cavanaugh tells of seeing Paris and wanting to go back there some day. He also expresses the wish to get to Berlin in a hurry. He tells in his letter of hearing about Homer also being in that country . . . Homer, who is back in action after being wounded in Normandy, came through with the following interesting description of the Belgium countryside:

"I returned to the outfit a couple of weeks ago and was fortunate in being reassigned to the adjutant general section. I have very pleasant working conditions, and only wish the men in the front echelon could share them. I am writing about the heroes instead of trying to be one. There are two others on the same assignment, a Jersey Yank from Trenton and a Georgia Rebel from Waycross, both reporters. By coincidence, one of them was at Blanding while I was there, within a stone's throw of my barracks, and we had both written quips for the 'Bayonet'.

"This is a checkerboard ... by the Belgians going into ... (Continued on page ...

Thanksgiving Day means a great deal to those Americans who are imbued with the ideals which were first defined by the New England colonists . . . traditions of freedom and democracy which are urging our boys on to greater victory.

We at home, too, are fighting to retain those ideals through our preservation of the old-fashioned customs, loved and honored since the first settlers set foot on American shores.

Veterans' Hall To Be Erected On W. Broad

A location has been selected for the Veteran's Memorial Hall to be built shortly after the war's end. It will be erected on the north side of Broad Street between Brinker and Westgate, directly across from Murphy's Sunoco Station.

The site is just a short distance from the present headquarters of Camp Chase Post No. 98 American Legion, sponsor of the war memorial. The building is to be made available to returning servicemen and is to provide adequate club facilities and an auditorium for community activities.

The selection was made by unanimous vote of the post members Friday night. The property had been under option for several weeks.

Arthur J. Bellar, a member of the Veteran's Memorial Hall committee, tendered his resignation at the meeting, effective as of that date.

Lt. Cunningham Receives Wings

Lt. Ben T. Cunningham, son of Mr. and Mrs. H. F. Cunningham, 2880 Valleyview-dr, returned home this week for a few days. He entered the service in August, 1943 and took his basic training at Jefferson Barracks, St. Louis, and went to Jefferson College for Air Crew Training detachment. From there he went to San Antonia, Tex., and now stationed at Hondu, Tex.

Lt. Cunningham graduated from Hondu, Tex., last Saturday, as a navigator and received his wings. He will return there as an instructor, and is qualified for a B-29. When he goes into combat, the B-29 will be his ship.

Deems Heads Bond Drive On West Side

Ray Eyerman Shares Work Of Directing Solicitation

Herbert G. Deems, secretary of the First Federal Savings and Loan Association and manager of the Hilltop office, has been selected to head up the Sixth War Loan Drive on the West Side and Hilltop. A house-to-house canvass to include every residence and business place west of the river is being planned.

H. G. Deems

Serving as assistant in the drive and heading the solicitation on the West Side is Ray Eyerman, manager of the West Side Branch of the Ohio National Bank. He will have charge of the territory as far west as Central Avenue.

A more complete story on the organization being formed to do the solicitation will be carried in next week's Hilltop Record. Tentative plans call for dividing the Hilltop into sections with an organization to cover each block in that area.

The Sixth War Loan Drive in Franklin County has a goal of $47,011,000. Especial emphasis is being given to sell a larger number of bonds in smaller denominations so that a greater number of persons will have a part in the current program. Five billion of the $14,000,000,000 being sought in this drive nationally is expected to come from individual purchasers.

West High Basketball Squad Gets Under Way for Season

Coach Rufus Glass Starts With a Nucleus of Four Lettermen

With the 1944 football season a matter of history at ... has been turned to basketball out at the West Gym. Although practice has been under way since the first of the month, football players who also double on the hardwood courts, reported for their first workouts Monday night.

With less than two weeks remaining until the opening game with Grandview on Dec. 1 little time is being lost in whipping a team into shape. Coach Rufus Glass will have the service of four lettermen for the early part of the season but will lose three of them at mid-year. West Loses Thriller In Final Game Friday

City Championship Goes To Heavier Squad As West Hopes Are Dashed

With a Dad's Day crowd of 8000 people crammed into the confines of Magly Stadium, the West High School Cowboys went all out in an attempt to grab off the city championship but lost to a much heavier and luckier team from the northern confines of the city, when North High's Polar Bears invaded the Hilltop last Friday and walked off with the bacon to a tune of 14-6.

With North's highly touted backs, Van Fossen and Dave Bonnie, expected to run wild over the much lighter Cowboys, the crowd was shocked to see the North powerhouses stopped again and again by a hard-charging West forward wall which was backed up by an alert secondary.

Parkey Over

Then the crowd went wild as West put on it's touchdown drive early in the game, which was capped by Rennick Parkey who broke loose through left tackle and raced through the North secondary for 2 yards and six points in the second quarter. Hosler missed the extra point and the score remained 6-0 until the half.

North evened it up in the third quarter when Van Fossen passed over the middle to Dave Bonnie who took it on the ... galloped down the side ... the score. Hindman conv... to put the Bears ahead.

West promptly came back with a determined drive which carried to the five-yard line where, on first down, the ball was fumbled in the process of Slager to Parkey lateral and North recovered to end the threat.

This seemed to take the zip out of the Cowboys as they resorted to desperation passes, one of which was intercepted on the 20 by Jones of North who scampered through an open field for another score.

The Cowboys outplayed the heavier North team all through the game, but could not get their potent passing attack under way, completing only two out of 14. The West line, with Carl Hosler sparkling as a defensive star, outcharged the Polar Bear forward wall consistently while Slager, Parkey and Jenks constantly threaded the line for yardage. However, it was North that came through with West's most needed weapon, the pass, to score the touchdown that climaxed the ... (Continued on page ...

Fisher Body Co. Extends Option

Indication that the Fisher Body Co. of Detroit still has under consideration the building of a factory just west of the Hilltop was seen this week when it became known that a 60-day renewal of the option on the Turner property had been taken. The firm has had an option on a 200 acre tract of land at West Broad Street and Georgesville Road for several months.

Tests to determine the suitability of the location as a factory site were made by a Columbus engineering firm several weeks ago and the automobile firm expressed satisfaction at the results. The company is a division of General Motors.

The land is owned by Supreme Court Judge Edward C. Turner.

Sgt. Cranford Saves Marines From Starving

T/Sgt. Charles N. Crawford, son of Mr. and Mrs. C. N. Cranford, 34 S. Burgess-av, flew through one of the worst storms of the season in the central Pacific to save his starving buddies. He and his 7th Air Force buddies flew through this terrible experience to prevent the Marines from starving, who were fighting for the island of Palau.

The Marines had landed and kept hammering at the Japs when the gale struck. Rafts loaded with food were lowered but the sea was so rough that the food was lost. A call was rushed through to the Air Force and thirteen C-47's were loaded with K-rations to Palau, to the Marines who had a great deal more fighting to do, and couldn't do it on an empty stomach.

The flying conditions were bad from the Marianas on to Palau and it was impossible for the transports to get through. A call then came for volunteers, and among the men who stepped forward was Sgt. Cranford. He was formerly an air mechanic at Port Columbus' Curtiss hangar.

Sgt. Cranford with the other volunteers manned the planes and climbed into the threatening clouds. He later told his intelligence officer, "We climbed to 9000 feet but the weather was just as bad up there. Our plane was being tossed around like a top and wondered how long she was able to take it. There was no sign of any of the transports, so we flew on our instruments and luck."

A half hour went by, but it seemed like several hours to the men. Suddenly they broke out of the storm.

The sky was clear now, and the men finally got the break for which they had been waiting. The transports landed on Palau and brought food to the Marines.

Sgt. Cranford's wife resides at 34 S. Burgess-av. A graduate of West High School, in 1939, he entered the Air Force in 1940 and has been in the Pacific since last February.

Robert Paul Cranford, his brother, is a seaman first class and is stationed at San Diego, Calif.

Seek Gifts For 1500 Patients Of Columbus State Hospital

An opportunity to help bring Christmas to the hundreds of patients at the Columbus State Hospital is again available to every family on the Hilltop. The cost can be as little or as great as each individual sees fit. The reward is in knowing that each one of the 1500 unfortunate persons housed in the Hilltop's largest building has been remembered in some small way that goes far toward bringing a smile to hundreds of faces on Christmas morning.

The gifts need not be expensive at all. Candy bars, combs, handkerchiefs, writing pads, pencils, tobacco, soap, shaving cream and other miscellaneous articles are greatly enjoyed by the men; old costume jewelry, cosmetics, candy bars, writing materials, combs, etc., will delight the women.

Gifts may be brought to the Hospital or left at the Hilltop Record office, 3463 W. Broad-st. The sooner the gifts are brought in the easier will be the task of providing the Christmas arrangements. The work of remembering the patients at Christmas time is not a part of the duties of the workers at the Hospital but many hours go into its preparation each year.

Mrs. Bateman, wife of the superintendent, Dr. J. F. Bateman, personally directs the work of gathering in and preparing the gifts for the 1500 patients.

Students Honored in Assembly

The National Honor Society of West High School have elected Donald Karshner, 836 S. Terrace-av, as president and Doris Nelson, 537 S. Wheatland-av, as secretary. THE thousands of men and women in the Columbus plant of Curtiss-Wright have every right to take more than average pride in the Army-Navy "E" award for outstanding achievement in production.

Many difficulties had to be overcome in a project starting from "scratch." Many of the employees were new not only to aircraft construction, but to plant work itself. But they willingly trained for and learned their new responsibilities.

The fact that today Curtiss Helldiver dive bombers are making history in the Pacific is proof enough of the loyalty, determination and skill of these people.

We are grateful to them for undertaking and sticking to a tough task. We know they will continue to put more Helldivers—"the fist of the fleet"—into the skies where they can keep punching until the final knockout blow has been delivered to the Japs.

West Track Outlook Is Good As Cross Country Running Develops Team for Spring

Reading from left to right:
Jim Gardner, Edway Johnson, Kenny Beymer, Vincent Embleton, Bradley Richardson, Ralph Dennis, Byron Baker, Dick Carey, Austin Hutt, Frank Deyo, Darrell Hall, Coach Glass.

Over-looked in the glory built around a winning football squad, was the cross-country runners coached by Rufus Glass that became equally as prominent in their sport this fall.

Used primarily as a conditioner for the Spring meets, the cross-country running season started for ten boys when they donned their togs on the first week of school and finished on Nov. 2. They are: Ralph Dennis, Kenneth Beymer, Edway Johnson, Frank Deyo, Vincent Embleton, Austin Hutt, Dick Carey, Bradley Richardson, Darrell Hall and Byron Baker.

Four Wins and a Champ

During the running season, these boys took a triangular meet with Springfield and Dayton Parker by 20 points, missed a perfect score against Newark by winning 17-40 and then took both the city and district meets by a very comfortable score.

Although the team lost out in the state meet, Austin Hutt, who led his team all through the season, came through with the individual state championship by outdistancing the entire field over a Mansfield golf course to give West its first individual champ.

Coach Glass has been steadily building track at West since he came here three years ago, and is looking forward to one of his best seasons next year when the Spring track season starts.

AUSTIN HUTT
Individual State Champion

Masdea for Bates

Although the sensational Jack Bates was lost by graduation, Bruno Masdea, last year's junior high charmpion low hurdler, is expected to fill his shoes. Bill Smith, who ran the third best dash in town last spring while a member of the junior track squad, will also help to supplement the cross-country boys.

From this fall's cross-country squad will come the nucleus for the Spring squad with Carey, Hall, Embleton and Dennis running the mile, with Hutt and Baker the half-mile and Deyo the 440. Johnson takes the hurdles and Beymer the 220 dash, Stanley Hutt, brother of the sensational Austin, and Don Borror, who ran first and second in the junior high halfmile, will also be coming up next spring to give the West squad a boost in the Spring season.

Hillcrest Class Joins World Wide Union

Believing that there is a great need for a more united front of men's classes, not only of the Baptist churches, but the classes of all protestant denominations, the men's class of the Hillcrest Baptist Church has joined the world wide Baraca-Philathea Union.

The object of this Union is to bring about a closer fellowship between all classes with the hope, first, that their united efforts will become a stronger factor in helping to solve the problems that are hindering the cause of Christianity; second, that they believe that such action will create greater class activity and interest.

Church Basement Is Being Decorated

The basement of the Burgess Avenue United Brethren Church was undergoing a renovation this week as paint was being applied to the walls and new paper was applied to the ceiling. The work was being speeded up in order to have the basement looking spic and span for the annual Thanksgiving Bazaar to be held November 30.

The redecorating was to also include remodeling and enlargement of the kitchen so that dinners can be served more easily. A turkey dinner is to be served by the Ladies Aid during the noon hour and at the evening dinner hour.

DEPENDABILITY

ONE quarter of all Holland is beneath the level of the sea . . . protected from the inrushing waters by 1500 miles of dykes. It is the dependability of the dyke that has made that land habitable.

It is the unswerving dependability of our organization that has won for us public confidence. Each ceremony is a tribute of memorial dignity.

Christmas Seal Drive Will Open On November 27

The annual sale of Christmas Seals this year will begin on November 27 instead of November 20, as originally planned, in deference to the opening of the Sixth War Loan Drive on November 20.

In announcing postponement of the opening of the Christmas Seal Sale, Robert G. Paterson, Ph. D., executive secretary of the Ohio Public Health Association, said that workers in the 88 county tuberculosis associations in Ohio are cooperating in every way possible to insure the success of the War Loan Drive.

"Whatever the task for which we are responsible," Dr. Paterson said, "there is an additional obligation upon us all. It is the obligation to buy War Bonds."

To avoid any confusion resulting from the opening of two nation-wide drives on the same day, the Christmas Seal Sale will be conducted from November 27 to Christmas.

• • •

Adding their bit to the cause of the Sixth War Loan Drive are five Hilltop youngsters ranging in ages from 8 to 13 years. They are all members of a troop of "Band-Act-Teers," entertaining specialists who will be called upon to liven up rallies in various parts of the country. Representing the Hilltop are Sandy Mahoney, Joan Lytle, Joan McKinney, Mary Ann and Claire Jane Gillvan. They were all selected by the entertainment committee at auditions held at the Variety Club. Also appearing with the dancers will be Jimmy Lytle, 10-year-old son of Mr. and Mrs. J. F. Lytle, 15 Whitethorne-av, who plays the accordian. He is the brother of Joan and is a student of James Melin.

Sandy is the daughter of Mr. and Mrs. F. E. Mahoney, 2735 Ridge-av. Joan is the daughter of Lt. Col. and Mrs. R. V. McKinney, 274 Powhatan-av. "Our sleeping quarters are in a palatial casino, where craps and C rations have superseded roulette and Russian caviar, with champagne to kill the taste of the caviar. On one occasion some champagne "leaked" out of the cellar where it was well fortified against GI assaults. I tasted a little but would prefer the lowly beer for mine. In fact, I'd prefer a glass of cold rich cow juice to either. The only milk I've tasted in the army was in Normandy, when we happened to run across a LIVE cow and supplemented our K ration repast with fresh milk. That was old Bossy's last contribution to the Allied cause, as she suddenly ceased to exist during a subsequent skirmish."

SALVAGE NEWS

The need for waste paper is still acute, The Army and Navy use many tons of shipping cartons every day ,made from waste paper. And there are 1600 other military uses for paper.

Here is how to turn your waste paper in, to help Uncle Sam supply our armies fighting in Europe and the Philippines:

See that your newspapers, magazines, books and wrapping paper are securely bundled. Pack loose scrap in cartons or large sacks Then call one of these charitable agencies and ask them to get the paper:

Volunteers of America	Adams 5065
Salvation Army	Adams [illegible]
Goodwill Industries	Adams [illegible]

These agencies are quietly and efficiently carrying on to help our country at war. Help them to do their job by giving them your waste paper. Clip this notice and keep it as a reminder.

Presents Poem

The following poem was presented by Mrs. Erie B. Gainso Hahn, in honor of her son's twenty-first birthday:

You may be a soldier in khaki,
You may be in an Air Corps crew,
You may be a man in stature and heart
But you can still be my little boy too!

No matter your wisdom, your size or your years;
No matter your uniform, your rank or your part.
Your soul always seems so much of my soul
That you are like fibre and core of my heart.

Thru years that are past, you have stood Mother's test.
So now, GREETINGS! that you've reached twenty-one.
My prayers are always that Life give you it's best—
I salute the soldier, and I'm proud you're my Son.
Mother Erie.

NEPHEWS IN SERVICE

Capt. Edwards T. Jones, is in the Air Corps with the Procurement Division. He has been in the service for three years and is presently stationed at Wright Field, Dayton, Ohio, with his wife and family. Capt. Jones finds time for other work also; he is an attorney on the side. Prior to his enlistment, he was employed at the F. & R. Lazarus Co. for fourteen years.

Major Paul E. Alban, is a paratrooper in the Field Artillery and has been given his wings. He entered the service four years ago and is now stationed at Ft. Bragg, N. C., as an inspector for the planes. Major Alban is to leave for overseas very soon.

Both boys are nephews of Mrs. C. J Hohn, who resides at the Broad-Lincoln Hotel, on East Broad-st.

NEW ASSIGNMENTS

Assigned to new stations are: Pvt. Ethel V. Worthen, 2567 W. Broad-st, to Fairfield - Suisun Army Air Base, Calif. Pvt. Ray G. Criswell, husband of Mrs. Dorothy E. Criswell, 72 N. Huron-av; Pvt. Harry M. Zeisler, Jr., son of Mr. and Mrs. Harry H. Ziesler, Sr., 95 N. Roys-av; and Pvt. John S. Murnane, husband of Mrs. Roberta L. Murnane, 233 Columbian-av, were formerly stationed at Camp Atterbury, Ind., and are now in the infantry unit at Camp J. T. Robinson, Ark.

HOME ON LEAVE

Petty Officer 3/c Charles G. Jones, son of Mr. and Mrs. Guy J. Jones, 33 N. Hague-av, recently spent a nineteen day leave here with his parents. He has returned to his base at Bermuda, where he has been stationed for the past fourteen months.

Promoted to Chief Petty Officer

Carl G. Esterbrook, formerly of 715 S. Burgess-av, was promoted to Chief Petty Officer of the Underwatel Demolition Team Seebees, somewhere in the South Pacific.

His wife and son reside with her parents at 1909 W. Broad-st, and is the son of Mr. and Mrs. Harry Esterbrook, 326 S. Richardson-av.

Need a laugh—a real hearty laugh—the kind that comes from down deep? When 44 year old Mr. Winkle passed his army physicial the whole town passed out. You will want to meet the screen's most loveable character in "Mr. Winkle Goes To War" coming to the Westmont Theatre, Sunday and Monday, Nov. 26, 27. Edward G. Robinson plays the role of the mild, meek-mannered draftee who captures your heart to add his name to the list of motion picture "greats." You'll thoroughly enjoy Edward G. Robinson in "Mr. Winkle Goes To War" Sunday at the Westmont. It's a grand picture. The companion picture is "In Old Chicago" starring Tyrone Power and Alice Faye.

Star Point Circle of Robert Morris Chapter

Semper-Fidelis Circle was entertained at the home of Past Matron Florence Alexander Jones, 3229 Indianola-av, Tuesday evening, Nov. 14.

The meeting was opened by the president, Iva Bowman. All stood and repeated the Lord's Prayer, followed by the circle song. Business was taken care of and the motion for adjournment made, then the evening was turned over to the committee composed of Iva Edwards, Flora Hartman, Helen Kohn, Katie Shroyer, May Rust, Clara Shank and Florence Alexander Jones. Hallowe'en just over and Thanksgiving coming soon, the entertainment and refreshments were centered around these days.

First to the weird noises of the committee—a witch impersonated by Clara Shank rode the broom into the room and told everyone present their fortune. After she finished she passed bags of popcorn from her broom handle. Then an old fashioned spelling bee with school "marms" Flora Hartman and Iva Edwards was enjoyed by all. Sisters Audrey Morris, Alice Wilcox, Esther Welch, and Agnes McVey Wolfe receiving the honors. After this as the committee sang "School Days" the school teachers passed apples and lollypops.

Then house prizes were drawn by the Worthy Matron Nelle Jane Price, the winners being Associate Conductress Bess Turner, and Ruth," Esther Welch.

Then to the bang bang of the committee. Two Puritan maids impersonated by Past Matrons Katie Shroyer and May Rust, entered the room, their gun barrels loaded with doughnuts. These were passed around with cider and coffee.

Those present were Worthy Matron Nelle Jane Price, Iva Bowman, president, Elizabeth Coleman, Mother of the Circle, Audrey Morris, Annonise Allen, Myrtle Daubenmeir, Minnie Jones, Ethel Cranford, Ethel Fishbaugh, Alice Wilcox, Agnes McVay Wolfe, Bess Turner, Esther Welch, Nell Rolsten, Thelma Doran, Lucille Fishinger, Vaughn, Meyer and the committee.

All left thanking the hostess, and having enjoyed the spirit of good fellowship, looked forward to the next meeting, the Christmas party.

CHEERIO CLUB MEETS

Mrs. Agnes Hertenstein, 39 N. Powell-av, was hostess Nov. 14, when the Cheerio Club of Supreme Forest Woodman Circle, had its regular meeting at her home. Mrs. Dorothy Douglas assisted Mrs. Hertenstein. Plans were made for a Christmas party.

PYTHIAN SISTERS

Hospital Needs Topic Of Discussion

"Is Columbus Meeting Its Hospital Needs?" was the topic for Columbus Town Meeting on Sunday, November 19. Guest speakers on this program were Dr. George Bugbee, executive secretary of the American Hospital Association, Herbert L. Lupe, Sr., president of Julian-Kokenge Co., and Terrance L. Webster, executive secretary of the War Chest of Franklin County.

Dr. Ganse Little, minister of the Broad Street Presbyterian Church, served as guest moderator. The meeting was held in the Columbus Gallery of Fine Arts on East Broad Street, from 12:30 to 1:30 p. m. and was broadcast over WHKC.

Columbus Town Meeting is open to the public.

New Schedule Of Activities

The Health Education Department of the YWCA is adding to its already full schedule of activities for women from six to sixty-plus, a new class of fun and figure streamlining on Wednesday evening at 8 p. m., designed especially for girls and women who live in the outlying sections of the city; this is in response to a request from housewives and employed girls who cannot meet the daytime gym and swim classes.

Miss Josephine Dickson, director of the Health Department work at the YWCA, says that so many calls have come in for this sort of combined fun and exercise that an evening workout became a necessity for the department.

Postal Authorities Urge Early Mailing

Faced with the handicap of 50,000 less postal workers and 300,000 fewer railroad employees, the Post Office this year is urging the public to shop and mail Christmas parcels in November.

Not only is the manpower shortage a serious problem to be met but rail facilities are called upon to move vast stores of war materials that must of necessity take priority over Christmas packages.

A message from Frank C. Walker, postmaster general, points out that parcels should be marked, "Do not open until Christmas" or in some similar way properly identified. The use of postal delivery zone numbers was also stressed as a definite aid to more rapid handling of the anticipated holiday rush.

Sgt. Price was employed by the Curtiss-Wright Corporation before entering the Army in Oct. 1942. He was graduated from West High School.

Among the ratings now available due to the urgent need for crews to man the Victory ships are specialist listings as radio operators, deck and engine department openings, stewardships and a variety of others.

Men from 17 to 35½ are eligible for specialist training as radio operators or as purser-hospital corpsmen leading to warrant officer ratings on graduation. Deck and engine department courses lead to certified ratings as seamen or engine-men. Steward department training, which includes cooking and baking, is available to all applicants between 17 and 50½ years.

Qualified candidates will be able to leave for the Maritime Service training station at Sheepshead Bay N. Y., within one-day notice if they desire, Cramer added.

ANOTHER MEMORY

The Purple Heart was received recently by Mrs. Grace Roese, 304 S. Harris-av. It came to her as a posthumous award to her son, S/Sgt. Scott Roese, who died of wounds received in battle on a foreign land . . . first came a card from Chief of Staff General Marshall, then an award of merit, signed by the president; and later the Purple Heart . . .all further memories of a son who made the supreme sacrifice for his country.

Another son, Pfc. Robt. L. Roese, has been in Paris with an engineer det. for the past two months.

INVENTIVE FELLOW

Dr. E. E. McNamee has been exhibiting a unique cigarette lighter . . . this one(which is a home-made job, uses no fuel and doesn't bother its owner about making sure that it goes out before it can cause damage.

Built on the principal of a Fourth of July punk, the lighter consists of a heavy cord running through a tube, with a ball attached to the upper end of the cord. The cord is pulled upward in the tube to a point in line with a flint. After the good doctor has brought forth a spark, he blows the cord end until it is sufficiently hot, lights his cigarette and then pulls the cord down in the tube, allowing the tight-fitting ball to snuff out the fire.

He also loads his own shotgun shells, using black powder, which just about matches the odor of his lighter . . . he must raise an awful stink when he goes forth into the fields after wild game . . .

LEGIONNAIRES TO MEET

Camp Chase Post No. 98, American Legion, will hold its regular monthly meeting tonight with Mike Austin, newly elected commander, presiding . . . the post is concentrating on a drive for Christmas presents for various service hospitals over the country, which runs into a sizeable and very worthy project. The G. I. Joes and G. I. Janes deserve a thought when Hilltoppers visit stores with a Christmas spirit and an open pocketbook.

CHANGE IN PLANS

The War Finance Committee of Franklin County has come to the decision that school auditorium programs are not doing justice to the fine troop of "Bond-Act-Teers" in their attempt to publicize the Sixth War Loan . . . plans are being made now to enlist the aid of theatres for a half-hour or hour-long show between regular features. The idea is being tried Saturday night at Westerville and, if successful, will be carried out in neighborhoods of the city.

With a good percentage of the performers from the Hilltop, local residents may get a chance to see tehir favorite youngster acts and see the regular theatre features if plans can be completed to include this section of town in the program.

HERE AND THERE

Renick Parkey, all-city halfback at West High, is known these days as the mailman . . . in two picture captions in the "Occident" Parkey is vividly displayed as carrying the mail . . . one says "Parkey Carries the Mail" and the next says "Parkey Carries the Mail Again" . . . and that brings up the fact that the Post office has been taking school-boy applications for temporary work in delivering mail during the heavy Christmas period . . . saw Walter Dean on his way to fill out one at the main building this week.

WATCH YOUR TEETH

Comes word from France that the German army has fixed heavy penalties for frontline soldiers who deliberately break false teeth and glass eyes in an attempt to avoid combat with Allied troops . . . the order of the day is "False teeth must not be taken out except for cleaning purposes" . . . evidently the supermen are expected to bite the enemy when their ammunition runs out.

VISITS RELATIVES

Mrs. Anna Johnston, 36 S. Warren-av, returned home Tuesday, after spending the past week visiting relatives in Cincinnati.

Father-Son Banquet Dinner Is Tonight

A father-son banquet will be held at the Hilltop Lutheran Church tonight at 6:30. Robert Nash, organist and choir director, will be the toastmaster. Jack Graf, assistant coach at Ohio State University, will show pictures of Ohio State games and talk football

Frank Ongaro will entertain with his accordion. Henry Geshmiln and his son, Dick, will carry out the father-son response. Ex-service men will be guests.

4 Are Killed When Train Wrecks Car

Four persons lost their lives Sunday morning when the car in which they were riding was struck by a double-header Pennsylvania express and mail train at the Wilson Road crossing just west of the Hilltop.

The dead, all residents of Springfield, were James E. Mason, his wife, Corrine C., their daughter, Gail Mason, 7, and George E. McColl, 27, a Springfield optometrist.

The accident was described as one of the worst in this section in recent years. The car, struck broadside and wedged beneath the locomotive, had to be cut with a blow torch before it could be removed and the bodies reached. All four bodies were taken to the Floyd Born Funeral Home.

A. J. Watkins, 24 N. Warren-av, was a conductor on the train which was running as the first section of No. 202 from Cincinnati to Pittsburgh. William N. Peters, Cincinnati, engineer, said he blew the whistle for the crossing and noticed that the car slowed down as if to stop and then speeded onto the crossing.

Scout Workers To Have Dinner Meet

Robert M. Draper, chairman of the Southwest District Boy Scouts of America, yesterday announced plans for the annual dinner meeting of the scouters' organization. Adult workers from every troop west of the river, and embracing all of western Franklin county, are included in the southwest district.

Meeting at Glenwood M. E. Church on Tuesday, Dec. 12, all the district officers, scoutmasters and assistants, troop committeemen, commissioners and merit badge counsellors will present reports for the past year and elect a new panel of officers for the ensuing year.

Mr. Draper appointed the following committee on arrangements: Ken Dickerson, chairman; R. Z. Gardner, Howard Davis, W. T. Lewis and Harry Barnes.

11th Ward Dems To Meet Thursday

The 11th Ward Democratic Mens and Womens Club will have a regular meeting and installation of officers, Thursday at 8 p. m. at the American Legion Hall, 3184 W. Broad-st.

Mrs. Helen Howard, state central committee woman, will be the installing officer.

There will also be a Christmas party for members and their families. There will be a Santa Claus and exchange of 25c gifts.

Young Bond-Act-Teer Shows Talent

SUNYA SLANE

Among the young members of the Bond-Act Teers for the Sixth War Loan Drive is eight-year old Sunya Slane who has appeared as a singer and dancer in and around Columbus since she was four years old. When Sunya was five years old, she broke her piggy bank and purchased her first war bond and since that time she has been a regular purchaser with earnings from her singing and dancing efforts. In addition to doing her part, she now steps out in the role of Bond-Act-Teer "Salesman", whom you will be seeing soon at your local neighborhood schools and theatres.

Sunya is a dance pupil of Miss Stella Becker and a voice student of Dorothy Hammond.

Local Girl Weds War Ace

Courtesy Columbus Citizen

News of nation-wide interest was centered on the Hilltop this week when Miss Isabella Masdea became the bride of Capt. Don S. Gentile, Piqua air ace who was the outstanding Mustang fighter pilot in the European theatre.

A huge crowd thronged St. John the Baptist Church Wednesday for the marriage ceremony. Rev. Father Rocco Petrarca, Father Raymond Bauschard, and Rev. Father Monter of Piqua, officiated at the high nuptial mass.

The former Miss Masdea is the daughter of Mr. and Mrs. Joseph Masdea, 163 S. Powhatan-av. She graduated from West High School in 1941 and had been employed by Commercial Motor Freight Co.

Capt. Gentile, who is credited with shooting down 23 enemy planes and the destruction of seven more on the ground, was returned to "the states" early last summer. He has been stationed at Wright Field for several months.

Following the ceremony the couple left for a wedding trip to New York City. They will make their home at Piqua.

Local Legion Post To Collect Gifts For Service Patients

Hilltoppers Urged To Wrap Gifts And Leave At Post Headquarters

In cooperation with Eddie Cantor and his weekly broadcasts, The American Legion and The American Legion Auxiliary are planning "The World's Greatest Christmas Party" —to make available to every wounded, sick, and disabled service man and woman in Government Hospitals in the United States, gifts on Christmas Day. Camp Chase Post No. 98, and its Ladies Auxiliary are in the midst of a campaign to obtain Christmas Gifts to help make this worthy Legion program a huge success.

Residents of the Hilltop and surrounding neighborhood are requested to leave their gifts at Post Headquarters, 3184 W. Broad-st, Schmelzer's Restaurant, 3178 W. Broad-st, or at No. 17 Engine House, W. Broad at Wheatland-av. You may purchase gifts in local stores or in stores of Columbus having delivery service and direct that they be sent to the posts. Columbus and local merchants are cooperating with the Legion in its program of a Christmas Gift for every "Yank Who Gave", in a Government Hospital on Christmas Day. Gifts collected by the Legion and Auxiliary in Ohio will be distributed to patients in Fletcher Hospital, Lockbourne Base Hospital, Fort Hayes Hospital, Veterans' Administration Hospitals at Dayton, Bracksville, and Chillicothe.

Gifts should be wrapped and a list of contents with the name and address of the donor attached to each package. This is for the purpose of aiding distribution of the gifts. Foodstuffs are discouraged as gifts to hospitol patients.

Legion officials state that it is better to have too many gifts than too few. If more gifts are colected in Ohio than needed for patients in hospitals in Ohio, the surplus will be shipped to government hospitals in other states. Some states have more and larger Army and Navy Hospitals than Ohio. Donors may decide whether they would rather giver several smaller gifts or one large gift. It is stressed however that every gift is acceptable —regardles of size or cost.

December 10th has been fixed by the joint National Committee of the Legion and its Auxiliary for receipt of gifts in order to allow sufficient time to properly wrap and distribute the presents.

Persons desiring to give but cannot determine what to buy, may contribute cash to your local American Legion Post or to the Franklin County Council, American Legion, Memorial Hall, Columbus, and a committee of the Legion will purchase gifts from a list of items recommended as gifts for G. I. Joe and G. I. Jane in hospitals.

Miss Janice Munyan Becomes Bride At Thanksgiving Day Ceremony

A pretty ceremony took place on Thanksgiving Day when Miss Janice Munyan became the bride of Mr. Roger Harris. The service was at 4:30, at the Hilltop Church of Christ and was read by Rev. Enoch Smith.

The former Miss Munyan is the daughter of Mr. and Mrs. John Munyan, 174 S. Warren-av. Mr. Harris is the son of Dr. and Mrs. Peter Harris, 3008 Beverly-rd.

The bride was lovely in a gown of ivory brocaded satin, with a sweetheart neckline, fitted bod, ice, bracelet-length sleeves, and a very full skirt. Her fingertip veil of illusion and a bouquet of white carnations centered with a white orchid completed her costume.

The bride chose Miss Ruth Mider as her maid of honor and only attendant. She wore a gown similiar to the bride's in a deep rose satin and carried an arm bouquet of rust colored chrysanthemmums. Dr. Harris served as best man for his son.

A reception was held after the ceremony at the home of the bride's parents, after which Mr. and Mrs. Harris left for a brief wedding trip.

Mrs. Harris is a graduate of Ohio State University, where she became a member of Alpha Delta Pi sorority, and is now a teacher in the Columbus public schools.

Mr. Harris also attended Ohio State University, where he became a member of Phi Gamma Delta fraternity, and is now associated with his father, as an optical technician.

IS MEDICINE DESTROYING ITSELF?

★ Things dramatic capture the imagination, sometimes to the point of distorting the perspective. This is as true in medicine as in other fields. The sensational results with sulfa drugs and penicillin are examples.

Less dramatic, but responsible for saving uncounted lives, are the broader public health measures. Sewage disposal; swamp clearance; water, milk, and food inspection are but a few of these triumphs.

The physician and the pharmacist have always been leaders in the field of preventive medicine. This fact led James Brice to observe, "Medicine is the only profession that labors incessantly to destroy the reason for its own existence."

The fight, however, is far from won. Diagnosis and treatment of disease are still the primary functions of the physician. The accurate filling of prescriptions is our responsibility as pharmacists.

First Sight of Curtiss Helldiver in Action In South Pacific Gives Harper a Big Thrill

By ROBERT S. HARPER, Ohio State Journal War Correspondent

SOMEWHERE IN NEW GUINEA.—Being just a home-town boy, it gave me quite a thrill when I saw U. S. Navy Helldivers in the war theater for the first time. The Helldiver as everyone in the world—and especially the Japanese—knows by now, is the plane that lives up to its name, made in good old Columbus, Ohio.

Harper

It was in the early part of December, 1941, as near as I remember now, that City Editor Vaughn E. Hill and Journal Photographer Herbert S. Workman went out to the plant that had risen in the cornfields to "cover" the christening of the first Helldiver produced. I recall the speeches that were made and the promises made as to what the Helldiver could do when they went in action.

A few months later, naval officials confided that carriers were waiting on the west coast, ready to sail the moment the Helldivers were put aboard. About that time the plant really began to shell them out on the production lines and it wasn't too long till the news flash came out of the Pacific that the Helldivers had struck their first blow at the Japanese and that they had given a good account of themselves.

The first Helldiver I saw in the Southwest Pacific theater came roaring over the mountain that looks down on our camp, leveled off like a shooting star and roared on to the air strip in the valley four or five miles away. The sight of that sturdy, deadly craft was like a letter from home.

Many changes have come about since that day they broke the bottle of champagne over the propeller (at the second try) and the world and its people have moved on apace. I was with the boys when they covered that christening and we deplored, jokingly, of course, the extravagant use of what obviously was good champagne.

Workman now is in France fighting the Germans; Hill, I imagine, by now also in action on some far-flung front.

And the Helldiver is doing its part for victory!

I know that to the thousands of conscientious workers employed at the Curtiss-Wright plant, the sight of a Helldiver, their own handiwork, 10,000 miles from home, would be a source of satisfaction for a job well done despite numerous obstacles.

REPRINTED FROM THE OHIO STATE JOURNAL

IF HELLDIVER dive bombers give Correspondent Harper a thrill, you can bet they give the Japs a chill. As "the fist of the fleet," they pack a powerful punch whose impact is being felt with increasing force each day. But our Navy flyers must have more Helldivers to bring an earlier knockout. Curtiss-Wright must have more men and women to build them . . . now! If you're experienced, so much the better; if not, learn (with pay) in the Training School right at the plant. Don't just "talk" winning the war quicker! Work at it . . . building Helldivers at Curtiss-Wright!

Christmas Seal Drive Is Started

The 40th anniversary of the sale of the first Christmas seals was observed Monday when the 1944 seal sale was opened. This year's Christmas seal carires a modernistic picture of a postman holding an envelope in his upraised hand. The postman design was selected by Einar Holboell, a Danish postal clerk, who first had the idea of selling seals to raise funds to help the sick.

During the past 40 years 61 countries have used Holbell's idea to support their fight against tuberculosis.

In this country 2500 groups have become affiliated with the National Tuberculosis Association to work for tuberculosis control in cities, towns and villages in every state. The past 40 years have seen the deaths from that dreaded disease cut from 12 in every 100 to 4 out of 100.

Are you patiently waiting for the armistice before making your building repairs or remodeling plans? If you are, you may be making a mistake. For authorities tell us that we can expect demands for building materials that will far outstrip supplies just as soon as priorities are lifted. Then—you may be finding yourself standing way at the end of a long line of frantic customers.

So, we suggest that you start *now* to make your plans—it will take a little time and you will perhaps want some help which we can give you. Then you will be ready when work can proceed and knowing your needs, we will be ready too.

For we have worked out a plan to help you with your proposed construction work. We register every job—then as soon as materials and man power are available, we notify those who are registered and work can start immediately. Some jobs we might be able to do right now. Come in and ask about the Priority Register. No deposit is required—no contract to sign—no obligation.

Vol. XXVIII, No. 32 | The Hilltop, Columbus 4, Ohio, Friday, December 8, 1944 | Total No. 1341

The "Dolly with the Hole in Her Stockin" was really getting a workout at the HBMA dance Tuesday night . . . well, maybe she didn't really have a hole in her stockin, but her knees were certainly knockin' after three hours dancing to Al Baumbusch and his glorified static . . .

A whole basket-full of roses are due Tom Lewis for his accomplishments along the entertainment lines . . . he is always in there keeping the party moving when it looks like things might slow down a bit . . . no doubt the decorator will be in the same slot next year when new committees are set up under the direction of Curt Roberts, the new prexy.

And these affairs seem to go well with the old boys, as they all seemed to be in pretty good physical condition Wednesday morn . . . maybe that's the substitute for the always sought after "fountain of youth" . . .

Seventy people were present at the dinner and others came in to catch the dance, with practically all of them remaining until Al said goodnight.

HORSE & COWS

Charlie Kent is ambulating with the help of a cane these days . . . the story is that Charlie attended a stock sale down around Greenfield with the intention of purchasing a few cows. While looking over the bovine specimens, a horse uses the genial grocers' kneecap for a football . . . maybe Mr. Kent just got his animals mixed up.

"DINAH" — DADDY

Leo Phillips has finally admitted a case of stage fright . . . it happened when the popular law-man was appearing on the Tuesday night "Big-shot Program," aired over WBNS in the interest of War Bond sales . . . when Leo came on he was presented with a request from S/Sgt. Leo Jr., to sing "Dinah" . . . and Leo says that if the old girl had not just come out automatically, he never would have made it.

S/Sgt. Phillips, who is in the army medical corps based at Brownwood, Tex., had found out that the old man was to appear on the program and threw in his bid.

HACK VISITS

2nd Lt. William (Bill) Mack, USMC, and his wife, Lucille Davis Mack, left last night for the Marine base at Camp La Jeaune, North Carolina . . . they have spent the past eight days with their parents, Mr. and Mrs. W. K. Davis, 49 S. Huron-av, and Mrs. Mildred Mack, 3092 Sullivant-av.

REPORTED KILLED

Capt. Harold Spears, nephew of Mr. and Mrs. Jerry Spears, has been reported killed in the Pacific theatre of war . . . Capt. Spears was an Army Air Force pilot.

CREW CUT ISON

All during football season Dick Ison was kidded about his long hair . . . so now, as he takes to the basketball court, he has had his curly locks shorn, but what happens . . . his team-mates work him over right on the floor . . . you just can't win, Dick . . .

SITTING TIGHT

There have been many complaints during the present hunting season because the game is sticking so close to the ground, but Paul Knospe just about tops 'em . . . he and John Apel were out on the first day of the season, and after a long tramp Knospe decided to lay down and rest his weary bones in a nice soft bed of grass.

He carefully places his gun on the grass, sits down and lays his head back on the ground when something wiggled under it, and out goes a cottontail.

PEARL HARBOR CHURCH

We had the pleasure of sitting in on the Third Anniversary program at the Westgate Methodist Church last Sunday . . . after a beautiful candlelight ceremony which honored men in service, a luncheon was served in the high school cafeteria.

Five men in uniform were back to their home church for this program . . . and Mrs. W. M. Carter and son, sitting alongside Mr. and Mrs. T. E. Weir and children, certainly had the weiner situation well in hand.

Rev. Wold To Speak Before Boy Scouts

Rev. A. J. Wold, pastor of Hoge Memorial Church, will be the speaker at the annual scouters' dinner meeting to be held in Glenwood Methodist Church social rooms next Tuesday, Dec. 12.

Following dinner at 6:30, Robert M. Draper, chairman of the southwest district, Boy Scouts of America, made up of more than 20 troops from the west side and western Franklin County, will preside over the business meeting.

Reports of all standing committees will precede the election of officers. Gil Bolin, recently appointed scout field executive for this district, will assist L. R. Bucher, chief executive of the Central Ohio Council, in presenting achievement certificates to the scouters.

Climes Are Guests

Special guests of the district will be Mr. and Mrs. E. O. Clime, 4031 Clime-rd, who recently proffered the use of their farm at the above address for a permanent scout camp. This offer was accepted by the southwest district, and plans are now in the making to improve the site with permanent camping facilities.

In conjunction with this plan, Camp Chase Post 98 of the American Legion, has provided a flag for official use at the camp and this will be presented to the chairman Tuesday evening by Horace J. Swain, past commander, under whose regime the flag was offered to the organization.

Reservations for the dinner can be made with R. Z. Gardner at RA. 2032.

Cowboys To Play Alumni

Lose To Arlington After Opening Win

With the record of one win and one loss for the infant 1944 basketball season, West's Cowboys will tangle with the Alumni Tuesday evening at the local gym.

Two games have been scheduled for the evening. The older graduates of the school will form a team to play the present high school reserves in the opening game at 7:00 p. m. with younger graduates taking on the varsity at 8:15.

George Hardy, alumni president, has asked that all graduates who expect to play in the annual classic contact him at RA. 1878 after 6:00 p. m. before Monday evening. Hardy further states that all those taking part must report in the gym by 7:00 on Tuesday evening.

A dance will be held in the gym immediately after the second game, lasting until 12.

H. L. Zulauf, school business manager has announced that all persons holding alumni membership cards will be admitted to the game with the payment of the tax.

Defeat Grandview

The Cowboys started off the season with a convincing 38-24 win over Grandview at the local gym last Friday night. The Hilltoppers were held on even terms for the first half but, with Coach Rufus Glass pouring in his reserve talent as the game progressed, the Bobcats were steadily outdistanced.

Remington was the top scorer with 10 points, followed by Buckingham and Haines with nine apiece and Buchanan with five. The starting lineup was Buckingham and Remington at forwards, Dick Layne at center, and Haines and Buchanan at the guard positions.

Lose to Arlington

The Cowboys traveled to Arlington Tuesday night and ran into the same Don Stewart, who almost passed the football squad out of the stadium this fall, losing 49-37. Stewart scored 20 points with Capt. Gerlach counting 14.

Buchanan led the scoring for West with 11 points, followed by Remington with 8, Haines with 6 and Layne with 5 points. The Golden Bears were ahead all the way.

Col. Green rose from the ranks as an enlisted man, and was stationed here for two years. He was in the regular Army several years before Pearl Harbor.

In Italy, he won his citation for support of combat troops from August 1944, until last October.

Col. Green is presently in the adjutant general's department headquarters of the 45th Division. His wife and two children are now living in Indianapolis Ind.

Westgate Church Drive Fund Now Totals $24,000

The building fund campaign recently started by the Westgate Methodist Church, now stands at a total of $24,000 including bonds purchased, bonds pledged and the lot investment. This total was announced Sunday by Rev. James Lorenz, pastor the church, as the church celebrated its third aniversary this week.

Goal of the drive is set at $80,000, which will be raised primarily by the sale of War Bonds in conjunction with the Sixth War Loan Drive.

According to Rev. Lorenz, all building fund money will be invested in War Bonds, which was authorized by a recent decision of the official board of the church

Wounded in France

Sgt. Howard F. Waidelich, husband of Louie Waidelich, and father of a 15 month old son, Stephen, of 224 Haldy-av, was wounded twice in France on Sept. 13 and 20, with shrapnel wounds in his side. Afterwards he was flown to England to a hospital. The Purple Heart has been awarded him for his heroic deeds.

Sgt. Waidelich is in the 80th Division with Gen. Patton's Army, and is still in a hospital somewhere in England.

Two Are Held In Connection With Robbery

Herbert L. Saxton, 21, of 287 Oakwood-av, and Roy E. Harper, 20, of Obetz, were being held in city prison this week under bonds of $5000 in connection with the $6000 robbery of Charles E. Haney, 123 Brinker-av, on Nov. 21. Both men are said by police to have confessed participation in the holdup of Haney at his home.

Both men pleaded not guilty before Police Judge Fred J. Miller Wednesday. Their case was continued for one week.

Mrs. Beulah Haney, 24, of 131 Demorest-av, held by detectives in connection with the robbery of her father-in-law, was released Wednesday of this week. Detective Chief Leo L. Phillips announced the arrest of Mrs. Haney and Saxton on Monday, while Harper was picked up at his home Tuesday.

The two men in confessing their part of the robbery said that they used Mrs. Haney's automobile in connection with the holdup, police said. Charles Haney told police that he was robbed in the driveway at the side of his home. The money was being carried in a fishing tackle box.

Modernization Scheduled For Three Hilltop Schools

Under consideration by the Columbus Board of Education for modernization after the war are Highland Avenue, West Broad Street, and John Burroughs schools along with 26 other of the city's 56 elementary school buildings.

Long active in a movement to improve Columbus schools is the Hilltop's representative on the board, Robert M. Draper, 74 N. Roys-av. He was instrumental in the creation of Linden-McKinley High School and has been a leader in the drive to modernize the elementary school buildings throughout the city.

Draper pointed out that the board already has a balance of $449,015 and has previously authorized the sale of bonds that would bring that total up to $619,000 as a starter. Two or three possible methods of obtaining additional money is available, he said. Federal or state aid might be gotten to help pay for the improvements or additional tax or bond issues could be proposed. An amount ranging from one to one and one half milions of dollars is expected to cover all improvements.

A program involving the spending of "several millions of dollars" in improvements for city schools was submitted to the board this week by Supt. George E. Roudebush. The plan would follow closely the recommendations made in 1939 for the board by Dr. T. C. Holy, director of Ohio State University's educational research department, after his survey of the city's educational needs.

The exact nature of the improvements planned for the three local schools could not be learned, but it was expected that such things as fireproof corridors, single unit heating systems, auditoriums and improved toilet facilities, would be among the items planned for modernization. The temporarly school buildings on West Mound Street are believed to be the part of the John Burroughs School scheduled for improvement since the main school building on Sullivant-av is one of the newest and most modern plants in the city. Highland Avenue School is described as one of the worst buildings now in use. It lacks a modern single unit heating system, an auditorium and fireproof corridors, to mention only a few of its failings.

Community Council To Have Election Dec. 27

The Community Council will hold a Christmas party and election of officers at Glenwood Shelter House on December 27. All council members and their friends are invited to attend. It is hoped to have a representative from each church and other organization on the Hilltop present at the meeting.

At an executive committee meeting Tuesday night a nominating committee headed by H. M. Williams as chairman, was named. Other members of the committee are Matilda Stuart, Rev. A. J. Wold, Gladys Ison and Dick Slager.

The Christmas party is being planned by the public relations committee. C. P. Maus is chairman of the group.

It was decided Tuesday night that any dances to be held between now and January 1, the time the new officers take office, will be handled jointly by the canteen committee and the public relations committee.

Veterans Gift Drive To Close Tomorrow Night

With the American Legion sponsored "Gifts for Yanks Who Gave" program due to close tomorrow night, Camp Chase Post officials were urging Hilltoppers to ready their Christmas presents for the veterans in hospitals before the drive ends.

These packages should be wrapped with the contents marked on the wrappings and turned in at Campbell's Pharmacy, Goodwin's Pharmacy, Seiller's Dept. Store, Schmelzer's Restaurant or the local legion post.

A legion committee will pick up the presents and forward them to various veterans hospitals.

General Motors Plant Still Not A Certainty

The fate of a proposed General Motors factory to be erected on the Hilltop following the war was still somewhat in doubt this week in spite of a statement carried by one Columbus newspaper to the effect that the factory was definitely in the GM postwar schedule. According to a Friday dispatch allegedly quoting Alfred P. Sloan, Jr., chairman of the board, the decision had already been made and Columbus was to get one of 10 plants to be erected as part of a $500,000,000 postwar expansion program by his company.

Later the same day one of the GM vice presidents in New York flatly denied that any decision had been made concerning this city as a possible factory site.

A 200-acre tract of land belonging to Judge Edward Turner just west of the city limits has been under option for several months and it is known that officials of the company have been in Columbus several times in recent weeks conferring with city and county officials concerning water, power and sewers in the event a factory is built there. Tests as to the suitability of the location were completed in the early summer and were supposedly satisfactory to the motor firm.

Since there has been no opposition to the proposed plant on the part of any group or organization it is believed that it will be one of the future operating plants of General Motors. The most recent report, credited to Soan, said that one of the world's largest sheet metal stamping plants would be located here.

HBMA Plans For Hilltop Minstrel

It's still a long way off. But it's official.

There will be a 1945 version of the Hilltop Minstrels.

A unanimous vote of members present at Tuesday night's meeting of the Hilltop Business Men's Association decided that without question "the show will go on." Although no date was set the fifteenth annual show will probably be presented in early February. The exact dates will be determined in a few days by a committee of the association.

Inauguarated back in the depression days, the Minstrels have come to be a part of the Hilltop community life and come good times or bad the demand for tickets always exceeds the seating capacity at the West High School Auditorium.

West Gridmen Will Be Feted Thursday Nite

All indications point to a capacity attendance at the football appreciation dinner being planned for the 1944 West High gridmen by the Hilltop Business Men's Association next Thursday night. The banquet will be held in the school cafeteria starting at 6:45 p. m.

Herbert G. Deems, secretary of the First Federal Savings and Loan Association, will be the toastmaster. The principal speaker will be George Gauthier, coach at Ohio Wesleyan University. The coaching staff, faculty members and members of the squad will be guests of the association.

A limited supply of tickets are still available this week but will not likely last very long. The ducats have been divided among parents of the team members and members and friends of the HBMA. Tickets are priced at $1.50 and can be purchased at Goodwin's Pharmacy, Campbell's Pharmacy and the Hilltop Record.

Wanted! 1500 Small Gifts To Spread Christmas Cheer

In this fourth war-time Christmas Hilltoppers have an opportunity to spread cheer and happiness right at home with a minimum of expense and effort. We are referring to the need for gifts, either new or second hand, for the patients at the Columbus State Hospital. One of the oldest and largest activities on the Hilltop, the hospital houses and cares for 1500 persons in a manner that few residents of the community have an opportunity to appreciate.

This year again in spite of help shortages and other handicaps under which the staff of this institution must work, there will be a Christmas for each and every person there. Christmas for these unfortunates would be a dull time indeed were it not for th efforts of Dr. and Mrs. J. F. Bateman and their loyal staff.

The success of this year's Christmas will depend largely on the number of gifts that are brought or sent in to the hospital or left at the Hilltop Record office. These gifts need not be expensive and need not be

Any trinket, item of toilet book, novelty, candy bar or whatever is conveniently purchased at gift or notion counters, will bring joy to some person who might otherwise be forgotten this year.

The time and money needed to prepare this huge array of gifts is not provided by the state. It is done by the directors and staff of the hospital in whatever moments can be devoted to it.

SOLDIER IS INJURED

Cpl. Clifford Hickman, 22, suffered cuts on the face and knee when the auto he was driving crashed into the rear of a parked truck at Hague and West Broad-st early last Friday morning. He was taken to Mt. Carmel Hospital for treatment. His home is in Missouri.

WORRY AND INDIFFERENCE

★ Overanxiety, particularly about health, is a disease in itself. Physicians call it hypochondria. Those who "enjoy" ill health only make themselves and those about them miserable.

Opposed to chronic worry is complete indifference, to the point of disregard of commonsense health rules and contempt for medical care.

Between these two absurd extremes lies the sane middle road. Petty, transient discomforts need not cause grave concern and frequent trips to the doctor. When symptoms persist or recur with annoying frequency, it is then time to seek professional assistance. Indifference under these circumstances only invites more serious trouble.

IN MEMORIAM

In loving memory of our son and brother, Chester Dean Fox S 1/c who departed this life one year ago, Dec. 10, 1943, and is buried at Bari, Italy.

A step into the darkness—but he was brave and young and far ahead like a beacon the torch of his hope was flung;

Who knows what wonderful beauty he found in that land afar or how the path of his dreaming swings on from star to star.

A step into the darkness—but light breaks just ahead—and God gives life eternal to ones that the world calls dead;

And somehow, somewhere smiling he looks in the face of truth, and finds in rich fulfillment, the dreams of his eager youth.' Sadly missed by Mr. and Mrs. F. R. Johnson and brothers, Pird and Don Fox, sisters, Lena, Phyllis and Janet.

County Council of Garden Clubs To Hold Dinner Honoring Presidents

The Franklin County Council of Grden Clubs sponsored a dinner honoring the presidents of the various garden clubs and affiliated groups in Franklin County, at the Southern Hotel, Monday, December 4, at 6:30. Miss Adelaide Eurdge, president of the council, Walter A. Tucker, vice president of the council, and J. Wayne Ley, chairman of the civic committee were in charge of general arrangements. Members of all garden clubs in the county were invited to attend.

The theme of the occasion was "Post-War Planning for Civic Beautification." Members of State and County Planning Commissions stated briefly the plans and projects they have had under consideration. Among these were: Roy S. Weed, Secretary of the State Planning Commission; Ernest C. Stork, City Engineer; A. W. Raymond, chairman of the Metropolitan Parks Commission; Ray S. Dietz, Superintendent of City Parks; Myles V. Hoover, Secretary of the South Side YMCA; and Dr. Oliver Miller, Department of Horticulture and Extension Service and Associate State Forester. Harrison M. Sayre, a member of the County Planning Commission, made a plea for co-operation and co-ordination among the planning commissions and the garden clubs.

Some of the projects discussed were: plans for a new memorial hall, a metropolitan parks system for Franklin County, a super-highway system with parkways and the extension of the civic center. It is hoped that a citizens' committee will help formulate the plans for future civic improvements when money is available for public works.

Mrs. Kurtz Miller, Upper Arlington Garden Club, was chairman of the dinner. She was assisted by Mrs. W. Stanley Speed, Columbus Landscape Association, Mrs. J. Earle Taylor, Highland Garden Club, Mrs. Bert Kleinmaier and Miss Frances Mills of the Bexley Garden Club, and Mrs. Ezra Anstaett, Upper Arlington Garden Club.

Memorial Drive Committee To Extend Solicitation

It was announced this week that the Veterans Memorial Fund Drive would be extended to include business establishments in a new phase of solicitation.

The executive committee of the Hilltop Business Men's Association has authorized Camp Chase Post, sponsors of the drive, to solicit its members for donations to the fund for a building to honor returning servicemen of World War II.

Plans are underway for establishment of a special panel for business contributions, in addition to individual names.

Poetry Written By Soldier

Pvt. Hudson, enlisted in the service in 1942 and has been overseas 18 months. He has received his wings at the Airborne Training Center at Rome, Italy. He is the son of Mr. and Mrs. Carl M. Hudson, 181N. Oakley-av. Pvt. Hudson sent in the following poems:

HE ASKED FOR IT

Now, you might think I'm crazy,
I sure fooled the doctors, too.
But woe is me—my plans backfired—
Here's what I planned to do.
I never liked the Army
On pass, I'd stay out late;
I imagined myself in an iron cage
So I tried for a Section Eight.
First I stole a colonel's bicycle
And then a sergeant's jeep;
I blew up a Flying Fortress,
Boy, I really went in deep.
One day I walked up to a major
And ripped off his pretty leaves
Then embarrassed a major general
By boldly calling him "Jeeves."
I thought my plans were perfect;
I was sure that I'd done quite right,
But instead of the discharge I wanted—
I'm going to be shot—tonight.

PARATROOPERS ODESSEY

High on the deck of a flying wreck
A paratrooper stands;
He stares straight ahead and listens with dread
As he waits those final commands.

There's a green light's glow and shout: "Let's go!"
As he leaps straight into space;
There's the thrill of the drop—the hard opening shock
And starlight shows fear on his face.
A quick sigh of relief, then he thinks of the grief
To be met when he reaches the ground.
Then he looks far below, for a safe place to go
From the shells that are bursting around.

There's a rip and a slash, and hard jarring crash
And his canopy hangs from a tree,
Though in a poem I can't show it:
'twas hard ground and I know it,
'Cause the guy in the chute was me.

In a state of collapse, I unbuckled my straps
And I shakily rise from the sod;
No bones are broke; the night is a cloak
And I offer a prayer to God.

Then an enemy gun sends me off on the run,
As I busily hunt our CP
You can think what you please,
but I'm weak at the knees
'Cause the Jerries are hunting for me.

They say in this war, that we are fighting for
All the good things in life and for freedom
But the crazy galoot in the silk parachute
Won't live so long as to need 'em.

Highway Dept. Releases Report Of Activities

Director H. C. Cours, today announced the release of a report covering the accomplishments of the Ohio Department of Highways for five years, 1939 to 1943 inclusive.

A cloth-bound book containing 16 pages and written in non-technical language, the report gives a comprehensive review of all activities of the department. It contains 100 illustrations, numerous graphs and charts with breakdown of costs and types of construction.

The report is dedicated to the employees of the Ohio Department of Highways now in the armed services of their country and to the Thirty-Seventh Division, Ohio's own, which has acquitted itself so creditably in the Southwest Pacific. Major General Robert S. Beightler, former Highway Director, is the division's commander.

The difficulties of operation under wartime restrictions, building of access roads in war plant areas, relocation of roads, emergency construction and postwar planning are outlined. These, with chapters on material testing, experimental construction, designing of special equipment and other preliminary operations will familiarize the taxpayer with the immensity of the Highway Department's operations.

Distribution to libraries, schools and other interested agencies will be handled directly by the Highway Department. Others can secure copies by application to the Bureau of Public Relations, Room 811, State Office Building, Columbus, Ohio.

"International Night" To Be Held Tonite At First Congregational

A dozen nations will be represented on the "International Night" program of the Fireside Club of First Congregational Church tonight at 6:30 p. m.

Attendance is open to all adult members and friends of First Church. Advance reservations for the dinner which precedes the program must be made at the club office.

The speaker will be T. A. Koshy, a member of the staff at Dr. Sam Higginbottom's Agricultural Institute at Allahabad, and his subject will be "Christianity in India." Mr. Koshy and his wife, who will accompany him to Fireside, arrived in this country October 14 after a long voyage on a blacked-out ship.

The evening's musical program also will be of an international nature. Mrs. Peter Epp, native of Russia, will present her Russian vocal ensemble, in costume. Sik-Vung Ting, of Shanghai, China, will entertain with Chinese flute solos. Several South American countries will be represented by musical numbers, to be announced.

Health Standards Important Now, Dr. Stocklen Says

Emphasizing the importance of maintaining health standards in such critical days as the present, Joseph H. Stocklen, M. D., Cleveland, today urged support of the work of the tuberculosis associations in Ohio through the purchase of Christmas Seals. Dr. Stocklen, Tuberculosis Controller for Cuyahoga County, also is chairman of the Ohio Public Health Association's Committee on Coordination of Tuberculosis Programs.

"Conservative estimates place the number of active cases of tuberculosis in this country at 500,000. About half of these are among people who do not know they have the disease and may be spreading it to others," Dr. Stocklen said. "Unknown cases can be discovered by X-ray. The tuberculosis associations, whose sole support is the sale of Christmas Seals, advocate mass X-raying among the personnel of industry, business and professional groups."

The annual Christmas Seal Sale opened November 27, and is conducted in Ohio by the 88 county tuberculosis and health associations affiliated with the Ohio Public Health Association.

SALVAGE NEWS

Paper mills of the United States will need eight million tons of waste paper in 1945, says the War Production Board. A large part of it will be used to make items badly needed for the Army and Navy.

Franklin County's share is about 40,000 tons (½ of 1%), or 3,333 tons a month. We are now falling short of that figure by about 750 tons a month.

Do your part. Don't burn or throw away any paper. Give it to one of the charitable agencies, or if you have a considerable quantity, sell it to a dealer. It doesn't matter—it all goes to the mills. It all helps to win the war.

Call Volunteers of America (Ad. 8560) or Salvation Army (Ad. 7623) or Goodwill Industries (Ad. 3944) or a junk dealer in your neighborhood (see yellow pages of the telephone directory).

ACTION SPEAKS LOUDEST OVER HERE AND OVER THERE

Wishing won't bring an earlier victory. Neither will talk, prediction nor analysis. Our boys will have to fight . . . and die . . . along every mile of the road to Tokyo and Berlin.

Being passively patriotic won't build Helldiver dive bombers either. You men and women must build them with your hands . . . working at the hundreds of stages along the production line.

You are urgently needed to put more Helldivers into the skies over the Pacific. Don't let inexperience keep you away. We'll quickly teach you (with pay) in the Training School right at the plant. More action here means greater action there.

Thanksgiving In Service

November 23, 1944
Somewhere in Belgium

A letter was received by their daughter Mary, by Mr. and Mrs. Otto F. Nuetzel, 2930 Clime-rd, written on Thanksgiving Day.

The letter is as follows:

Thanksgiving in the E. T. O. Happy Thanksgiving to. My Dear ea

So today is the day to give thanks even though it has rained solidly for eight days and so many horrible things are going on around us every day. I am thankful first to be alive—thankful that I came from a grand Christian home — thankful to have been taught how to have spiritual guidance during these trying times. And now a bit of my thoughts to you in my poetry.

A THANKSGIVING

We know the moon, the stars and sun,
Will shine above, when this war is won.
The days will pass and the weeks go by,
Even after we've gained our final try.
When again with heart and head held high
We will turn our eyes up to the skies
With truthful heart give faithful thanks,
We resume our life out of these ranks,
We are sure that home and friends wait there,
In a land we know is beyond compare.

This afternoon at four we have our Thanksgiving Service and I am going to play a fifteen minute prelude before the service on our little organ. After the service is our big dinnet.

November 24, 1944

Wanted to wait until this morning before finishing this letter so I could tell you about the dinner. The mess tent looked beautiful and I believe we appreciated more than last year because we had been so short on food. The tables all had table cloths (sheets—but at least white and better than boards to eat from). Candles on each table—the trimmings as celery, jam, bread, and butter were on the table and then we went through the chow line as usual for the main course consisting of turkey, mashed potatoes, dressing, peas, cranberry sauce, chocolate cake, apple pie, and coffee. All very good.

Everyone was more or less homesick and during the meal sat looking into space. Gee, I hate to think what it will be like, Christmas, but with the help of your boxes I am sure we will have a wonderful Christmas, and shall try to keep my spirits up so I can cheer those who aren't so happy.

In your letter, Dad, you wanted to know about the reading material. What you send is fine. Just keep it up, because I do enjoy it all, especially the Hilltop Record. As I read of some people going on vacations I thought how unforunate they are because they cannot see what I see and be a part of what I am. I would not have missed this for anything and I consider it a privilege to be over here helping our boys.

I am very well. Feeling fine—100%, so do not worry about me. Hoping this finds you in the very best of health and spirits. Write often and soon, as mail is everything. Until later, all my love, kisses and prayers.

Mary

The airman has participated in bombing attacks against industrial targets deep within Germany, and has been in attacks on enemy airfields, bridges, supply dumps and gun emplacements in front of the Allied armies.

Sgt. Ezzo, who graduated from the West Senior High School in 1943, is the son of John J. Ezzo of 320 South Huron Avenue, Columbus. He entered the AAF in May 1943, received aerial gunnery training at Las Vegas, and received his wings in March 1944.

Honor Roll

A/S Jack C. Boyer, son of Mr. and Mrs. R. N. Boyer, 264 N. Wayne-av. He entered the Navy in Nov. 1944 and is now in training at Great Lakes, Ill.

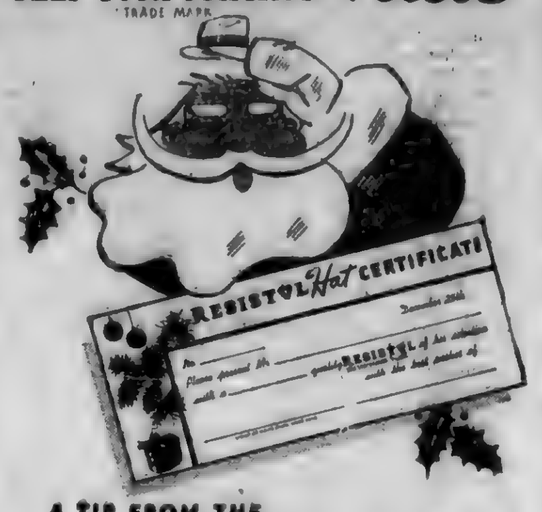
EXPECTED HOME FOR CHRISTMAS HOLIDAYS

Pfc. David West, son of Mrs. Hortense West, 496 S. Ogden-av, was wounded in his right arm in the Holland invasion. He is a paratrooper in the infantry and entered the service in July, 1942, and has served overseas for ten months.

Pvt. West is now back in the states at the Percy Jones General Hospital in Battle Creek, Mich. His right arm had to be practically amputated.



He is expected home for the Christmas holidays and a 30-day furlough. Then Pvt. West will return to the hospital for a period of two to six months for treatment.

His bombardment group is a unit of the Third Bombardment Division, cited by the President for the now historic England-Africa shuttle bombing of Messerschmitt aircraft plants at Regensburg, Germany, in August 1943.

Vol. XXVIII, No. 33 | The Hilltop, Columbus 4, Ohio, Friday, December 15, 1944 | Total No. 1342

It looked like a "White Christmas for sure this year as the Hilltop was blanketed under a six-inch snow with a very good possibility of more being added in the very near future, and not much of a possibility of what's here melting off . . .

And what a beautiful sight it is, with snow-laden tree branches forming a canopy over the streets and hedges and terraces taking on a look of something straight from the brush of an artist . . .

However, service stations and garages can't see very much beauty in the weather conditions as they are swamped with calls for help from all directions due to motorists being caught in a slick place or a balky motor, and those who haven't brought their car batteries up to normal operating efficiency are finding it tough going when they try to get service in a rush.

Charlie Reichelderfer, local ration board tire member, says to be mighty careful of ice, as it will cut a fire to ribbons when formed after a deep snow . . . he doesn't say how to avoid it, except maybe to just leave the old bus in the garage.

H. B. Apel, of 856 Wrexham, reports a wrenched shoulder which was received in an accident when an automobile in which he was riding on a state highway took to the ditch. He is now looking for someone to do a little driving for him until the wing recuperates a bit.

IN LEYTE OPERATION

According to a letter received by Mrs. Kathryn Evans, of 28 N. Terrace-av, her son, Lt. (jg) John R. Evans, has been participating in landing operations around Leyte Island in the Philippines . . . the lieutenant is in command of a gun crew on a naval transport and says that they have never had to fire their guns in this operation, but it is a pretty tough spot! They never engage in gunnery action unless they are attacked, depending primarily upon evasive action for defense.

Lt. Evans entered the service last March and has been in the Pacific area since August . . . it is the first time that his mother has known exactly where he has been since he entered that theatre of war.

HERE AND THERE

Rev. C. P. Mitchell, with his family, will take up a new residence Monday . . . he is moving to 135 Algonquin-av . . . and who was that said, "How'd he do that!" . . .

Goerge Hardy was master of ceremonies at a "Bond-Act-Teer" War Bond rally at the Beechwold Theatre Wednesday night . . .

Yoeman 1/c Gus Sora has quite a vivid description of the fighting around Leyte in a letter to his wife, Louella, of 79 S. Eureka-av . . . he is stationed on one of those baby flat-tops, which are small but carry a lot of punch.

CHRISTMAS MAILING

The post office dept. has made unusually elaborate plans for handling a large volume of mail this holiday season . . . even going so far as to borrow army truck to expedite deliveries . . . and now they find a very small amount of packages going through for this time of the year . . .

There are two probable reasons for this condition . . . either Columbus citizenry have taken heed of the plaintive warnings to shop and mail early, or they are waiting until Uncle Sam takes his cut on January 15th . . . whichever it is, who can blam. them?

NAZI DECORATIONS

American pilots over Germany report seeing mysterious silvery balls floating in the air around prime targets . . . they can't figure out whether the balls are supposed to keep them away from their objective, or if the supermen are doing a little Christmas decorating.

LEG BROKEN IN FALL

Claude Compton, age 41, of 846 S. Eureka-av, was reported in fair condition early this week in St. Francis Hospital, after a fall resulted in a broken leg. He fell down a flight of stairs at the Southern Theatre.

War Bond Drive Total At $28,000

Additional Workers Are Named As Drive Enters Fourth Week

The local phase of the Sixth War Loan Drive was well into its fourth week today and was showing good progress after a late start. According to H. G. Deems, chairman of the drive on the West Side and Hilltop, a total of $28,00 had been sold to Hilltoppers by the staff of organized workers.

All bonds from this locality are being made out at the First Federal Savings and Loan Association, of which Deems is chairman, and, to-date, they have been mailed out the same day that they have ben ordered, he reported.

The following additional workers were announced to supplement those previously reported as participating:

Mrs. Alice Stewart, Mrs. A. J. Bellar, Mrs. W. E. Popt, Mrs. Paul Benton, Mrs. J. J. Skinner, Mrs. H. Knipp, Mrs. R. E. Dunn, Mrs. E. J. Brophy, Mrs. W. H. Coon, Mrs. Cranston Williams, Mrs. E. R. Horn and Mrs. J. Belmont.

The drive is going very well, even beyond my expectations, and I know of a lot more that is coming in," Mr. Deems stated Wednesday evening.

Christmas Store Hours In Effect

Hilltop stores planned to increase their hours next week to further enable late shoppers to buy their Christmas gifts.

Although there were no specific hours stated by any number of stores, it was indicated that most of them would follow the lead taken by Seiller's Dept. Store, who has announced special hours of 11:00 a. m. to 9:00 p. m. on Monday with the balance of the week scheduled at 9:30 a. m. to 9:00 p. m.

Parents Receive Souvenirs From Son Overseas

Pfc. Russ Morgan recently sent home to his parents, Mr. and Mrs. Frank H. Morgan, 97 N. Terrace-av, a collection of souvenirs from overseas. Inclosed were a group of post cards from Salerno Naples, and Pompei. While in Italy, Russ saw Pope Pius and was able to hear him speak to his people there.

Among the interesting collection were parts of an airplane skin, a Commemorative Medal of the Entrance of the Allied Armies in Naples. On one side of the medal the date, Oct. 1, 1943, is represented and on the other side is shown the picture of Mt. Vesuvius. Most interesting of all, Pvt. Morgan sent a small tube of ash rain taken from the eruption of Mt. Vesuvius and also some melted lava with a coin pressed in the center.

He could see the eruption at a distance and said it was a very terrifying sight.

A beautiful silk woven dolie with varied colors was sent to Mrs. Morgan. Both parents have also a German mortar shell which they will make into a table lamp for their home.

Pvt. Morgan entered the service in March, 1943, and has been overseas since September, 1943, where he has served in N. Africa, Salarno, Naples, and Rome with the 5th Army and is now stationed somewhere in Italy.

Killed In Philippines

Watertender first class Robert W. Chambers, age 21, son of Patrolman George M. Chambers, 2521 Ridge-av, was killed in action in the South Pacific on Oct. 13. The last year he had seen service in the Pacific area, but most of his three previous years in the Navy were spent on duty in the Atlantic area.

His only brother, Boatswain's Mate 2/c, George Richard, is in service with the Navy. The sailor's father who is a city policeman, served during World War I with the Rainbow Division. Seaman Chambers was a former student at West High School. He enlisted in the Navy soon after his 17th birthday in November, 1940. His mother resides at 1290½ W. Broad-st.

Local Army Officer Describes Interesting Travels in Europe

Tells of Drinking Tea for Breakfast, Dinner and Supper in British Territory

In a letter to Mrs. R. V. McKinney of 274 Powhatan-av, her husband, Lt. Col. McKinney, describes his travels through France, Belgium and Holland in the wake of Allied armies.

Col. McKinney had just returned Friday, October 27, from a 900 mile trip up through Belgium and Holland. He traveled through Soissons and Laon in France, Mons, Brussells and Namur in Belgium, Eindlhoven and Nymegen in Holland. He said most of the area is under British control and therefore had a chance to try out their billeting facilities.

Night in Brussells

Col. McKiney stated, "I spent one night going and one coming back in Brussells which is quite a city in its own right. Spent one night in Nymegen, Holland, which is still under artillery fire from the Germans. I also had a look at the Rhine River while I was up there, although it is called the Waal in Holland. The British took good care of me at all points, including good hotels in Brussells and a very comfortable bed in a Dutch collaborator's home in Nymegen which had been taken over by the British."

Holland is so much different from these other European countries, he wrote. In the English, French and Belgiun towns there are solid rows of buildings, but in Holland there are a lot of individual homes, maybe not very large and only one story, but they are separate buildings. "I saw windmills, several people wearing wooden shoes and even dogs pulling little carts hauling things. Bicycles are thicker than the auto used to be at the OSU stadium for the Michigan game." About the only bad feature of the trip was, "I didn't and couldn't get any coffee to drink any place. Nothing but tea for breakfast, tea for dinner and tea for supper time."

Resistance Effects

McKinney passed through some of the only French frontier towns with their old fort and city walls dating back several centuries. He noticed some of the destruction wrought by the invasion of 1940 on top of which is piled considerable destruction of the present invasion. "It was particularly noticeable in some of the towns where the Germans resisted, and the Air Force and the artillery went to work on them.

"It is certainly remarkable how these people accept this sort of thing. As soon as the fighting has passed on, they're out cleaning up the debris and starting to repair and rebuild, if there is anything left to start from," he added. "While I was up in Belgium, I was able to buy some Bartlett pears and hot house grapes. The grapes are hot house raised, real big and one of the bunches weighed four to five pounds and only 15½ cents a pound up there, although I can remember paying $1.75 a pound for them over in W. Ireland."

In closing Col. McKinney stated that he would have to go over and see about a hot bath, "as I understand tonight is the night that we have hot water."

Lt. Col. and Mrs. McKinney have a daughter, Joanne, who has recently been helping to promote the sale of War Bonds by acting with a group of "Bond-Act-eers."

Sgt. Robert Yagla Helps To Dispose Unexploded Bombs

—Courtesy Columbus Citizen

Two Columbus Men On Hand For Much Activity Overseas

Sgt. Robert Yagla, 26, son of Mr. and Mrs. C. M. Yagla, 644 S. Ogden-av, and a fellow Columbusite, Sgt. Donald Morse, 30, recently completed the hazardous assignment of disposing of a cluster of fused demolition bombs which had imbedded itself in the earth at the edge of a residential area in England.

The bombs had fallen from a fully loaded American bomber which exploded over an English village. Both men are attached to the Eighth Air Force overseas.

The two Columbus men volunteered to remove the bombs, realizing that the ground in which the bombs were buried was saturated with high octane gasoline. A bomb crane and wrecking truck were used to pull the bombs away after all civilians had been evacuated.

"We were sweating bullets as we dug down for the bombs," Sgt. Yagla said after the task was completed.

31 Months In England

The two ordnance men, buddies during the 31 months they have been in England, have had the faculty of being at the scene where things happen on more than one occasion. They watched the first flight of a six A-20 medium bombers arrive on British soil and were on hand to see the first flight of B-17 Flying Fortresses take off on the first American bombing raid launched by the Eighth Air Force.

Yagla and Morse were two of the first 50 men to arrive in England to set up operation bases for the Eighth. Their work in setting up 20 airports back in the early days of the war won for their outfit the presidential citation.

The outfit with which they serve has moved a total of 20 times since going to England.

Sgt. Yagla graduated from West High School in 1937 and was last employed by the Oakley Market at the corner of Sullivant-av, before entering service in October, 1941. He had previously been a member of the Ohio National Guard for three years. He received his training at Camp Lee, Va., and Albergquerque, N. M. He arrived overseas on May 20, 1942.

COWBOYS FACE NORTH FIRST LEAGUE GAME

Victory Over Alumni After Springfield Results in Record of .500 Average

West's Cowboys were hitting a .500 avreage this week as they dropped a close 30-28 contest to Springfield last Friday night and then downed the Alumni 41-37 on Tuesday to make it two wins out of four games.

Tonight they face North High in their first City League game of the season. The battle will get under-way at 7:00 p. m. with a reserve game, which will be followed by the varsity contest at 8:15.

The Hilltoppers had trouble with Springfield's zone defense and their own inability to hit the buckets. However, they were leading until mid-way in the third quarter then were topped by the Springfield sharp shooters.

Haines Ties It Up

Trailing by a score of 28-26 at the close of the game, Donn Haines tied it up with a last-second shot to run the fray into over-time. Although the local quintet had several shots in the sudden death period, they could not seem to connect, then Archer of the Wildcats came through with the deciding two-pointer.

"Best in Years"

Haines was top scorer of the game with 12 points. Coach Rufus Glass this week expressed himself as favorably impressed with the playing of his charges, naming it "the best game in years."

Jack Underman, towering all-high center in 1941, was almost too much for the Cowboys in the Alumni game, as he ran up a total of 28 points before he and his cohorts came out on the short end of a 41 to 37 score.

Ison Moves In

Harold Buchanan took scoring honors for the school-boys with 14 points, followed by Jim Remington with 12.

Coach Glass has announced that Dick Ison will be seeing more duty at center, where he was posted for the Alumni game, in the place of the ailing Dick Layne. Although a little short on height, Ison is a steady ball-handler and gets around the floor well.

"13 Club" Raises Funds for Newsies

Through its efforts, hundreds of magazines and books have been collected. These will be distributed to the Franklin County Tuberculosis Sanitarium and Fletcher General Hospital at Cambridge.

The club meets at 122½ S. Terrace-av, and has a limited membership of 50.

150 Scouters Hear Rev. Wold At Meet

Newly-elected Officers Are Installed After Progressive Reports Are Heard

Speaking to an impressive gathering of approximately 150 scouters and their wives at the annual Southwest District meeting in the social rooms of Glenwood Methodist Church on Tuesday evening, Rev. A. J. Wold, pastor of Hoge Memorial Presbyterian Church, praised the assembled scouters for their work in promoting the interests of the organization and suggested a plan for extension of supervised recreation on the Hilltop.

Pointing out that, although the Community Council - sponsored teen-canteen and other Hilltop organizations were attempting to solve the problem of boys and their idle time, there seemed to be a need for continuous nightly recreation and training under adult supervision.

He further suggested the possibility of acquiring a building or space for this work which could be under the supervision and leadership of combined oganizations, including the group of scouters present.

Impressive Program

The meeting was started with assembly call by Bugler William Pringle of Troop 161, which was followed by the presentation of colors by Lee Nowells of Cub Pack 43, Scout James Gardner of Troop 161 and a Sea Scout.

Invocation by Rev. Joseph B. Shellhaas, pastor of the Glenwood Church was followed by the dinner. Music during the meal was furnished by the Messner Ensemble.

Group singing was led by W. T. Lewis, with Howard Davis at the piano. A solo, "Scout of Region Four" was sung by Eagle Scout Bob Herbert.

Program Chairman Kenneth Dickerson introduced the representatives of all troops present, who in turn introduced their associates. The meeting was then turned over to Robert M. Draper, executive chairman of the district.

Committees Report

Draper received reports from the following operating committee chairmen: Advancement, B. R. Hill; leadership-training, John Apel; organization and extension, P. A. Campbell; health and safety, Robert D. Miller; camping and activities, Walter F. Gauggle.

Reports were then made by Theodore Webb, district commissioner, and Louis Maish, Cub commissioner.

1944 Officers Elected

Nomination of officers for the new year wa made by committee chairman Jos. M. Briggs, and, upon approval of the scouters, the following new officers were elected:

Executive committee chairman, Robert M. Draper; Howard Miller, vice chairman; Jack Sensenbrenner, commissioner; Louis Maish, commissioner. The newly elected officers were inducted by Eagle Scout Robert Herbert of Troop 29, with certificates being presented by Field Scout Executive Gilman S. Bolin.

After the address by Rev. Wold, the meeting was closed by C. M. Riggs with the scout benediction.

Riggs, along with P. A. Campbell, are holders of the "Silver Beaver," the highest award in scouting. They have both given a decade of service to the organization.

With the First Cavalry Division On Leyte

The last of ten brothers to enter the Navy, James O. McAllister, son of Mr. and Mrs. Charles McAllister, 879 Dennison-av, Columbus, is the first to have a Japanese "Betty" bomber to his credit. Gunner on a three-inch gun on a Landing Craft, Infantry, McAllister is taking part in the invasion of the Philippines with the First Cavalry Division.

The LCI on which McAllister is serving was docked in a harbor on Leyte, waiting to take on troops of the First Cavalry on a scouting mission when a group of "Bettys" appeared above the harbor. "General Quarters" was sounded and the men took their gun posts. McAllister's crew quickly readied their gun and in a few minutes landed four out of five shots on a "Betty" which burst into flames and fell in the harbor, before it could drop its bombs.

McAllister, who has been in the Navy since January, 1944, took special amphibious training after "boot camp," and was then assigned to his present ship. Before coming in the Navy, he attended Everett High School in Columbus and then worked for the Curtiss-Wright Aeronautical Co. as a crane operator.

He has nine brothers who preceded him into the Navy. Charles is now on duty in the Atlantic, and saw action in Italy and North Africa. Robert took part in the invasion of France. Donald is in the Mediterranean and took part in the landing at Casablanca. The other brothers, Jack, a veteran of Midway, William, who was at Pearl Harbor, Tom, Harold, David and George, a veteran of the Coral Sea Battle, are now all serving in the Pacific Theatre of Operations. Tom and William have both been awarded the Order of the Purple Heart, for wounds received in action.

PUT YOUR NAME IN THIS BOOK for priority service

The chances are you plan to do some building, repairing or remodeling just as soon as possible. You may be waiting right now for materials. For you know, any amount of repair work and some remodeling work can be done right now without special permission.

So to help you work out your construction program, we have adopted a Priority Register system. It is simple—you just tell us your plans—we register your needs—give you a Priority Certificate—and—just as soon as materials and man power are available, we advise you and give you an estimate on the job. Then you can tell us to go ahead with the work or not, just as you please. No contract is signed and there is no obligation to you.

By being registered, you are assured of early action on your building needs—you have prior call on materials as they become available. You may even find that we can do some work right now. Come in and ask about this Priority Plan.

THOUGHT FOR TODAY

By O. H. Craft

Some folks have a terrific longing, but seem to be too short for it.

SALVAGE NEWS

These are three critical materials for war salvage:

Waste Kitchen Fats. Strain them into a can; turn them in to your meat market and get two red points and four cents per pound.

Tin Cans. Wash; remove both ends and the label; flatten. Watch newspapers for collection day in your area.

Waste Paper. Tie newspapers, magazines, books, wrapping paper, and crushed cartons securely in bundles. Pack letters and small scrap in a carton or large sack. Call Goodwill Industries (Ad. 5665) or junk dealer (see yellow pages of telephone directory).

All these materials are badly needed to make war materials. Saving them and turning them in helps to shorten the war.

CURTISS-WRIGHT'S DOWNTOWN
EMPLOYMENT OFFICE and EXHIBIT →→→

31 North High St. Just North of the Deshler-Wallick Hotel

OPENS MONDAY, DEC. 11

COME IN to this convenient office, located at 31 North High Street, just a few doors north of the Deshler Wallick Hotel. Spend a few minutes with a friendly employment interviewer. Learn first-hand how you can help bring victory quicker by helping to build the Helldiver dive bombers now operating so effectively against the Japs in the Pacific.

SEE the interesting exhibit, which includes airplane parts, small tools, photos of plant areas, plant jobs and operations, and thrilling pictures of Curtiss Helldivers in action.

LEARN how quickly you can take a place on the Helldiver production line even though inexperienced. A few weeks with pay in the Training School right at the plant will fit you to put your full weight into the fight for an earlier peace.

JOIN CURTISS-WRIGHTERS—the men and women doing such a splendid job of vital production that they now wear the coveted Army-Navy "E" award. U. S. Navy fliers must get more Helldivers. The American flag is still a long way from flying over Tokyo. The best way to put it there quicker is to take a job at Curtiss-Wright.

WITH FORTRESS GROUP

Pfc. Harold H. Harper, 2089 W. Broad-st, is a member of a B-17 Flying Fortress group that has been participating in raids over German targets.

one for the Normandy invasion and one for the Southern France invasion.

Planes Are Thick

One of the most distinct memories Mr. Weigand has of the Normandy invasion is the great number of airplanes in the sky on D-Day. In his own words, "They were as thick in the sky as cars around Ohio State on a Michigan football game day." On an L. S. T. Weigand made nine trips from England to France, carrying supplies to Normandy and casualties and prisoners back to England.

His greatest scare came in the Mediterranean area where he took part in the invasion of Corsica and Southern France. A great deal of opposition in the air was encountered. A bomb dropped by a German plane struck the L. S. T. in the rear of Mr Weigand's ship and sank it. From his point of view it looked like it was headed directly for his ship.

P. O. Weigand received his boot training at Great Lakes and later went to Signalman's School at Butler University, Indianapolis, Ind.

He will be home thirty days.

Merry Christmas to All

WRONG PACKAGE

There is a story being told about little Dickie Merriman going to visit his grandmother one evening. Dickie was planning on spending the evening, so he wrapped his pajamas in a package and was ready to start when his mother asked him to take a bundle of garbage on his way out.

Everything was going fine when Dickie got ready to go to bed that night and unwrapped his package, finding, not pajamas, but garbage . . . seems he had thrown away the wrong package.

HIGH FINANCE

We understand that the city will, on the first of the year, start paying on the principal of some fire-fighting equipment which was purchased 20 years ago.

We wonder how much equipment could have been bought with the interest for those 20 years.

SERVICE PAPER

Received a copy of "The Stars and Stripes," 4-page tabloid which is published by the armed forces of the European theatre. This copy, along with "Warweek" and "The Dry Leaf," was presented to us by Homer Prince, former Record employee and now attached to the Adjutant's office in that theatre.

"Stars and Stripes" not only covers the European theatre but also other combat areas and news from home.

MILEAGE RECORDS AGAIN

District OPA office is again reminding Hilltoppers that all supplemental (that is B and C books in English) gasoline ration applications must be accompanied by your mileage ration records before any coupons can be issued . . .

Boards report about 50 percent have neglected to do this to-date.

SEABEES' BIRTHDAY

Comes a V-Mail from T. F. Faust, CM2/c, reminding us of the birthday of that "workingest, fightingest bunch of men," as he calls them. The letter follows:

"The third anniversary of the "workingest, fightingest bunch of men" in the nation's armed forces, the Navy Seabees, will be observed December 28 by 240,000 officers and men of the United States Construction Battalions.

"Born just three weeks after the Pearl Harbor disaster, with an authorized strength of 3000, the Seebees won their spurs at Guadalcanal and have been with the assault troops in every major American amphibious operation. They can now boast that they built the network of air and naval bases in the Pacific that pushed the Japs back 3000 miles; that they developed amphibious equipment and technique that helped carry the day on the African, Sicilian, Italian and Normandy beachheads.

"Every commissioned Construction Battalion is either currently overseas or has completed a tour of duty; many battalions are on their second tours. Seventy-six per cent of the Seabees are now outside the continental limits of the United States; only 9000 essential men have never seen foreign service.

"As General Douglas MacArthur wrote in a letter to Seabee chief Vice-Admiral Ben Moreell. "The only trouble with your Seabees is that you don't have enough of them."

THANKS

To Dr Bateman of the State Hospital for the beautiful poinsettia received here at the Record office . . . we all certainly appreciate it, Doctor.

REMEMBER

A-14 gas coupons are now good, beginning today. The old A-13's went out yesterday for those who had them.

Sixth Bond Drive Total At $40,000

Hilltop and West Side Canvass Completed By Volunteer Workers

Final reports on the Hilltop phase of the Sixth War Loan drive showed a total of approximately $40,000 this week, according to H. G. Deems, 33 N. Westmoor-av, chairman of the drive. Ray Eyerman, 46 S. Huron-av, co-chairman in charge of the solicitation on the West Side, said that $4800 in bonds had been sold in his area.

Approximately 130 women braved snow and cold and inclement weather during the final days of the drive to complete the work. Due to its coming so close to the Community War Chest drive, the bond canvass was late in getting under way.

Mr. Deems, speaking for himself and the Franklin County War Bond Commitee, expressed his thanks to all of the ladies who gave so generously of their time and energy in making the drive a success. Mr. Eyerman likewise told the Hilltop Record that he wished to express his appreciation for the splendid work done during the war loan drive.

Deems pointed out that although virtually all of the individual reports have been turned in any bonds sold during the remainder of the month will be credited to the Hilltop totals.

West Defeats Linden Five Wednesday

The West High Cowboys defeated a strong Linden-McKinley basketball squad Wednesday night to the tune of 38-26 on the loser's floor.

Moving fast and shooting with a true eye, the Hilltoppers completely stunned the favored Linden five.

Haines and Buchanan were high for the Bucks with nine points each followed closely by Williams with eight. Housum of Linden was high for the evening with a 10-point total.

North Takes League Opener

The Cowboys dropped a close 38-34 decision to North High last Friday night in the local gym. Opening the City League play for both teams, it was a bitterly fought contest which saw the local five lead through the first quarter, only to drop behind as North tightened up with a zone defense later in the game.

Russell and Donnally of North and William of West were high with eight points each, while Buchanan of West came through with a total of six.

To Spend Christmas With Parents

Second Lt. John Roger Prior, age 21, son of Mr. and Mrs. G. Graham 101 Eldon-av, received his wings as a navigator at San Marcos, Tex., on Dec. 16, and flew home early this week from Dallas, Tex. to Columbus and will spend Christmas with his parents.

Lt. Prior
—Court. Journal

Lt. Prior entered the service in Oct. 1943, and this is his first visit home. His brother, Paul Prior AMM 3/c entered the service in May, 1943, and is presently stationed at Ana Castia, D. C.

WATCH STOLEN

A watch valued at $235 was stolen from the home of Mrs. Pearl Anderson, 202 Powhatan-av, last week, according to police. The wrist watch had 35 diamonds set around the face, Mrs. Anderson reported.

Westgate Hi-12 Elects Weimer

Harry C. Weimer, 164 S. Westmoor-av, was elected president of the Westgate Hi-12 Craftsman Club, at their annual election held Monday, Dec. 11, at the Westgate Temple.

Other officers elected were: Harry Crossen, 385 W. Rich-st, vice president, and Howard Hartranft, 478 S. Richardson-av, secretary and treasurer.

Eighty-five Westgate Masons hold membership in this growing association.

Pvt. R. Woolums Killed In France

Pvt. Robert W. Woolums, 38, brother of Mrs. George Sheehy, 209 N. Powell-av, died as a result of wounds suffered in action on the French battle front on Nov. 5, according to a War Department message this week.

Pvt. Woolums, formerly manager of the Drexel Theatre, made his home with his sister on the Hiltop. He was the son of Harley Woolums, a resident of Kenworth-rd. He had been overseas exactly seven months when he was killed.

He had attended North High School and entered service in September of 1943.

Seek To Surface Mound Extension

Hope was expressed this week by Hilltop Councilman Henry Koontz 485 Hilltonia-av, that surfacing of West Mound Street between Whitethorne and Oakley Avenues might be done during the early part of 1945. Priorities on asphalt materials needed makes it impossible to proceed with the work in the near future.

That stretch of street has a cement base but never received a finish topping of asphalt when the West Mound extention was completed. Numerous complaints about its condition have been registered by persons who use it frequently.

Koontz pointed out that a project definitely set up for next year will be the elimination of the jog in West Mound Street at the intersection of Gift. The northwest corner will be rounded off to make a sweeping curve at that point. The estimated cost of that project is figured at $10,000.

Veteran of Two Amphibious Operations Home on Leave

Charles L. Weigand, West High Grad, Is Veteran of French, Corsican Landings

Charles L. Weigand, Signalman 3/c, Petty Officer, arrived home unexpectedly Thursday Dec. 14. He is the son of Mr. and Mrs. Leroy Weigand, 3181 W. Broad-st. His wife, the former Jane Timmons, and son Garry, 16 months old, reside at 2923 Crescent-dr.

Mr. Weigand graduated from West High School and Ohio Wesleyan University. He entered the service in March 1942. Overseas 11 months, he wears two stars; one for the Normandy invasion and one for the Southern France invasion.

Planes Are Thick

One of the most distinct memories Mr. Weigand has of the Normandy invasion is the great number of airplanes in the sky on D-Day. In his own words, "They were as thick in the sky as cars around Ohio State on a Michigan football game day." On an L. S. T. Weigand made nine trips from England to France, carrying supplies to Normandy and casualties and prisoners back to England.

His greatest scare came in the Mediterranean area where he took part in the invasion of Corsica and Southern France. A great deal of opposition in the air was encountered. A bomb dropped by a German plane struck the L. S. T. in the rear of Mr Weigand's ship and sank it. From his point of view it looked like it was headed directly for his ship.

P. C. Weigand received his boot training at Great Lakes and later went to Signalman's School at Butler University, Indianapolis, Ind.

He will be home thirty days.

WITH FORTRESS GROUP

Drivers Warned To Recap Tires

O. P. A. says there are not enough tires, even for essential motorists. B and C card holders will have but one chance in fifty to get new tires within the near future. All workers in essential plants to the war effort must assume the responsibility for keeping their cars rolling.

Tires on the trucks and other vehicles being used in European battle fronts are being chewed up at an alarming rate because they are being driven through seas of mud filled with bomb fragments and flak, John H. Summers, District Director for Columbus O. P. A., said Saturday, in explaining the urgent need for civilians to have their smooth tires recapped at once.

"All optimism about the tire situation went out the window when the army discovered what the battle-churned mud of France, Belgium and Germany does to tires," Mr. Summers said. He warned all auto drivers, "Irregardles of what type of gasoline card you may have, if you don't recap your tires when you should, you may have trouble explaining why you didn't to your tire panel at your rationing board, when you apply for new tires."

O. P. A. officials said they had been advised by W. P. B. that the tire situation was a "most critical one" and that new factories will be built and old ones expanded, to give the armed forces 10,400,000 more new tires per year.

OPA Goes All Out On Shoes

Shoe dealers will be able to sell a limited number of obsolete shoes ration-free after getting the approval of their OPA district offices, it was announced this week in reopening a relief measure first offered to the trade a year ago in November. Shoes without mates (singles) also may be included in the ration-free sales.

As originally provided, one dollar a pair for the obsolete shoes, and 50 cents each for single shoes, are the highest prices that can be charged for these shoes when sold ration-free. Any shoes approved for release but sold at higher prices must be sold for ration currency, which the dealer must send to his OPA district office within five days.

"Christmas Holiday," starring Deanna Durbin and Gene Kelly opens at the Westmont Theatre December 26th for a three day engagement. Deanna Durbin for several years Hollywood's top singing star, now emerges as one of the screen's top ranking actresses as well.

The picture, adapted from W. Somerset Maugham's novel of the same title, tells a story within a story and presents Deanna in a dual characterization. Gene Kelly who co-stars with Miss Durbin, gives one of his finest performances as her husband.

The supporting cast includes Richard Whorf, Dean Harens, Gladys George, and Gale Sondergaard.

The companion feature is "Music In Manhattan" starring Anne Shirley and Dennis Day.

Have Leads In Stroller's Play

Miss Joan Thomas, 133 S. Remington-rd, and Miss Nancy Shepard, 63 Highland-av, had two of the leading parts in the Stroller's presentation of Phillip Barry's "Hotel Universe," which appeared at the University Chapel Friday and Saturday evenings.

Miss Thomas and Miss Shepard had unusual opportunity to display their talents as their roles required them to assume both juvenile and sophisticated characterizations.

The Tree Of Love

The tree of love grows tall and stout
It reaches to the stars or there about
The tree of love grows wider than the rest
It reaches all the way from east to west
The tree of love bears fruit in every clime
It has withstood all wars of father time
The tree of love restores the weary heart
It beckons from afar tonite, o'er yon rampart

POSTOFFICE EXPERIENCE

Those who waited until anytime near Christmas to do their package mailing really had an experience . . . service at the local P.O. not good in normal times, was absolutely swamped this week as Hilltoppers waited for hours to get to the windows.

One man was even reported to have taken his razor and toothbrush with him, while a woman reported that her arches fell during the wait . . . an hour and a half wait was considered to be good . . .

DANGEROUS

This business of Hilltop youngsters using traffic-clogged streets for sleigh-riding is very dangerous. The youngsters have a habit of trying to catch onto the back bumper of automobiles as they come by. This means that the kids have to stand awful close to the side of the automobile and stand a good chance of being hit if the car happens to slide side-ways.

Let's make it a safer Christmas by trying to keep the youngsters off these streets, although they don't have too much territory to romp in. An accident wouldn't be worth those few brief moments of pleasure to them.

Are You
A DREAMER?
Some people say that dreamers have more fun than anybody . . . seeing more joy and a fuller life ahead. It's fun to dream . . . to hope.
Living in the present can be more fun if you enjoy the good food, beverages and good music that make this the favorite relaxation spot of the Hilltop. Drop in this evening. It won't cost much and it'll make you feel like a million.

Come to Church

Church is a place of prayer . . . Church is a place where those who believe in God, in a creed gather to pray and to seek strength and courage from their faith. Church is a place where a lot of Yanks abroad would like to enter again . . . and more regularly than in the past. Church is the place to pray for their safe return.

THE STAR IN THE EAST

Down through the ages has come the story of the shepherds tending their flocks at night, awed by the Star in the East.

During this sacred season, mellowed by the thought of those who cannot be with us, we have abundant reason for gratitude. We have come a long way since the dark Christmas of 1941. The Star in the East shines brighter now.

That this may, indeed, be a Merry Christmas for you and yours is our ardent wish.

These Churches Urge You To Attend Services Regularly During 1945!

Columbus Wives Introduce Husbands To Each Other

Army Photo, Courtesy Journal

Cpl. Don Bowser, left, Sgt. Paul Parsons

When service wives become acquainted things begin to hum. And this was the case with Mrs. Don Bowser and Mrs. Paul Parsons of Columbus.

Cpl. Don Bowser went overseas as a photo-technician earlier this year, and his wife, the former Esther Irwin of Columbus, is living with his parents, Mr. and Mrs. J. G. Bowser, 35 N. Hague Ave. Through a neighbor she became acquainted wth Mrs. Parsons, 1547 Safford Ave.

coming acquainted has been de-

Comparing their husbands' APO numbers, the wives decided the two service men were station near each other in the Pacific area. Letters confirmed their belief.

So Sgt. Parsons of the construction engineers went over to the Grim Reapers A-20 Boston attack outfit in Netherlands East Indies, inquiring for Cpl. Bowser. They became friends immediately, to prove it they had their pictures taken together and sent home.

Recently Mrs. Parsons, the former Miss Evely Adams of Columbus, received a letter from her husband stating that he had been sent into the Philippines. And currently the Bowsers learned tht Cpl. Bowser had been advanced to combat photography.

So the game of air-mail bridge the couples had begun since belayed for the time being.

Parsons is the son of Mr. and Mrs. P. P. Parsons, Stewart, O. He was graduated from Rome Township High School, Athens County, and was with the Columbus Sucker Rod Mfg. Co. before entering the service in January, 1943.

Bowser is a West High School graduate and was a student at Ohio State University when he entered the service in April, 1943.

Both men went overseas early in 1944 and both have seen action in the Netherlands East Indies area.

Mrs. Bowser is now employed in war work in Dayton. Mrs. Parsons is employed at the O'Rourke Beauty Shop, 940 E. Whittier St.

Flyer Over China

"I saw things I thought only existed in books," 1st Lt. John R. Stevens wrote his parents, Mr. and Mrs. Jack Stevens, 152 S. Burgess Ave., of his trip to China.

Still stationed in China with the 14th Air Force under General Chenault, Lt. Stevens expects to remain there for some time.

The itinerary of his flight en route east was featured in the June 15 Life Magazine. He reported that he enjoyed the stops made on the South Pacific islands, finding the natives interesting and the scenery beautiful. Stevens arrived in India last April 1, and then went "over the hump" to China, the only source of supply since the Burma Road has fallen.

Merry Christmas To All

Sing out the Christmas Carols;
Ring out the old church bell.
God still reigns in heaven,
And it's Christmas — all is well.

Cover the tree with star dust,
Put a holly wreath on the door;
Place a candle in the window,
To point the way once more.

Give out with goodwill and laughter,
Wherever you happen to be;
It's Christmas, Merry Christmas
On the land, air and sea.

Doing Their Best

H. B. Mers

A. L. Vincent

Lt. Harold B. Mers, son of Mr. and Mrs. Marvin B. Mers, Sr., 497 Wrexham Ave., was commissioned recently at Selman Field.

Arthur L. Vincent, Jr., has finished his gunner work at Harlingen, Texas. He is the son of Mr. and Mrs. Arthur L. Vincent, Sr., 105 S. Harris Ave.

Check Thieves Are Active, Officials Say

Check thieves and check forgers will do their Christmas shopping with stolen and forged checks if merchants and housewives aren't particularly careful, according to Frank J. Wilson, Chief of the United States Secret Service, Treasury Department. "The government mails out nearly one million checks every day," says Chief Wilson, "and about eight million go each month to dependents of men in the armed forces. Check thieves steal as many as they can from hall and porch mail boxes. Then they forge the endorsements and victimize retailers who are so anxious to make sales that they fail to consider the losses they may suffer through carelessness."

The Secret Service offers some simple precautions to help fight the forgery racket. If you receive checks by mail, be at home or have a member of your family at home to receive the checks when they are due. Then they can't be stolen from your mail box.

If you are a retiler or cashier, don't cash checks for strangers without proper identification. Know Your Endorsers! Before cashing any check, ask yourself this question: *"If this check is returned as a forgery, can I locate the forger and recover my loss?"*

"Christmas is not a holiday for the check forger," Chief Wilson said. "He's on the job every minute, always looking for merchants he can fool. The only way you can beat him is to beat him to the punch.—*"Know your endorsers—Require identification!"*

Grad Tells of 19-Hour Struggle With Flames On Explosive-Laden Vessel

When his leave is over, Radioman 3/c Earl Sumner won't be chasing any fire engines.

He's seen all the fires he wants for some time.

"You get your fill when you fight one for 19 hours without being able to step back from it," he declared.

Courtesy Columbus Citizen
Earl Sumner

Radioman Sumner, son of Mr. and Mrs. William Sumner, 79 S. Eureka Ave, was aboard the destroyer escort Holton a short time ago as it ploughed through hostile seas, guarding a convoy.

Night wrapped the ships in blackness, phosphorescent plumes trailed in their wakes. Radioman Sumner yawned on the deck of the Holton.

Offside there was a crash and two ships torched into a towering cloud of flame and smoke. The SS Howard L. Gibson, a Liberty ship on her first run, had collided with the British tanker, the Mt. George W. McKnight, filled with high-octane gasoline.

The captain of the Gibson spoke into his bridge microphone. He exclaimed:

"Abandon ship!"

The Holton and another destroyer escort, the USS Ahrens, sped to the rescue. Crewmen were badly burned. Some were in lifeboats, but many were still struggling in the water when the Holton arrived.

The Holton picked up survivors and moved away from the ship, which was loaded with ammunition. When it did not explode the captain of the Holton decided they would try to put out the fire and salvage the ship and cargo.

The Holton nosed into the side of the freighter and tied up, now an easy target for Nazi subs, while the crew of fire fighters went over the side. Among these men was Sumner. He manned a hose while others went below.

They were without food for nearly 24 hours. But they saved the ship. It went into port under its own power, the bow gutted with fire and partly caved in.

A similar battle had been waged successfully on the tanker by the crew of the USS Ahrens.

More than 20 seamen lost their lives.

Radioman Sumner is 19. He enlisted in June, 1943, and received his diploma from West High School while in the service. He shipped out in May of this year in time to take part in the invasion of southern France. He wears a star for that action.

His ship bombarded the coast prior to the actual invasion and then escorted the ships across the Mediterranean. Sumner's ship rescued the crew of a tanker which was sunk by bombs during the first days of the fighting there.

In the same action from [illegible] months, Lt. Howard Feight[illegible], Indianola Ave., returned [illegible] recently. He informed the Stevens' that Johnny "was fine" and that together they had made frequent bombing trips over enemy territory.

Local Man Is Involved In Auto Accident

While driving to work at the Pennsylvania Railroad yards early Wednesday morning, George Minnich, 147 S. Terrace-av, was involved in an accident when Rev. Father Francis Vollmer, of Aquinas College was struck by Minnich's automobile at the corner of Cleveland and Mt. Vernon-aves.

According to reports, Minnich was turning right on a green light when Father Vollmer, walking with his head against the storm, walked into the path of the automobile. Minnich stated that his windshield was covered with ice and that he was driving approximately ten miles an hour.

Father Vollmer was immediately by Minnich to St. Francis Hospital where he was discovered to have head lacerations and a bruised shoulder. He was reported to be in fair condition.

THE NEW YEAR

Will the coming year bring joy or sorrow
More trouble, or permanent peace,
Another year lease lend, maybe have to borrow,
Be governed by the military police?
Can we keep the hounds of war on the leash
Prevent strikes from shore to shore,
War planes overhead, submarines underneath,
Will next year be free from war?

The only safe course there is to pursue,
(You've heard it again and again)
If we'd endure keep our sky bright and blue
We must have righteous men.
We cannot depend on our guns and power
If the pathway of sin we trod,
We must get closer every year and hour
To the mandate of our God.

Local Scout Presents Mayor With First 1945 Calendar

"I Will Do My Best" Slogan Portrays Theme of Scouting Activities

Hilltop scouting activities were again in prominence this week as Life Scout Jack Bohanan of Troop 45 (West High School) had the honor of presenting Mayor James Rhodes with the first official 1945 Boy Scout calendar at a ceremony held in the mayor's study last Friday.

Scout Behanan is the son of Mr. and Mrs. Thos. E. Bohanan of 581 Crescent-rd. George Heitz, West High teacher, is scoutmaster of Troop 45.

This new Boy Scout calendar titled "I Will Do My Best," has caught the full spirit and determination of America's youth. The subject portrays a pledge that thousands and thousands of our boys are making stick on fighting fronts all over the world.

The new official Boy Scout calendar is being sponsored by the Richer Dairy Products. Mr. Ben S. Davis, president of the firm, said, "Scouting has been a priceless asset in building the better things into our young boys. Our firm is proud to sponsor the Boy Scout calendar each year to help promote the Scout movement in our community. It is our tribute to the young men of tomorrow.

"The Boy Scouts deserve the interest and backing of every citizen and the Scout calendar is part of our program to get and hold this community support."

Representatives of the Central Ohio Council, Field Executives Samuel Nelson and Gilman S. Bolin attended the presentation.

Plans are being made for the distribution of these calendars to offices of public officials, schools, and prominent public places in the city by the Boy Scouts in the near future.

Through American Relief for Czechoslovakia, Inc., which shares in the Community War Chest of Franklin County through the National War Fund, insulin and sulphadiazine have been made available for the sick there and enough winter clothes have been sent to that country for 20,000 adults and children.

Cpl. Green Submits Poem By Unknown Soldier

Cpl. Stanley E. Green, sent in a poem with a description of a radar man, written by an unknown soldier. Cpl. Green is now stationed at Kelly Field, Tex., for detached service. He will rejoin the engineering squadron the first of the year.

The poem is as follows:

The Radar Man

If you should see upon the street,
A man equipped with dipole feet,
With a family of curves, all trailing behind,
He's a Radar Man . . . with a micro mind.

His eyes take on a neon gleam,
His ears extend to a Yagi Beam,
His mouth becomes another pulse gate,
His heart pumps blood at a viedo rate.

With micro seconds and micro waves,
And micro volts he fills his days,
And hereby in the course of time,
He develops a micro mind.

This Radar Man with passing years,
Obtains infinite impedance between his ears,
And finally succumbs to a heavy jolt,
When he gets what he thought was microvolt.

The doc looked up from his microscope,
And turned to his colleagues and [illegible]ly spoke,

Social Security Cards Necessary

"Workers of all ages are covered by the Social Security Act," Mr. Putnam pointed out. "That means a boy of 16 who works part time must have an account-number card, or a man or woman over 65 who may have retired and has not been working for years. Every employer—of one person or more—is required to deduct the one-percent social security tax from the wages of each person in his employ whether the work is full itme or part-time. Workers who have lost their social security cards should obtain duplicates before taking holiday jobs. Those who have changed their names—particularly women workers—may obtain duplicate cards bearing their present names."

Social security cards are issued at the Columbus Field Office of the Social Security Board in the Old Post Office Building, Room 302.
